The Honorable Board of Supervisors

TO ACCEPT GRANT FUNDS
FROM THE CALIFORNIA DEPARTMENT OF INDUSTRIAL RELATIONS,
LABOR COMMISSIONER'S OFFICE
FOR THE WORKERS' RIGHTS ENFORCEMENT GRANT PROGRAM
AND APPROVE APPROPRIATION ADJUSTMENT
FOR THE GRANT PERFORMANCE PERIOD
BEGINNING AUGUST 1, 2024, AND ENDING JULY 31, 2025
(ALL DISTRICTS) (4-VOTES)**

SUBJECT

This Board Letter requests authority for the Los Angeles County District Attorney's Office (LADA) to accept grant funding for the Workers' Rights Enforcement Grant (WREG) Program for the grant performance period beginning August 1, 2024, and ending July 31, 2025. In addition, approval of the appropriation adjustment for Fiscal Year (FY) 2024-25 is requested to align LADA's budget with the grant award. The WREG Program is supported with state funds from the California Department of Industrial Relations (DIR), through its Labor Commissioner's Office (LCO). Pursuant to Assembly Bill (AB) 102, the grant awarded funds are to be used to defray costs expended on state labor law enforcement and serve the public purpose of assisting workers in combatting wage theft, preventing unfair competition, and protecting state revenue.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the LADA to accept grant funding from the DIR LCO, for the grant performance period beginning August 1, 2024, and ending July 31, 2025, in the amount of \$733,351 for the WREG Program. There is no required County match for this grant.
2. Approve the attached appropriation adjustment to align the LADA's budget with the pro-rated FY 2024-25 grant award of \$673,000.

3. Delegate authority to the District Attorney, or his designee, to serve as Project Director for the WREG Program and execute the DIR LCO Grant Award Agreement. This also includes authorization to approve subsequent amendments, modifications, and/or extensions to the grant award agreements that have no net County cost impact to the County; and allow for the rollover of encumbered unused grant funds to the following grant period upon the approval of DIR LCO.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the WREG Program is to allow the LADA to protect workers from wage theft and other exploitative practices in the workplace. Where appropriate, the LADA will prosecute criminal and civil wage theft cases and refer those that are not viable for criminal prosecution to the Office of Labor Standards Enforcement or County Counsel for civil remedies.

Board authorization to complete the grant application process and to accept grant funds is requested to comply with County and grant requirements.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

Approval of the recommended action is consistent with the Los Angeles County Strategic Plan Goal No. 1, Make Investments that Transform Lives: Aggressively address society's most complicated social, health, and public safety challenges and be a highly responsive organization capable of responding to complex societal challenges – one person at a time, and Goal No. 3, Realize Tomorrow's Government Today: Be an innovative, flexible, effective, and transparent partner focused on public service and advancing the common good.

FISCAL IMPACT/FINANCING

The LADA's proposal requests grant funding in the amount of \$733,351 with zero cost share or cost match for the grant performance period from August 1, 2024, through July 31, 2025. There is no net County cost impact associated with the proposed grant award. If approved by DIR LCO, any unused grant funds can roll over to the next grant period ending on July 31, 2026.

The LADA requests Board approval of the attached appropriation adjustment to increase \$673,000 in state funds for FY 2024-25, and the remaining balance of \$61,000 will be incorporated into the FY 2025-26 LADA's Operating Budget through the annual budget process. All numbers in this paragraph have been rounded to the nearest thousand.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

In July 2023, in accordance with AB102, the State of California allocated \$18 million to the DIR to establish and administer a WREG Program by its LCO. A total of \$8,550,000 will be distributed to the "eligible public prosecutors" in 2024-2025. Under AB102, the definition of "prosecutors" includes district attorneys, city attorneys, county counsels, or any other city or county prosecutors with a WREG program.

The grant funds are intended to cover expenses related to state labor law enforcement, aiming to assist workers in combating wage theft, preventing unfair competition, and protecting state revenue. Activities funded may include evidence gathering, investigations, coordination with community organizations and law enforcement entities, as well as criminal and/or civil prosecutions, resolutions, appeals, and settlements. Only staff salaries and benefits are eligible for funding; no other expenses will be allowed except for the administrative cost of a required annual independent audit.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This program does not propose attorney staff augmentation. Therefore, LADA is not subject to the Board Motion of December 15, 1998, requiring clearance with the Alternate Public Defender, Probation, Public Defender, and Sheriff's Departments.

CONCLUSION

The acceptance of the WREG Program funds will significantly bolster the County's efforts to combat wage theft and protect workers' rights. This grant will effectively enhance the wage theft enforcement program. Therefore, we urge the Board to authorize the LADA to accept this grant funding, delegate the appropriate authority to execute the agreement and manage the program, and support the strategic goals of transforming lives and advancing public service in the County. Your approval will ensure that we can continue to address critical social and economic issues affecting our workforce, thereby enhancing the overall well-being and justice within our community.

Following Board approval, the Executive Officer-Clerk of the Board is requested to return two (2) copies of the adopted Board letter to Mr. Anh Vo of the LADA, Grants and Contracts Section at 211 West Temple Street, Suite 200, Los Angeles, California 90012-3205. Any questions may be directed to Mr. Vo at (213) 257-2805, or at avo@da.lacounty.gov.

Respectfully submitted,

Dear Supervisors:

**APPROVE SOLE SOURCE CONTRACT WITH NICE SYSTEMS, INC.
TO PROVIDE NETWORKED LOGGING RECORDER SYSTEM
MAINTENANCE AND SUPPORT SERVICES
(ALL DISTRICTS) (3 VOTES)**

**CIO RECOMMENDATION: APPROVE (X) APPROVE WITH MODIFICATION ()
DISAPPROVE ()**

SUBJECT

The Los Angeles County (County) Sheriff's Department (Department) is seeking Board approval and execution of a sole source contract (Contract) with NICE Systems, Inc. (NICE) to provide continued maintenance and support services (Services) for the Department's Networked Logging Recorder System (NLRS), previously known as the Digital Voice Logging Record System.

IT IS RECOMMENDED THAT THE BOARD:

1. Approve and instruct the Chair of the Board to sign the attached Contract with NICE, effective September 11, 2024, through September 10, 2027.
2. Delegate authority to the Sheriff, or his authorized designee, to execute amendments and change notices to the Contract, as set forth throughout the Contract in order to: (1) effectuate modifications, which do not materially affect any term of the Contract, (2) add new or revised standard County contract provisions

adopted by the Board, as periodically required, (3) effectuate the assignment and delegation/mergers or acquisitions provision, (4) engage NICE to provide Services, as required by the County, with up to \$15,000 in contingency funds for required tear down, move, and reconfiguration (TMR), for the term of the Contract, and (5) terminate the Contract, either in whole or in part, by the provision of a ten-day written notice.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The NLRS is critical to maintaining the integrity of the Department's patrol operations. Approval of the recommended actions will allow the Department to continue receiving Services from NICE to 46 Networked Logging Recorders (NLRs) located at facilities throughout the County that are operated by the Department's Communications and Fleet Management Bureau (CFMB), while the Department completes the Request for Proposals process for a replacement system. The current Agreement expires on May 1, 2024.

NICE is the sole provider of the Department's NLRS. The Department has utilized the present NLRS and its predecessors for over 19 years. The system archives over 36 million recordings per year that can only be retrieved using NICE's proprietary technology.

The NLRS is proprietary to NICE. NICE does not license, certify, nor otherwise endorse any third party to maintain its proprietary technology.

Background

The Department owns and operates 46 NLRs located at facilities throughout the County, which are used to capture and catalogue digital voice radio transmissions, 911 emergency calls, and routine calls for service. The recordings, which are encrypted using NICE's proprietary technology, are frequently required for criminal and civil court proceedings, as well as Department internal investigations.

On October 18, 2011, the Board approved Agreement Number 77675 (Agreement) with Voice Print International, Inc. (VPI) for a term of three years, with two one-year option periods, plus one additional six-month option period in any increment, for digital voice logging recorder system maintenance and support services.

Amendment Numbers One through Seven to the Agreement were executed to, among other things, extend the term of the Agreement, and memorialize the conversion of VPI to a limited liability company and its acquisition by NICE.

