The Honorable Board of Supervisors

Dear Supervisors:

**JOINT RESOLUTIONS BETWEEN THE BOARD OF SUPERVISORS AS THE GOVERNING BODY OF THE COUNTY OF LOS ANGELES, CONSOLIDATED FIRE PROTECTION DISTRICT, AND COUNTY FLOOD CONTROL DISTRICT, VARIOUS COUNTY SANITATION DISTRICTS, AND OTHER AFFECTED TAXING ENTITIES ACCEPTING THE NEGOTIATED EXCHANGE OF PROPERTY TAX REVENUE AS A RESULT OF PROPOSED ANNEXATIONS TO COUNTY SANITATION DISTRICTS (ANNEXATION NOS. 2-59, 14-451, 14-467, 14-468, 15-302, 15-304, 15-305, 22-448, SCV-1124, SCV-1134, SCV-1137, SCV-1139, SCV-1140, SCV-1141, SCV-1143, and SCV-1145)  
(FIRST, FOURTH AND FIFTH DISTRICTS)  
(3-VOTES)**

**SUBJECT**

This action is to adopt the Negotiated Property Tax Exchange Joint Resolutions (Joint Resolutions) associated with the annexation of territories into County of Los Angeles (County) Sanitation Districts Nos. 2, 14, 15, 22 and the Santa Clarita Valley Sanitation Districts of Los Angeles County (Sanitation Districts).

**IT IS RECOMMENDED THAT THE BOARD:**

1. Find that the proposed Joint Resolutions are not subject to the provisions of the California Environmental Quality Act (CEQA) because the proposed actions do not

meet the definition of a project for the reasons stated herein and the reasons reflected in the record.

2. Adopt Joint Resolutions between the Board of Supervisors (Board), as the governing body of the County, the Consolidated Fire Protection District, and the County Flood Control District, and on behalf of the LA County Library, Lighting Maintenance District No. 1687, Road District No. 4 and Road District No. 5; County Sanitation District No. 2, County Sanitation District No. 14, County Sanitation District No. 15, County Sanitation District No. 22 and the Santa Clarita Valley Sanitation District of Los Angeles County; and other affected taxing entities based on the negotiated exchange of property tax revenue related to proposed Annexations No. 2-59 in City of Artesia; No. 14-451 in City of Palmdale; Nos 14-467 and 14-468 in City of Lancaster; Nos. 15-302 and 15-305 in unincorporated South Monrovia Islands; No. 15-304 in unincorporated Hacienda Heights; No. 22-448 in City of Covina; and Nos. SCV-1124, SCV-1134, SCV-1137, SCV-1139, SCV-1140, SCV-1141, SCV-1143, and SCV-1145 in City of Santa Clarita.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The governing bodies of the affected Sanitation Districts and the respective taxing entities have adopted the attached Joint Resolutions based on the negotiated exchange of property tax revenue related to the proposed annexations to the Sanitation Districts.

In order for the Local Agency Formation Commission (LAFCO) for the County to proceed with the required hearings on the proposed annexations, your Board, as the governing body of the County, Consolidated Fire Protection District, and the County Flood Control District, and on behalf of the LA County Library, County Waterworks No. 40, Lighting Maintenance District No. 1687, Road District No. 4 and Road District No. 5, must also adopt the attached Joint Resolutions.

The proposed annexations involve residential, vacant, and commercial parcels for which there is no other local agency able to provide off-site sewage disposal services. The annexations will allow property owners in the affected territories to obtain off-site sewage disposal service from the Sanitation Districts by connecting their properties to existing sewer lines. Currently, the only option available to property owners is to construct private septic systems. In each annexation application submitted to LAFCO, all the owners of real properties within the affected territories have requested, in writing, that their properties be annexed to the respective Sanitation District.

### **Implementation of Strategic Plan Goals**

These actions support the County's Strategic Plan North Star 3 — Realize Tomorrow's Government Today — by strengthening our internal controls and processes while being cognizant of efficiency to continue good stewardship of the public trust and fiscal responsibility.

