**Increasing Civil Penalties for Illegal Street Takeover Organizers and Spectators and Removing Posts and Demonetizing Profiles That Promote Illegal Sideshows On Major Social Media Platforms**

On September 12, 2023, the Los Angeles County (County) Board of Supervisors (Board) unanimously passed the motion titled, “Addressing Illegal Street Takeovers and Racing in Unincorporated Los Angeles County.”<sup>1</sup> As a result of the motion, the County hosted two community events to gather input from residents and relevant stakeholders on actions that should be taken to reduce or eliminate illegal street takeovers. At these community events, residents highlighted the need for youth education on the dangers of street takeovers, the need for legal venues to reduce the demand for these illegal street takeovers in the public right of way, the need for adequate and proactive enforcement and penalties to disincentivize these events, and more.

In alignment with suggestions from the community, the County formed a Street Takeover Reduction Workgroup (Workgroup) comprised of representatives from the County’s Chief Executive Office, Department of Public Works, Department of Youth Development, Sheriff’s Department, County Counsel, and other relevant departments in collaboration with partner agencies and community based organizations including, the Los Angeles Police Department, California Highway Patrol, Civilian Oversight Commission, Los Angeles City Attorney, Street Racing Kills, Streets Are for Everyone, Brotherhood of Street Racers, Project Street Legal, and resident advocates. 26, 2025, the Workgroup released an Action Plan<sup>2</sup> aimed at reducing illegal street takeovers across the County, especially in unincorporated areas. The Workgroup meets bi-monthly and reports to the Board quarterly.

The Workgroup recommended some ordinance changes to reflect community feedback and disincentivize attendance and participation at illegal street takeover events. Recommendations include, but are not limited to, increasing applicable fines under the County Code from \$500 to \$1,000 and expanding definitions in the Vehicle Code to include these illegal street takeover events and those who aid or abet them. Cities that border unincorporated areas like Compton and Paramount have enacted higher administrative penalties, and the County must match their efforts to ensure we curtail this behavior in our unincorporated areas.

Additionally, the Workgroup recommended that the Board and other jurisdictions send a five-signature letter to prominent social media companies, strongly requesting enforcement of their policies designed to curb promotion of malfeasance on their platforms. The Workgroup recommends this action to send a strong message that street takeovers and social media's promotion of this illegal activity is harmful to life, property, and the safety of the residents of the County. Though street takeovers have occurred in Los Angeles since the 1980's, they have increased dramatically since the COVID-19 pandemic and have become increasingly more dangerous; oftentimes resulting in deaths, robberies, high-speed chases, and more. One of the main catalysts of this increase in illegal street takeovers is the use of social media.

Despite the terms and conditions of various social media platforms' prohibiting content that promotes or facilitates illegal activities, the virtual public square allows for these events to be widely shared, and in some cases, monetized, which encourages the broader public to partake in the illegal takeover events. Social media monetization is the process of generating income from social media accounts and content. Common monetization methods include, but are not limited to, sponsored content/influencer marketing, affiliate marketing, selling products or services, creating paid

---

content/memberships, and advertising revenue. Platforms like YouTube and Facebook allow users to earn money from ads displayed on their videos or content. To use Instagram's monetization features, "Subscriptions and Badges," one must be over the age of 18, comply with the platform's policies, and have at least 10,000 followers on a professional or business account. However, live streaming these illegal events often causes an influx of participants and can facilitate a localized environment becoming more prone to rapid growth in the illegality, often overwhelming law enforcement efforts to mitigate and disperse the events.

Thus, in line with the Workgroup's proposed Action Plan, the Board should take action to send a strong message to illegal street takeover participants, as well as the social media companies that incentivize them.

**I THEREFORE MOVE THAT THE BOARD OF SUPERVISORS:**

1. Direct County Counsel, in collaboration with the Chief Executive Officer (CEO), and other relevant County departments and community stakeholders, to report back to the Board in writing in 90 days with a draft amendment to County Code Chapter 13.46 to do the following:
  - a. Increase applicable misdemeanor fines from \$500 to \$1,000, consistent with the maximum allowable fine for misdemeanors. The penalty section should include a specific provision for opportunities for diversion;
  - b. Expand the ordinance to apply to "street takeovers" or "sideshowes," including activities in the California Vehicle Code (CVC) such as "reckless driving" (CVC section 23103);
  - c. Expand the ordinance to individuals who "organize or knowingly encourage, promote, instigate, assist, facilitate, aid, or abet" such illegal takeover events. This prohibition should extend to events that are taking place presently, preparations leading up to an event, and any other step in furtherance of an illegal street takeover;
  - d. Expand the ordinance beyond public highways to include "off-street parking facilities," consistent with CVC section 23109; and
  - e. Any other relevant changes consistent with the above.

MOTION BY SUPERVISOR HOLLY J. MITCHELL

April 15, 2025

2. Direct the CEO, in consultation with County Counsel, to send a five-signature letter to leading main social media platform companies requesting that they enforce their own terms and conditions, and remove and demonetize posts that promote illegal activity, including illegal street takeover events.
3. Direct the CEO to identify and engage local jurisdictions and/or State agencies/officials to join the County in submitting similar letters to social media platforms in an effort to curb illegal street takeover events.