In July 2019, the Department published a Request for Information (RFI) to investigate commercial off-the-shelf digital voice logging record systems. Five vendors responded to the RFI and conducted onsite demonstrations. It was the Department's original intent to issue a solicitation for a successor contract. After reviewing the information obtained from responses to the RFI, the Department concluded that the excessive costs and associated risks of implementing a new solution and ongoing support were not in the County's best interest. The Department ultimately decided to pursue an extension to the existing Agreement and engage NICE to complete a technology refresh.

On April 29, 2021, the Sheriff, with the Board's authorization, executed Amendment Number Eight to the Agreement, which again extended the term of the Agreement for an additional three-year period from May 2, 2021, through May 1, 2024. This extension allowed for continued Services and allowed the Department to engage NICE to implement a complete hardware/software refresh for the Department's NLRS, including data integration services and end-user training.

In April 2022, NICE successfully completed the hardware and software refresh for the Department's NLRS.

Implementation of Strategic Plan Goals

The requested actions support the County Strategic Plan's North Star 2: Foster Vibrant and Resilient Communities; Focus Area Goal C: Public Safety: Enhance the safety of the public and our communities by addressing the risks, danger, harm, and conditions that cause, drive, or can help mitigate unlawful activity and crime and supports law enforcement accountability and transparency; Strategy I. Prevention, Protection, and Security: Support and invest in innovative practices, crime prevention resources, and infrastructure to provide protection and security.

FISCAL IMPACT/FINANCING

The maximum contract sum for the Contract will not exceed \$1.2 million, which includes an allocation of \$15,000 in contingency funds for required TMR. Funding is allocated in the Department's operating budget, and the Department is responsible for ensuring it has adequate funding in its operating budgets prior to requesting and approving services under the Contract.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

NICE has affirmed it is in compliance with all Board and County Chief Executive Office requirements, including Jury Service Program, Safely Surrendered Baby Law, and Defaulted Property Tax Reduction Program.

In compliance with Board Policy 6.020, "Chief Information Office Board Letter Approval," the Office of the Chief Information Officer (OCIO) reviewed the information technology (IT) components (management, design, development, acquisition, expansion, or purchase of IT systems and/or related services" of this request and recommends approval. The OCIO determined this recommended action does not include any new IT items that would necessitate a formal written CIO analysis.

The Contract has been approved as to form by County Counsel.

CONTRACTING PROCESS

On July 26, 2023, pursuant to Board Policy 5.100, the Department provided the Board with advance notification of its intent to enter negotiations for a new sole source Contract with NICE.

On December 5, 2023, the Department published a new RFI to investigate cloud-based commercial off-the-shelf NLRS. The Department received six responses to the RFI, which are currently under review. The Department anticipates releasing a Request for Proposals by the second quarter of 2025.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of this action will ensure uninterrupted Services for the critical NLRS, currently operated by CFMB, while the Department completes the solicitation process for a successor contract and completes its implementation of the new solution.

CONCLUSION

Upon Board approval, please return two adopted copies of this Board letter and two original executed copies of the Contract to the Department's Contracts Unit.

Sincerely,

Check (✓)	JUSTIFICATION FOR SOLE SOURCE CONTRACTS Identify applicable justification and provide documentation for each checked item.
	➤ Only one bona fide source (monopoly) for the service exists; performance and price competition are not available. A monopoly is an “ <i>Exclusive control of the supply of any service in a given market. If more than one source in a given market exists, a monopoly does not exist.</i> ”
	➤ Compliance with applicable statutory and/or regulatory provisions.
	➤ Compliance with State and/or federal programmatic requirements.
	➤ Services provided by other public or County-related entities.
	➤ Services are needed to address an emergent or related time-sensitive need.
	➤ The service provider(s) is required under the provisions of a grant or regulatory requirement.
	➤ Additional services are needed to complete an ongoing task and it would be prohibitively costly in time and money to seek a new service provider.
	➤ Services are needed during the time period required to complete a solicitation for replacement services; provided services are needed for no more than 12 months from the expiration of an existing contract which has no available option periods.
	➤ Maintenance and support services are needed for an existing solution/system during the time to complete a solicitation for a new replacement solution/ system; provided the services are needed for no more than 24 months from the expiration of an existing maintenance and support contract which has no available option periods.
	➤ Maintenance service agreements exist on equipment which must be serviced by the original equipment manufacturer or an authorized service representative.
	➤ It is more cost-effective to obtain services by exercising an option under an existing contract.
	➤ It is in the best economic interest of the County (e.g., significant costs to replace an existing system or infrastructure, administrative cost savings and excessive learning curve for a new service provider, etc.) In such cases, departments must demonstrate due diligence in qualifying the cost-savings or cost-avoidance associated with the best economic interest of the County.

**QUESTIONNAIRE FOR SOLE SOURCE CONTRACT FOR NETWORKED LOGGING RECORDER
SYSTEM MAINTENANCE AND SUPPORT SERVICES WITH NICE SYSTEMS, INC.**

It is the policy of the County, to solicit the maximum number of bids/proposals for a commodity or service from the largest relevant market and to select vendors on a competitive basis.

There are certain acquisitions which when in the best interest of the County, can only be obtained from a sole source. Sole source acquisitions must be justified in sufficient detail to explain the basis for suspending the usual competitive procurement process.

NOTE: Please refer to Procedure P-3700 of the ISD Purchasing Policies on Procedures Manual.

**DOCUMENTATION FOR SOLE SOURCE JUSTIFICATION MUST INCLUDE RESPONSES TO THE

A new sole source contract with NICE Systems, Inc. for continued maintenance and support of the recently upgraded NICE Networked Logging Recorder System (NLRS), currently used by the Department.

- 3. Is this “brand” of product the only one that meets the user’s requirements? If yes, what is unique about the product?**

- 4. Have other products/vendors been considered? If yes, which products/vendors have been considered and how did they fail to meet the user’s requirements?**
Not applicable.

Both the system and services are proprietary to NICE.
- 7. Reasonableness of Price. Does the County obtain a percentage discount or special discount not available to the private sector?**

8.20.1 Neither party will be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's Subcontractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this Paragraph as "force majeure events").

8.20.2 Notwithstanding the foregoing, a default by a Subcontractor of Contractor will not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such Subcontractor, and without any fault or negligence of either of them. In such case, Contractor will not be liable for failure to perform, unless the goods or services to be furnished by Subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this Paragraph, the term "Subcontractor" and "Subcontractors" mean Subcontractors at any tier.

8.20.3 In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

8.24.6 Failure to Maintain Insurance

Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance will constitute a material breach of this Contract, upon which the County immediately may withhold payments due to Contractor, and/or suspend or terminate this Contract. Subject to applicable law, the County will make a reasonable effort to maintain the confidentiality of such audit report(s). Failure on the part of Contractor to comply with any of the provisions of this Paragraph 8.38 (Record

Retention and Inspection-Audit Settlement) will constitute a material breach of this Contract upon which the County may terminate or suspend this Contract.

- 8.38.3 If, at any time during the Term of this Contract or within five years after the expiration or termination of this Contract, representatives of the County conduct an audit of Contractor regarding the Work performed under this Contract, and if such audit finds that the County's dollar liability for any such Work is less than payments made by the County to Contractor, then the difference must be either: a) repaid by Contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to Contractor from the County, whether under this Contract or any other agreement. If such audit finds that the County's dollar liability for such Work is more than the payments made by the County to Contractor, then the difference will be paid to Contractor by the County by cash payment, provided that in no event will the County's maximum obligation for this Contract exceed the funds appropriated by the County for the purpose of this Contract.

8.39 Recycled Bond Paper

Consistent with the Board's policy to reduce the amount of solid waste deposited at the County landfills, Contractor agrees to use recycled-content paper to the maximum extent possible on this Contract.

8.40 Subcontracting

- 8.40.1 The requirements of this Contract may not be subcontracted by Contractor without the advance written approval of the County. Any attempt by Contractor to Subcontract without the prior consent of the County may be deemed a material breach of this Contract.
- 8.40.2 If Contractor desires to Subcontract, Contractor must provide the following information promptly at the County's request:
- a. A description of the Work to be performed by the Subcontractor.
 - b. A draft copy of the proposed Subcontract.
 - c. Other pertinent information and/or certifications requested by the County.
- 8.40.3 Contractor must indemnify, defend, and hold the County harmless with respect to the activities of each and every Subcontractor in the same manner and to the same degree as if such Subcontractor(s) were Contractor employees.
- 8.40.4 Contractor will remain fully responsible for all performances required of it under this Contract, including those that Contractor has determined to Subcontract, notwithstanding the County's approval of Contractor's proposed Subcontract.
- 8.40.5 The County's consent to Subcontract will not waive the County's right to prior and continuing approval of any and all personnel, including Subcontractor employees, providing Services under this Contract. Contractor is responsible for notifying its Subcontractors of this County right.