### **FISCAL IMPACT/FINANCING**

There is no base transfer of property taxes associated with these annexations. If the annexations are approved, the adopted Joint Resolutions will transfer a portion of the annual property tax growth attributable to the annexation areas from the County, Consolidated Fire Protection District, County Flood Control District, and the other affected taxing entities to the affected Sanitation Districts. The impact of the annexations to the County's share of incremental property tax growth for future years due to the proposed annexations is minimal and is reflected in the Enclosure.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Pursuant to Part 3, Division 3, Title 5 of the California Government Code, commencing with section 56000, the Sanitation Districts adopted resolutions and filed applications with LAFCO to initiate proceedings for the reorganization of territory to the Sanitation Districts. Section 99 of the Revenue and Taxation Code (R&T Code) requires that prior to the effective date of any jurisdictional change, the governing bodies of all agencies whose service area, or service responsibilities will be altered by such change, must negotiate a reallocation of property tax revenue between the affected agencies, and approve and accept such reallocation by resolution. The Sanitation Districts and the other independent taxing entities have adopted the negotiated Joint Resolutions for the subject reorganizations, as required by section 99 of the R&T Code.

Adoption of the Joint Resolutions by your Board will allow LAFCO to schedule the required public hearings to consider testimony on the proposed reorganizations. LAFCO will subsequently take action to approve, approve with changes, or disapprove the proposals for reorganizations.

The Joint Resolutions have been approved as to form by County Counsel.

### **ENVIRONMENTAL DOCUMENTATION**

The proposed actions are not projects pursuant to CEQA, because they are activities excluded from the definition of a project by section 15378(b) of the State CEQA Guidelines. The proposed actions create a government funding mechanism, a fiscal

activity which does not involve any commitment to any specific project, which may result in a potentially significant physical impact on the environment.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The proposed action has no impact on current County services or projects.

**CONCLUSION**

At such time as the recommendation is approved by your Board, please provide an approved copy of this letter and a copy of the signed Joint Resolutions to LAFCO Executive Officer, Paul A. Novak by email at [pnovak@lalafco.org](mailto:pnovak@lalafco.org); return one approved copy of this letter and a copy of the signed Joint Resolutions to the Chief Executive Office – Budget and Operations Management Branch – Annexations and Financing Districts; and return one approved copy of this letter and a copy of the signed Joint Resolutions to the Auditor-Controller – Property Tax Apportionment Division.

Respectfully submitted,

**WHEREAS**, pursuant to Section 99 and 99.01 of the Revenue and Taxation Code, prior to the effective date of any jurisdictional change which will result in a special district providing a new service, the governing bodies of all local agencies that receive an apportionment of the property tax from the area must determine the amount of property tax revenues from the annual tax increment to be exchanged between the affected agencies and approve and accept the negotiated exchange of property tax revenues by resolution; and

RESULTING FROM ANNEXATION TO SANTA CLARITA VALLEY SANITATION DISTRICT

**"ANNEXATION NO. 1145"**

**WHEREAS**, pursuant to Section 99 and 99.01 of the Revenue and Taxation Code, prior to the effective date of any jurisdictional change which will result in a special district providing a new service, the governing bodies of all local agencies that receive an apportionment of the property tax from the area must determine the amount of property tax revenues from the annual tax increment to be exchanged between the affected agencies and approve and accept the negotiated exchange of property tax revenues by resolution; and

	Explanation: Approval of the appropriation adjustment will reflect a total increase of \$369,000 in appropriation to the Shady Lane Trail Project, CP No. 8A101, fully offset with \$369,000 in grant funds from the Federal Highway Administration's Recreational Trails Program. The total project cost also includes \$60,000, separately funded from prior year net County cost from Loma Alta Park Trail Relocation, CP No. 86587, to fund due diligence efforts for the proposed Project.	
<b>PURPOSE OF REQUEST</b>	<ol style="list-style-type: none"> <li>1. Find that the proposed Shady Lane Trail Project is categorically exempt from the California Environmental Quality Act, for the reasons stated in this Board letter and in the record of the project.</li> <li>2. Authorize the Director of the County of Los Angeles Department of Parks and Recreation, or her designee, to deliver the proposed Shady Lane Trail Project through a Board-approved Job Order Contract.</li> <li>5. 	<p>template agreement attached as Attachment III. Authorize the Director of the County of Los Angeles Department of Parks and Recreation, or her designee, to execute and amend the Property Use Agreement approved as to form by County Counsel, which is necessary for the completion of the Project.</p>
<p><b>BACKGROUND</b> (include internal/external issues that may exist including any related motions)</p>	<p>The Shady Lane Trail Project will help meet local and regional trail needs for safe and enjoyable trail access to Loma Alta Park, Loma Alta Staging Area, and to the popular Altadena Crest Trail (ACT) located within the foothills of Altadena in Los Angeles County that serve as a gateway to the San Gabriel Mountains National Monument and Angeles National Forest.</p> <p>At the local level, this regional multi-use trail segment will provide the “missing link” for access between Loma Alta Park and the Loma Alta Staging Area, which provides direct access to trails connecting to the Angeles National Forest. Within the immediate project area, no sidewalk or designated pedestrian facility currently exists. As a result, pedestrians and trail users rely on an informal dirt shoulder along Loma Alta Drive for travel, a condition that lacks a dedicated space for non-vehicular users. May 5, 2026

