PREFACE

In accordance with the provisions of Sections 29000 to 29171, inclusive, of the Government Code, the Board of Supervisors herewith presents to the taxpayers of Los Angeles County, the

PRELIMINARY COUNTY BUDGET

for the fiscal year beginning July 1, 1948, and ending June 30, 1949, approved by this Board on May 6, 1948.

This Budget has been compiled in accordance with statutory provisions and shows the amounts that have been tentatively approved for Salaries and Wages, Maintenance and Operation and Capital Outlay for the various departments of the County Government; and for the requirements of the Special Districts within the County whose affairs and funds are under the supervision and control of the County Board of Supervisors.

Also included are statements exhibiting estimates of the revenues other than taxes that are expected to accrue during this fiscal period and the source thereof, and other available funds that are to be applied in the financing of this Budget.

In accordance with the provisions of Section 29080 of the Government Code, the Preliminary Budget will be again considered by the Board of Supervisors in its chambers in the Hall of Records, beginning on or about June 2, 1948, for a period not to exceed ten days, at which time any taxpayer may appear and be heard for or against any part of the Budget.

Respectfully Submitted,

BOARD OF SUPERVISORS,
LOS ANGELES COUNTY.

1948-49 BUDGET MESSAGE

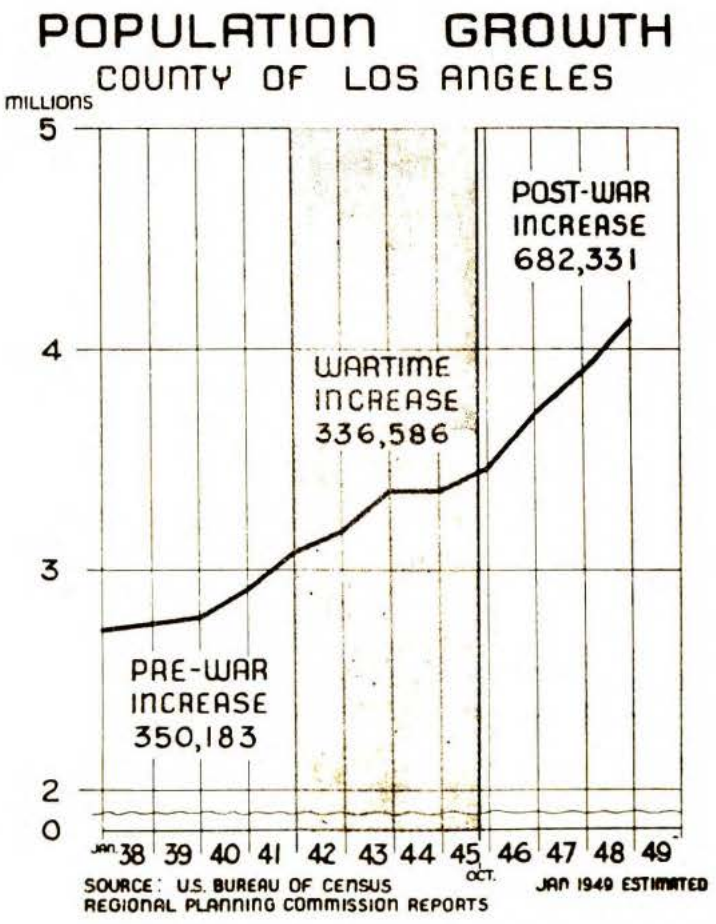

Honorable Board of Supervisors,
County of Los Angeles,
501 Hall of Records
Los Angeles, California

Gentlemen:

Herewith are my budget recommendations for the fiscal year 1948-49 for all County departments, other general County Functions, Flood Control District, Air Pollution Control District, Fire Protection Districts, and other special districts where the Board of Supervisors acts as the governing body.

The total requests are $289,668,984. I have recommended a total of $233,711,796, or a net reduction of $55,957,188.

