P R E F A C E

In accordance with the provisions of Section 29000 to 29144, inclusive, of the Government Code, the Board of supervisors here with presents to the taxpayers of Los Angeles County, the

COUNTY BUDGET

for the fiscal year beginning July 1, 1990, and ending June 30, 1991, adopted by a resolution of this Board on August 7, 1990.

This Budget has been compiled in accordance with statutory provisions and shows the amounts that have been approved for Salaries and Employee Benefits, Services and Supplies, Other Charges, Fixed Assets, Other Financing Uses, Residual Equity Transfers and Intrafund Transfers for the various departments, accounting or organizational units of County Government; operating plan for aviation, hospital, marina, transit and waterworks districts enterprise funds; and for the financing requirements of the Special Districts within the County whose affairs and funds are under the supervision and control of the County Board of Supervisors.

Also included are statements exhibiting estimates of the revenues, including property taxes, that are expected to accrue during this fiscal period and the source thereof, and the available fund balances that are to be applied in the financing of this Budget.

As a matter of general information to the public, and in response to requests for such information, there has been added to each department budget an explanatory note giving a brief synopsis of the work performed by the department or the purpose for which the appropriation was made. To those who desire more specific information with respect to the various functions, it is suggested that your communication be addressed to the head of the department.

Respectfully submitted,

BOARD OF SUPERVISORS
LOS ANGELES COUNTY

1990-91 Adopted Budget

The 1990-91 Adopted Budget maintains all priority programs supporting the Department's mission as described above. The Budget reflects the reduction in costs associated with vacant budgeted positions (required to absorb the negotiated salary increase), reduction in vendor related costs (due to the conversion from a timesharing database system to an in-house departmental financial management information system), as well as additional revenues for services rendered to billable clients.

Other Protection

The Director of Animal Care and Control, under County ordinance, provides for the licensing of dogs and the regulation and impounding of dogs and other animals in the unincorporated territory of the County and in contract cities. Department places unlicensed dogs in shelters designated by the Board of Supervisors. Placement, lost animal recovery, and public education programs are also provided through the shelters. In addition, the department operates 5 spay and neuter clinics. Appropriation includes an amount to provide reimbursement to owners for livestock destroyed by dogs. Costs are offset by revenue from dog licenses plus fees, fines and penalties collected for the dogs and other animals in the shelters.

The Arboretum is a botanical and historical preserve that was acquired by the State and County on a matching basis in 1947. On Jan. 1, 1988, pursuant to Government Code Section 14673.7 the State transferred all interest in the State and County Arboretum in Arcadia and the Lux Arboretum in Monrovia to Los Angeles County as long as the County continues to maintain the facilities for public park and recreation purposes. In conjunction with the development of 120 acres for public use, botanical research projects are conducted on the introduction, propagation, growing, testing and demonstration of trees, grasses and plants. The department also operates Descanso Gardens, South Coast Botanic Gardens and Virginia Robinson Gardens.

1990-91 Adopted Budget

The 1990-91 Adopted Budget reflects the consolidation and transfer of the Marina Enterprise Fund to the Department of Beaches and Harbors' General Fund budget unit. It also reflects negotiated increases in salaries and employees benefits; continuation of contracting, marketing efforts and lease negotiations including administration of leasehold condominium Sales at Marina del Rey. Decreases in services and supplies and in equipment needs, a net increase in revenue from beach agreements, concessions and permits, result in a reduction in net County Cost. The decrease in State bond and other grant-funded beach refurbishment projects is offset by a decrease in revenue from State grants.

1990-91 Adopted Budget

The 1990-91 Adopted Budget for Administration reflects a reduction of State funding. Staffing will be maintained at the 1989-90 level. No layoff will be required due to vacancies in the department.

The Assistance Payments budget reflects an appropriation increase of \$59.2 million which is primarily attributable to projected caseload growth and reform of the State payment rates for the AFDC-Foster Care Program. Caseloads have been conservatively estimated and reflect projected levels of reimbursement from State and Federal Sources.

