The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, California 90012

Dear Supervisors:

**APPROVAL TO EXECUTE AMENDMENTS TO EIGHT MENTAL HEALTH SERVICES  
FOR RYAN WHITE PROGRAM ELIGIBLE CLIENTS CONTRACTS TO EXTEND THE  
TERM EFFECTIVE MARCH 1, 2022 THROUGH FEBRUARY 28, 2023  
(ALL SUPERVISORIAL DISTRICTS) (3 VOTES)**

**SUBJECT**

Request approval to execute contract amendments to eight mental health services contracts to extend the term effective March 1, 2022 through February 28, 2023, with an option to extend for an additional one-year term through February 29, 2024.

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Authorize and instruct the Director of the Department of Public Health (Public Health), or designee, to execute eight contract amendments for the provision of mental health services, substantially similar to Exhibit I, with the agencies listed in Attachment A, to extend the contract term, for an annual maximum obligation of \$2,376,671 effective March 1, 2022 through February 28, 2023, with an option to extend thereafter for an additional one-year term through February 29, 2024, contingent upon performance and the availability of funding, and exercised through written notification from the Director of Public Health, or designee, to the Contractor prior to the end of the contract term; 100 percent offset by Ryan White Program (RWP) Part A funds.
2. Delegate authority to the Director of Public Health, or designee, to: a) execute amendments to the contracts that allow a no-cost adjustment to the term through August 31, 2024; b) allow for the rollover of unspent funds and/or redirection of funds; c) provide an increase or decrease in funding up to 10 percent above or

below each term's annual base maximum obligation, effective upon amendment execution or at the beginning of the applicable contract term; and d) make corresponding service adjustments, as necessary; subject to review and approval by County Counsel, and notification to your Board and the Chief Executive Office.

3. Delegate authority to the Director of Public Health, or designee, to execute change notices to the contracts that permit non-material and/or ministerial revisions to the Statement of Work as necessary; authorize modifications to the reimbursement rate(s); changes to hours of operation and/or service locations; and/or make changes to the contract's terms and conditions.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS**

Diagnosis and treatment of mental health conditions are essential to optimize the quality of life for persons living with HIV/AIDS (PLWHA). Psychiatric disorders are a barrier to medical care and adherence to medications. Mental health services are required to meet the unique needs of PLWHA who have higher rates of depression and substance abuse than the general public. The Division of HIV and STD Programs (DHSP) requires comprehensive HIV outpatient mental health services for RWP clients in Los Angeles County that are coordinated and integrated with primary medical and HIV health care services. Coordinated, integrated HIV mental health services improve client mental health outcomes and retention in primary and HIV health care services, resulting in viral suppression and decreased risk of HIV transmission.

Approval of Recommendation 1 will allow Public Health to execute eight contract amendments to extend the term for the continuation of mental health services to RWP-eligible clients with the objective of helping PLWHA better cope with their HIV diagnosis, better prepare for and adhere to HIV treatment, prevent HIV transmission, and heal from circumstances that preceded or resulted from their HIV diagnosis.

Approval of Recommendation 2 will allow Public Health to amend the contracts to adjust the term of the contracts as allowed by the grant, and/or increase or decrease funding up to 10 percent above or below each term's annual base maximum obligation, effective upon amendment execution or at the beginning of the applicable contract term, and make corresponding service adjustments, as necessary.

Approval of Recommendation 3 will allow Public Health to execute change notices to the contracts that permit non-material and/or ministerial revisions to the Statement of Work as necessary; authorize modifications to the reimbursement rate(s); authorize budget modifications, changes to hours of operation and/or service locations; and/or make changes to the contract's terms and conditions.

### **Implementation of Strategic Plan Goals**

The recommended actions support Strategy 1.2, Enhance Our Delivery of Comprehensive Interventions, of the County's Strategic Plan.

### **FISCAL IMPACT/FINANCING**

The total maximum obligation for the eight contract amendments for the provision of mental health services for RWP eligible clients is \$4,753,342; at an annual obligation of \$2,376,671 for the period of March 1, 2022 through February 29, 2024, 100 percent offset by RWP Part A funds.

Funding for these contracts is included in Public Health's Adopted Budget for fiscal year (FY) 2021-22 and will be included in future FYs, as necessary.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Public Health's allocations for mental health services are aligned with the Commission on HIV recommended allocation.

County Counsel has reviewed and approved Exhibit I as to form. Attachment A provides information about the mental health services contracted providers and the eight recommended contract amendments.

### **CONTRACTING PROCESS**

On August 8, 2017, your Board approved eight contracts for the provision of mental health services for the term effective August 8, 2017 through February 29, 2020, with two optional one-year renewal terms, which were exercised through the term ending February 28, 2022.

Public Health has begun the process of assessing current mental health needs of clients to ensure that optimal treatment is available to meet client needs at all acuity levels. Based on the results of those assessments conducted by mental health consultants, DHSP will be able to utilize the data to enhance program activities and support forthcoming program solicitation components.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Approval of the recommended actions will allow Public Health to continue the delivery of critical mental health services to PLWHA in Los Angeles County.

