PREFACE

In accordance with the provisions of Section 3714 of the Political Code, as amended (Chapter 667, Statutes 1929), known as the County Budget Act, the Board of Supervisors herewith presents to the taxpayers of Los Angeles County, the

PRELIMINARY COUNTY BUDGET

for the fiscal year beginning July 1, 1940 and ending June 30, 1941, adopted by this Board on May 9, 1940.

This Budget has been compiled in accordance with the provisions of the Amended County Budget Act, and shows the amounts that have been tentatively approved for Salaries and Wages, Maintenance and Operation and Capital Outlay for the various departments of the County Government; and for the requirements of the Special Districts within the County whose affairs and funds are under the supervision and control of the County Board of Supervisors.

In accordance with the provisions of Section 3 of the Amended County Budget Act, the Preliminary Budget will be again considered by the Board of Supervisors in its chambers in the Hall of Records, beginning on or about June 10, 1940, for a period not to exceed ten days, at which time any taxpayer may appear and be heard for or against any part of the Budget.

Respectfully submitted,

BOARD OF SUPERVISORS,
LOS ANGELES COUNTY.

OFFICE OF THE CHIEF ADMINISTRATIVE OFFICER

502 Hall of Records
Los Angeles, California
May 8, 1940

Honorable Board of Supervisors
County of Los Angeles
Gentlemen:

In accordance with the responsibility of the Chief Administrative Officer by Ordinance No. 3490, I transmit herewith my recommendations on the 1940-41 Preliminary Budget of the general county government and the districts for which the Board of Supervisors is the governing agent.

This is, in effect, the first executive budget prepared for Los Angeles County, and the first budget presented for adoption prior to the beginning of the fiscal year on July 1, 1940.

On the basis of information supplied by the Auditor, and assuming that the assessed valuation of the county is not decreased, these recommendations will require a tax levy of approximately $136,500 less than for this year, or more than 1/2 cent reduction in the tax rate.

This budget absorbs many inescapable increases in cost, due in some cases to an extended welfare and relief program made mandatory by state law, and due in other cases to accruing obligations. To allow for these increases without raising the budget total, many administrative economies had to be made.

In considering budget requests, this office was guided by your declared policy to deny increases, to absorb salary adjustments incident to the adoption of the five-step plan, and to limit these salary increases to 5 per cent, with a maximum of $10.00 per month. This policy was, generally speaking, realized.

Ample allowances were made for administering the county government on a thoroughly efficient basis, with no impairment of any service. In all cases allowances were made for adequate maintenance, for necessary replacements of capital equipment and for additional capital equipment where needed.

The allowances to departments have been so established that there will be no compulsory separations from the service of any permanent county employees. Economies in salaries and wages have been effected mainly through elimination of temporary help.

The fact that all departmental heads in the county have agreed to the allowances approved by this office indicates a desire on their part to cooperate with the Board of Supervisors to effect the tax economies so much desired.

Inescapable Increases Total $4,169,838

Mandatory increases absorbed in this budget may be summarized as follows:

1. Public Assistance:	**1939-40**	**1940-41**	**Increase**
Old Age Assistance	$24,078,000	$25,634,500	$1,556,500
Aid to Needy Children	2,375,000	3,768,184	1,393,184
Aid to Needy Blind	1,923,900	2,007,600	83,700
Total	**$28,376,900**	**$31,410,284**	**$3,033,384**

Toward this increased total the county will receive $23,636,327 in federal and state reimbursements as against reimbursements totaling $20,625,600 this year. The largest increase under this heading is for Old Age Security. This increase, totaling $1,556,500 is due to liberalized federal and state requirements and to the elimination of the so-called property agreements. An increase in Child Aid, totaling $1,393,184 is due to liberalized state orders. Increases in Blind Aid total $83,700.

2. Election Expense: The budget total for this item is $1,425,599 as against $960,173 for the current year. The increase of $465,426 is due to the unprecedented heavy registration, estimated to reach 1,575,000 by the November general election, and to an increase in the number of precincts in the county.

