PARKS’ BUSINESS AND OPERATIONS PLAN
MISSION

SERVE AS STEWARDS OF PARKLANDS

BUILD HEALTHY & RESILIENT COMMUNITIES

ADVANCE SOCIAL EQUITY AND COHESION

PARKS.LA COUNTY.GOV
BUSINESS OPERATION PLAN

Completed

- Recreation/Park Districts
- Staffing standards with existing on budget and allocated FTE's
- Core Department Programs
- Department Operations Manual
- Production & Programming Schedule
- Cost Recovery Model
- Centralization: Communications, Purchasing and Warehouses
- Partnership: Core and Community Partnership & School MOA
- Scholarship Program
- Department Workforce Pathway(s)
  - Recreation (Youth@Work -to- Park Aide -to- Recurrent RSL -to- Permanent RSL)
  - Grounds Maintenance (PLACE/Conservation Corps to Permanent Grounds Maintenance)
STAFFING ALLOCATION BASED ON THE STANDARD

- Ensure equitable distribution of staffing by park classification, amenities and equity/high need and park isolation
- Ensure core program delivery
- Maximize park’s amenity usage
- Establish park budgets that includes staffing
- Establish consistent (standard) for New Facilities request for staffing and services & supplies
- Forecast operating costs for New Facilities
- Enhance programs through core and community partners, cost recovery and scholarship programs
- Provide for consistent recreation operations and programming Department-wide
STAFFING STANDARDS

- Park Classification
- Amenities
- Core Programs
- Equity/High Need & Park Isolation

= Standards

- Senior Center: 0*
- PAD: +0.65 RSL
- Our Spot: +1.39 RSL

Note: *Senior programming currently not funded and provided by BOS discretionary funds on a year-to-year basis.*
BUSINESS OPERATIONS PLAN

- Provide a road map to drive equity in programming, resource allocation and infrastructure investment
- Ensure most vulnerable communities are provided free and affordable core programs
- Standardize Department operations to align with LA County’s Anti-Racism, Diversity and Inclusion (ARDI) and Care First-Jail Last:
  - Extend park hours of operation
  - Extend out of school prevention/diversion programs
  - Extend youth jobs and pathway initiatives
The Department’s Operations Plan was developed to prioritize the safety, equity and access of our operations, services and programming in the following:

- Standardized seasons for programming and operations
- Standardized days/hours of operations based on park classification
- Standardized recreation program schedules
• Consistent programming communities, families and youth can depend on

• Planning for program development, community outreach, procurement of supplies/equipment, hiring processes and public registration (ActiveNET)

• Improved schedule coordination for grounds and trades, including deferred maintenance.

• Marketing campaigns and seasonal programming

• Recruitment and hiring timelines match programmatic needs by season

• Specialized training to support program delivery

• Program evaluation
PROGRAM COST RECOVERY

- DPR’s program delivery ensures the direct costs of programs are calculated and consistent Department-wide.

- Program, Staff and Service & Supplies (S&S) costs "must be" offset by a funding source (NCC, UUT, CDBG, Grants, Program Fees, etc.).

- The pricing model calculates revenues based on the minimum participation required for a program to “go.”

- NCC subsidizes staff for park coverage and free and/or affordable core programming (Everybody Plays, Open Gym, Recreation for All, Everybody Explores, Sports For All Clinics (not league play), Everybody Swims, Swimming Lessons and Aqua Aerobics).
CENTRALIZED: PUBLIC INFORMATION & OUTREACH

- Develop county-wide and local community public information campaigns to promote programming
- Develop & implement community engagement plans to promote services with parents, CBOs, schools, churches & key stakeholders.
- Expand hyper-local ethnic media engagement via print, radio, and social media
- Utilize ActiveNet database to promote programs to current and future park users
- Update website to serve as a trusted resource for information, programming and services.
- Create information center hubs at each facility that includes digital program/service displays to information centers
CENTRALIZED: WAREHOUSE

- Department-wide purchasing and standardization
- Allows warehouse staff to provide services and supplies based on need
- Realizes purchase discounts from bulk purchases
- Streamlines ordering, storage, and distribution processes for warehouse supplies
CORE AND COMMUNITY PROGRAM PARTNERSHIPS

- No rental fees for qualified Core Program Partners
- Expand and enrich Programming for vulnerable communities
- Increase community organization access to facilities and amenities to provide local programming and services
- Encourage and enable community organizations to provide local programming and services for public benefit
- Discounted rental fees for qualified Community Program Partners for offering affordable, inclusive, and beneficial programming
- Contributions from local community organizations through volunteering, in-kind repairs as well as building and donating capital improvements at park facilities
SCHOLARSHIP PROGRAM

Learn to Swim Scholarships

This year, LA County Parks and the American Red Cross, are pleased to introduce the Learn to Swim Scholarship Program for our Winter and Spring swim sessions at our year-round pools. Scholarships are open to children ages 5 to 17 years old.