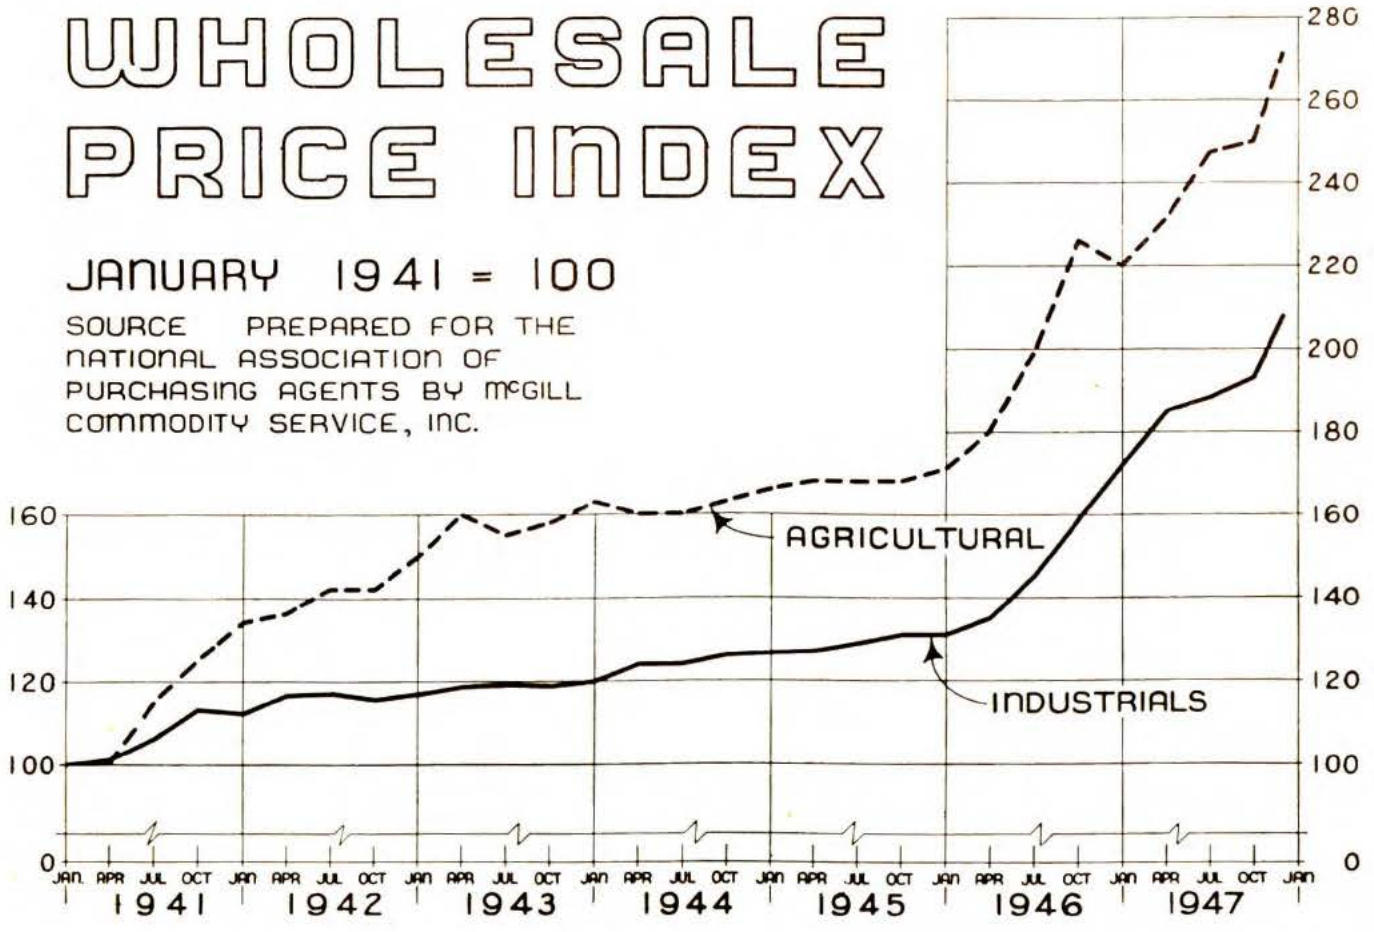

There are many items not included in my recommendations which are matters of Board policy and are so indicated in the breakdown of departmental, capital projects, and other requests. My recommendations are based on maintaining the present standard of service to the public with no additions or refinements, allowing only for the increases necessary due to population increase, commodities and wages.

The reasons for the recommended increase of $43,094,349 over the current year 1947-48 budget, which was $190,617,447, are based in every case on the necessity of increasing personnel because of the increased population with the proportionate increased amount of crime, increased number of prisoners in our jails, increased hospital beds, increased number of people receiving Aged Aid and other public assistance, and the amounts necessary to fund the increased cost of the continued inflationary spiral. Certain increases are due to mandatory legislation approved by the State Legislature or orders of the State Board of Social Welfare.

WHAT THE INCREASE WILL COST THE GENERAL COUNTY TAXPAYER

Many of the increased cost, such as Aged Aid assistance will be offset by grants of aid from the Federal and State governments; by increased license fees; by the increased revenue coming from the automobile and gasoline taxes. After apply-

ing these other revenues, $80,734,878 will be the tax levy requirment to be met by the general County taxpayer. After deducting the estimated unsecured tax collections, it will be necessary to increase the general County tax rate by approximately 22 cents per $100 assessed valuation in order to fund this increased requirement. The application of surplus which I estimate at $9,000,000 and the yield from an increase of about 10% or $450,000,000 in the assessed valuation due to the new residences, industrial buildings and other business developments in the County, should hold the rate increase to not more than 22 cents.

REASONS FOR THE INCREASE IN THE BUDGET

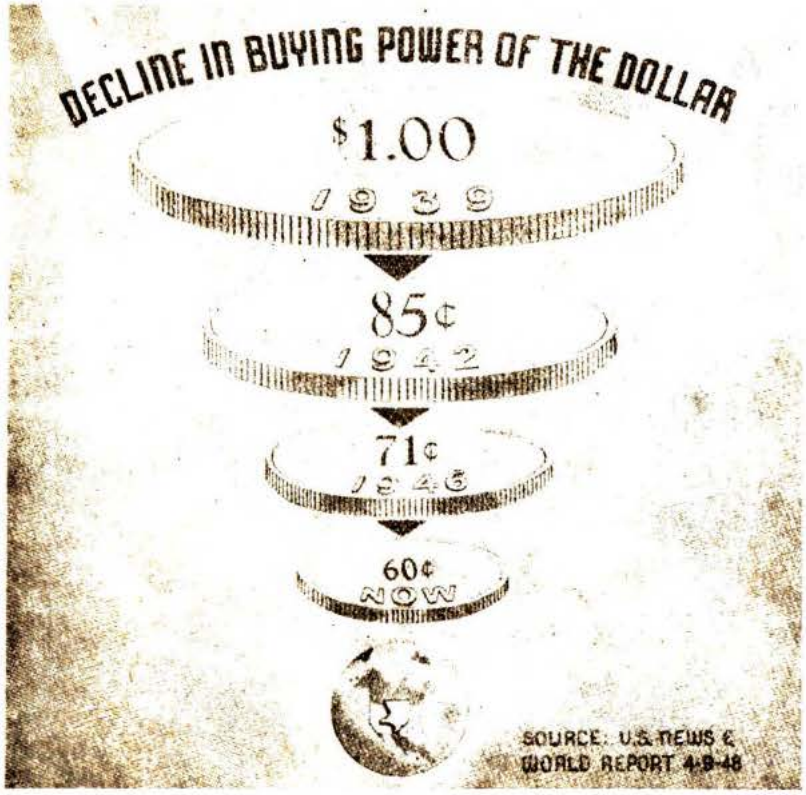

1) Additional Employees Due to the Increase in Population.