Aid Programs/Other Assistance

The Assistance Payments budget unit consists of four components which give direct aid and assistance to recipients, either in the form of cash payments, social services, or through contract agencies. They are subsidized primarily by State and Federal funds. Foster Care provides financial assistance to children in protective custody who are placed in foster homes; it is a component of the Aid to Families with Dependent Children program. Adoption Assistance provides aid to prospective adoptive parents for the adoption of special needs children. Seriously Emotionally Disturbed Children Program provides out-of-home placement for children who are not dependents of the juvenile court, but require placement in order to receive specialized education. Child Abuse Prevention Program (authorized by AB 1733) provides funding for contract agencies to serve high risk children.

1990-91 Adopted Budget

The 1990-91 Adopted Budget for the Department of Health Services (DHS) continues to provide for the redirection of funding to critical patient care programs, allows for minimal increases in appropriation for salaries and employee benefits and other ongoing costs associated with operations, and ensures the receipt of AB 8 and California Health Care for Indigents Program (CHIP) funding. It also finances increases in DHS to provide for critically needed trauma and emergency services, prenatal and obstetrical care, corrections of hospital deficiencies, immunization program expansion and AIDS outpatient services.

The Adopted Budget does not reflect a cost-of-living adjustment to the AB 8 program as a result of State budgetary actions and creates a \$9.6 million shortfall in the County's program. In addition, the State reduced the level of funding to the MIA program (\$175 million statewide; \$72.2 million to this County) while providing counties the ability to increase revenues from other sources. However, even with these sources, the County is able to only partially mitigate the funding losses in DHS. At the same time, the major financing elements of State Legalization Impact Assistance Grant (SLIAG) and CHIP funds in the DHS budget have remained at a virtually static level from the prior fiscal year.

These funding issues coupled with increasing costs associated with the provision of health care services has necessitated service reductions and shifts in program emphasis to meet the most critical patient care needs.

1990-91 Adopted Budget

The 1990-91 Adopted Budget reflects increases in salaries and employee benefits and ongoing maintenance costs for Patriotic Hall. Offsets are primarily from additional revenue in Veterans' Claims and Welfare Referral and Senior Medical Outreach Programs.

MUNICIPAL AND JUSTICE COURTS--SUMMARY

Municipal Courts, established pursuant to Assembly Constitutional Amendment #49 approved by the electorate in the 1950 General Election, operate in judicial districts of 40,000 population or more as created by the Board of Supervisors. Salaries for judges and attaches as well as staffing requirements are established by statute. All salaries and expenses of the municipal courts are a charge against the County. Court expenses include interpreter and jury fees; mileage; reporting and transcribing fees; and witness fees and expenses; and indigent defense costs.

Justice Courts, established pursuant to Assembly Constitutional Amendment #49 approved by the electorate in the 1950 General Election, operate in judicial districts of less than 40,000 population as created by the Board of Supervisors. Salaries for attaches as well as staffing requirements are fixed by the County. All salaries and expenses of the justice courts are a charge against the County.

The Museum of Art, established by County Ordinance, administers the Museum of Art Complex in Hancock Park. The facilities, opened in 1965, were financed by the Museum Associates, a private non-profit corporation, and made a gift to the County by this group. The Museum Associates acts as the governing body of the Museum of Art subject to the directions of the Board of Supervisors. The primary purpose of the Museum of Art is the preservation, safeguarding and display of the permanent art collection. The Museum of Art conducts special exhibitions and a varied education program designed to enhance the public's knowledge and appreciation of art.

The Museum of Natural History administers and operates the Los Angeles County Museum facility in Exposition Park and the Hancock Park, site of Rancho La Brea, except that area of the Park devoted to the Los Angeles County Museum of Art. Operating funds are provided from County appropriations with material for exhibition provided largely from private sources. The Museum is an educational institution for the acquisition, investigation, preservation, publication, display and educational use of valuable historical or scientific material. Hancock Park, deeded to the County in 1923, contains the largest known source of late Ice Age flora and fauna.

1990-91 Adopted Budget

The 1990-91 Adopted Budget reflects various cost increases to provide funding for new and continuing programs of Countywide benefit including the Business License Collection Service Program, Countywide Timekeeping Payroll Personnel System, and the Tax and Revenue Anticipation Note Program and continues to reflect contingency appropriation and revenue to provide for Board flexibility. Also, it reflects a reduction to interest revenue due to the decline in interest rates.