For more information and assistance with applying, visit or contact our year round facilities Monday thru Friday from 8am-5pm.

ESTEAM

SUMMER CAMP
FOR YOUTH AGES 6-12
The Los Angeles County Department of Parks and Recreation in partnership with the Natural History Museum of Los Angeles County, Beaches and Harbors, and Los Angeles County Public Works are proud to announce the return of ESTEAM camps throughout LA County this summer for five two-week sessions. Campers will connect with the outdoors, explore early career pathways, build their self-confidence and understanding of ESTEAM topics, and learn to take action to improve their natural environment. Curriculum is inclusive and supports the development of school-age youth. ESTEAM provides campers with hands-on learning activities that excite, energizes, and exposes youth to a wide variety of skills and ideas. Children will have fun learning through group games, arts and culture, technology, field trips, guest speakers, and project-based learning. Morning and afternoon snack and lunch is provided at select sites.

REGISTRATION DEADLINES
Session 1 - May 30
Session 2 - June 13
Session 3 - June 27
Session 4 - July 11
Session 5 - July 25

May 6 - September 2  Friday • Saturday • Sunday

BOAT CINEMA

Lake Castaic

RENAISSANCE PLEASURE FAIRE
Saturdays & Sundays
APRIL 9 THRU MAY 22, 2022

Summer is the time for fun in the sun. Pittsburgh’s favorite family park now has an even better reason for a visit. Spend the day swimming, sunbathing, and enjoying the thrill of water rides. For the best of both worlds, enjoy a day in the sun. Live for Summer. Have fun! Get splashed. Summer takes a break.
Parks Make Life Better!

*Every Summer!
Overview of Newhall Ranch aka Valencia

A master planned community by FivePoint in Valencia, CA

Community Services Cluster – May 4, 2022
Newhall Ranch Specific Plan

• Adopted in 2003; covers almost 12,000 acres
• Litigation concluded 2017 & 2020; site grading commenced 2018.
• Includes 5 of the 8 Villages:
  Mission, Landmark, Potrero Valley, Homestead North and Homestead South (does not include Entrada North, Entrada South, or Legacy)
• Development Plan proposes:
  20,885 dwelling units; commercial and mixed uses; 5,159 acres of permanent open space; 141 acres of community parks and 10 acres of neighborhood parks; fire stations, library, schools and other infrastructure.  https://planning.lacounty.gov/view/newhall_ranch_specific_plan
Phase 1: Mission Village

- Multiple merchant builders constructing various product types in 40+ phased Final Maps.
- Approximately 900 dwelling units built or under construction.
- Approximately 200 new families have already moved in!
- Confluence Park opened.
- Community Facilities District No. 2021-01/-02 authorized by BOS in early 2021 – reimburses FivePoint for significant infrastructure investments and County for portion of maintenance costs associated with infrastructure.
Mission Village Backbone Infrastructure
KB Homes (attached townhomes – low $700,000’s) & Lennar (SFR detached ($900,000-$1.2 mil))
Lennar at Siena (single family detached homes - selling for low $900,000’s)
Confluence Park: Private open space for community; includes community center, pool, spa, playground, etc.
What’s Next?

Mission Village: build out continues through 2025

Landmark Village: process Final Maps; commence construction (2025+)

Monitor development triggers for public parks, library and first fire station (2023 - 2026)

Entrada South/VCC – circulate Draft EIR, negotiate Development Agreement, process entitlements (through 2023)
Challenges

• Full build out of project expected to take 20+ years – requires ongoing significant staff resources across multiple departments.

• Maintenance and programming for public parks - underfunded or non-existent

• Add’l County needs – permanent staff for parks, library, fire stations; comprehensive affordable housing program; DPW maintenance yard; Old Road construction underfunded
Successes

• Addition of much needed housing resources near major employment center

• Highly efficient, net zero carbon community.

• Sustainability embedded throughout: open space preservation; offsite forest carbon sequestration; on and offsite EV charging stations; hyper-efficient building designs; water efficiency and conservation; onsite transportation mgmt. plan including NEVs.
THANK YOU to our partners!
