Pathway Home

A Los Angeles County-led Partnership for Encampment Resolution

Leveraging powers under the state of emergency on homelessness declared by the Board of Supervisors in January 2023, Los Angeles County has launched **Pathway Home**, a major expansion of its ongoing efforts to resolve encampments countywide, including recreational vehicles, in partnership with local jurisdictions and unincorporated communities.

With Pathway Home, the County will reduce unsheltered homelessness in specific communities by helping people living on the streets come indoors, receive supportive services they need to achieve housing stability, and ultimately move into permanent housing.