The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, California 90012

Dear Supervisors:

**SHADY LANE TRAIL PROJECT  
ESTABLISH AND APPROVE CAPITAL PROJECT  
APPROVE PROJECT SCOPE AND BUDGET  
APPROVE APPROPRIATION ADJUSTMENT  
AUTHORIZE USE OF JOB ORDER CONTRACTS  
CAPITAL PROJECT NO. 8A101  
(SUPERVISORIAL DISTRICT 5) (FY2025-26, 4 VOTES)**

**SUBJECT**

Approval of the recommended actions will find the proposed Shady Lane Trail Project exempt from the California Environmental Quality Act; establish and approve the proposed capital project, scope, budget, and appropriation adjustment; authorize the Director of the County of Los Angeles Department of Parks and Recreation, or her designee, to proceed with the proposed project utilizing a Board-approved Job Order Contract; and delegate authority to the Director of the County of Los Angeles Department of Parks and Recreation to execute a Property Use Agreement with the Los Angeles County Flood Control District.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Find that the proposed Shady Lane Trail Project is categorically exempt from the California Environmental Quality Act for the reasons stated in this Board letter and in the record of the project.
2. Establish and approve the proposed Shady Lane Trail Project, Capital Project No. 8A101, with a total project budget of \$429,000.
3. Approve an appropriation adjustment to reflect an increase of \$369,000 in appropriation to the proposed Shady Lane Trail Project, Capital Project No. 8A101,

offset with \$369,000 in grant funds from the State of California, Department of Parks and Recreation's Federal Highway Administration's Recreational Trails Program to fund the proposed project.

4. Authorize the Director of the County of Los Angeles Department of Parks and Recreation, or her designee, to deliver the proposed Shady Lane Trail Project through a Board-approved Job Order Contract.
5. Approve a Property Use Agreement with the Los Angeles County Flood Control District for a period of up to 25-years in substantial conformity to the template agreement attached as Attachment III, and authorize the Director of the County of Los Angeles Department of Parks and Recreation, or her designee, to execute and amend the Property Use Agreement approved as to form by County Counsel, which is necessary for the completion of the Project.

#### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Approval of the recommended actions will find the proposed Shady Lane Trail Project (Project) exempt from the California Environmental Quality Act (CEQA); approve and establish Capital Project (CP) No. 8A101; approve the proposed Project scope, budget, and appropriation adjustment; authorize the County of Los Angeles Department of Parks and Recreation (LA County Parks) to implement the proposed Project through a Board-approved Job Order Contract (JOC); and delegate authority to the Director of LA County Parks to execute a Property Use Agreement with the Los Angeles County Flood Control District (LACFCD).

The proposed Project will help meet local and regional trail needs for safe and enjoyable trail access to Loma Alta Park, Loma Alta Staging Area, and to the popular Altadena Crest Trail (ACT) located within the foothills of Altadena in Los Angeles County that serve as a gateway to the San Gabriel Mountains National Monument and Angeles National Forest. In addition, the proposed Project will also help further the goals established in the 2022 Parks Needs Assessment Plus (PNA+) as it is in an area that has high environmental benefits and is directly adjacent to priority areas for environmental conservation.

There are currently three critical trail gaps along the ACT that impede trail connectivity: the Hahamongna Gap, the Skylane Gap, and the Rubio Canyon Gap. The proposed Project will complete a segment of the Hahamongna Gap within available public property owned by the LACFCD. The trail segment will serve regional trail needs toward the long-standing goal of providing a continuous alignment for the ACT between the Hahamongna Watershed Park on the west and Eaton Canyon Natural Area on the east. The historic ACT spans approximately 13-miles through the transition zone between the densely populated northwestern San Gabriel Valley and the Angeles National Forest, traversing

both urban and natural settings and offering recreational activities such as horseback riding, bicycling, and hiking.