Regional Planning Commission estimates of population as of April 1, 1948, are 3,973,086 as compared with 3,747,-962 of a year ago, an increase of 6%. This increase in population necessitated adding employees to many of the departments. The Department of Charities and Institutions, the officers of the Sheriff and District Attorney, and all of the courts were particularly heavy in their demand for additional personnel. The above-mentioned departments requested 2317 added positions. I recommended the approval of 1421 on the basis of increased load. I have recommended a total of only 1773 new positions for all of the departments.

2) Increase in Costs of Maintenance and Operation Due to the Higher Prices of Commodities, Particularly of Food, Drugs, and Paper, the Three Items Used Most Extensively in Serving the Public.

We find that the wholesale price index on January 1, 1948, as compared with a base of 100 for January 1, 1941, was at 271 for agricultural products and 208 for industrial projects. This is an increase over January of a year ago of 51 points for agricultural products and 36 points for industrial products. A cartograph of the wholesale price index as furnished by the National Association of Purchasing Agents is shown in this report. This index, the Bureau of Labor Statistics Index, and the

point which was made by the United States News World report of April 9, 1948, showing the decline in the buying power of the dollar, all prove one point which each citizen knows and that is, that practically all items cost more now than a year ago. In my opinion, commodities as a whole will not decline during the ensuing fiscal year. The purchasing by the Federal Government for European relief and purchasing by the armed services for the increased and accelerated defense program should at least maintain the current cycle of prices and prosperity throughout the next fiscal year.

3) Further Increases in Salaries and Wages.

The County is required by charter to pay the prevailing wage. An exhaustive survey has been completed, the rsults of which were reported to your Board on April 20, showing an increase of $3,921,440 or 6.7 per cent. In addition tc this sum there should be added $741,720, representing the increases in salaries for judges and personnel of the Superior and Municipal Courts granted by the Legislature of the State of California after last year's budget had been adopted by the Board of Supervisors. In a subsquent paragraph I give a more detailed explanation of the recommended increases in salaries and wages.

4) Increased Cost of Public Assistance.

This is largely in Aged Aid, the details of which will be covered later.

5) Construction of Certain Highly Essential Projects.

Certain projects cannot be deferred longer, particularly the Court Building, the Psychopathic Hospital, Juvenile Hall and the new facilities to care for the heavy tuberculosis load.

The State will provide as revenue on a matching basis $4,712,380 toward the cost of these projects.

6) Increased cost of Retirement Plans for County Employees.

(a) Increased cost of the Peace Officer's Retirement System, $298,000 more than last year.

(b) Increased cost of the general County Employees' Retirement System, $914,000 more than last year.

HOSPITALIZATION AND RELIEF

The County will increase the number of hospital beds from 8754, as authorized on July 1, 1947, to 9689. While a large part of this increase can be explained as a result of the increase in population, it must be further explained that the recommended budget covers 638 additional beds for tuberculosis. If this budget is approved, 98 additional beds will be added at Olive View Sanatorium and 540 beds at Harbor General Hospital, by reason of the utilization of war surplus buildings.

Even this increase of 935 beds, involving an increased expenditure of $4,245,685, or 19½%, will not cover the needs of this County.