The Honorable Board of Supervisors

## **MEASURE B ADVISORY BOARD RECOMMENDATIONS FOR SPENDING AVAILABLE UNALLOCATED 2021 MEASURE B FUNDS**

On July 11, 2017, the Board of Supervisors (Board) approved a motion by Supervisors Barger and Hahn that directed the Chief Executive Officer (CEO) to implement the Measure B Advisory Board (MBAB) to advise the Board on options and/or recommendations for spending unallocated Measure B funds. This is the third annual report to the Board regarding the work completed by the MBAB and recommendations for spending unallocated Measure B funds. In 2020, the MBAB process was suspended due to COVID-19.

### **BACKGROUND**

In November 2002, voters in the County of Los Angeles (County) approved Measure B, which authorized the County to levy a special tax on building improvements to provide funding for the countywide system of trauma centers, emergency medical services, and for bioterrorism response throughout the County.

As directed in the July 11, 2017 Board motion, the MBAB will provide advice to the Board on options and/or recommendations for spending future unallocated funds. Actual allocation of funding will be solely at the discretion of the Board and contingent upon Board approval.

The MBAB is co-chaired by the CEO Health and Mental Health Services Division and the County's Emergency Medical Services Agency (EMS) and includes one member from

each of the following entities: Auditor-Controller, Department of Health Services, Department of Public Health (DPH), County of Los Angeles Fire Department (County Fire), a representative of non-County trauma hospitals, as appointed by the Hospital Association of Southern California (HASC), the chair (or delegate) of the Los Angeles County Emergency Medical Services Commission, a surgeon practicing at a trauma hospital in the County as appointed by the Southern California chapter of the American College of Surgeons, and a registered nurse practicing in an emergency department of a designated trauma hospital in the County, as appointed by the California Nurses Association.

Proposals for the Measure B funding are submitted to the MBAB each year from April 1 through July 15 and are reviewed and ranked by the MBAB using a three-level ranking system. Additional information on the Measure B funding process can be found in Attachment I.

## **MEASURE B PROPOSALS FOR 2021**

The MBAB received 39 funding proposals for consideration; however, one proposal was removed prior to the MBAB's review of the proposal submission, based on County Counsel's review and determination that the proposal was for expenditures not authorized for Measure B funding and five proposals were withdrawn by the proposers, leaving 33 proposals for consideration. Of the 33 proposals submitted, many contained requests for multiple components resulting in the MBAB ranking 52 distinct projects.

The amount of Measure B unallocated funding available to fund these projects totaled approximately \$13.0 million. The 52 proposed projects totaling \$25,741,641 were considered by the MBAB members and then ranked based on their level of priority. The description of each proposal and their numeric ranking is included in Attachment II.

## **RECOMMENDATIONS**

Based on the evaluation conducted by the MBAB and the \$13.0 million of funding available to cover the cost of these requests, the CEO is recommending that the Board approve one-time funding for all proposals receiving a ranking of 1.75 or higher, totaling approximately \$12.52 million, as shown on Attachment II. This would fund 28 of the 52 proposed projects. If the Board approves these recommendations, the CEO will work with EMS and the impacted County and non-County entities to implement these initiatives. Unless otherwise instructed by the Board by February 18, 2022, the CEO will work with the EMS Agency and DHS to allocate funding as outlined herein, to the requesting organizations.

If you have any questions, please contact Mason Matthews, Budget and Finance Division, at (213) 974-2395 or [mmatthews@ceo.lacounty.gov](mailto:mmatthews@ceo.lacounty.gov).

**Measure B Funding  
Process for Submitting Funding Proposals  
2021**

## **Background**

Measure B is a special property assessment that was passed by the voters of Los Angeles County on November 5, 2002. This assessment is imposed upon all improvements (buildings) located in Los Angeles County and is added to Los Angeles County property taxes to provide funding for the Countywide System of Trauma Centers, Emergency Medical Services, and Bioterrorism Response.

The use of Measure B funds is restricted to four areas and authorized expenditures must fall within one of these areas:

Trauma Centers	<ul style="list-style-type: none"> <li>• Maintain all aspects of countywide system of trauma centers.</li> <li>• Expand system of trauma centers to cover all areas of the county.</li> <li>• Provide financial incentives to keep existing trauma centers within the system</li> <li>• Pay for the costs of trauma centers, including physician and other personnel costs</li> </ul>
Emergency Medical Services	<ul style="list-style-type: none"> <li>• Coordinate and maintain a countywide system of emergency medical services</li> <li>• Pay for the costs of emergency medical services, including physician and other personnel costs.</li> </ul>
Bioterrorism Response	<ul style="list-style-type: none"> <li>• Enable stockpiling of safe and appropriate medicines to treat persons affected by a bioterrorism or chemical attack.</li> <li>• Train health care workers and other emergency personnel to deal with the medical needs of those exposed to a bioterrorism or chemical attack.</li> <li>• Provide medical screenings and treatment for exposure to biological or chemical agents in the event of a bioterrorism or chemical attack.</li> <li>• Ensure the availability of mental health services in the event of a terrorist attack.</li> </ul>
Administration	<ul style="list-style-type: none"> <li>• Defray administrative expenses, including payment of salaries and benefits for personnel in the Los Angeles County Department of Health Services and other incidental expenses</li> <li>• Recover the costs of the special election in 2002</li> <li>• Recover the reasonable costs incurred by the county in spreading, billing and collecting the special tax.</li> </ul>

