

GUILLERMO VIERA ROSA

Chief Probation Officer

COUNTY OF LOS ANGELES PROBATION DEPARTMENT

9150 EAST IMPERIAL HIGHWAY – DOWNEY, CALIFORNIA 90242
(562) 940-2501

May 19, 2025

TO: Wendelyn Julien, Executive Director
Los Angeles County Probation Oversight Commission

FROM: Gabriella Aguilera, Interim Chief Deputy 
Juvenile and Adult Services

SUBJECT: **PROGRESS ON IMPLEMENTATION OF THE ELIMINATION OF THE
USE OF OLEORESIN CAPSICUM (OC) SPRAY (25th REPORT)**

On July 8, 2021, the Los Angeles County Probation Oversight Commission (POC) requested that the Department provide a written report to the POC on the progress of implementing the elimination of the use of oleoresin capsicum (OC) spray, including a timeline with dates for key interim benchmarks and steps toward elimination, and a specific target date when the use of OC spray will be eliminated. As of this date, the plan and timeline for eliminating OC spray have not been completed, as we assess how to address and mitigate ongoing incidents of youth-on-youth assaults, physical altercations between youth, incidents of riots and escape attempts, and assaults against staff.

The Department is actively working with the California Department of Justice's court-appointed monitor to create a revised strategic plan for phasing out OC spray. This updated plan will encompass an evaluation of alternative de-escalation strategies, and a comprehensive implementation of our behavioral management programs aimed at addressing behavioral challenges. These strategies may involve verbal de-escalation techniques, crisis intervention teams, additional staff training, and various positive reinforcement initiatives. The commitment to reducing and eventually eliminating the use of OC spray remains a priority for Probation.

TRAINING PLAN

As of March 4, 2025, the Department successfully trained 351 employees in a 2-hour OC Spray course, which includes instruction on policy and decontamination procedures. Additionally, since the implementation of the Developmental Staff System (DSS) reward behavior modification program at the Secure Youth Treatment Facility (SYTF), 48

employees have completed the 8-hour DSS training course as of March 28, 2025. The Department also provides ongoing refresher training for the Behavior Management Program, currently training has been provided to 64 employees, including those temporarily reassigned to SYTF or Los Padrinos Juvenile Hall (LPJH).

The Department continues to provide officers with Gracie Survival Tactics training. This training approach focuses on improving physical control while reducing the potential for injury to all parties in a use of force scenario.

OC UTILIZATION

Table 1 documents OC Spray incident totals by month.