CATEGORICAL AIDS

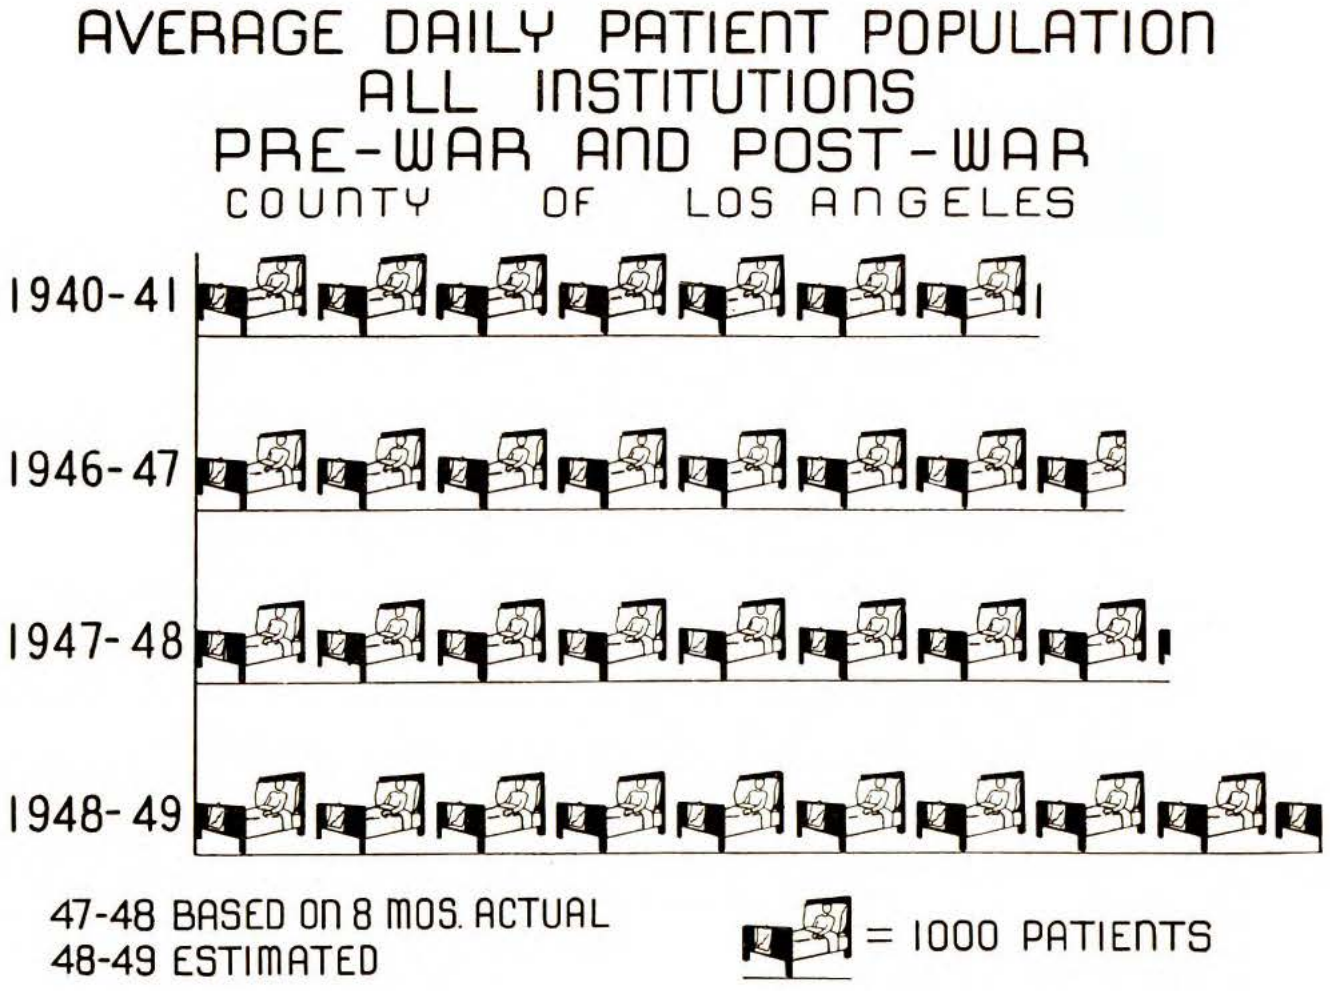

The combined recommendations for the categorical aid program will provide for an average of 12,421 cases more than budgeted in the current year. The total of the recommendations for the three types of aid is $75,639,435, an increase of $9,183,036 over the 1947-48 appropriation. However, this is more than offset by increased State participation, which will produce $9,553,375 in additional revenue.

GENERAL RELIEF

I am recommending $9,642,776 for General Relief. The Superintendent of Charities originally requested $12,452,477. I had several conferences with Mr. Will, at which time I emphasized my opinion that the European Recovery Plan and the accelerated National Defense Program would keep employment in the present cycle and that General Relief should be limited basically to last year's budget.

The amount recommended is up 5% on single persons and 15% on family cases. This represents the cases now on the County's public assistance rolls, plus an addition of 90 families a month, or a total of 13,642 average monthly cases, which has been allowed as a projection of the increase in population next year, and therefore, the projected increase in the number of persons to be aided.

If employables should be added on a general basis, this recommended budget would, of course, be insufficient.

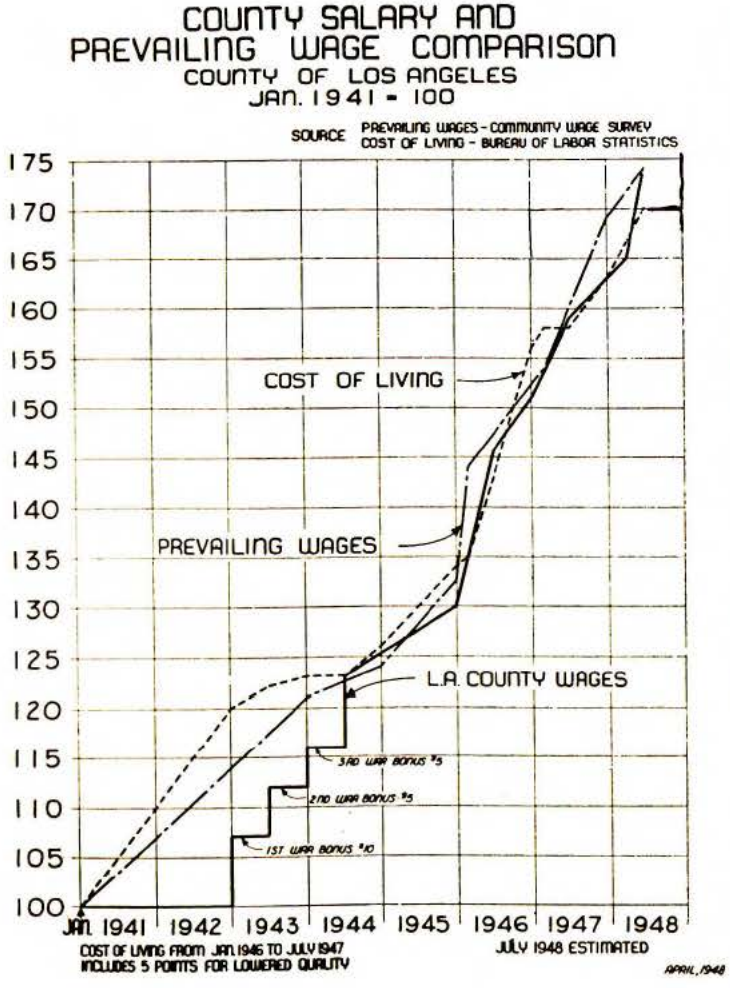

RECOMMENDED INCREASES IN SALARIES AND WAGES

The recommended increase in Salaries and Wages appropriation, due to increased wages as differentiated from the over-all increases due to increased number of positions, is $3,-921,440, or an over-all increase of 6.7 per cent.