- 8.40.6 County Project Director is authorized to act for and on behalf of the County with respect to approval of any Subcontract and Subcontractor employees. After approval of the Subcontract by the County, Contractor must forward a fully executed Subcontract to the County for their files.
- 8.40.7 Contractor will be solely liable and responsible for all payments or other compensation to all Subcontractors and their officers, employees, agents, and successors in interest arising through Services performed hereunder, notwithstanding the County's consent to Subcontract.
- 8.40.8 Contractor must obtain certificates of insurance, which establish that the Subcontractor maintains all the programs of insurance required by the County from each approved Subcontractor. Before any Subcontractor employee may perform any Work hereunder, Contractor must ensure delivery of all such documents to County Project Director at the address herein provided in Exhibit C (County's Administration) to this Contract.

8.41 Termination for Breach of Warranty to Maintain Compliance with County's Child Support Compliance Program

Failure of Contractor to maintain compliance with the requirements set forth in Paragraph 8.14 (Contractor's Warranty of Adherence to County's Child Support Compliance Program) above will constitute default under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure of Contractor to cure such default within 90 Days of written notice will be grounds upon which the County may terminate this Contract pursuant to Paragraph 8.43 (Termination for Default) below and pursue debarment of Contractor, pursuant to [County Code Chapter 2.202](#).

8.42 Termination for Convenience

- 8.42.1 This Contract may be terminated, in whole or in part, from time to time, when such action is deemed by the County, in its sole discretion, to be in its best interest. Termination of Work hereunder will be effectuated by notice of termination to Contractor specifying the extent to which performance of Work is terminated and the date upon which such termination becomes effective. The date upon which such termination becomes effective will be no less than ten Days after the notice is sent.
- 8.42.2 After receipt of a notice of termination and except as otherwise directed by the County, Contractor must:
 - a. Stop Work under this Contract on the date and to the extent specified in such notice, and
 - b. Complete performance of such part of the Work, as well as Work not affected by the notice, as would not have been terminated by such notice.
- 8.42.3 All material including books, records, documents, or other evidence bearing on the costs and expenses of Contractor under this Contract must be maintained by

Contractor in accordance with Paragraph 8.38 (Record Retention and Inspection-Audit Settlement) above.

8.43 Termination for Default

- 8.43.1 The County may, by written notice to Contractor, terminate the whole or any part of this Contract, if Contractor fails to cure the below within 90 Days after receiving such notice, and in the judgment of County Project Director:
- a. Contractor has materially breached this Contract, or
 - b. Contractor fails to timely provide and/or satisfactorily perform any task, deliverable, Service, or other Work required either under this Contract, or
 - c. Contractor fails to demonstrate a high probability of timely fulfillment of performance requirements under this Contract, or of any obligations of this Contract and in either case, fails to demonstrate convincing progress toward a cure within five Business Days (or such longer period as the County may authorize in writing) after receipt of written notice from the County specifying such failure.
- 8.43.2 In the event that the County terminates this Contract in whole or in part as provided in Paragraph 8.43.1 above, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and Services similar to those so terminated. Contractor will be liable to the County for any and all excess costs incurred by the County, as determined by the County, for such similar goods and Services. Contractor must continue the performance of this Contract to the extent not terminated under the provisions of this Paragraph.
- 8.43.3 Except with respect to defaults of any Subcontractor, Contractor will not be liable for any such excess costs of the type identified in Paragraph 8.43.2 above, if its failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of Contractor. Such causes may include, but are not limited to: acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of federal or state governments in their sovereign capacities, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of Contractor. If the failure to perform is caused by the default of a Subcontractor, and if such default arises out of causes beyond the control of both Contractor and Subcontractor, and without the fault or negligence of either of them, Contractor will not be liable for any such excess costs for failure to perform, unless the goods or Services to be furnished by Subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this Paragraph, the term "Subcontractor(s)" means Subcontractor(s) at any tier.
- 8.43.4 If, after the County has given notice of termination under the provisions of this Paragraph 8.43 (Termination for Default) it is determined by the County that Contractor was not in default under the provisions of this Paragraph 8.43

(Termination for Default) or that the default was excusable under the provisions of Paragraph 8.43.3 above, the rights and obligations of the parties will be the same as if the notice of termination had been issued pursuant to Paragraph 8.42 (Termination for Convenience) above.

8.43.5 The rights and remedies of the County provided in this Paragraph 8.43 (Termination for Default) are not exclusive and are in addition to any other rights and remedies provided by law and/or under this Contract.

8.44 Termination for Improper Consideration

8.44.1 The County may, by written notice to Contractor, immediately terminate the right of Contractor to proceed under this Contract if it is found that improper consideration, in any form, was offered or given by Contractor, either directly or through an intermediary, to any County elected official, officer, employee, or agent with the intent of securing this Contract or securing favorable treatment with respect to the award, amendment, or extension of this Contract or the making of any determinations with respect to Contractor's performance pursuant to this Contract. In the event of such termination, the County will be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.

8.44.2 Contractor must immediately report any attempt by a County elected official, officer or employee, or agent to solicit such improper consideration. The report must be made to the Los Angeles County Fraud Hotline at (800) 544-6861 or <https://fraud.lacounty.gov/>.

8.44.3 Improper consideration may take the form of cash, discounts, services, the provision of travel or entertainment, tangible gifts, or other such items and means.

Contractor, and each County Lobbyist or County Lobbying firm (as defined in [County Code Section 2.160.010](#)) retained by Contractor, must fully comply with the County's Lobbyist Ordinance, [County Code Chapter 2.160](#). Failure on the part of Contractor or any County Lobbyist or County Lobbying firm retained by Contractor to fully comply with the County's Lobbyist Ordinance will constitute a material breach of this Contract, upon which the County may in its sole discretion, immediately terminate or suspend this Contract.

8.47 Termination for Non-Appropriation of Funds

Notwithstanding any other provision of this Contract, the County will not be obligated for Contractor's performance hereunder or by any provision of this Contract during any of the County's future Fiscal Years unless and until the Board appropriates funds for this Contract in the County's Budget for each such future Fiscal Year. In the event that funds are not appropriated for this Contract, then this Contract will terminate as of June 30 of the last Fiscal Year for which funds were appropriated. The County will notify Contractor in writing of any such non-allocation of funds at the earliest possible date.

8.48 Validity

If any provision of this Contract or the application thereof to any person or circumstance is held invalid, the remainder of this Contract and the application of such provision to other persons or circumstances will not be affected thereby.

8.49 Waiver

No waiver by the County of any breach of any provision of this Contract will constitute a waiver of any other breach or of such provision. Failure of the County to enforce at any time, or from time to time, any provision of this Contract will not be construed as a waiver thereof. The rights and remedies set forth in this Paragraph 8.49 will not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.50 Warranty Against Contingent Fees

8.50.1 Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon any Contract or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by Contractor for the purpose of securing business.

8.50.2 For breach of this warranty, the County has the right to terminate this Contract and at its sole discretion deduct from this Contract price the consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

8.51 Warranty of Compliance with County's Defaulted Property Tax Reduction Program

Contractor acknowledges that the County has established a goal of ensuring that all individuals and businesses that benefit financially from the County through a contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon the County and its taxpayers.

Unless Contractor qualifies for an exemption or exclusion, Contractor warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this Contract will maintain compliance, with [Los Angeles County Code Chapter 2.206](#).

8.52 Termination for Breach of Warranty to Maintain Compliance with County's Defaulted Property Tax Reduction Program

Failure of Contractor to maintain compliance with the requirements set forth in Paragraph 8.51 (Warranty of Compliance with the County's Defaulted Property Tax Reduction Program) above, will constitute default under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure of Contractor to cure such default within ten Days of notice will be grounds upon which the County may terminate this Contract and/or pursue debarment of Contractor, pursuant to [Los Angeles County Code Chapter 2.206](#).