3. Employees' Retirement: The Employees' Retirement fund next year will require a contribution totaling $827,900 as compared to this year's net cost of $259,200, an increase

of $568,700. A revenue item of $558,800 from the former retirement system will not accrue next year.

	1939-40	1940-41	Increase
4. Courts Expense:			
Superior Court	$ 677,337	$ 693,202	$ 15,865
Los Angeles Municipal Court	645,949	655,489	9,540
Long Beach Municipal Court	105,481	105,677	196
Psychopathic Court Wards	88,660	128,585	39,925
Total	**$1,517,427**	**$1,582,953**	**$ 65,526**
5. State Hospitals:	$ 256,800	$ 273,560	$ 16,760
6. Statutory Payments—Bond Acts:	41,832	61,874	20,042
Total of Inescapable Increases			**$4,169,838**

Departmental Budgets Streamlined

The departmental budgets are streamlined; streamlined in two ways: First, generally lower but with allowances made so that the county government can proceed on an efficient basis equal, we believe, to the efficiency of private corporations. In other words, proper allowances were made for necessary maintenance, replacements of capital equipment, and for additional capital equipment for efficient conduct of county business.

Second, streamlined in another sense; by improvements in departmental organization and budget consolidation. For instance, the gardening functions of the Forester and Fire Warden have been separated from those of strictly fire protection and consolidated with other gardening activities. The Mechanical Department budgets have been consolidated and the strictly service functions have been segregated on a service basis. The separation of the Parks and Recreation Departments has been accomplished with a decrease in comparable appropriations. The outside medical relief activities of the Hospital, Olive View, and Rancho have been consolidated with the department budgets for more efficient budget control.

Departmental Appropriations Decrease $1,110,374

The grand total of the departmental appropriations, excluding mandatory and policy items, for 1940-41 is $32,384,516 as compared to last year's total of $33,686,250, or a net decrease of $1,301,734. Of this total $191,360 represents offset of tuberculosis subsidy from the State of California, to be accounted for separately this year. Therefore, the net decrease in departmental budgets is $1,110,374.

In addition to the decrease in departmental appropriations, the property taxpayers further benefit by the fact that during the year additional revenues were provided by action of the Board in levying license fees to bring back to the County Treasury out-of-pocket costs by the Sheriff, Health Officer, Forester & Fire Warden, and other county departments for special city services provided in the unincorporated area.

Summary of Financial Outlook*

Summarized, the financial outlook which confronts the Board at present is estimated to be as follows:

Requirements	**1939-40**	**1940-41**	**Increase**	**Decrease**
Appropriations	$67,247,900	$69,357,412	$2,109,512	$ .....

Increase in Available Cash in the Treasury

An item in the above summary of which this office is justly proud is the Auditor's estimate of the increase in available surplus. Last year the available surplus totaled $4,174,220, due to the application of budgetary controls of both materials and personnel. This year, due to the application of a full year of the quarterly allotment system and controls of personnel, materials and capital outlay items, the conservative estimate given by the Auditor to us is $4,342,306, **an increase of $168,086.**

Just as the increase in last year's available surplus assisted the Board in reducing the current year's tax rate, so will the increase in available surplus this year help to pay for the inescapable increases and assist in a further reduction in next year's tax levy. This increase in available surpluses is directly attributable to the management type of control instituted in 1938 by the Board of Supervisors.

Specific Reductions

Among the reductions which have aided in effecting the decrease in the taxes to be levied are some which are deserving of comment:

Rent. This item, which increased through the years, was reduced by $5,390. Full application of other rentals will not be realized until the budget of next year. Savings of some $122,000 will be effected when certain rented quarters are vacated.

Savings In Insurance, Etc. A reduction of $63,900 in fire insurance, surety bonds, forgery bonds, burglary and theft insurance was realized during the year, and the effect of such saving is reflected in this recommended budget.

Mechanical Department Overhead Reduced, and a new method of accounting instituted which will represent savings in the future.

