RESPONSE TO THE LOS ANGELES COUNTY SHERIFF CIVILIAN OVERSIGHT COMMISSION'S REQUEST FOR INFORMATION PERTAINING TO THE NORTH COUNTY CORRECTIONAL FACILITY'S VISITATION GUIDELINES AND PROCEDURES

On December 21, 2022, the Los Angeles County Sheriff Civilian Oversight Commission (COC) requested our department provide the visitation guidelines and procedures for the North County Correctional Facility (NCCF). The COC requested this information after receiving complaints from concerned family members alleging they encountered numerous issues while attempting to visit their loved ones at NCCF.

The following four COC questions, with NCCF's responses, are listed below:

Describe LASD's visitation guidelines and the procedure to schedule a visit to see incarcerated people housed at NCCF.

People requesting to visit an inmate at NCCF can schedule their visit at www.lasd.org. Visitors must create an account and register in the Inmate Video Visitation Scheduling System (IVVSS). Visitors must enter the information of the inmate they want to visit, and the system will indicate which visiting days are available. In general, public visiting hours are Saturdays and Sundays and major holidays from 9:00 a.m. to 3:00 p.m.

Inmates are allowed at least two visits totaling at least one hour per week. All persons requesting visitation privileges must be in possession of a valid form of photo identification:

- · U.S. Military Identification
- Driver's License (any state)
- California Identification Card
- Passport/Visa
- Mexican Consulate Card
- Permanent Resident Card

People who are on probation or parole or who are ex-felons are required to complete a pre-approval form before they visit a County jail facility or patrol station.

There may not be any visitation times available due to any of the following conditions:

- · All available time slots have been taken.
- The facility does not allow visitation during the chosen time period.
   This may be a temporary or permanent change to the visitation schedule.
- The inmate requested the visitor be blocked.
- · The inmate already has a visit scheduled by another visitor.
- The inmate already used up their allowed number of visits during the chosen time period.
- The visitor already used up their allowed number of visits during the chosen time period.
- The inmate has a restriction or event that does not allow scheduling during the chosen time period.
- The visitor has a restriction that does not allow them to schedule a visit with the inmate for the chosen time period.

Visitors who have questions or concerns are directed to contact the Inmate Video Visitation System Help Desk at IVVSPublicHelpDesk@lasd.org, or call (213) 680-IVVS (4887), Monday to Friday, from 7:00 a.m. to 2:00 p.m.

Provide the data on jail visits and NCCF over the last year, including the number of people housed at NCCF and the number of jail visits, and describe any trends:

A daily visiting report was prepared using the IVVS system. The report includes the number of inmates visited for that respective visiting day. A spreadsheet was created that included a percentage, using the number of inmates visited and the number of inmates housed at NCCF on that respective visiting day (see attached spreadsheet).

In reviewing the numbers, it appears that on most of the visiting days, the visitor numbers were between nine and eleven percent of the total inmate population. The visiting data fluctuation between Saturday and Sunday was less than one percent on average.

Describe any visiting system, scheduling program, or process issues that occurred since September 1, 2022, that impacted the availability of visiting at NCCF. Explain LASD's plan for addressing these issues:

NCCF has been operating on the COVID-19 guidelines since visiting resumed. Our visiting center is limited to a 50-percent capacity to limit the amount of contact between inmates in different housing areas to stop the spread of COVID-19. There have been no changes since September 1, 2022, except for unforeseen emergency lockdowns that may have delayed the start of the visiting day. The shift watch commander will make every effort to ensure visiting is not unnecessarily delayed. The LASD IVVS coordinator confirmed there were no system malfunctions since September 1, 2022.

Beginning February 4, 2023, PDC Visiting will open to 75 percent of capacity. This increase in capacity will allow more visiting availability on the IVVS calendar. This gradual increase will occur, allowing the facilities to determine additional resources needed with the higher number of visitors and to prepare to implement a 100-percent opening to pre-COVID numbers at a later date.

## Explain any limitations and efforts taken to address limitations in the visiting process.

Following the COVID-19 guidelines, NCCF's visiting center has been limited to 50 percent capacity to limit contact between inmates in different housing areas to stop the spread of COVID-19 throughout the facility. The main gate visiting center was also under a restriction, which limited the number of visitors allowed per scheduled visit.

When the visiting capacity is increased on February 4, 2023, PDC Visiting will employ the following measures for the safety of the public and the inmates:

- Electrostatic sprayers will be deployed within all facility visiting areas and spray disinfectant between visits.
- Masks will be made available to all visitors at locations at the PDC Main Visiting and within individual facility visiting areas.

 Staff will ensure all hand sanitizer stations are filled for use by visitors.