8.53 Time Off for Voting

Contractor must notify its employees and must require each Subcontractor to notify and provide to its employees, information regarding the time off for voting law ([Elections Code Section 14000](#)). If a Contractor or member of Contractor's staff is convicted of a human trafficking offense, the County will require that Contractor or member of Contractor's staff be removed immediately from performing Services under this Contract. The County will not be under any obligation to disclose confidential information regarding the offenses other than those required by law.

Disqualification of any member of Contractor's staff pursuant to this Paragraph will not relieve Contractor of its obligation to complete all Work in accordance with the terms and conditions of this Contract.

8.55 Intentionally Omitted

Contractor, and its Subcontractors, must comply with fair chance employment hiring practices set forth in [California Government Code Section 12952](#). Contractor's violation

Contractor, its employees and Subcontractors acknowledge and certify receipt and understanding of the CPOE. A Proposer/Contractor is also prohibited from submitting a bid or proposal in a County solicitation if the Proposer/Contractor has assisted in developing or preparing any of the solicitation materials on behalf of the County. A violation of this provision will result in the disqualification of Contractor/Proposer from participation in the County solicitation or the termination or cancellation of any resultant County contract. This provision will survive the expiration or termination of this Contract.

8.59 Injury and Illness Prevention Program

Contractor will be required to comply with the State of California's Cal OSHA regulations. California Code of Regulations Title 8 Section 3203 requires all California employers to have a written, effective Injury and Illness Prevention Program (IIPP) that addresses hazards pertaining to the particular workplace covered by the program.

8.60 Limitation of Liability

8.60.1 In no event will either party have any liability for indirect, incidental, consequential, special, punitive, exemplary, or similar damages arising out of or related to this Contract (where arising in contract, tort, or otherwise), including lost profits, revenues, goodwill, interrupted communications, or business interruption, and regardless of the theory of liability, even if advised of the possibility of such damages, such damages were foreseeable.

1.3 Background

1.3.1 The Department's System has Networked Logging Recorders (NLRs) as set forth in Exhibit B (Equipment List and Price Schedule) to the Contract located at facilities throughout the County. These NLRs are used to capture both radio and telephone conversations. Recordings are routinely required for criminal and civil court proceedings as well as Department internal investigations. These NLRs contain both hardware and software that can be monitored and serviced by Contractor either on-site at County facilities or remotely via the Sheriff's Data Network.

1.3.2 In order to ensure that the System continues to operate efficiently and effectively, the System, including the NLRs, must be maintained and repaired or replaced, as specified in Paragraph 3.0 (Equipment Maintenance Program) of this SOW, when problems are detected.

2.0 SCOPE OF WORK

2.1 Contractor must provide M&S services for the System, including the NLRs, as directed by the Department's Communications and Fleet Management Bureau. As part of Contractor's M&S services, Contractor must correct any and all Deficiencies in the System.

2.2 Contractor must provide a full-service maintenance program for the NLRs set forth in Exhibit B (Equipment List and Price Schedule) to the Contract according to the terms of, and in the manner set forth in, the Contract including this SOW.

3.0 EQUIPMENT MAINTENANCE PROGRAM

3.1 General

Contractor must service the entire geographical area of the County and must provide unlimited remote access and/or on-site labor, diagnostics, and repairs to the System, including the NLRs, listed in Exhibit B (Equipment List and Price Schedule) to the Contract, located at facilities throughout the County.

3.2 Remote Access Diagnostics / Repairs

3.2.1 Contractor must provide on-line (remote access) System diagnostics, maintenance, and repairs 24 hours per day, 7 days per week, 365/6 days per year. Limited exceptions will be made only for County network malfunctions which impede Contractor's remote access capabilities.

3.2.2 Contractor must first attempt to remotely diagnose and repair County Equipment in accordance with Paragraph 3.6 (Service Response Time) below. If Contractor is unable to repair Equipment using remote diagnostics, Contractor must dispatch Contractor staff to repair the Equipment pursuant to Paragraphs 3.3 (On-Site Diagnostics/Repairs) and 3.6 (Service Response Time) below.

3.2.3 When providing remote access services, Contractor must adhere to the County's network security standards defined in Exhibits G1 (County-Information Security and Privacy Requirements Exhibit), G2 (Departmental Information Security Requirements), G3 (Compliance with Departmental Encryption Requirements), and G4 (Departmental Application Security Requirements) to the Contract.

3.3 On-Site Diagnostics / Repairs

3.3.1 On-site service at County facilities will normally occur Monday through Friday, between the hours of 8:00 a.m. and 5:00 p.m. (Pacific Time). Contractor understands that the workload may

require service outside the 8:00 a.m. and 5:00 p.m. (Pacific Time) work schedule, on an as-needed basis, which may include weekends and holidays.

3.3.2 Contractor staff will be responsible for installing all parts, components, and software necessary to effectuate the required service or repair of the System, including the NLRs.

3.3.3 Contractor staff must have all necessary parts, materials, and tools available on-site at County facilities when servicing and performing on-site repairs.

3.4 Addition/Deletion of County Equipment

The County, at its sole discretion, reserves the right to add up to ten additional NLRs to the Contract at no extra charge to the County. In like manner, the County, in its sole discretion, reserves the right to delete up to ten NLRs from the Contract with no adjustment to the annual maintenance cost set forth in Exhibit B (Equipment List and Price Schedule) to the Contract. In the event any NLRs are added or deleted in accordance with this Paragraph during the Term of the Contract, Exhibit B (Equipment List and Price Schedule) to the Contract will be updated accordingly pursuant to Paragraph 8.1 (Amendments and Change Notices) of the Contract.

3.5 Work Description

3.5.1 Emergencies: means when Networked Logging Recorder(s) and/or the System is not recording any one or more of its channels; or the System is in immediate danger of losing any recordings it has captured, or anytime the retrieval of a recording is unable to be performed and the specific recording is critical to an investigation of any matter wherein life, property, and/or the safety of others is at risk.

3.5.2 Non-Emergencies: means when Networked Logging Recorder(s) and/or the System are recording and archiving all recorded channels, but a non-critical portion of the System needs repair or replacement for full functionality).

3.6 Service Response Time

- 3.6.1 Upon receipt of a call or service request via Contractor's website: [Service Portal - Customer Support \(service-now.com\)](http://service-now.com) from a County authorized user, Contractor must open a service ticket. Contractor must promptly utilize remote diagnostics for problem identification. If the problem cannot be corrected remotely within two hours from the time the initial request for service is received by Contractor, Contractor must dispatch on-site support to the County facility, when determined necessary by Contractor.
- 3.6.2 Contractor's on-site response time, when determined necessary by Contractor, for unresolved Emergencies must not exceed six hours from the time a request for service is received by the County.
- 3.6.3 Contractor's on-site response time, when determined necessary by Contractor, for unresolved Non-Emergencies must not exceed 24 hours from the time a request for service is received by the County.

3.7 Software Maintenance - Updates / Diagnostics / Repairs

Contractor must provide all software Updates, diagnostics, and repairs to Contractor's proprietary software, SQL database software, and related applications at no additional charge to the County during the Term of the Contract, and as needed to maintain the functionality of the System, including the NLRs. In the event of software Updates which require upgraded hardware components to realize total software/hardware functionality, the acquisition and cost of such hardware will be the responsibility of the County. All software Updates, diagnostics and repairs must be performed in the manner specified in Paragraphs 3.2 (Remote Access Diagnostics/Repairs) and 3.3 (On-Site Diagnostics/Repairs) above. Updates will only be made available to the County: (a) for the version of, and options included in, the software that was originally purchased by the County and any future versions thereof provided by Contractor as part of the support; and (b) if and when such updates are made commercially available by Contractor to its customers generally. The software and content of the updates will be determined by Contractor in Contractor's sole discretion. For the avoidance of doubt, if the support Term is terminated in accordance with the terms of the Contract, Contractor will

not provide, and the County will not be entitled to receive, any updates after the effective date of termination.

3.8 Technical Support

Contractor must provide both on-line (remote access) and telephonic technical support 24 hours a day, 7 days a week, 365/6 days a year. Limited exceptions will be made only for County network malfunctions which impede Contractor's remote access capabilities.