Sixteen Departments Reduce for Two Years

Sixteen departments have effected reductions in costs for two successive years and deserve commendation. These are:

County Clerk
County Counsel
Crossing Guards (Sheriff)
Charities Administration
Forester (all budgets)
Hospital
Janitors
Long Beach Marshal
Livestock Inspector
Mechanical Department
Olive View
Pound Department
Purchasing & Stores
Parks & Recreation
Recorder
Surveyor-Engineer

Explanation of Increases

I list below a brief explanation of the increases which have been recommended by this office over and above the appropriations for last year:

Restoration of Salary Cuts: Recommendation is made for restoration of 50 per cent of the salary reductions of department heads and other employees ordered by the Board of Supervisors earlier in the year.

Auditor: The Auditor shows an increase, due to the authority granted to him by the political code, by which he has determined that the system of accounting for issuance of materials and supplies from the County General Store should be handled by the Auditor rather than by the Store, which in the past handled all billings subject to an audit on the part of the Auditor. This necessitated an increase in expenditures of capital outlay by $15,000 for bookkeeping equipment, as well as other slight increases in capital outlay, certain increases in maintenance and operation, and allowances for eleven additional employees. As I explained to several members of the Board, I felt that in my dual capacity of Purchasing Agent and Manager of Stores that approval should be given to any system of accounting for the millions of dollars handled through the purchasing office.

In addition, there is an allowance for the financial investigators in the Auditor's office, some twenty-one individuals, the record of accomplishment of this group having been so outstanding that it was determined that they should be retained. Last year money was set up for these investigators for only quarterly periods. We believe that the money should be set up for the entire year, with the understanding that if their efforts do not return to the county an amount in excess of the out-of-pocket costs for maintaining them, their services should be discontinued in whole or in part during the year.

Assessor: The office of the Assessor shows an increase of $5,665, part of which represents the cost of providing for a thorough test of both the Elliott and Addressograph machines, in order to determine whether or not the Assessor's office should be mechanized.

Civil Service Commission: The Civil Service Commission budget increased $30,594. Some of the increase was made necessary by the extension of civil service tenure to the Flood Control District, and to the assumption by the county of contracts to provide services to the cities of Burbank, Glendale, Manhattan Beach, etc. It is my recommendation that the Board make no further contracts with cities until the peak of the work load of the Civil Service Commission, brought about by their many new assignments, has been completed. Appropriations for this year to the Civil Service Commission totaled $172,455, against $127,275 for 1938-39, and $114,604 for the year ending June 30, 1938, or a total increase over three years of $57,851. This represents an increase of approximately 33⅓ per cent in three years, and I do not believe there should be an allowance for a further upward trend in this department.

Among the additional costs is an item of $18,000 for physical examinations of employees, which is justified by the fact that during the last week alone such examinations prevented the employment of four persons suffering from tuberculosis and caused an eventual saving to the county through fewer claims for Workmen's Compensation which should more than offset this additional cost.

Sheriff: The recommended budget shows that the budget for the Sheriff's office increased $76,399. This department, however, should be considered as a whole, for Detention Camps decreased $33,822 and the Department of Crossing Guards decreased $5,025. The total picture of the Sheriff's budgets would indicate that the appropriations have largely absorbed much needed salary adjustments and an allowance of sixteen new deputies, fourteen of whom are for juvenile delinquency.

Tax Collector: The increase in the Tax Collector's budget is largely incident to mandatory advertising of property which will be deeded to the state for non-payment of taxes on July 1, 1940.

U. S. Dept. of Forestry: Contributions to the United States Department of Forestry are increased $10,500 and are incident to the United States assuming charge as of July 1 of the supervision and maintenance of that portion of Big Pines owned by the United States. The county must maintain that part of the property owned in fee by the county; but by relinquishing its special use permit for the federally-owned land, it should, in fairness to the general public of the county, provide for an increase in the cooperation fund of the United States Department of Forestry.