Los Angeles, California 90012

Dear Supervisors:

### HEARING ON RECOMMENDED FEE INCREASE FOR THE JUNIOR LIFEGUARD PROGRAM AFTER PUBLIC HEARING (ALL DISTRICTS) (3-VOTES)

#### SUBJECT

The Consolidated Fire Protection District of Los Angeles County (District) is requesting Board of Supervisors (Board) approval of the proposed fee increase for the District's Junior Lifeguard Program (Program) from \$635 to \$707 effective immediately. The proposed \$72 fee increase is to meet increased operational expenses and bring the Program to be self-sustainable.

#### IT IS RECOMMENDED THAT YOUR HONORABLE BOARD, ACTING AS THE GOVERNING BODY OF THE CONSOLIDATED FIRE PROTECTION DISTRICT OF THE LOS ANGELES COUNTY:

1. Find that the proposed \$72 fee increase is to meet the increased operational expenses of the Program.
2. Adopt the attached resolution to approve the Junior Lifeguard Program fees for 2025.
3. Find that the recommended action is exempt from the California Environmental Quality Act (CEQA) for the reasons stated in this Board Letter and the record.

## **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

In June 1978, your Board directed that the Program be self-sustaining through fees paid by participants. On May 23, 2023, your Board approved a \$50 fee increase to ensure its self-sustainability.

The proposed Program fee increase reflects an accounting of direct employee costs (salary and employee benefits), uniform, and equipment costs while still balancing the needs of our community participants. The fee reflects increased direct costs for the Program exclusive of overhead. Overhead has traditionally been absorbed by the District and the General Fund on a pro-rata basis, and we are recommending the continuation of this practice, which has been approved by your Board in the past.

There was a total of 3,907 paid participants in the summer of 2024, and we estimate more than 4,000 participants will be attending the four-week Programs in 2025.

## **Implementation of Strategic Plan Goals**

Approval of the recommended action is consistent with the County of Los Angeles 2016-2021 Strategic Plan, Goal II, Foster Vibrant and Resilient Communities, Strategy II.2, Support the Wellness of Our Communities, Objective II.2.2, Expand Access to Recreational and Cultural Opportunities; Goal III, Realize Tomorrow's Government Today, Strategy III.3, Pursue Operational Effectiveness, Fiscal Responsibility and Accountability, Objective III.3.1, Maximize Revenue; and Goal III Realize Tomorrow's Government Today, Strategy III.4, Engage and Share Information with Our Customers, Communities and Partners, Objective III.4.1, Solicit Ongoing Customer Feedback.

Approval of our request to increase fees will help achieve these goals that will benefit the young people who participate in the program.

## **FISCAL IMPACT/FINANCING**

The total Program cost is estimated to be approximately \$3.0 million.

The requested fee increase from \$635 to \$707 (\$176.75 per week) for Summer 2025, allows the District to recover \$3.0 million of direct costs and to be self-sustained while remaining competitive, as surveyed along the California Coastline:

<b>Comparable Part Day and Summer Programs</b>	<b>Weekly Cost</b>
Aloha Surf camp	\$825
Aqua Surf School	\$649
Malibu Makos	\$679
Champ Camp	\$550
Fitness by the Sea	\$555
Beach Sports	\$555
Santa Monica Surf School	\$500
Palos Verdes Surf camp	\$369
<b>Los Angeles County</b>	<b>\$176.75</b>
San Diego*	\$167
Newport Beach	\$122
Ventura*	\$128

*\*Uniform items are not included in tuition and are optional or must be purchased by families.*

There is no impact to net County cost.

**FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The Program has been conducted by the County of Los Angeles for 60 years. The Program teaches beach safety and physical fitness to youth from 9 to 17 years of age for four weeks during the summer. Each participant in the Program receives a swimsuit and a T-shirt with the Junior Lifeguard logo and is eligible to try out to compete in Regional and National Junior Lifeguard Events.

This Program teaches ocean lifesaving techniques, cardiopulmonary resuscitation and first aid skills, environmental concerns, ocean safety, and ocean and beach sports. In addition to the improved personal ocean proficiency and physical fitness, the Program provides additional lifeguard skills training and experience for veteran Junior Lifeguards planning to become lifeguard cadets, and professional lifeguards or pursue other career opportunities in related fields.

The only requirement for participation in the Program is the ability to swim. Concerted efforts are made to attract youth from underrepresented groups and areas outside the coastal communities. The Program offers supervised bus transportation to youth located in South Los Angeles, Southeast Los Angeles, and the San Fernando Valley. Financial aid awards are allocated to qualifying participants based on family income and number per household, regardless of district affiliation, and will continue to ensure any qualified youth can participate in the program regardless of ability to pay.

To accommodate demand and ensure quality, the Program is now operated in two separate sessions allowing for reduced class sizes and more focused instruction. The Program's goals are to maintain safety, health, and quality as well as to continue to broaden the diversity of participants. The Program's outreach efforts have traveled well beyond the coastal communities, providing Junior Lifeguard opportunities throughout Los Angeles County.