3.9 Unresolved Request for Service

If a request for service cannot be completed within a 48-hour window because of extenuating circumstances (e.g., parts must be ordered or a software fix needs to be developed), Contractor staff must provide a full written description of the Work in progress, as well as an expected return-to-service date for the Equipment in question. Documentation for said Work in progress is subject to the conditions outlined in Paragraph 4.3 (Request for Service-Equipment Documentation) below.

Contractor must immediately email the service ticket to:

voiceprintmaint@lasd.org

3.9.1 County-Owned Surplus Equipment; Replacement Equipment

In an effort to minimize downtime to the System, temporary replacement units must be utilized for System failures, including critical system failures, which cannot be immediately remedied. A critical System failure is one for which there is no workaround, rendering the System incapable of recording, cataloguing, or playing back existing recordings per the specifications of, or published System capabilities of, the Equipment manufacturer. Temporary replacement units must be utilized as set forth below:

- a. Contractor must install a County-owned surplus unit, if available, for any NLR that must be removed from the County premises for repair. In the event a County-owned surplus unit is not available, Contractor may replace the failed NLR with a temporary replacement unit until all repairs have been effected.

- b. For incomplete/unresolved service requests that are not, or cannot, be resolved within 24 hours, Contractor may install a replacement unit until such repairs have been effected to the original Equipment, in accordance with this Paragraph 3.9 (Unresolved Request for Service).
- c. Contractor must not remove Equipment from the County premises until a replacement unit has been delivered to the site and/or without prior authorization from the on-site watch commander (typically, the Lieutenant who is in charge of the shift). Documentation for said removals is subject to the conditions outlined in Paragraph 4.3 (Request for Service-Equipment Documentation) below.
- d. In all instances, Contractor must immediately notify County Project Manager of the need for said replacement unit. Contractor must arrange for the pick-up and delivery by freight carrier of the replacement unit to the affected location.
- e. Contractor must notify County Project Manager within 48 hours of removal of Equipment from County premises, as to when such Equipment will be repaired and returned.
- f. It is intended that any County-owned surplus Equipment or Contractor provided temporary replacement unit be used on a temporary basis only. If the original failed Equipment cannot be repaired within ten Days, Contractor must replace the entire Equipment with new Equipment of similar quality and features at no cost to the County within 15 Business Days.
- g. If the County and Contractor agree that Equipment is at the end of life, Contractor must replace the entire Equipment with new Equipment of similar quality and features at no cost to the County within a mutually agreed upon time frame.

3.10 Teardown, Move, and Reconfiguration (TMR)

Contractor may be required to perform a TMR for each item of Equipment identified in Exhibit B (Equipment List and Price Schedule) to the Contract.

- 3.10.1 During the Term of the Contract, the County may elect, and Contractor must provide, TMR services for up to six items of Equipment at no additional cost to the County.

- 3.10.2 The County may elect, in like manner, to reduce the number of Equipment items scheduled for TMR, or to not implement any TMR during the Term of the Contract if determined to be in the best interest of the County.
- 3.10.3 For each TMR service which is additional to those six described in Paragraph 3.9.1 above, Contractor must provide those services at the flat-rate TMR pricing set forth in Exhibit B (Equipment List and Price Schedule) to the Contract. The County will not pay Contractor on a time and materials basis for TMR services.
- 3.10.4 For each TMR service which is additional to those six described in Paragraph 3.9.1 above, Contractor must invoice for each TMR only after each identified item of Equipment scheduled for TMR service has been successfully moved, reconfigured to the satisfaction of the County, and received written approval from County Project Director. Contractor will not receive payment for TMR services until all damages are repaired to the satisfaction of the County, as further specified in Paragraph 3.10.8 below.
- 3.10.5 Equipment identified for TMR may be moved within a ten mile geographic radius of their present location within the County.
- 3.10.6 Contractor must provide all necessary transportation, materials, tools, and qualified personnel to execute TMR services.
- 3.10.7 Any TMR service must begin at a date and time to be determined by County Project Manager in consultation with Contractor. A TMR service may occur over several days during the Term of the Contract which may or may not be contiguous. Actual locations and instructions for the TMR will be provided to Contractor by County Project Manager using documentation procedures acceptable to Contractor.
- 3.10.8 Damages incurred, or repairs needed as a result of TMR services, will be the sole responsibility of Contractor, including all additional labor, parts, components, and/or materials required to repair damages. Contractor must ensure that any and all damages are repaired to the satisfaction of the County, and subject to the approval of County Project Manager.

3.11 Resolution of Deficiencies

Deficiencies will be assigned a severity level by County Project Manager. Contractor must correct the Deficiency in accordance with the respective severity level response times as described below.

SEVERITY LEVEL	LEVEL DEFINITIONS	CALL BACK RESPONSE TIME	ON SITE RESPONSE TIME
P1 - Critical*	I. Critical issue that severely impacts the use of the System. II. No workaround available to County.	Within 2 hours of the County's notification.	NICE determines if a dispatch is required, after the initial remote triage. If one is required, NICE will dispatch within 8 hours.

3.12 Downtime

Given the description of P1 and P2 Deficiencies [refer to Paragraph 3.11 (Resolution of Deficiencies) above], the parties agree that System downtime is likely, both due to the nature of the Deficiencies and the time needed by Contractor to achieve resolution. Contractor must endeavor to apply best industry practices to resolve the System Deficiency, or provide a temporary workaround, as applicable, to ensure System downtime is minimized.

The provision of a temporary workaround does not relieve Contractor of the burden to achieve timely resolution of the subject Deficiency. Contractor must perform Work continuously until a resolution has been achieved to the County's satisfaction.

SAFELY SURRENDER YOUR BABY.**

Any fire station. Any hospital. Any time.

No shame | No blame | No names

Some parents of newborns can find themselves in difficult circumstances. Sadly, babies are sometimes harmed or abandoned by parents who feel that they're not ready or able to raise a child. Many of these mothers or fathers are afraid and don't know where to turn for help.

This is why California has a Safely Surrendered Baby Law, which gives parents the choice to legally leave their baby at any hospital or fire station in Los Angeles County.

FIVE THINGS YOU NEED TO KNOW ABOUT BABY SAFE SURRENDER

- 1 Your newborn can be surrendered at any hospital or fire station in Los Angeles County up to 72 hours after birth.
- 2 You must leave your newborn with a fire station or hospital employee.
- 3 You don't have to provide your name.
- 4 You will only be asked to voluntarily provide a medical history.
- 5 You have 14 days to change your mind; a matching bracelet (parent) and anklet (baby) are provided to assist you if you change your mind.

No shame | No blame | No names

ABOUT THE BABY SAFE SURRENDER PROGRAM

In 2002, a task force was created under the guidance of the Children's Planning Council to address newborn abandonment and to develop a strategic plan to prevent this tragedy.

Los Angeles County has worked hard to ensure that the Safely Surrendered Baby Law prevents babies from being abandoned. We're happy to report that this law is doing exactly what it was designed to do: save the lives of innocent babies. Visit BabySafeLA.org to learn more.

FROM SURRENDER TO ADOPTION: ONE BABY'S STORY

Los Angeles County firefighter Ted and his wife Becki were already parents to two boys. But when they got the call asking if they would be willing to care for a premature baby girl who'd been safely surrendered at a local hospital, they didn't hesitate.

Baby Jenna was tiny, but Ted and Becki felt lucky to be able to take her home. "We had always wanted to adopt," Ted says, "but taking

home a vulnerable safely surrendered baby was even better. She had no one, but now she had us. And, more importantly, we had her."

Baby Jenna has filled the longing Ted and Becki had for a daughter—and a sister for their boys. Because her birth parent safely surrendered her when she was born, Jenna is a thriving young girl growing up in a stable and loving family.

ANSWERS TO YOUR QUESTIONS

Who is legally allowed to surrender the baby?

Anyone with lawful custody can drop off a newborn within the first 72 hours of birth.

Do you need to call ahead before surrendering a baby?

No. A newborn can be surrendered anytime, 24 hours a day, 7 days a week, as long as the parent or guardian surrenders the child to an employee of the hospital or fire station.

What information needs to be provided?

The surrendering adult will be asked to fill out a medical history form, which is useful in caring for the child. The form can be returned later and includes a stamped return envelope. No names are required.

What happens to the baby?

After a complete medical exam, the baby will be released and placed in a safe and loving home, and the adoption process will begin.

What happens to the parent or surrendering adult?