Fish and Game Warden: An increase in the Fish and Game Warden budget is due to the necessity of replacing a motor in the county patrol boat. The return to the county of certain state fees in connection with fish patrol activities should normally offset the cost of maintenance of this service maintained for the protection of sport fishery in Los Angeles County waters.

Weights and Measures: An increase of $2,334 to the Sealer of Weights and Measures was made necessary by the allowance of one additional Sealer to take care of the increasing number of business establishments in the County of Los Angeles. The Sealer requested several additional positions, but by administrative agreement his scheme of operation was modified, and only one additional Sealer was added.

Health: The increase in the Health Department budget of $3,753 is minor when it is considered that there has been granted an additional allowance for the prevention of tuberculosis, an additional allowance of $8,500 for x-ray films for determination of tuberculosis, and for the addition of three public health nurses to provide certain services in the parochial schools already granted to public schools.

Rancho: The increase in the budget of the Rancho Los Amigos is explained in part by the decrease in the Indigent Aid budget due to the establishment of a camp known as Rancho Los Amigos No. 2, located at Acton, to take care of alcoholics and other unfortunate single men whose care on a dole has been a hazard to the community.

Probation: Appropriations for the Probation Department were recommended at $629,523 as against last year's figure of $620,060, or an increase of $9,463. This increase was believed necessary due to the work load of that department, which in my opinion, could not be reduced.

General Reserve

Last year the Board of Supervisors determined that it would carry its own fire insurance and established in the budget $85,000 which would have been the premium for that year as an amount to take care of the losses due to fire. Fire losses this year were $147. It is believed good policy to set up this sum saved in the General Reserve and this budget so carries forward an item in the General Reserve of $84,853 in addition to the sum which must be provided to meet bond payments due on July 1 of the next succeeding year. It is believed that the county should begin to place in reserve these certain sums saved from the self-insurance activities.

Policy Appropriations*

This leaves for consideration by the Board the so-called policy appropriations controlled by the Board itself.

The "policy" appropriations ordered by the Board to date are:

Exploitation	$456,500
Exposition (S. F. Fair, etc.)	25,250
Land Purchases (Earl Property, playgrounds, etc.)	165,850
W. P. A. Projects	800,000

* Items referred to hereunder modified by action of the Board of Supervisors May 9, 1940.

Included under Land Purchases is a sum to enable the purchase of certain buildings on Fort Moore Hill, believed necessary if the county is to start removal of that hill during 1940-41. Sums are also included for purchase of the Earl property for a playground in East Los Angeles and for certain additions to San Vicente, Plummer, and Roosevelt Parks.

An increase in Federal Projects of $58,000 was included because of Board action in increasing federal projects from $742,000 to $1,000,000. Of this amount $200,000 is being absorbed from Road Department funds for W.P.A. storm drain and sewer projects, leaving a net appropriation from General Fund money of $800,000, or a net increase of $58,000. In addition it is estimated that the Road Department will provide sponsor's contributions for necessary highway and bridges totaling approximately $300,000.

Recommendation

I earnestly recommend that the Board do not increase any of the appropriations as recommended, and that decreases be made between the period June 10th-20th, after ample time has elapsed for study of the budget detail.

Tax Collector

COLLECTING TAXES AND LICENSES

Appointive. The Tax Collector is charged with the responsibility of collecting and distributing current, delinquent, and certain unsecured personal property taxes. Where taxes are uncollected it is necessary to prepare a delinquent roll, advertise the list of delinquent properties and report to the State Controller all properties sold to the state for the initial year's delinquency. The Tax Collector must conduct all sales of delinquent property after due notice to owners, and issue all deeds. Under a charter provision the Tax Collector acts as license collector and collects all business and regulatory licenses. The item of advertising and publication of delinquent properties and other notices is mandatory. Revenue earned by this department for 1938-39 was $163,765; estimated for 1940-41, $339,900.