The proposed Project site is located within the burn area of the January 2025 Eaton Fire. While the site sustained limited damage, the broader Altadena Crest Trail system to which it connects was severely affected and remains closed to the public. In recognition of the significant regional impacts of the Fire and the resulting demands on County resources for recovery, permitting, and interagency coordination, LA County Parks was granted an extension from June 30, 2026, to December 31, 2027, for completion of the proposed Project. This additional time is necessary to accommodate post-fire recovery activities, increased regulatory review timelines, and the finalization of the required property use agreement with the LACFCD.

At the local level, this regional multi-use trail segment will provide the “missing link” for access between Loma Alta Park and the Loma Alta Staging Area, which provides direct access to trails connecting to the Angeles National Forest. Within the immediate project area, no sidewalk or designated pedestrian facility currently exists. As a result, pedestrians and trail users rely on an informal dirt shoulder along Loma Alta Drive for travel, a condition that lacks a dedicated space for non-vehicular users. The proposed Project will formalize this corridor through a clearly defined, fenced off-street trail alignment that enhances safety, strengthens multimodal connectivity, and improves overall trail system continuity.

The proposed Project scope will include installation of a meandering multi-use connector trail, with amenities including: interpretive signage; lodgepole fencing; trail access point bollards; retaining walls as needed; removal of existing trees in poor health and planting of trees with irrigation; trimming of mature existing trees to appropriate equestrian height; removal and replacement of existing chain link fencing; and installation of large boulders to define the trail and protect users from vehicles along Loma Alta Drive.

### **Implementation of Strategic Plan Goals**

The proposed recommendations will further the County Strategic Plan Goals to Foster Vibrant and Resilient Communities (North Star 2) through Sustainability (Strategy 3.D.i,iii) by mitigating climate change, building resilient communities, and supporting thriving ecosystems, habitats, and biodiversity.

### **Implementation of County Sustainability Goals**

The OurCounty Sustainability Plan, adopted in 2019 and updated in 2025, establishes goals to address the environmental impacts of climate change and the subsequent social challenges. The proposed Project will support Goal 6, by creating accessible parks, beaches, recreational waters, public lands, and public spaces that create opportunities

for respite, recreation, ecological discovery, and cultural activities and improving access to these parks, public lands, and public spaces (Strategy 6B).

### **FISCAL IMPACT/FINANCING**

The total estimated cost of \$429,000 for the proposed Project includes plans and specifications, construction, change order/contingency, and County services. The proposed Project Schedule and Budget Summary are included in Attachment I.

The proposed Project is partially funded by \$369,000 in grant funding from the Federal Highway Administration's Recreational Trails Program and \$60,000 of prior year net County cost that will be spent from the Loma Alta Park Trail Relocation, CP No. 86587. Funds from the Loma Alta Park Trail Relocation, CP No. 86587, will support due diligence efforts, including \$40,000 for plans and specifications and \$20,000 for County services related to the required property use agreement with the LACFCD. These uses are consistent with the stated goal in the CP No. 86587 board action to provide funding for the Altadena Crest Trail projects that provide for a continuous trail from Hahamonga Watershed Park to Eaton Canyon Natural Area.

Approval of the appropriation adjustment (Attachment II) will reflect a total increase of \$369,000 in appropriation to the Shady Lane Trail Project, CP No. 8A101, fully offset with \$369,000 in grant funds from the State of California, Department of Parks and Recreation's Federal Highway Administration's Recreational Trails Program.

### **Operating Budget Impact**

Based on the Project description, the Department anticipates ongoing costs of \$34,000 for trail and grounds maintenance of the proposed Project. LA County Parks will submit to the Chief Executive Office a funding request through the budget process. LA County Parks will work on the funding request with the Chief Executive Office to allow LA County Parks to maintain the new trails.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Approval of the recommended actions will authorize the Department to deliver the proposed Project utilizing a Board-approved JOC, as the work involves repair, remodeling, and refurbishing of County facilities. The standard Board-directed clauses that provide for contract termination, renegotiation, and hiring qualified displaced County employees will be included in the JOC.

The JOC contractor who is awarded this contract will be required to fully comply with Los Angeles County Code Chapter 2.200 (Child Support Compliance Program), Chapter

2,203, (Contractor Employee Jury Service Program), and Chapter 2.201 (Living Wage Program).