These recommendations are made as a result of an exhaustive survey conducted by my office, together with the City of Los Angeles, Los Angeles City Board of Education, Los Angeles City Housing Authority, and the State of California. Supplementing the joint survey, my office also conducted studies on strictly governmental positions comparing such positions with salaries paid by other cities, counties, and states throughout the united State.

The above-mentioned surveys and analyses are made for the Board to establish factual information in compliance with the provisions of the Los Angeles County Charter, which requires that the County employees be paid "a salary or wage at least equal to the prevailing salary or wage for the same quality of service rendered to private persons, firms or corporations under similar employment in case such prevailing salary or wage can be ascertained."

Basing my recommendations for salary rates on the prevailing salary or wage range is further strengthened through the fact that the inflationary spiral in living costs is reflected within the prevailing wage range for positions.

It is interesting to note that of the recommended increase of $3,-921,440, based upon the past analyses of prevailing rates paid by private industry and for strictly governmental positions by other governmental jurisdictions, $2,968,890 or 76% goes to positions in the County service earning $303 a month or less.

No recommendation is made by me on salaries for top-bracket employees, i.e., department heads and chief deputies. Salaries for these positions are left as a matter of individual consideration and decision by the Board of Supervisors.

The going rate of pay must be paid if the County is to expect to employ and retain the services of qualified and experienced personnel. The recommendations follow the general national trend of a third round of increases within industry. The accompanying chart indicates how well the recommendations are keyed into the prevailing wage pattern of the community wage survey. The average pay under the recommended schedules will be $241.04, as compared with $226 on January 1, 1948.

Since the survey has been completed, the Southern California Gas Company, the Southern Counties Gas Company, the Ladies Garment Workers, electrical workers in some local plants, fisheries and canneries in San Pedro and Wilmington, and independent meat packers, etc. have increased–for instance, the new Gas Company rate for Janitors in Los Angeles is $230.30 a month, and a Helper, $237.53 a month—compared with the average found to be paid in this area based upon our County-wide survey of $183 a month and $216 a month, and my recommendation of $190 a month and $216 a month, respectively.

Negotiations between employers and the unions are still pending among some of the major industries for a third round of major wage rate boosts. An example is the current threatened railroad strike, where employees of three major brotherhoods have refused to accept the 15½c an hour increase determined by the National Fact Finding Board, and threaten a strike for 30c an hour, although two brotherhoods accepted and the railroads have agreed to pay the 15½c an hour, $27.28 a month boost. This proves to me that the recommendations on salaries and wages made as a result of our salary survey are conservative and that prior to the adoption of the final budget it may be necessary to make further adjustments in order to hire the employees necessary to perform the County's business.

Undoubtedly there are a few errors which would occur naturally in making recommendations covering over 22,000 employees, and such errors must be adjusted downward or upward, in accordance with the facts that may be presented.

EXPENDITURES FOR CONSTRUCTION, NECESSARY REPAIRS, AND EQUIPMENT

Requests for items of construction, necessary repairs, and equipment carried under the legal designation of "Capital" amount to a total of $60,631,641

I am recommending a total for the forthcoming fiscal year of $18,075,929

The sum of $12,219,088 is required to fund the new Superior Court Building, new Juvenile Hall, new Psychopathic Hospital, purchase of land for the new Municipal Court, other court buildings, and the construction of one incinerator, all representing items on which the Board has made definite commitments.

After funding of the items as listed above, I am recommending the expenditure of . . . . . $5,856,841 which includes the Maximum Security Unit at Castaic, toilet facilities for beaches, improvements to park and recreation areas, 540 beds for tubercular patients at Harbor General Hospital, etc.

Of the requests for equipment, motor vehicles, and necessary additional furniture and office files for the increased personnel totaling $2,280,273
I am recommending $1,116,563
a cut of $1,163,710

This particular cut has been effected by the co-operation of all of the department heads in County service agreeing to defer replacement in order to aid the Board of Supervisors to fund the construction of the new Superior Court Building.

Certain items, such as the construction of additional branch civic centers next year, additions to the Museum, certain additional recreational areas, and the community buildings therein, are not included in the totals, these being items of general policy. Those items, desired can be either included in the Preliminary Budget as it goes to the printer, or added during the period of the public hearings prior to the adoption of the Final Budget.

The total construction and repair projects of $18,075,929 recommended will be partially financed through State assistance for court building sites and plans, Juvenile Hall Building site and plans, and hospital site acquisition, to the total of . . . . . $578,608 so-called Chapter 47, Statutes of 1944, money from the State of California and . . . . . $4,447,380 from Chapter 20, Statutes of 1946, money from the State of California.

These are matching funds for hospitals, incinerator, and Juvenile Hall construction.

In this book appear merely the summary of the requests, the totals recommended, those not recommended, and those which must be determined by the Board as a matter of policy. The line-by-line detail appears in another volume as Appendix "A". In the treatment of this subject in the volume on Capital Projects, the items involved were discussed with department heads and the action which I have taken in not recommending certain funds requested is with the knowledge of the department heads involved. Many of the items eliminated are important and necessary now, but in view of the large capital program being recommended, the department heads generally agreed to defer certain of their requests for next year.

APPROVAL OF PRELIMINARY BUDGET

I recommend that the Board approve the departmental budgets where the department heads have agreed, in order that the printing may start immediately of those budgets on which there are no points of policy to be determined by the Board. These are budgets where nothing need be added, and where if anything is to be eliminated, such elimination can be made by the Board during the Final Budget hearing.

Where the department head does not concur with my recommendations and there is need for policy decisions by the Board, such Department Head should be heard on May 5 and 6 in accordance with the time schedule already established by the Board. The Board should also make such corrections or additions as are necessary to the Parks and Recreation budget, the Capital Projects budget, the Aid to Other Governments and Non-Profit Organizations budget, and the Exploitation budget.