Purchasing and Stores Department

SERVICE TO COUNTY DEPARTMENTS AND CUSTODY OF SUPPLIES

The purchasing and Stores Department makes all agreements, places all orders, and generally attends to the merchandising phase of the business of the county. It operates a general store, through which most materials and supplies are received, checked, weighed, and inspected; stores available for rapid issue of certain standard commodities; assembles the requisitions from various using departments for all requirements, including food for the many institutions; and delivers such commodities to the various locations in the county. The appropriation for the Purchasing Division is a direct appropriation; the appropriation for the Stores Division is not a cash allotment but a general estimate of what the expense might be. The actual figure is determined by a handling percentage, so that as the business of the stores is increased or reduced, the expense is increased or reduced proportionately. The department operates a central book bindery at considerable saving to the county. It also operates a central duplicating bureau of multigraphs, mimeographs and other office appliances. Revenue earned by this department for 1938-39 was $2,485; estimated for 1940-41, $300.

District Attorney

DETECTION OF CRIME AND PROSECUTION OF CRIMINALS

Elective. Investigates crimes, conducts prosecutions of those charged with crime, enforces statutes requiring heads of families to support their dependents, grants or denies applications for parole. The office of the District Attorney prosecutes in the courts annually about 5,000 felony cases and 1,000 misdemeanor cases. In addition to the services rendered in the preparation and prosecution of these cases, there are about 6,000 active failure to provide misdemeanor cases requiring constant attention from the office, and many other cases under investigation not appearing in court records. Revenue earned by this department for the fiscal year 1938-39 was $23. No revenue anticipated for 1940-41.

Regional Planning Commission

REGIONAL PLANNING

Established by Board of Supervisors in January 1923. The Regional Planning Commission is charged with the responsibility of advising the Board of Supervisors in matters concerning the physical growth of the County of Los Angeles. Its duties are made mandatory by state law, as set forth in the Planning Act, Chapter 665, Statutes of 1937. In addition, it is also the duty of the Regional Planning Commission to administer the subdivision, zoning and building line ordinances of the county and to co-ordinate the public works programs of various departments of the county. Revenue earned by this department for the fiscal year 1938-39 was $1,495; estimated for 1940-41, $2,600.

APPROPRIATIONS $102,841

County Clerk

CLERK OF THE SUPERIOR COURT

Appointive. The County Clerk's budget covers the expense necessary in the performance of his duties as ex-officio Clerk of the Superior Court, with the exception of certain miscellaneous duties performed as County Clerk by 8 of his 239 deputies. The work volume of the department corresponds closely with that of the Superior Court. Any work volume conclusion based upon the comparative number of actions filed or tried is incorrect, unless in connection therewith consideration be also given to the character of actions filed or tried, which changes materially throughout the years. The office operates under a Fee Bill (4300a Pol. Code) and is almost self-supporting. Revenue earned by this department for the fiscal year 1938-39 was $355,147; estimated for 1940-41, $351,000.

Recorder

RECORDING DOCUMENTS FOR PUBLIC RECORD

Appointed by the Board of Supervisors. Receives, dates, copies, and returns documents desired or required to be recorded. The duties of the Recorder are prescribed by Sections 4130 to 4142C, inc., of the Political Code. The office transacts more business than any office of its kind in the United States and is self-supporting. In addition to the Recorder's division, a Land Registration and a Vital Statistics division are maintained, the former for the issuance and recording of certificates of title under the Torrens system, and the latter for records of births, marriages and deaths, prescribed by the Vital Statistics Registration Law. Revenue earned by this department for the fiscal year 1938-39 was $712,002; estimated for 1940-41, $730,000.

Clark-McNary Fire Prevention

The Clark-McNary act is a federal statute designed to promote the protection of forest and water resources and the continuous production of timber on lands chiefly suitable for that purpose. It authorizes the secretary of agriculture to cooperate with states and other agencies where systems are in effect, substantially promoting such objects, and to allot to such states portions of the appropriations provided in the act. The money is sent by the federal government to the states; California apportions its share among the counties; this county places its portion in a separate Clark-McNary fund. No tax levy is made for this fund. Revenue earned by this department for the fiscal year 1938-39 was $21,588; estimated for 1940-41, $17,800.