The proposed Project will proceed in accordance with the Board's consolidated Local and Targeted Worker Hire Policy (LTWHP) adopted on September 6, 2016, and last amended on June 11, 2019. The proposed Project will include a best-efforts goal that at least 30 percent (30%) of the total California craft worker hours for refurbishment work on the Project be performed by local residents.

A portion of the Project will be completed by Outward Bound Adventures (OBA), a local non-profit youth workforce development organization based in the Altadena/Pasadena community that has been engaged in Fire Recovery efforts within the burn area of the January 2025 Eaton Fire. OBA's participation is consistent with LA County Parks as-needed service agreements to implement landscape, trail, and other site work while supporting equitable opportunities for young people through training, work, education and support. Additional work may be supplemented by a local Conservation Corps. On December 1, 2024, the LA County Parks entered contracts with five local Conservation Corps for employment of at-risk youth for as-needed landscaping, maintenance, and related services. The scope of work and budget for the proposed Project complies with the terms and conditions of these contracts.

The proposed Project is located on property owned by LACFCD. The LA County Parks currently operates the adjacent Loma Alta Staging Area and overflow parking lot on LACFCD owned property through an existing use agreement. As part of the proposed Project, the existing agreement will be amended, or a new agreement will be negotiated between the LA County Parks and LACFCD to ensure land tenure for a minimum of twenty-five years as required by the federal grant.

Per the federal grant award, the proposed Project is subject to Build America, Buy America requirements stipulating that all the iron, steel, manufactured products, and construction materials used in the project are produced in the United States, unless subject to an approved waiver. In addition, the order to meet the grant requirements, the project must be completed by December 30, 2027.

In accordance with the Board's Civic Art Policy, adopted on December 7, 2004, and last amended on August 4, 2020, the proposed project budget for the Shady Lane Trail Project, CP No. 8A101, is exempt from Civic Art Allocation as the eligible project costs are under \$500,000.

## **ENVIRONMENTAL DOCUMENTATION**

The proposed project is categorically exempt from the California Environmental Quality Act. The proposed Project, which involves the installation of a meandering multi-use connector trail with amenities such as interpretive signage; lodgepole fencing; trail access

point bollards; retaining walls as needed; removal of existing trees in poor health and planting of new trees with irrigation; trimming of mature existing trees to an appropriate equestrian height; removal and replacement of existing chain-link fencing; and installation of large boulders to define the trail and protect users from vehicles along Loma Alta Drive, is within certain classes of projects that have been determined not to have a significant effect on the environment in that it meets the criteria set forth in sections 15301(h); 15302(c); 15303(d) and (e); and 15304(a) and (b) of the State CEQA Guidelines and Classes 1 (j); 2 (e); 3 (a) and (b); and 4(a) and (c) of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G. The project provides for maintenance of existing landscaping, replacement of existing structures and facilities, installation of small new structures, grading on land with a slope of less than 10 percent, installation of new landscaping, and will not involve the removal of healthy, mature, and scenic trees.

In addition, based on the proposed Project records, it will comply with all applicable regulations, and it is not in a sensitive environment, and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled pursuant to Government Code section 65962.5, or indications that it may cause a substantial adverse change in the significance of a historical resource that would make the exemptions inapplicable.

Upon your Board's approval of the recommended actions, the LA County Parks will file a Notice of Exemption with the County Clerk in accordance with section 21152 of the California Public Resources Code.

### **CONTRACTING PROCESS**

Design work, including plans, construction documents, specifications, and cost estimate services will be completed by Board-approved as-needed consultants.

Implementation of the improvements will be completed using a combination of a Board-approved JOC and Board-approved as-needed contracts with a local Conservation Corps and/or a local non-profit youth workforce development organization. The combination of these delivery methods will allow for the most expedient and cost-effective implementation of the proposed Project.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The recommended actions will have limited impact to services at the facility. LA County Parks will minimize and mitigate disruption by coordinating work and providing sufficient notification to the facility and the public, particularly in the case of temporary trail closures.

**Enhancing Regulatory Coordination for Methyl Bromide Emissions**

The Los Angeles County (County) Department of Agricultural Commissioner/Weights and Measures (ACWM) is responsible for protecting consumers, businesses, and the agricultural industry by ensuring equity in the marketplace and preventing the spread of invasive pests. As part of their agricultural protection, they enforce state laws to prevent the introduction and spread of invasive insects, rodents, birds, weeds, and plant diseases that could damage local crops and the environment. The department also monitors and regulates the use of pesticides by both private and professional applicators to ensure safety and compliance.

