Los Angeles County Sheriff Civilian Oversight Commission.

To submit written public comment for the official meeting record, complete the form at <https://bit.ly/3SsCyNm>. For any questions, please email cocnotify@coc.lacounty.gov or call (213) 253-5678

What agenda item or topic will you comment on?	Provide your public comment below. Please do not share any sensitive personally identifiable information because this comment will be made public as part of the official meeting record.	What is your name?
general public comment	<p>1. Ban the Fort Apache symbol</p> <p>Who's surprised that despite the SCOC adopting a resolution to ban the Fort Apache symbol in 2019 it is still being worn by East LA deputy gang members? Most recently as deputies pepper sprayed the Dodgers World Series celebration including several families with children. Gross.</p> <p>2. LASD must provide the SCOC with access to information that the commission needs to do it's job</p> <p>How is the commission STILL not getting access to information? Remember when this commission praised Robert Luna just for showing up to his first COC meeting? How about now? How about Luna does his job & stops obstructing information like his predecessor? LASD refusing to give the COC information on a recent use of force incident involving a police canine unit & information pertaining to in-custody deaths is THE SAME BUSINESS AS USUAL this department has been accustomed to.</p> <p>On this month's agenda alone, LASD refused to provide the COC with information relating to the use of prohibited head strikes in County jails and the Prison Rape Elimination Act. Another day, same waste of tax payer dollars. Still no accountability.</p> <p>3. Until LASD and County Counsel allow this Commission the access it needs, it cannot perform its oversight function. Stop obstructing oversight, stop wasting our tax</p>	MJ King

dollars while continuing harming our communities.

Civilian Oversight Commission

Meeting Nov 21, 2021

Hello Honorable Committee: My name is Colin M Campbell III and I was the whistleblower/data architect in 2019 that enabled us to switch the currency for LADWP for the energy grid. I presented the budget of 238.5 Billion to the LA Board of Supervisors on 9/10/2024 to be spent this year. Gov Gavin Newsom approved the "AI Accountability Act" 9/30/2024. In Nov of this year I identified institutional racism at the Pasadena Courthouse against Judge Joel Lofton an African American and active military using this technology and would like to request for permission to roll this out for the court and healthcare systems to detect racism and persecution by wealth under the executive orders from Newsom/Biden and Harris.

President Trump is planning for a Department of Government Efficiency for next year and we ask for permission to bring US Cyber Command to protect all citizens biased to the declaration of independence and US Constitution. Amendment 6, 2, 1 were violated in my use case I have shared with the LA Times (Kevin Rector reporter for court), NAACP, NRA Tuesday this week and LA Board of Supervisors Michelle Vega - Kathryn Bangers office and sent to your email today. Who do I speak with to request we enable US Cyber Command's most powerful AI for all citizens if they choose to enroll for government and healthcare to guide/coach us? Thank you colinmcampbell3@gmail.com

AI Accountability Act - Signed into Law
9/30/2024 by Gov Gavin Newsom

3 and General Public Comment

I ask the COC to direct Sheriff Luna to remove the Fort Apache logo and use of shirt button logos by the ELA Sheriffs deputies. It is a racist insult to the ELA Community, primarily Mexican-American community. I also demand of Sheriff Luna to order the removal of all Fort Apache insignia and logos by the ELA Sheriffs station staff.

Carlos Montes