Additions or deletions not made during the period of May 4, 5, and 6, may be made during the public hearings on the Final Budget if the items in question are submitted to the Board of Supervisors in writing.

If the printed copies of the budget are to be filed in time to start the formal public hearings on Wednesday, June 2, approval for the printing of the Preliminary Budget must be authorized by May 7.

By law, ten days must elapse between the time printed copies of the budget are available to the public and the time and Final Budget hearings can be started. The public is allowed ten days for public hearings, but this period may be shortened if there are no applications for hearing on file and if there is no one present to speak on the budget.

With the Board ordering the Preliminary Budget to be printed as hereby submitted, with such additions or deletions made to include action as of Friday, May 7, the following schedule can be maintained:

May 20: Printed copies of the Preliminary Budget for 1948-49 be available to public

June 2: First day of public hearings on 1948-48 Preliminary Budget

June 12: Close of public hearings (unless hearings are closed sooner due to the fact that no applications are made for hearing or no citizen is present requesting to be heard)

June 30: Final Budget must be adopted before July 1.

Respectfully submitted,

WAYNE ALLEN

Tax Collector

COLLECTING TAXES AND LICENSES

Appointive. The Tax Collector is charged with the responsibility of collecting and distributing current, delinquent, and unsecured personal property taxes. Where taxes are uncollected it is necessary to prepare a delinquent roll, advertise the list of delinquent properties and report to the State Controller all properties sold to the state for the initial year's delinquency. The Tax Collector must conduct all sales of delinquent property after due notice to owners, and issue all deeds. Under a charter provision the Tax Collector acts as license collector and collects all business and regulatory licenses. The item of advertising and publication of delinquent properties and other notices is mandatory.

Purchasing and Stores Department

SERVICE TO COUNTY DEPARTMENTS AND CUSTODY OF SUPPLIES

The Purchasing and Stores Department makes all agreements, places all orders and generally attends to the merchandising needs of the county. It operates a general store which receives, checks, weighs, inspects, stores and delivers materials and supplies to the county departments. Deliveries are made to fill the needs of the various departments based on requisitions received, including food for the many institutions. The department also sells old salvage and property no longer required for County service. In the fiscal year 1947-48 this operation produced $297,000 in revenue. A central bookbinding and duplicating service is also operated under a separate budget.

County Clerk

CLERK OF THE SUPERIOR COURT

Appointive. The County Clerk's budget covers the expense necessary in the performance of his duties as ex-officio Clerk of the Superior Court as well as certain duties performed in the Marriage License and Corporation Divisions. The work volume of the Department corresponds closely with that of the Superior Court. The Clerk's Office operates under a Fee Bill (4300a Pol. Code), and is almost self-supporting.

Recorder

RECORDING DOCUMENTS FOR PUBLIC RECORD

Appointed by the Board of Supervisors. Receives, dates, copies, and returns documents desired or required to be recorded. The duties of the Recorder are prescribed by Sections 4130 to 4142C, inc., of the Political Code. The office transacts more business than any office of its kind in the United States and is self-supporting. In addition to the Recorder's division, a Land Registration and a Vital Statistics division are maintained, the former for the issuance and recording of certificates of title under the Torrens system, and the latter for records of births, marriages and deaths, prescribed by the Vital Statistics Registration Law.

Farm Advisor

FURNISHING AGRICULTURAL INFORMATION TO THE PUBLIC

The Farm Advisor's Deparment gives to farmers the result of agricultural research of the University of California and the United States Department of Agriculture. Lectures, demonstrations, farm calls, letters, telephone calls, bulletins, etc., are the means used to disseminate agricultural information to the farmers. The county provides clerical and stenographic assistance, while the University of California pays the salaries of the Farm Advisor and his technical assistants.

Pound Department

IMPOUNDING OF STRAY ANIMALS AND LICENSING OF DOGS

The County Poundmaster operates under a county ordinance providing for the licensing of dogs and the regulation and impounding of dogs and other animals in unincorporated territory. This department also places unlicensed dogs in such shelters and pounds as are designated by the Board of Supervisors. Certain fees, fines and penalties are collected for the care of dogs and other animals at the Pound.

CARE AND TREATMENT OF CONVALESCENT AND CHRONIC PATIENTS

Rancho Los Amigos is a hospital for chronic and convalescent patients of all ages, transferred from other facilities of the Department, for post acute care. This includes extended treatment of severely paralyzed post-poliomyelitis, medical and orthopedic cases, as well as those with mental disease. There are two branches, one at Acton and one at Warm Springs, for ambulatory patients. The appropriation covers emergency surgical service for traffic and police cases. It provides also for supplementing the income of needy sick as necessary to procure care in private sanatoria.

Indigent Aid

RELIEF TO UNEMPLOYABLE INDIGENTS

This appropriation is for material relief to county indigent cases to whom aid must be given under the law by the County of Los Angeles. This relief is provided only to those cases who by reason of physical disability or mental incompetence are unable to obtain employment. The County of Los Angeles is not providing relief to cases who are physically able to work. All aid granted from this appropriation to cases owning property is secured by a lien against the property, and is subject to collection from either the recipient or his responsible relatives at such time as he or they are financially able to make repayment.

Mental Health Department - Court Wards

CARE OF MENTALLY DISORDERED

Under order of the judge of the Superior Court, the budget of this department is expended in providing care for patients adjudged mentally ill, as defined in the Welfare and Institutions Code. These patients have been found to be indigent and in need of custodial care tending to rehabilitate, as they are not committable to state hospitals for the insane. This budget must also supplement the Old Age Security in providing care for senile cases requiring custodial placement. Mandatory. (Sec. 5077 W. & I. Code.)