Nothing. They may leave at any time after surrendering the baby.

How can a parent get a baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days by calling the Los Angeles County Department of Children and Family Services at (800) 540-4000.

If you're unsure of what to do:

You can call the hotline 24 hours a day, 7 days a week and anonymously speak with a counselor about your options or have your questions answered.

EXHIBIT G2

DEPARTMENTAL INFORMATION SECURITY
REQUIREMENTS

EXHIBIT G2

DEPARTMENTAL INFORMATION SECURITY REQUIREMENTS

This Exhibit G2 sets forth information security procedures to be established by Contractor before the effective date of the Contract and maintained throughout the term of the Contract. These procedures are in addition to the requirements of the Contract. They present a minimum standard only. However, it is Contractor's sole obligation to: (i) implement appropriate measures to secure its systems and data, including Personal Information, Protected Health Information and County's Confidential Information, against internal and external threats and risks; and (ii) continuously review and revise those measures to address ongoing threats and risks. Failure to comply with the minimum standards set forth in this Exhibit G2 will constitute a material, non-curable breach of the Contract by Contractor, entitling County, in addition to and cumulative of all other remedies available to it at law, in equity, or under the Contract, to immediately terminate the Contract. Unless specifically defined in this Exhibit G2, capitalized terms have the meanings set forth in the Contract.

1. SECURITY POLICY

Contractor must establish and maintain a formal, documented, mandated, company-wide information security program, including security policies, standards and procedures (collectively "**Information Security Policy**"). The Information Security Policy will be communicated to all Contractor personnel in a relevant, accessible, and understandable form and will be regularly reviewed and evaluated to ensure its operational effectiveness, compliance with all applicable laws and regulations, and to address new threats and risks.

2. PERSONNEL AND CONTRACTOR PROTECTIONS

Contractor must screen and conduct background checks on all Contractor personnel who will have access to County's Confidential Information, including Personally Identifiable Information and Protected Health Information, for potential security risks and require all employees and contractors to sign an appropriate written confidentiality/non-disclosure agreement. All agreements with third parties involving access to Contractor's systems and data, including all outsourcing arrangements and maintenance and support agreements (including facilities maintenance), will specifically address security risks, controls, and procedures for information systems. Contractor must supply each of its Contractor personnel with appropriate, ongoing training regarding information security procedures, risks, and threats. Contractor must have an established set of procedures to ensure Contractor personnel promptly report actual and/or suspected breaches of security.

3. REMOVABLE MEDIA

Except in the context of Contractor's routine back-ups or as otherwise specifically authorized by the County in writing, Contractor must institute strict security controls, including encryption of Removable Media (as defined below), to prevent transfer of Personally Identifiable Information and Protected Health Information to any form of Removable Media. For purposes of this Exhibit G2, "**Removable Media**" means portable or removable hard disks, floppy disks, USB memory drives, zip disks, optical disks, CDs, DVDs, digital film, digital cameras, memory cards (e.g., Secure Digital (SD), Memory Sticks (MS), CompactFlash (CF), SmartMedia (SM), MultiMediaCard (MMC), and xD-Picture Card (xD)), magnetic tape, and all other removable data storage media.

4. STORAGE, TRANSMISSION AND DESTRUCTION OF PROTECTED HEALTH INFORMATION

All Protected Health Information will be rendered unusable, unreadable, or indecipherable to unauthorized individuals in accordance with the Health Insurance Portability and Accountability Act of 1966 (HIPAA), as amended and supplemented by the Health Information Technology for Economic and Public Health Act (HITECH). Without limiting the generality of the foregoing, Contractor will encrypt all workstations and portable devices (e.g., mobiles, wearables, tablets, thumb drives, external hard drives) that store County's Confidential Information (including Protected Health Information) in accordance with Federal Information Processing Standard (FIPS) 140-2. Contractor will encrypt County's Confidential Information transmitted on networks outside of Contractor's control with Secure Socket Layer (SSL or TLS), at a minimum, cipher strength of 256 bit. If County's Confidential Information is no longer required to be retained by Contractor under the Contract and applicable law, Contractor will destroy such information by: (a) shredding or otherwise destroying paper, film, or other hard copy media so that the information cannot be read or otherwise cannot be reconstructed; and (b) clearing, purging, or destroying electronic media containing Protected Health Information consistent with NIST Special Publication 800-88, Guidelines for Media Sanitization such that the Protected Health Information cannot be retrieved. Contractor will not store County's Confidential Information (including Protected Health Information) in the cloud or in any other online storage provider.

All mobile devices storing County's Confidential Information (including Protected Health Information) must be managed by a Mobile Device Management system. All workstations, PCs, laptops, and tablets will maintain the latest security patches and have the latest virus definitions. Virus scans should be run daily and logged.

5. DATA CONTROL; MEDIA DISPOSAL AND SERVICING

Subject to and without limiting the requirements under Section 4 (Storage, Transmission and Destruction of Protected Health Information), Personally Identifiable Information, Protected Health Information, and County's Confidential Information: (i) may only be made available and accessible to those parties explicitly authorized under the Contract or otherwise expressly approved by the County in writing; (ii) if transferred across the Internet, any wireless network (e.g., cellular, 802.11x, or similar technology), or other public or shared networks, must be protected using appropriate encryption technology as designated or Approved by County Project Director in writing; and (iii) if transferred using Removable Media (as defined above) must be sent via a bonded courier or protected using encryption technology designated by Contractor and previously approved by the County in writing. The foregoing requirements will apply to back-up data stored by Contractor at off-site facilities. In the event any hardware, storage media, or Removable Media must be disposed of or sent off-site for servicing, Contractor must ensure all County's Confidential Information, including Personally Identifiable Information and Protected Health Information, has been cleared, purged, or scrubbed from such hardware and/or media using industry best practices (e.g., NIST Special Publication 800-88, Guidelines for Media Sanitization).

6. HARDWARE RETURN

Upon termination or expiration of the Contract at any time upon the County's request, Contractor must return all hardware, if any, provided by the County containing Personally Identifiable Information, Protected Health Information, or County's Confidential Information to the County. The Personally Identifiable Information, Protected Health Information, and County's Confidential Information should not be removed or altered in any way. The hardware should be physically sealed and returned via a bonded courier or as otherwise directed by the County. In the event the hardware containing County's Confidential Information or Personally Identifiable Information is owned by Contractor or a third party, a notarized statement, detailing the destruction method used and the data sets involved, the date of destruction, and the company and/or individual who performed the destruction will be sent to a

designated County security representative within fifteen (15) days of termination or expiration of the Contract or at any time upon the County's request. Contractor's destruction or erasure of Personal Information and Protected Health Information pursuant to this Section will be in compliance with industry Best Practices (e.g., NIST Special Publication 800-88, Guidelines for Media Sanitization).

7. PHYSICAL AND ENVIRONMENTAL SECURITY

Contractor facilities that process Personally Identifiable Information, Protected Health Information, or County's Confidential Information must be housed in secure areas and protected by perimeter security such as barrier access controls (e.g., the use of guards and entry badges) that provide a physically secure environment from unauthorized access, damage, and interference.

8. COMMUNICATIONS AND OPERATIONAL MANAGEMENT

Contractor must: (i) monitor and manage all of its information processing facilities, including without limitation, implementing operational procedures, change management and incident response procedures; (ii) deploy adequate anti-viral software and adequate back-up facilities to ensure essential business information can be promptly recovered in the event of a disaster or media failure; and (iii) ensure its operating procedures will be adequately documented and designed to protect information, computer media, and data from theft and unauthorized access.

9. ACCESS CONTROL

Contractor must implement formal procedures to control access to its systems, services, and data, including but not limited to, user account management procedures and the following controls:

- a. Network access to both internal and external networked services will be controlled, including but not limited to, the use of properly configured firewalls;
- b. Operating systems will be used to enforce access controls to computer resources including but not limited to, authentication, authorization, and event logging;
- c. Applications will include access control to limit user access to information and application system functions; and
- d. All systems will be monitored to detect deviation from access control policies and identify suspicious activity. Contractor will record, review and act upon all events in accordance with incident response policies set forth below.

10. SECURITY INCIDENT

A "Security Incident" means the successful unauthorized access, use, disclosure, modification or interference with system operations in an information system.