## **Submitting a Proposal**

Proposals for Measure B funding can be submitted each year from April 15 through July 15 of that year. The proposals will be reviewed prior to the Measure B Advisory Board (MBAB) proposal review meeting, to insure the proposed expenditures are authorized for Measure B funding. Any proposals for expenditures not authorized for under Measure B will be removed and the submitting entity will be notified of this action.

---

The MBAB will review and rank all submitted requests for Measure B funding with proposed expenditures that are authorized for Measure B at the MBAB proposal review meeting, typically scheduled in September of each year. If additional time is needed to review and evaluate the requests, another meeting will be scheduled typically later in September or in October of that year.

Below are the steps for submitting a proposal:

1. Complete the Measure B Proposal form and submit it, along with any supporting documents, via mail or email to the Los Angeles County EMS Agency no later than 5:00 pm on July 15 of the year to allow adequate time for the proposals to be reviewed and distributed prior to the first MBAB proposal review meeting. Supporting documents include price quotations for equipment purchases, budget, and pertinent financial statements. Financial statements will be required for funding request to offset the operational loss for providing a specific service (e.g. Trauma Services). The financial statements must clearly show direct expenses incurred and revenue received and expected to be received from all sources (including subsidy and donations) for providing the service. For proposed new services or activities, a detailed budget must accompany the funding request, that includes a list of personnel, equipment, supplies and services costs, and an explanation of how these costs are determined. Additionally, when a request requires the hiring of personnel or incurring other long-term financial obligations (e.g. lease) for future years, the requesting entity must provide supporting documentation demonstrating how they will cover the personnel cost and these obligations if Measure B funding is not available in future years. Every requesting entities must provide a letter from the organization's Department Head/Executive Office approving the proposal submission.
2. Proposers are encouraged to attend the MBAB proposal review meeting(s) to provide a brief overview of their project, limited to two minutes and be available to answer any questions that the members of the MBAB may have related to their proposal. If a second meeting is also scheduled for review of proposals, the proposers are encouraged to also attend this meeting. The first meeting is typically scheduled in September of the year and if another meeting is needed, it will be scheduled typically later in September or in October of that year.
3. After reviewing all eligible proposals, the MBAB members will rank score the projects while the proposers are in attendance. However, the ranking score given by the MBAB does not guarantee approval by the Board of Supervisors.

### **Evaluating and Rank Ordering of the Proposals**

After reviewing all eligible proposals submitted for a given year, the MBAB will rank the proposals using a three-level ranking system. Each qualified proposal will be given a high priority (Score of 3), medium priority (Score of 2), or low priority (Score of 1) score. All MBAB members may vote on any proposals being considered, even if they are affiliated with the requesting entity, or has an interest in or will benefit from a proposal(s), unless it is deemed inappropriate by the MBAB Co-Chairs. The ranking will be done by each MBAB voting member providing a number ranking and an average score will be determined using all voting member rankings for each proposal.

---

When evaluating/ranking each proposal, the committee may take into consideration the following:

- Consistency with the original intent of Measure B
- Regional or system-wide application and impact
- Improves overall services of trauma, EMS or bioterrorism
- Addresses any major gap in the system to ensure access and health equity
- Feasibility of proposed project, given the available time and resources
- Completeness of proposal

### **Board Consideration**

A memo to the Board of Supervisors providing information on all the eligible proposals that were submitted and reviewed will be written by the Co-Chairs. The Board memo will highlight the amount of unallocated Measure B funding that is available and the rank order score of each proposal. It shall be the Board's sole discretion and decision on what proposals are to be funded, as well as the amount awarded.

Once a proposal is approved by the Board, additional processes may need to be implemented prior to disbursement of the funds. This includes entering into a written agreement with the County outlining the use of the funding and the timeframe for incurring expenses. Typically, any Measure B funds that are awarded should be expended within 12 months of award. All Measure B funding is awarded on a reimbursement basis, with the receiving entity incurring the expense and then submitting the claim or invoice to Los Angeles County - Department of Health Services / Health Services Administration Finance for reimbursement.

If you have any questions regarding submitting a proposal, please contact Kay Fruhwirth, EMS Agency Nursing Director at [kfruhwirth@dhs.lacounty.gov](mailto:kfruhwirth@dhs.lacounty.gov) or 562-378-1596.