Wayside Honor Farm

CUSTODY OF PRISONERS

The Wayside Honor Farm is a subsidiary of the County Jail. Its function is to rehabilitate prisoners, relieve crowded conditions in the Jail, and the production of provisions for use in feeding prisoners. This budget also provides necessary expenditures for the six months operation of a new temporary maximum security unit. The unit, although located at the farm, will be separate from the farm program proper; prisoners will remain segregated.

County Art Institute

INSTRUCTION IN FINE AND INDUSTRIAL ARTS

The Los Angeles County Art Institute (formerly Otis Art Institute), located at 2401 Wilshire Boulevard on the western boundary of General Douglas McArthur Park, was founded in 1918. The Institute functioned as a Division of the Los Angeles County Museum until March 13, 1947, when it was reestablished as a separate County Department with a Director and Advisory Council of five. The Institute furnishes instruction in the Graphic, Plastic and Industrial Arts under eminent professional artist instructors at moderate tuition rates.

Public Library

LIBRARY SERVICE TO URBAN AND RURAL COMMUNITIES

Established by the Board of Supervisors September 5, 1912, the Library gives service to residents in the territory taxed for the purpose. The area includes all of the unincorporated portion of the County (except that within Library Districts) and 22 municipalities. The Central Library is located at 322 South Broadway and there are 131 service outlets which provide reference and circulating book service for adults and children. The Library also furnishes service to institutions under jurisdiction of the Board of Supervisors.

Los Angeles County Museum

PRESERVATION AND DISPLAY OF HISTORICAL, SCIENTIFIC AND ART EXHIBITS

Founded in 1910, and situated in Exposition Park, the Museum receives its entire operating budget from County appropriations. Material for exhibition is purchased very largely from private funds. The Museum is an educational institution for the acquisition, investigation, preservation, publication, display and educational use of valuable historical, scientific or art material. Hancock Park, site of Rancho LaBrea, which is under the administration of the Museum, was a gift to the county in 1923 by Captain G. Allan Hancock. Its twenty acres constitute the largest known source of late Ice Age flora and fauna, much of which is on view at the Museum.

Soldier Burials

BURIAL OF U. S. SOLDIERS AND SAILORS

Under an Act of the California State Legislature, approved March 15, 1889, each county must pay the funeral costs for any honorably discharged soldier, sailor or marine, and the widows of any such veteran, who die without sufficient means to defray the burial expenses. This expenditure, which is mandatory, also provides for the perpetual care of graves. The Federal Government provides for the burial of veterans of World Wars I and II.

Shop and Warehouse Building, (2385)—Repairs to replace portions of building which have been damaged by fire.			
Total Charities—General Hospital			
Charities—Harbor General Hospital (4)			
Administration Building, Alterations (Laco Building No. 2063), (2941)—Linoleum will materially reduce maintenance of the wooden pine floors. Replacement of lighting fixtures with modern type and the reduction of noise by approximately 70% will substantially increase employee efficiency and morale.			
Auditorium Building, Hardwood Flooring, (Laco Building No. 2092), (2930)—Existing pine floor, not covered with linoleum nor any other floor covering, has deteriorated to such an extent as to require replacement. Hardwood flooring will reduce maintenance costs to a minimum.			
Mastipave, or equal, floor surfacing (300 ± sq. yds.)			$ 400
Boiler House, Plaster, (2812)—To provide minimum fire resistance and reduce fire exposure to Ward Buildings.			
Boiler Room, Catwalk and Platform, (2813)—To eliminate combustible material and to provide additional fire protection.			
Culverts and Fill over Drainage Ditches (2690)—To ensure rapid evacuation of patients in emergency as recommended by the Safety Engineer.			
5 culverts over ditches			$ 400
Curbing of Parking and Landscape Areas, (2937)—To prevent destruction of certain specific areas from erosion and undermining by rainfall and irrigation.			
Drainage System, Sub-surface Auxiliary, (2932)—This area has flat topography averaging less than 0.5%. The soil types vary so that absorption is negligible. It is necessary to discharge surface water into the primary drainage system.

Electrical Circuits, Emergency, Relocation of, (2939)—There is definite need for emergency electrical service in the Admitting Ward, A-7, and Maternity Ward, E-6. This project will provide emergency electrical service at four strategic locations: i.e., Surgery, Admitting Ward, Maternity Ward, and Steam Plant.			
Relocation of emergency electrical circuits including overhead wiring, poles, crossarms			$ 970
Electrical Distribution System, Overhead, Repairs to, (2940)—Overhead distribution system, installed under the stress of war-time conditions, has deteriorated rapidly. Insulators show evidence of flashovers or arcing and should be bonded. This overhead primary system carries 11,000 volts and must be kept in top condition.			
Inspection and repairs to overhead electrical distribution system			$ 2,175
Fire Department Headquarters, Improvements, (Laco Building No. 2122), (3062)—To provide better living quarters for firemen on duty and the call men who occupy part of building used as dormitory.			
Formula Kitchen, E-5, (3066)—Ward kitchen now used for this purpose as a temporary expedient is not designed for efficient operation as a formula kitchen.			
"G" Wing Connecting Ramp, Floor Covering, (2949)—"G" Wing of buildings to be tuberculosis facility is subject to State subsidy. Ramp floor not considered adequate to carry traffic required to serve this Wing. Covering will reduce noise and personnel fatigue.			
Floor covering "G" Wing connecting ramp:			
Marine-type plywood (5,400 ± sq. ft.)			$ 1,950
Mastipave, in place (575 ± sq. yds.)			950
Garbage Collection Center, (2961)—To centralize collection of garbage at one location. This facility will be located in a remote portion of the hospital grounds, away from other routine hospital functions.			
Gas Mains, Extension of, (2953)—To provide gas outlets in ward laboratories to accomplish routine tests required for patients' care. Functioning of ward units will lighten load in main Clinic laboratory.			
Extension of gas mains including 2,000 ± lin. ft. of black iron pipe, 1¼ inch and smaller with fittings, valves, and outlets			$ 1,175
Guard Signal System, (2956)—To provide a visible signal system to flag guards on patrol duty not otherwise convenient to locate. The fact that the hospital buildings extend over a considerable acreage indicates the necessity for a means of rapid contact.			
Guard signal system including 13,000 ± ft. of wire, 3,000 ± ft. of conduit, 28 fixtures and accessories		$ 200	$ 1,900

