(Jeff Pletyak, Kent Tsujii, Public Works)

Senate Bill 743 requires local agencies to adopt the Vehicle Miles Traveled (VMT) metric and thresholds of significance for determining transportation impacts under the California Environmental Quality Act (CEQA). This new metric changes the way through which transportation mitigations are implemented by shifting from the traditional Level of Service metric to a VMT metric. A Steering Committee comprised of representatives from the CEO, DRP, DPR, DPH and PW developed recommendations for the County's new VMT metric and thresholds of significance to be considered for approval by the Board of Supervisors.
