Subject: 11 In-Custody Deaths This Year, What Will You Do?
Date: Wednesday, March 19, 2025 8:05:01 PM

CAUTION: External Email. Proceed Responsibly.

Since the start of 2025, 11 people have lost their lives in LASD custody. This is over double the number of year-to-date deaths as last year, and is second only to 2021 for year-to-date deaths for the past 20 years. LASD has not been held to account for their fatal negligence and mismanagement. Despite the consistent and prolific press coverage of the violence enacted by the Sheriff's Department, not once has the Board of Supervisors NOR the Civilian Oversight Commission asked LASD to account for their responsibility for our community members' deaths.

I hope that the Board AND Commission understands that the community is looking to you to do something concrete to address this emergency. I demand the Board AND Commission to adopt a plan to close the dangerous and decrepit Men's Central Jail with no replacement and 10K community treatment beds.

The crisis in LA County jails is a deadly consequence of mass incarceration. I am looking to you to take concrete steps to save lives. The time to act is now.

CAUTION: External Email. Proceed Responsibly.

I do not trust the lapd because of this. Any in roads they can try to make with the community will be strained because of stuff like this. I was asked to be a voluntary art teacher but refused because it was associated with the lapd. I know this is about the lasd but the LAPd isn't much better. Below is a pre written email I am in total support of.

Since the start of 2025, 11 people have lost their lives in LASD custody. CAUTION: External Email. Proceed Responsibly.

Since the start of 2025, 11 people have lost their lives in LASD custody. This is over double the number of year-to-date deaths as last year, and is second only to 2021 for year-to-date deaths for the past 20 years. LASD has not been held to account for their fatal negligence and mismanagement. Despite the consistent and prolific press coverage of the violence enacted by the Sheriff's Department, not once has the Board of Supervisors NOR the Civilian Oversight Commission asked LASD to account for their responsibility for our community members' deaths.

I hope that the Board AND Commission understands that the community is looking to you to do something concrete to address this emergency. I demand the Board AND Commission to adopt a plan to close the dangerous and decrepit Men's Central Jail with no replacement and 10K community treatment beds.

The crisis in LA County jails is a deadly consequence of mass incarceration. I am looking to you to take concrete steps to save lives. The time to act is now.

I started my adult life as a live-in caretaker: first a nanny, then an aide to young severely disabled children. If even one of the vulnerable people it was my privilege to take care of had died as a result of negligence or action on my part, I'm sure I'd be in prison now because I'd have been held accountable. I'm sure you agree that's as it should be.

Since the start of 2025, 11 people have lost their lives in LASD custody. This is over double the number of year-to-date deaths as last year, and is second only to 2021 for year-to-date deaths for the past 20 years. It feels like every facet of our modern lives and society have become like a bad science fiction book. Yeah, idea that an institution founded on slave patrols, could ever be just and fair and anything other than racist and violent, is ridiculous! Cop gangs have now been well documented! The indiscretions of these officers have been well documented. I am the daughter of LA county sheriff, deputy myself, and yet stand with my community in the streets for the abolishment of the justice system. When you think about the fact that we are incarcerated 70% foster children, and 80% nonviolent drug offenders at this point, you have to envision that the majority of those 11 people that died in custody since the beginning of this year were foster children and had committed no major crime. Officers must be held accountable. When we see in their text messages, Facebook, pages or emails, that they are sending pictures around laughing about their murders, we should be able to fire them permanently, and of course we need to be able to prosecute officers when they shoot unarmed people in the street or murder inmates. This “pass“ that we give police officers to behave in this way Unchecked, is literally the difference between our police forces being a democratic institution that serves the people and a fascist institution which serves the rich at The expense of every day, marginalized people.

Since the start of 2025, 11 people have lost their lives in LASD custody. This is over double the number of year-to-date deaths as last year, and is second only to 2021 for year-to-date deaths for the past 20 years. LASD has not been held to account for their fatal negligence and mismanagement. Despite the consistent and prolific press coverage of the violence enacted by the Sheriff’s Department, not once has the Board of Supervisors NOR the Civilian Oversight Commission asked LASD to account for their responsibility for our community members’ deaths.

