115. Narrative Report

Commissioners conducted an inspection of T-142 Pod C at Twin Tower Facility inspection, including interview with an incarcerated person. Walkthrough of T-142.

Housing conditions:
T142 All Pods
The common walkway outside the cell and in the general vicinity of those cells around him, was cluttered with what I would consider trash. Paper good. towel and other miscellaneous items.
There is is the standing water found throughout the pods. Water in common area, walkways in various places. Big safety concern.

116. Narrative Continued

Commissioners conducted a follow up interview with an incarcerated person who feel he was retaliated against for speaking up and writing a grievance for a few issues at the facility he was in. IP was threatened, rolled up and sent to T-142 as a K10 and had all of his belongings taken away from him.
IP reported that he was given the wrong dosage of Psych medication, but has now been corrected. He reported that he hasn't showered in a week. The shower in C-Pod does not work. Commissioners verified the non working shower with Sgt. Caulfield. IP also shared that he wouldn't even talk him to the Pod on the other side to shower. The IP have not had yard or dayroom.

No dayroom for K10 because they have to have waist chains and there are no chains on the tables/seats.

Not receiving his Kosher meals on a consistent basis. Was told that he only gets them on Tuesday,Thursday, and Saturday. The other days, he is given bread, carrots, cracker and juice. Sometime his Kosher mean is open, which he will not eat. Have filed grievances, no response.
He received a pair of glasses after his glasses and other property was taken during the transfer.
IP documents every interaction he has with anyone.
Reports having PTSD

117. Narrative Continued

On the board commissioners noticed work order requests. The deputy on duty could not answer how long the request have been pending.
A13- one occupant- toilet not working ask Sgt Caulfield if he assist with getting him moved to another cell.
D10-Plugged up toilet
E7- Leaking sink
F14- sink over flowing- water turned off- affecting the cell next door
D-Pod water over flowing into cell #12
The tiers were filthy with trash and water everywhere you walk
No cleaning supplies