1990-91 Adopted Budget

The 1990-91 Adpted Budget reflects a net increase of 231.5 positions due to increased workload. The Budget also provides for the transfer of the adult Protective Services Program funds and positions to the Department of Community and Senior Citizens Services. Appropriation increases reflect the additional salaries plus increased assistance payments in the Aid to Families with Dependent Children and Indigent Aid Programs. The increased County Cost is primarily attributable to the caseload growth for the Indigent Aid Program as this Program is 100 percent County financed, while the other programs are financed primarily by the State and Federal governments.

The assistance payments caseloads have been conservatively budgeted.

Revenue increases are based upon projected levels of the reimbursement from State and Federal Sources for eligible public assistance and social services program.

Under authority of the State law the County can acquire larger size pipe and outfall sewers than immediately required to serve the property being improved. The subdivider, individual or Improvement District is reimbursed by the County a proportionate share of the cost incurred by additional size or length of such lines. The County, in turn, recovers its cost in future years as charges are made to other property owners for the subsequent use of the enlarged facilities.

JOINT POWERS AUTHORITIES (JPA'S) AND
NONPROFIT CORPORATIONS (NPC'S)

To accomplish long-term financing requirements for capital improvements, counties may enter into agreements with Joint Powers Authorities and Nonprofit Corporations to construct or acquire facilities on behalf of the counties. The JPA or NPC enters into the long-term financing by issuing bonds or certificates of participation. The County then leases the facility with lease payments being structured to meet the obligations of the JPA or NPC. Upon retirement of the long-term debt instruments, title to the property is transferred to the County.

The following display identifies those projects which have been or are proposed to be financed through the mechanism described above. These projects represent priorities but involve investments which exceed the cash-financing capabilities of the County.

Frequently, in the case of capital construction, substantial expenditures are required before fixed-price construction contracts can be awarded. Permanent long-term financing is not a possibility during these initial project phases as bonds cannot be properly sized. Therefore interim financing, in the form of Bond Anticipation Notes (BANS) becomes necessary. The following display shows total estimated project costs, that portion of the project which can be paid directly from bond proceeds (revenue), and calculates to the interim financing or BANS requirements.

ACTIVITY
Health

This fund provides limited payment to private physicians and hospitals in Los Angeles County for unreimbursed emergency medical care, including trauma services provided by Los Angeles County, as required by the passage and implementation of SB 12 in 1987, and as amended by SB 612 in 1988. The majority of these funds do not accrue to the County. The fund will be redesignated in fiscal year 1990-91 to a trust account, which, we believe, is the appropriate accounting treatment for this type of fund.

PUBLIC WORKS-SPECIAL ROAD DISTRICTS

FUND
Various

FUNCTION
Public Ways and Facilities

ACTIVITY
Public Ways

Special Road Districts are established pursuant to the Streets and Highways Code, Section 1020, for the construction, maintenance, and repair of sidewalks, streets and highways. These Districts consist of the unincorporated territory within the correspondingly numbered supervisorial district and are financed through the Districts' share of the countywide tax levy on the real property within its boundaries. Special Road Districts are under the jurisdiction of the Director of Public Works.

PROPRIETARY FUNDS

PUBLIC WORKS-INTERNAL SERVICE FUND--SCHEDULE 10

On June 23, 1987 the Board approved the establishment of an Internal Service Fund for the Department of Public Works. This fund is designed to simplify billings for services provided between the multiple funds comprising the Department of Public Works. This fund allows all salaries and employee benefits, material charges and equipment charges for the department to be paid through the Fund and the appropriate amounts billed to each specific fund.

1990-91 Adopted Budget

The 1990-91 Adopted Budget reflects negotiated increases in salaries and employee benefits. The additional positions are primarily reflect Board-approved staffing to implement the Countywide Household Hazardous Waste Management Program and to comply with the requirements of the Federal Clean Water Act. Also reflects an increase in funding requirements for equipment and various operating expenses, including a contribution towards a joint-use child care center in the City of Alhambra, and utilities and data processing costs.