OC Utilization by Month

MONTH	BJNJH	CJH	LPJH	MONTHLY TOTAL	CUMULATIVE TOTAL
June-21	6	5		11	11
July-21	10	3		13	24
August-21	9	6		15	39

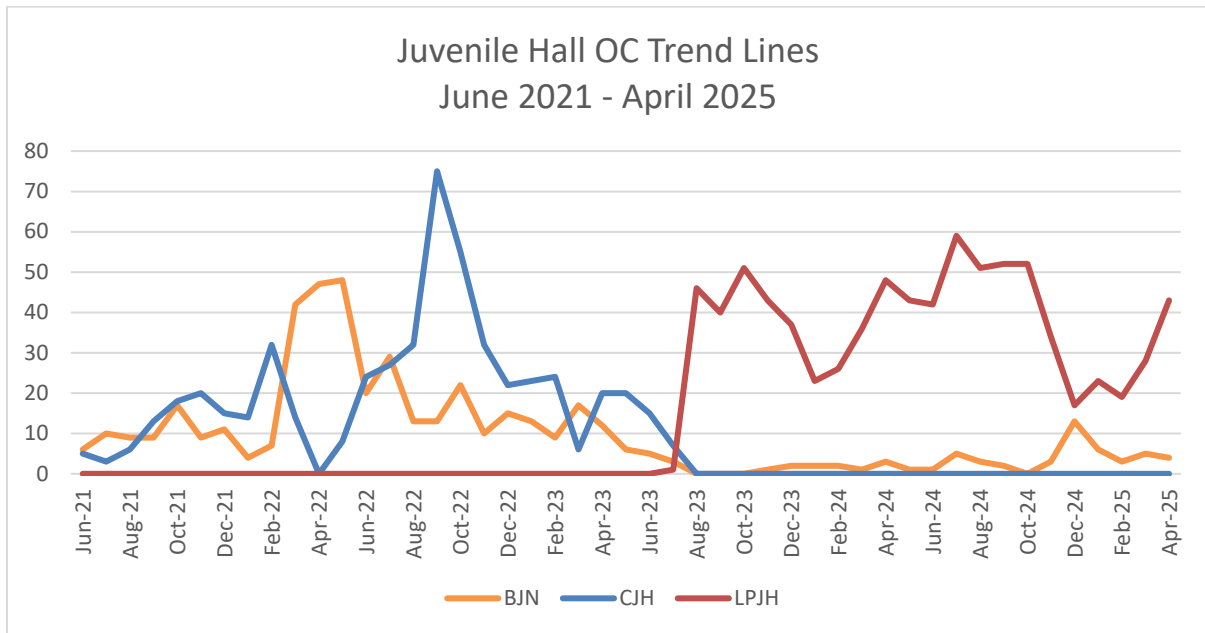

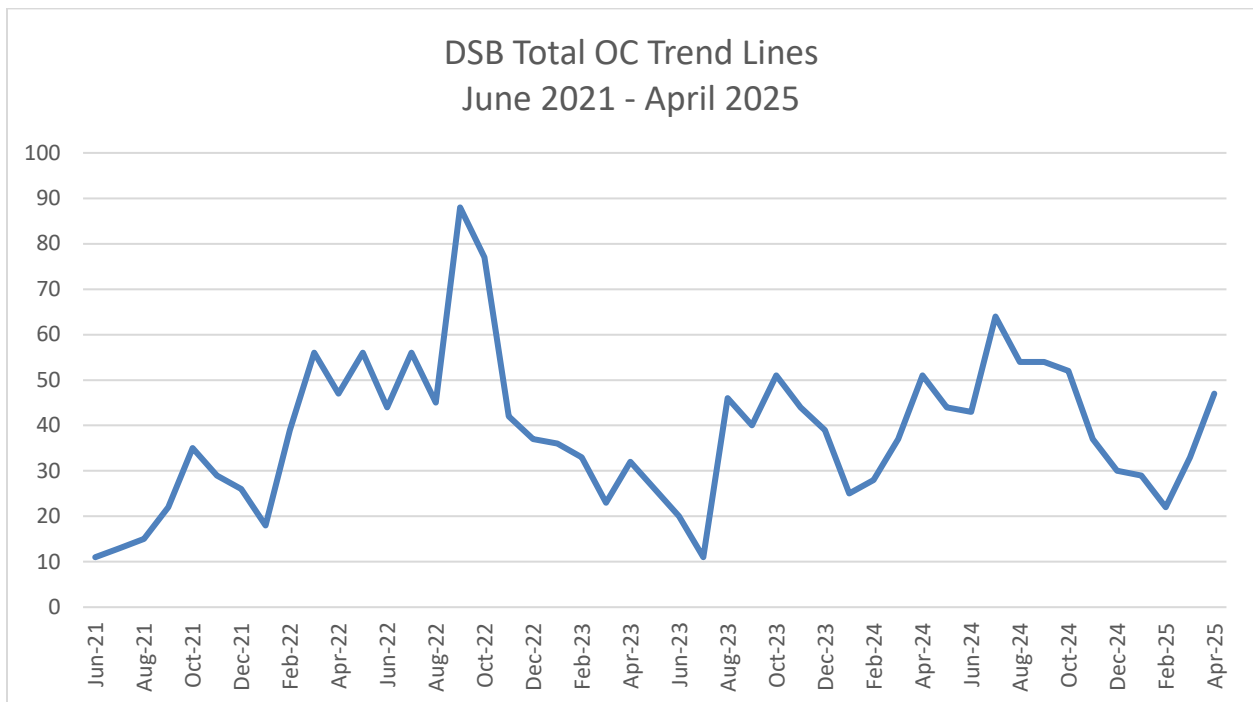

Chart 2 illustrates the combined total OC Spray trends for both SYTF and DSB facilities.

TIMELINE FOR THE ELIMINATION OF OC SPRAY

The Department continues to collaborate with the California Department of Justice's court-appointed monitor to develop a revised strategy for phasing out OC spray. There is a strong commitment to reducing and eventually discontinuing the use of OC spray, and efforts are ongoing to create a comprehensive plan. Based on current trends of youth-on-youth violence, protocols to methodically reduce OC spray in specific units are being considered. The Department anticipates identifying which units' reduction may occur by the end of the fourth quarter of 2025.

If you have questions, please feel free to contact Gabriella Aguilera, Interim Chief Deputy for Juvenile and Adult Services, at (323) 430-2049.