Gynecological Ward, E-4 Improvements, (3067)—None of the wards are adaptable to the care and treatment of gynecological conditions without extensive alterations.			
Improvements, Gynecological Ward E-4 (LACO 2095) includes partitions for treatment room, one stainless steel sink			$ 1,700
Loading Docks, Enclosed, (2818)—To provide for truck pick-up service to Wards.			
Main Road and Laterals, Resurfacing, (2935)—To preserve present base; thin top surface is inadequate for increased traffic load. Wear and tear of traffic, plus the elements (hot sun, heavy rains) may deteriorate investment originally laid in year 1943.			
Resurfacing main road and laterals (9,000 ± lin. ft., 20′ wide) with 1,400 ± tons of premix paving material			$ 5,500
Nurses' Quarters, A-12, A-10 Improvements, (3068)—Nurses now occupy unfinished buildings with studs exposed on interior and without closets. Sufficient toilet and bathing facilites are unavailable.			
Occupational Therapy Building, Improvements, (3061)—Occupational Therapy is recognized as an important phase of the total therapeutic program, particularly in the case of aged patients.			
Oxygen Manifold and Housing, (2963)—On Pediatrics Service, oxygen administration at patient's bedside is not feasible due to cubicle arrangement. By piping oxygen to bedside from manifold, limited space can be utilized to maximum advantage.			
Addition to existing structure to house oxygen manifold (120 ± sq. ft.)			$ 1,650
Paint Exterior of Buildings, (2942)—Buildings erected in 1943, finished with painting materials available under war-time restrictions, need a renewed preservation to protect exterior surface against salt spray carried by prevailing winds and the excessive fogs prevalent in this area.			
Painting exterior of 68 buildings (30,000 ± sq. yds.) with 2 brush coats; 1,500 ± gallons of paint			$ 19,500
Paved Areas, Extension of, Various Locations, (2650)—To provide additional employee parking space and to allow for vehicular access to various unpaved areas to be converted for specific purposes.			
Extension of paved areas requires 1,050 ± tons of base and paving material			$ 3,975

Pediatrics Ward, Improvements, (3065)—Open wards do not permit necessary segregation of children by age groups. Inadequacy of present facilities has made it necessary to refer many pediatrics cases to the General Hospital.			
Improvements, Pediatrics Ward (LACO 2083) includes partitions for new treatment room and examination cubicles, enclose porch with CVTG ceiling, lower panels; glass, upper panels, and necessary plumbing to reinstall 8 lavatories			$ 2,400
Pharmacy, A-6, Improvements, (3060)—Pharmacy and Surgery now housed in same building with both functions cramped for space. Imperative that Pharmacy be moved to new location to permit expansion of both activities.			
Sewer Manhole Frames and Covers, Replacement of, (2938)—To replace existing concrete frames and covers which are considered unsafe due to the ill-fitting covers and the fact that some are now in locations exposed to traffic due to the extension of paved areas.			
12 Sewer manhole frames and covers			$ 660
Shelter for Laboratory Animals, (2822)—To prevent deaths of laboratory animals due to exposure.			
Sidewalks, Concrete, Various Locations, (2952)—To provide sidewalks for pedestrians at main entrance to grounds; at various other ward entrances and connecting walks between buildings. Public now uses road, paths and lawn.			
Concrete sidewalks (3,000 ± sq. ft. 4" deep)			$ 900
Social Service Building, Improvements, (3064)—Social service now occupies an unfinished building and working conditions are extremely poor.			
Sprinkler Water Lines, Automatic, Paint, (2951)—To refinish, preserve, and protect exterior of pipes from rust by elements and condensation. Approximately 900 lin. ft. of new construction has never been painted.			
Painting automatic sprinkler pipes			$ 580
Steam Distribution System, Improvements, (2950)—Installations of new valves are urgent to provide means of valving off portions of distribution system without complete shut down of plant.

1 concrete vault (100 ± sq. ft.) (part of safety program sponsored by Mechanical Department)		$ 150	$ 1,500
Street Lighting System, Modernization, (2931)—Present installation is inefficient and inadequate. Traffic by ambulances and private vehicles destined for the Admitting and Maternity Wards and changing midnight shift of employees has increased so that better lighting is required for safety and security.			
Surgery, Air Condition, (2821)—To eliminate or reduce hazard of explosions of anaesthetic gases and to conform to State Fire and Safety Regulations.			
Air conditioning system		$ 300	$ 4,100
Surgery Building, Improvements, (3063)—As a temporary expedient, Central Supply was set up in a building designed as a Post Office. No permanent improvements have been made in anticipation of change of location. Activity should be under direct supervision of Surgical Department.			
Improvements, Surgery Building (LACO 2064) includes partitions, cabinet work, storage cupboard, one stainless steel sink			$ 1,350
Toilet Facilities, Employee, (2830)—Present toilet facilities in the main kitchen are inadequate and located in an area required for projected remodeling of the kitchen.			
Toilet Facilities, Patient, (2819)—No adequate toilet facilities are available in the building through which patients are admitted to the hospital.
