10.		**Favor**	Amy C Bullard	I Amy Bullard parent of Anthony that has been incarcerated for 4 years to date, I am in favor of bill 1646 the hug act, i have not been able to hug my son for years, this has been detrimental to us both. Being able to hug my son again would be a blessing, It would help my son not lose the feeling of love and affection towards others. Anthony deserves a hug. It has been painful to see my son abiding by all rules and regulations of probation and becoming a better person each day and still I can't hug my son ,Anthony has matured and accomplished alot while being incarcerated, All youth should have the opportunity of hugging. i can't wait for the day I am freely able to hug my son again. I am in full support of bill 1646.
			Jane A	Adolescents, and younger children should feel loved despite their circumstances.
			Jose A Catalan	
			Josie Swoboda	Kids in these facilities need all the support they can get, and being allowed to have physical contact with their loved ones is cruicial to their mental health. They deserve the compassion of a hug.
