Building Los Angeles County's Prevention Infrastructure, July 25, 2023

The Board approved several actions, including:

**REVISED MOTION BY SUPERVISORS HOLLY J. MITCHELL
AND LINDSEY P. HORVATH**

AGN. NO.
July 25, 2023

Building Los Angeles County's Prevention Infrastructure

On September 15, 2021, the Los Angeles County (County) Board of Supervisors (Board) unanimously approved a motion calling for the convening of a Countywide Prevention Services Task Force (Task Force). The impetus for that convening was a sobering finding from a 2021 UCLA Pritzker Center report (UCLA report) that, in relevant part, states: "*while the County has invested in a number of prevention efforts, it is not clear that these efforts have been set up to be successfully integrated and coordinated across departments*". Furthermore, the report urged County leaders to consider the use of a centralized leadership structure to streamline, align, and proliferate equitable prevention programming across departments. As the motion described, if our Board seeks to address the racial disproportionality laden within our systems, we need to take the bold step to imagine a transformative coordinated prevention and intervention strategy.

Under the direction of the County's Executive Director of Racial Equity, leaders from the County and community, including key stakeholders and trusted partners, came together to take up the Board's request to convene the Task Force. Following 18 months of meetings - including discussions with more than 100 individual stakeholders, 800 survey responses, conversations with more than 50 subject area table members, and

Adopting the Task Force's Countywide vision, model, and guiding principles for prevention and promotion

Establishing the **Prevention and Promotion Systems Governing Committee**, to develop and oversee Countywide coordinating activities and plans

Establishing the **Prevention and Promotion Coordination Implementation Team (PPCIT)**, to convene and facilitate coordination across County departments

Directing all County departments & entities working in prevention to partner collaboratively and transparently with PPCIT and the Committee

Disbanding the Task Force and transitioning any outstanding relevant tasks to the Committee and/or PPCIT

Task Force Transition Summary Document

- New motion directs Committee and PPCIT to prepare and recommend various Countywide plans and activities relating to prevention and promotion
- Transition information is organized according to Board motion directives and will support the Committee, PPCIT, their respective staff, and other stakeholders responsible for completing directives
- Compilation of relevant background context, findings, recommendations, deliverables, and other Task Force materials for each directive
- Ensures continuity of vision, knowledge, and shared learnings from the Prevention Services Task Force, its three working tables, and community stakeholders as this important work continues under the County's new prevention infrastructure
- Per County Counsel, a vote is not required for the document. Today's meeting is a final opportunity to provide feedback before it is shared with Committee and PPCIT.

Updates Since October Task Force Meeting

- **October meeting:** members discussed Summary Document, including considerations relating to community engagement, operations, and remaining transition activities.
- **Written feedback from members:** ARDI staff reached out to all Task Force and table members (Framework, Coordination, Disproportionality) and received written feedback from multiple departments.
- **Lived expertise:** Staff also reached out to community members with lived expertise who served on the Task Force or tables. Staff offered the opportunity to meet 1:1 for individuals to provide input and learn about the County's new prevention infrastructure.
- **Feedback from the above has been incorporated in the updated [Transition Summary Document](#) and will be handed over to the Committee and PPCIT.**

ITEM 8

Additional updates, discussion, and consideration of necessary actions regarding the establishment of the Committee and PPCIT and remaining Task Force activities, including finalizing domain/focus area summaries and collecting departmental inventories relating to programming, metrics and outcomes, user journey mapping, community engagement, and other initiatives.

Committee and PPCIT Updates

- The **Prevention and Promotion Systems Governing Committee** and officially **Prevention and Promotion Coordination and Implementation Team** have both officially launched with dedicated staff
- Both bodies are building staff capacity to plan and execute their motion directives
- **Disbanding the Task Force**
 - Board motion directs Chair of the Task Force to take the necessary steps to disband the Task Force after a final convening to close out existing tasks, finalize work and transition any outstanding relevant tasks to the Committee (and PPCIT).
 - County Counsel has indicated no formal action is needed to disband