The Program Outreach continues to focus on three areas:

1. The inclusion of Program sites with beaches more accessible to non-beach community residents. Cabrillo, Santa Monica, El Segundo, and Venice are beaches with freeway access, which reduces transportation time.
2. Providing transportation to four Beach locations for children who live further than 15 miles from the ocean that otherwise may not be able to participate.
3. The cooperative efforts with the Access to Water Activities and Readiness Education (A.W.A.R.E.) Program and Lifeguard Division Recruiting Unit to provide further awareness and access to the Junior Lifeguard Program.

This request for approval of the increased fee will be made after all public notification and hearing requirements as specified in Section 6062a and Section 66018 of the Government Code are complied with.

### **ENVIRONMENTAL DOCUMENTATION**

The proposed fee increase is exempt from the California Environmental Quality Act (CEQA) because it does not constitute a "project" subject to the act (Guidelines, Section 15061, Subd. (b) (1)).

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Approval of this recommendation will allow the District to continue to properly manage the continued growth of the Program as it continues to expand in underserved non-coastal communities while also ensuring that it is nearly self-sustained financially. In addition, it will ensure that the Program remains a positive experience for all participants, focusing on water safety while continuing our critical role in community outreach and recruitment.

### **CONCLUSION**

Upon approval by your Honorable Board, please instruct the Executive Officer of the Board to return the adopted stamped Board Letter to the following:

1. The Summer Lifeguard season runs from mid-June to mid-August. Registration for the upcoming Summer Lifeguard season begins in in February.
2. The estimated annual cost impact of scholarships is based on 175 anticipated scholarships to be awarded. Fire offers a tiered scholarship system (15%, 60%, and 90% of the full program fee (currently \$636 for Summer 2023)) in which it assesses the financial status of each applicant. Each outlying year increases by 7.5% to account for increases in the program fee to account for cost increases in providing the program.

3. The S&EB estimate is for 800 hours of an Ocean Lifeguard that will be dedicated to the administrative duties of the Scholarship awardees. The annual increase is 3.25% for anticipated COLA increases.
4. Transportation costs are for shuttles and buses that transport participants from various County locations to their program site. Participants who received scholarships accounted for approximately 33% of the participants who used the shuttles and buses. On average, total program transportation expenses are approximately \$83,000. The annual increase is 3.25% for anticipated COLA increases.
5. The ISD Database is a new program that ISD will develop that will be used by the Junior Lifeguard Program as a database for all applicants. This program will also be used to identify which candidates have indicated that they are requesting financial aid/scholarship funding and track submitted documents. ISD has estimated \$88,000 for the first year start up costs, \$30,000 for second year updates, and \$10,000 for the following years for annual maintenance.
6. Credit Card Fees are charged by various credit card companies for payment transactions. These amounts reflect the anticipated credit cards fees associated with the payments made by participants awarded scholarships. The annual increase is 3.25% for anticipated COLA increases.

**RESOLUTION OF THE BOARD OF SUPERVISORS OF THE**  
**COUNTY OF LOS ANGELES ACTING AS THE GOVERNING BODY OF THE**  
**CONSOLIDATED FIRE PROTECTION DISTRICT OF LOS ANGELES COUNTY**  
**INCREASING THE JUNIOR LIFEGUARD PROGRAM FEE TO \$707**

WHEREAS, the Junior Lifeguard Program has been conducted by the County of Los Angeles for 60 years and teaches beach safety and physical fitness to youth from 9 to 17 years of age, for four weeks during the summer;

WHEREAS, the Junior Lifeguard Program included 3,900 paid participants in the summer of 2024, and it is estimated that more than 4,300 will participate in the Program in the summer of 2025;

WHEREAS, the only requirement for participation in the Junior Lifeguard Program is the ability to swim and concerted efforts are made to attract diverse youth and from areas outside the coastal communities, and from underserved communities;

WHEREAS, in June 1978, the County Board of Supervisors directed that the Junior Lifeguard Program be self-sustaining through fees paid by participants and since that time the program fee has been increased several times to ensure compliance with this policy;

WHEREAS, the proposed Junior Lifeguard Program fee increase reflects a complete accounting of direct employee costs (salary and employee benefits), services and supplies, transportation and participant scholarships; and

WHEREAS, the Junior Lifeguard Program offers Financial aid awards are allocated to qualifying participants based on family income and number per household,

regardless of district affiliation, and will continue to ensure any qualified youth can participate in the program regardless of ability to pay;

**NOW, THEREFORE, BE IT RESOLVED** that the County of Los Angeles Board of Supervisors, acting as the Governing Body for the Consolidated Fire Protection District for Los Angeles County hereby adopts this resolution increasing the Junior Lifeguard Fee by \$72 from \$635 to \$707 and finds that the purpose of this increase is to meet increased operational expenses of the District's Junior Lifeguard Program.

The foregoing resolution was adopted on the \_\_\_\_\_ day of April, 2025, by the Board of Supervisors of the County of Los Angeles and ex officio the governing body of all other special assessment and taxing districts, agencies and authorities for which said Board so acts.