I hope that the Board AND Commission understands that the community is looking to you to do something concrete to address this emergency. I demand the Board AND Commission to adopt a plan to close the dangerous and decrepit Men’s Central Jail with no replacement and 10K community treatment beds.

Subject: 11 In-Custody Deaths This Year, What Will You Do?
Date: Thursday, March 20, 2025 5:01:17 PM

CAUTION: External Email. Proceed Responsibly.

Since the start of 2025, 11 people have lost their lives in LASD custody. This is over double the number of year-to-date deaths as last year, and is second only to 2021 for year-to-date deaths for the past 20 years. LASD has not been held to account for their fatal negligence and mismanagement. Despite the consistent and prolific press coverage of the violence enacted by the Sheriff's Department, not once has the Board of Supervisors NOR the Civilian Oversight Commission asked LASD to account for their responsibility for our community members' deaths.

I hope that the Board AND Commission understands that the community is looking to you to do something concrete to address this emergency. I demand the Board AND Commission to adopt a plan to close the dangerous and decrepit Men's Central Jail with no replacement and 10K community treatment beds.

The crisis in LA County jails is a deadly consequence of mass incarceration. I am looking to you to take concrete steps to save lives. The time to act is now.

Subject: 11 In-Custody Deaths This Year, What Will You Do?
Date: Wednesday, March 19, 2025 6:55:05 PM

CAUTION: External Email. Proceed Responsibly.

Since the start of 2025, 11 people have lost their lives in LASD custody. This is over double the number of year-to-date deaths as last year, and is second only to 2021 for year-to-date deaths for the past 20 years. LASD has not been held to account for their fatal negligence and mismanagement. This is an outrage!

Despite the consistent and prolific press coverage of the violence enacted by the Sheriff's Department, not once has the Board of Supervisors NOR the Civilian Oversight Commission asked LASD to account for their responsibility for our community members' deaths.

I hope that the Board AND Commission understands that the community is looking to you to do something concrete to address this emergency. I demand the Board AND Commission to adopt a plan to CLOSE the dangerous and decrepit MEN'S CENTRAL JAIL with NO REPLACEMENT and 10K community treatment beds.

The crisis in LA County jails is a deadly consequence of mass incarceration. I am looking to you to take concrete steps to save lives.

We are measured by how we treat the most marginalized in our society. You hold the power to stop these tragic losses. Please do the right thing. Act NOW!

Despite the consistent and prolific press coverage of the violence enacted by the Sheriff's Department, not once has the Board of Supervisors NOR the Civilian Oversight Commission asked LASD to account for their responsibility for our community members' deaths.

I hope that the Board AND Commission understands that the community is looking to you to do something concrete to address this emergency. I demand the Board AND Commission to adopt a plan to close the dangerous and decrepit Men's Central Jail with no replacement and 10K community treatment beds.

The crisis in LA County jails is a deadly consequence of mass incarceration. I am looking to you to take concrete steps to save lives. The time to act is now.

Subject: 11 In-Custody Deaths This Year, What Will You Do?
Date: Thursday, March 20, 2025 9:11:01 AM

CAUTION: External Email. Proceed Responsibly.

Since the start of 2025, 11 people have lost their lives in LASD custody. This is over double the number of year-to-date deaths as last year, and is second only to 2021 for year-to-date deaths for the past 20 years. LASD has not been held to account for their fatal negligence and mismanagement. Despite the consistent and prolific press coverage of the violence enacted by the Sheriff's Department, not once has the Board of Supervisors NOR the Civilian Oversight Commission asked LASD to account for their responsibility for our community members' deaths.

I hope that the Board AND Commission understands that the community is looking to you to do something concrete to address this emergency. I demand the Board AND Commission to adopt a plan to close the dangerous and decrepit Men's Central Jail with no replacement and 10K community treatment beds.

The crisis in LA County jails is a deadly consequence of mass incarceration. I am looking to you to take concrete steps to save lives. It's been FIVE YEARS already since your first commitment to close MCJ. So many deaths could have been prevented. Do something NOW to stop this from happening again.