The Ports of Long Beach and Los Angeles (Ports) act as critical gateways for US agricultural trade. Hundreds of thousands of metric tons of fruits and vegetables are imported annually. The Port of Los Angeles processes a significant volume of imports, including grapes and stone fruit from Chile and various fruits from Asia. Soon after these commodities arrive at our ports, they need to be swiftly treated to ensure the safety of our consumers. There are 13 facilities located around the Ports that actively fumigate these products using Methyl Bromide. Five more facilities are permitted but are not currently active.

Methyl Bromide is a pesticide used to fumigate commodity agricultural products,

controlling pests like insects and rodents. It kills insects, mites, fungi, weeds, rodents, and their eggs by disrupting basic cellular processes. It is an odorless gas that penetrates deeply into commodities and packaging in a way that sprays or surface treatments cannot. It is also a hazardous air pollutant and toxic air contaminant. Studies have shown that exposure to Methyl Bromide may cause damage to the brain and nervous system.

At the federal level, Methyl Bromide is regulated by the United State Environmental Protection Agency (EPA). It is listed as a Class 1 ozone-depleting substance and it is generally banned, except for quarantine and pre-shipment uses. At the state level, the California Department of Pesticide Regulation (DPR) requires site-specific permits and imposes buffer zones for use. Simultaneously, the California Air Resources Board (CARB) regulates Methyl Bromide as a toxic air contaminant. At a local level, South Coast Air Quality Management District (ACMD) also regulates emissions released during fumigation. They are responsible for investigating community exposure complaints and incidents. Here in LA County, ACWM is the on the ground regulator. The department permits individual fumigations, reviews site specific conditions, enforces federal and state regulations, and conducts incident investigations. Their responsibilities are focused on the agricultural protection.

To lessen regulatory burdens on businesses and facilitate expedited compliance with environmental quality laws and to reduce the potential for conflict, overlap, and duplication among environmental permits and regulatory authorities, the Legislature enacted the Environmental Permit Reform Act of 1993 (The Act [*SB 1185, Stats. 1993, Ch. 419; Public Resources Code section 71000 et seq.*]). The Act promotes a consolidated and integrated environmental permitting process.

In 2023 and 2024, CARB began air monitoring in a West Long Beach community

near two commodity fumigation facilities. The monitoring found that average of ~2.1 parts per billion (ppb) Methyl Bromide from 2023 to April 2024, which is about double the state's long-term health exposure threshold. There were also hourly spikes approaching ~960 ppb in early 2024, just under the state's short-term exposure level (around 1,000 ppb) associated with acute symptoms like nausea or dizziness. This sparked great concern and frustration for West Long Beach residents and advocates. In response, the ACWM updated the permit with the two known facilities to mitigate the safety concerns. The changes include limiting fumigation during school hours, increasing the stack height, leak prevention measures, reduction in the daily use of Methyl Bromide, and more. Given that ACWM is the permit regulator, they are limited in their ability to monitor air quality. We need to work with our state partners and ACMD to address the health impacts of Methyl Bromide.

In 1996, ACWM and ACMD entered into a no-cost Memorandum of Understanding (MOU) to streamline permitting requirements related to the use of Methyl Bromide on quarantined commodities. To more effectively regulate emissions resulting from the use of this fumigant, it is necessary to update the existing MOU. The MOU formalizes a two-permit system, strengthens AQMD's role in regulating Methyl Bromide emissions, and ensures structured coordination with ACWM while transitioning facilities into full AQMD permitting. This update would enable AQMD to continue its rulemaking efforts and strengthen regulatory oversight of facilities that utilize Methyl Bromide.

**I, THEREFORE, MOVE** that the Board of Supervisors:

1. Delegate authority to the Los Angeles County Agricultural Commissioner/ Weights and Measures (ACWM) to negotiate and enter into a new no-cost Memorandum of Understanding (MOU) with the South Coast Air Quality Management District

(ACMD), outlining the permitting, monitoring, reporting and regulatory responsibilities between the parties, with approval as to form by County Counsel; and

2. Delegate authority to ACWM to execute future no-cost amendments to the MOU to update its terms consistent with any changes in applicable law and regulation, and to clarify, revise, eliminate or add new responsibilities between the parties consistent with their respective regulatory obligations, with approval as to form by County Counsel.