Charities—Bureau of Administration

GENERAL SUPERVISION OF CHARITIES

Superintendent appointive. This Department represents the administrative staff of the Superintendent of Charities, who has the responsibility for the administration of the Charities budget. The division includes the executive branch, the budget section, personnel division, and a number of operating divisions that render specialized services to the Bureau of Indigent Relief, the Los Angeles County General Hospital, Rancho Los Amigos, Olive View Sanatorium, the Division of Rehabilitation, and Medical Social Service, which combined make up the Department of Charities. The division requiring the greatest proportion of the appropriations for this bureau is the resources of Collection Division, which has been established for the purpose of recovering funds expended as Indigent Aid and medical services from relief recipients who have become self-supporting.

Charities—Bureau of Indigent Relief

ADMINISTRATION OF RELIEF TO POOR OUTSIDE OF INSTITUTIONS

This total appropriation is for the administration of material relief of families and single persons in their own homes as distinguished from medical care and treatment in the institutions. This bureau is responsible for the care of the county's unemployable relief load and for the administration of the social security program for aged persons, needy blind persons and dependent children, which program is supported by the Federal government, the state and the county. Revenue earned by this department for the fiscal year 1938-39 was $288,440; estimated for 1940-41, $315,500.

APPROPRIATIONS $2,127,121

Indigent Aid

This appropriation is for material relief to county indigent cases to whom aid must be given under the law by the County of Los Angeles. This relief is provided only to those cases who by reason of physical disability or mental incompetence are unable to obtain employment. The County of Los Angeles is not providing relief to cases who are physically able to work. All aid granted from this appropriation to cases owning property is secured by a lien against the property, and is subject to collection from either the recipient or his responsible relatives at such time as he or they are financially able to make repayment.

Rancho Los Amigos

CARE OF POOR IN INSTITUTIONS

Rancho Los Amigos furnishes institutional care for county indigents incapacitated by old age or chronic or incurable physical or mental disease. This appropriation, including outlay, provides food, shelter, medical care and nursing for infirmary, psychopathic, and general ward patients. Provision is also made in the appropriation for outside medical relief for patients in contract sanatoria. This fund supplements the income of the needy sick as necessary to procure essential medical and nursing care. Many have no income, and increasing numbers receive Old Age Security payments only. Revenue earned by this department for the fiscal year 1938-39 was $89,033; estimated for 1940-41, $84,000.

Public Library

LIBRARY SERVICE TO RURAL COMMUNITIES

Established by the Board of Supervisors, September 5, 1912, the Library gives service to residents in the territory taxed for the purpose. The area includes the unincorporated portion of the County (except Altadena Library District), and 23 municipalities. The Central Library is located at 322 South Broadway and there are 131 branches which provide reference and circulating book service for adults and children. The Library also furnishes service to institutions under jurisdiction of the Board of Supervisors, and carries contracts with 85 elementary school districts to supply books required for the County Courses of Study. Revenue earned by this department for the fiscal year 1938-39 was $31,870; estimated for 1940-41, $36,130.

History, Science and Art Department

PRESERVATION AND DISPLAY OF HISTORICAL, SCIENTIFIC AND ART EXHIBITS; PROVIDES INSTRUCTION IN ART SUBJECTS

The Museum, located in Exposition Park, was founded in 1910, and is supported by County appropriations. It is devoted to the accumulation, preservation and display of material of museum value in history, science and art. Otis Art Institute, a division of the Museum, was founded in 1918. Through night and day classes it provides instruction, at a nominal cost, in numerous major courses. Hancock Park, or Rancho La Brea, also a division of the Museum, was presented to the County in 1923. It is twenty acres in extent and from this area the remarkable collection of extinct animals in the Museum was excavated. Revenue earned by this department for the fiscal year 1938-39 was $16,128; estimated for 1940-41, $30,000.