- a. Contractor will promptly notify (but in no event more than twenty-four (24) hours after the detection of a Security Incident) the designated County security contact by telephone and subsequently via written letter of any potential or actual security attacks or Security Incidents.
- b. The notice must include the approximate date and time of the occurrence and a summary of the relevant facts, including a description of measures being taken to address the occurrence. A Security Incident includes instances in which internal personnel access systems in excess of their user rights or use the systems inappropriately.
- c. Contractor will provide a report of all Security Incidents noting the corrective actions taken to mitigate the Security Incidents. This will be provided via a written letter to the County security representative as part of Contractor's annual audit or as reasonably requested by the County. The County or its third party designee may, but is not obligated, perform audits of Contractor's environment that may include, but are not limited to, interviews of relevant personnel, review of documentation, or technical inspection of systems, as they relate to the receipt, maintenance, use,

retention, and authorized destruction of Personally Identifiable Information, Protected Health Information, and County's Confidential Information.

- d. The County reserves the right to view, upon request, summary results (i.e., the number of high, medium and low vulnerabilities) and related corrective action schedule for which Contractor has undertaken on its behalf to assess Contractor's own network security. If requested, copies of these summary results and corrective action schedules will be sent to the County security contact.

11. CONTRACTOR SELF AUDIT

As part of Contractor's annual audit or upon the County's request, Contractor will provide to the County a summary of: (1) the results of any security audits, security reviews, or other relevant audits listed below, conducted by Contractor or a third party; and (2) the corrective actions or modifications, if any, Contractor will implement in response to such audits.

Relevant audits conducted by Contractor as of the Effective Date must include:

- a. ISO 27001:2013 (Information Security Management) or FDA's Quality System Regulation, etc. – Contractor-wide. A full recertification is conducted every three (3) years with surveillance audits annually.
 - (i) **External Audit** – Audit conducted by non-Contractor personnel, to assess Contractor's level of compliance to applicable regulations, standards, and contractual requirements.
 - (ii) **Internal Audit** – Audit conducted by qualified Contractor Personnel (or contracted designee) not responsible for the area of review, of Contractor organizations, operations, processes, and procedures, to assess compliance to and effectiveness of Contractor's Quality System ("CQS") in support of applicable regulations, standards, and requirements.
 - (iii) **Supplier Audit** – Quality audit conducted by qualified Contractor Personnel (or contracted designee) of product and service suppliers contracted by Contractor for internal or Contractor client use.
 - (iv) **Detailed findings** – are not published externally, but a summary of the report findings, and corrective actions, if any, will be made available to the County as provided above and the ISO certificate is published on Buck Consultants LLC.
- b. SSAE-16 (formerly known as SAS -70 II) – As to the Hosting Services only:
 - (i) Audit spans a full twelve (12) months of operation and is produced annually.
 - (ii) The resulting detailed report is available to the County.
 - (iii) Detailed findings are not published externally, but a summary of the report findings, and corrective actions, if any, will be made available to the County as provided above.

12. SECURITY AUDITS

In addition to the audits described in Section 11 (Contractor Self Audit), during the term of this Contract, the County or its third-party designee may annually, or more frequently as agreed in writing by the parties, request a security audit of Contractor's systems. The audit will take place at a mutually agreed time by the parties, but in no event on a date more than ninety (90) days from the date of the request by the County. The County's request for security audit will specify the areas (e.g., Administrative, Physical and Technical) that are subject to the audit and may include but not limited to physical controls, inspection, process reviews, policy reviews, evidence of external and internal vulnerability scans, evidence of code reviews, and evidence of system configuration and audit log reviews. The County will pay for all third-party costs associated with the audit. It is understood that summary data of the results must be filtered to remove the specific information of other Contractor customers such as IP address, server names, etc.

Contractor will cooperate with the County in the development of the scope and methodology for the audit, and the timing and implementation of the audit. Any of the County's regulators will have the same right upon request, to request an audit as described above. Contractor agrees to comply with all reasonable recommendations that result from such inspections, tests, and audits within reasonable timeframes.

13. CONFIDENTIALITY

- a. **Confidential Information.** Contractor agrees that all information supplied by its affiliates and agents to the County including, without limitation, (a) any information relating to the County's customers, patients, business partners, or personnel; (b) Personally Identifiable Information (as defined below); and (c) any HIPAA and -HITECH, will be deemed confidential and proprietary to the County, regardless of whether such information was disclosed intentionally or unintentionally or marked as "confidential" or "proprietary" ("Confidential Information"). To be deemed "Confidential Information," trade secrets and mask works must be plainly and prominently marked with restrictive legends.
- b. **County Data.** All of County's Confidential Information, data, records and information of the County to which Contractor has access, or otherwise provided to Contractor under this Contract, is and will remain the property of the County and the County retains exclusive rights and ownership thereto. The County Data may not be used by Contractor for any purpose other than as required under this Contract, nor may such data or any part of such data be disclosed, sold, assigned, leased or otherwise disposed of to third parties by Contractor or commercially exploited or otherwise used by or on behalf of Contractor, its officers, directors, employees, or agents.
- c. **Non-Exclusive Equitable Remedy.** Subject to the limitations and other applicable provisions set forth in the Contract, Contractor acknowledges and agrees that due to the unique nature of Confidential Information there can be no adequate remedy at law for any breach of its obligations hereunder, that any such breach or threatened breach may result in irreparable harm to the County, and therefore, that upon any such breach or any threat thereof, the County will be entitled to appropriate equitable remedies, and may seek injunctive relief from a court of competent jurisdiction without the necessity of proving actual loss, in addition to whatever remedies either of them might have at law or equity. Introduction

Security Requirements Goals and Objectives:

The Application Security Requirements outlines the overall security requirements that need to be addressed for every software application deployed and/or used by the County of Los Angeles. These requirements apply to all County and externally hosted applications: County developed and third party developed applications.

These requirements include the overall security capabilities needed to support the business processes for County departments and agencies. At a minimum, these requirements will be used to track, test, and monitor the overall System's security capabilities that shall consistently be met throughout the terms of the contract.

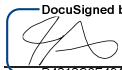

Requests for exceptions to any specific requirements within this requirement must be reviewed by the Departmental Information Security Officer (DISO) and approved by the Departmental management. The request should specifically state the scope of the exception, along with justification for granting the exception, the potential impact or risk attendant upon granting the exception, and risk mitigation measures to be undertaken by the project. The Departmental management will review such requests, confer with the requesting project team and approve as appropriate.

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**ACCEPT 2023 URBAN AREA SECURITY INITIATIVE GRANT FUNDS
(ALL DISTRICTS)
(3 VOTES)**

SUBJECT

Board approval is requested to find the proposed actions do not constitute a project or are exempt under the California Environmental Quality Act (CEQA) and accept the County of Los Angeles' (County) allocation of the 2023 Urban Area Security Initiative Grant (UASI) funds to enhance the capacity of State and local agencies to respond to incidents of terrorism as well as natural disasters. The enhancements are provided through coordinated trainings, exercises, equipment acquisition, and technical assistance.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the County activities to be funded with the 2023 UASI funds from the Federal Department of Homeland Security (DHS) as distributed through the Los Angeles/Long Beach Urban Area (LA/LBUA) do not constitute projects under CEQA or, in the alternative, are exempt from CEQA for the reasons stated in this letter and in the record of the proposed activities;
2. Accept \$17,020,589 in 2023 UASI Grant funds under Assistance Listing Number 97.067 from DHS as distributed through the LA/LBUA with a Performance Period of September 1, 2023 to May 31, 2026, and approve the allocation of such funds as set forth in the Attachment hereto;
3. Authorize the County's Purchasing Agent to proceed with the solicitation and purchase of capital assets which are in excess of \$250,000 with two weeks advance notice to the Board of Supervisors (Board); and

4. Delegate authority to the Chief Executive Officer, or her designee, to approve and execute the UASI subrecipient agreement with the City of Los Angeles and all future amendments, modifications, extensions, and augmentations as necessary.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

DHS has released UASI Grant funds to selected jurisdictions, including the LA/LBUA which is administered by the City of Los Angeles. The LA/LBUA, which includes the County, the Cities of Los Angeles and Long Beach, and thirteen other participating jurisdictions, received a 2023 UASI Grant award totaling \$53,932,030. The County's allocation of the 2023 UASI Grant award is \$17,020,589 and is detailed in the Attachment.

