30.		**Favor**	Greg P Stefflre	Our city appreciates the effort that has gone into making this sale to the city. We have virtually no open space in the city to fulfill our RHNA requirements and acquiring and facilitating affordable housing development on these parcels will provide the necessary undeveloped lands to make controlled development a reality.
		Oppose	Lourdes Lopez	Surplus is green space. We cherish our green space as it slowly disappears. We also have more wildlife in our backyards and streets because it's being reduced. And who do you want to sell this land to? Another data center development? No!
