

Written Public Comment

Provided for the December 19, 2024,

Los Angeles County Sheriff Civilian Oversight Commission.

To submit written public comment for the official meeting record, complete the form at <https://bit.ly/3SsCyNm>. For any questions, please email cocnotify@coc.lacounty.gov or call (213) 253-5678

Provide your public comment below. Please do not share any sensitive personally identifiable information because this comment will be made public as part of the official meeting record.		
What agenda item or topic will you comment on?		What is your name?
	<p>The active system management in the county of Los Angeles has failed in terms of rapid response. The illicit use in public and in front of businesses where families of all ages dine in or drive through the locations address, the residential thefts, the poor hygiene that can be permanent to a person(s) health, fraud, network system hacks and robberies of businesses especially state building such as DPSS can become an issue that could effect the whole district in the Los Angeles county of California, and the waste dumping in which leads to toxicity in our community will not transition into a problem solving solution. Unity is and action and may it be used as we transition change.</p> <p>Thank You</p>	
Illicit use in public and the crime that follows	ALMG-RR	ALMG-RR
New Panel	<p>As I am only one of many Govt licensed Victim Advocates, when will the COC Commission open to our new topic panel of LASD oversights? We have all asked as Licensed Investigators, and Coalitions to bring forward the Victim Rights Oversights Topic. This is systemic especially in our diverse communities of "LASD refused assistance" to assign LASD incident report to LASD Detective, which halts Marsy Law Rights for any violent crime victims without prosecutor filing of felony</p>	Franki-Victim Advocate AS1 Coalition

	violent crime incidents and hinders victim protection.	
Citizens on Patrol	PLEASE EXPLAIN HOW SHERIFFS CAN MAKE ENTRANCE INTO SOMEONES HOME WITHOUT KNOWING IF THEY ARE HOME OR NOT, OR WHO THEY ARE IF THEY DONT RESPOND TO THE DEPUTIES AS THEY ARRIVE TO PERFORM THE ARREST WARRANT.	
Elevators at Twin Tower	The elevators at Twin Tower have not been working for over 2 months and they are not getting fixed. Why?	Lupe Hervias
Evidence	What is the process to receive all body worn evidence and correspondences etc. from the lasd , and how do the Sherrif's dept decide what they can and must provide the public and or a suspect / victim etc and what the timeline is to do so?	Mike
Law	The law says upon an arrest warrant issued, the sherrif must immediately bring suspect to a judge or magistrate. However as we all know that is not the case. In fact it takes 72 hrs at a minimum sometimes weeks sitting in jail waiting for an opportunity to see a judge. 1 do the lasd bill and receive funding for this hold? 2. Is innocent until proven guilty something that our county actually honors? 3. Why and who allows for this type of total disregard to the laws and the constitution of California ???	Marcy Darcy
Complaints	Why does the lapd have an outside agency review and conduct all complaints however the lasd does not? Rather the complaints are handled internally. Now how foolish do we have to be to realize we are being played expecting to imagine there will be any actual consequence.	Dolly

You all see the numbers and they have cut many many complaints and ignored many more , not to mention the ease of the admonishments and punishments for those who have acted outside their sworn duty.

Please explain why HABEUS corpus is being denied inside the jail system. If it isn't please provide the number of HABEUS corpus petitions made last year

Jim