These UASI Grant funds are proposed for allocation to address the unique equipment, training, planning, and exercise needs of large urban areas associated with addressing threats or acts of terrorism.

Approval of the recommended actions will find the County activities proposed to be funded through the 2023 UASI Grant are not projects or, in the alternative, are exempt under CEQA; accept the Grant funds and approve the allocation thereof; authorize the County's Purchasing Agent to proceed with the capital asset purchases in excess of \$250,000 with two weeks advance notice to the Board, and delegate authority to the Chief Executive Officer to execute the appropriate documents.

Implementation of Strategic Plan Goals

The recommended actions support the County's Strategic Plan North Star 2 – Foster Vibrant and Resilient Communities.

FISCAL IMPACT/FINANCING

The UASI Grant is fully funded by DHS through the California Governor's Office of Emergency Services (Cal OES). There is no matching fund requirement or impact on net County cost.

The following County departments will receive funding for the proposed specific projects as detailed in the Attachment: Chief Executive Office – Office of Emergency Management (\$843,589), Fire (\$5,567,861), Health Services (\$500,000), Public Health (\$120,754), and Sheriff (\$9,988,385). The funding needed for Fiscal Year 2024-25 will be requested during the Fiscal Year 2024-25 Supplemental Budget Phase.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Cal OES has provided the County Operational Area with specific guidelines for the administration, management, and utilization of the UASI Grant. These guidelines detail all activities and expenditures that are eligible for reimbursement.

ENVIRONMENTAL DOCUMENTATION

The proposed County activities to be funded as identified in the Attachment do not constitute projects pursuant to CEQA because they are excluded from the definition of a project by Public Resources Code Section 21065 and Section 15378(b)(2)(4) and (5) of the State CEQA Guidelines on the basis

that they are continuing administrative or organizational activities of government that will not result in direct or indirect physical changes in the environment and/or include the creation of a government funding mechanisms or other government fiscal activities; which do not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment. In the alternative, the proposed County activities to be funded are categorically exempt from CEQA since they are within certain classes of projects that have been determined not to have a significant effect on the environment in that they meet the criteria set forth in Section 15301(a) and (d) and 15322(a) of the State CEQA Guidelines and Classes 1(c) and (r) and 22(a) and (c) of the County's Environmental Documentation and Reporting Procedures and Guidelines, Appendix G which apply to building leases, and educational or training programs. The County activities to be funded will result in negligible or no expansion of use. In addition, based on the records of the proposed exempt activities, the exempt County activities will comply with all applicable regulations, are not located in a sensitive environment and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled, pursuant to Government Code Section 65962.5, or indications that the activities may cause a substantial adverse change in the significance of a historical resource that would make the exemptions inapplicable.

Each subrecipient is required to comply with CEQA, as applicable, to be reimbursed with grant funds. To the extent there are any changes proposed to the activities to be funded by the County retained funds, the proposed activities will be reviewed for any further findings which may be necessary under CEQA. Chief Executive Office staff will continue to assist the lead federal granting agency, as necessary, to complete its requirement under the National Environmental Policy Act.

CONTRACTING PROCESS

The UASI subrecipient agreement with the City will be entered into and administered by the Chief Executive Officer under delegated authority as approved by the Board. Prior to execution, the agreement will be reviewed and approved as to form by County Counsel.

The acquisition of capital asset equipment costing over \$250,000, as identified in the Attachment, is under the statutory authority of the County's Purchasing Agent and will be requisitioned, solicited, and purchased in accordance with County Purchasing Policies and Procedures.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This UASI Grant provides funding to the County for planning, equipment, training, and program management and administration for emergency prevention, preparedness, and response personnel. The UASI Grant will have a positive impact on current services by improving and enhancing the County's ability to mitigate threats and incidents of terrorism.

CONCLUSION

Upon execution by the Board, please send a copy of the adopted Board letter to the Chief Executive Office - Homeland Security Grants Administration for processing.

2. Accept \$9,481,457 in DHS Grant funds under Assistance Listing Number 97.067 from the 2023 SHSP Grant as distributed through the California Governor's Office of Emergency Services (Cal OES) with a Performance Period of September 1, 2023 to May 31, 2026, and the allocation of a portion of such funds to County Departments as set forth in the Attachment;

5. Authorize the County's Purchasing Agent to proceed with the solicitation and purchase of capital asset items in excess of \$250,000 with two weeks advance notice to the Board of Supervisors.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

DHS has released grant funding through Cal OES to enhance the capacity of the State and local agencies to respond to incidents of terrorism, particularly those involving chemical, biological, radiological, nuclear, and explosive incidents, as well as natural disasters. The enhancements are provided through coordinated trainings, exercises, equipment acquisitions, and technical assistance.

The purpose of this letter is to find that the recommended County activities do not constitute projects or, in the alternative, are exempt under CEQA and that the Board of Supervisors (Board) has authorized the Chief Executive Officer to administer the SHSP Grant on behalf of the County Operational Area.

We are further requesting the Chief Executive Officer be granted delegated authority to enter into subrecipient agreements with the various cities receiving SHSP Grant funds. Following the signing of agreements, these funds will be distributed to cities and County departments approved by DHS and Cal OES on a cost reimbursement basis. These agreements will be in a form approved by County Counsel.

Implementation of Strategic Plan Goals

The recommended actions support the County's Strategic Plan North Star 2 - Foster Vibrant and Resilient Communities.

FISCAL IMPACT/FINANCING

This Grant is fully funded by DHS through Cal OES, and there is no matching fund requirement or impact on net County cost. Of the \$9,481,457 grant, \$3,280,473 will be retained by the County for various programs under the grant, including five percent identified for management and administration costs, and \$6,200,984 will be allocated to local jurisdictions for approved activities/programs.

The funding for the impacted County departments will be distributed as follows:

Chief Executive Office (CEO) (\$1,073,070); Fire (\$635,000); Health Services [Emergency Medical Services] (\$200,000); Public Health (\$75,000); and the Sheriff (\$1,297,403). The funding needed for Fiscal Year 2024-25 will be requested during the Fiscal Year 2024-25 Supplemental Budget phase.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Cal OES has provided the County Operational Area with specific guidelines for the management and administration of this grant. These guidelines detail the activities and expenditures that are allowable

under the grant.

ENVIRONMENTAL DOCUMENTATION

The proposed County activities to be funded as identified in the Attachment, as well as the disbursement of funds to cities, do not constitute projects, pursuant to CEQA, because they are excluded from the definition of a project by Public Resources Code section 21065 and section 15378(b)(2) and (5) of the State CEQA Guidelines on the basis that they are continuing administrative or organizational activities of government, and do not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment. In the alternative, the activities to be funded are categorically exempt from CEQA since they are within certain classes of projects that have been determined not to have a significant effect on the environment in that they meet the criteria set forth in section 15301 and 15322(a) of the State CEQA Guidelines and Classes 1(c) and (r) and 22(a) and (c) of the County's Environmental Documentation and Reporting Procedures and Guidelines, Appendix G which apply to building leases, and educational or training programs. In addition, based on the records of the proposed exempt activities, they will comply with all applicable regulations, are not located in a sensitive environment and there are no cumulative impacts, unusual circumstances damage to scenic highways, listing on hazardous waste site lists compiled, pursuant to Government Code section 65962.5, or indications that the activities may cause a substantial adverse change in the significance of a historical resource that would make the exemptions inapplicable.

Each subrecipient awarded funding is required by the subrecipient agreement to comply with CEQA, as applicable, in order to be reimbursed with grant funds. To the extent there are any changes proposed to the County activities to be funded by the County retained funds, the proposed activities will be reviewed for any further findings, which may be necessary under CEQA, prior to implementation of any activities which constitute a project. CEO staff will continue to assist the lead federal granting agency, as necessary, to complete its requirement under the National Environmental Policy Act.

CONTRACTING PROCESS

Procurement for items referenced in the Attachment will be under the statutory authority of the County's Purchasing Agent and will be requisitioned, solicited, and purchased in accordance with County Purchasing Policies and Procedures.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The Grant provides funding to the County for planning, equipment, training, exercises, and program management and administration for emergency prevention, preparedness, and response personnel which will have a positive impact on current services by improving and enhancing the County's ability to prevent, protect against, mitigate, respond to, and recover from potential terrorist attacks and other disasters.