Other Special Districts include County Service Area No. 2, Antelope Valley Drainage Fee District, Bouquet Canyon Bridge and Major Thoroughfare Construction Fee District (BMTCFD), Bouquet Canyon Second Access, Parkway-Calabasas BMTCFD, Route 126 BMTCFD, and Lyons Avenue/McBean Parkway BMTCFD and Drainage Special Assessment Areas. Other Special Districts are established pursuant to the Government Code for the extension of services to unincorporated areas. County Service Area No. 2 provides for maintenance and pumping of forty dewatering wells in two locations in the Malibu area and is financed through a special assessment approved by the Board in February 1981. The Antelope Valley Drainage Fee District provides for the cost of constructing drainage facilities identified in the Antelope Valley Comprehensive Plan of Flood Control and Water Conservation, which was adopted by the Board on June 23, 1987. These costs are defrayed by fees paid by subdividers. The BMTCFD's collect fees when the subdivision of parcels is recorded and use these fees to finance highway improvements necessitated by future development. Resolutions creating these districts are individually adopted by the Board of Supervisors, in accordance with Los Angeles County Code Section 21.32.200 of February 23, 1982. Currently, there are five BMTCFD's within the County. Drainage Special Assessment areas are established pursuant to the Benefit Assessment Act of 1982 portion of the Government Code to provide for maintenance of drainage facilities. Currently, there are 10 such Districts within the County, the majority of which are located within the Antelope Valley area.

1990-91 Adopted Budget

The 1990-91 Adopted Budget reflects an increase primarily due to the addition of the Bouquet Canyon Second Access Construction Fee District, two additional Drainage Benefit Assessment Areas in Quartz Hill, and the anticipated increase in project activity in the Lyons Avenue/McBean Parkway Bridge and Major Thoroughfare District.

PUBLIC WORKS-DRAINAGE MAINTENANCE DISTRICTS

FUND
Various

Drainage Maintenance Districts are established pursuant to the Streets and Highways Code for the maintenance, operation and repair of certain drainage facilities to protect low lying areas from excessive storm water runoff. These Districts are financed through the Districts' share of the Countywide tax levy on the real property within their boundaries. Drainage Maintenance Districts are under the jurisdiction of the Director of Public Works.

The 1990-91 Adopted Budget primarily reflects the dissolution of District No. 11 in the La Canada/Flintridge Area.

CONSOLIDATED FIRE PROTECTION DISTRICT
FUND
Various

The Fire Protection District, for which the Board of Supervisors serves as the governing board, is organized under provisions of the California Health and Safety Code and provides fire protection and pre-hospital emergency medical service in developed unincorporated areas of the County and in 48 incorporated cities. The District is responsible for suppression of all fires, management of hazardous materials incidents, fire prevention activity and responding to all requests for pre-hospital emergency medical treatment within its jurisdiction. Mutual aid and automatic aid programs with other agencies enhance the use of existing resources.

1990-91 Adopted Budget

The 1990-91 Adopted Budget provides for continued construction of new and replacement fire stations, the District's share of the cost for the development of the Command and Control Dispatching and Communications Center, and additional staffing to meet increased workload requirements in various areas of the District.

PUBLIC WORKS-FLOOD CONTROL DISTRICT

FUND
Various

The Flood Control District is established under the legal authority of the Los Angeles County Flood Control Act (Chapter 755, Statutes of 1915) to provide for the control and conservation of the flood, storm, and other waste waters; to conserve such waters for beneficial and useful purposes; and to protect from damage the harbors, waterways, public highways and property located within the District from such flood and storm waters. The District constructs, operates and maintains flood control channels, dams, debris basins, spreading grounds, storm drains, drainage improvements, drainage systems, and other flood control facilities and cooperates with Federal, State and Local agencies in developing a comprehensive flood control system for Los Angeles County.

1990-91 Adopted Budget

The 1990-91 Adopted Budget reflects the final dissolution of the West Hollywood/Sherman Garbage Disposal District which partially offsets increased contract costs to the remaining six Districts. Costs are also reflective of the initiation of the recycling program in the Firestone Garbage Disposal District.

LANDSCAPE MAINTENANCE AND LLAD-LANDSCAPE MAINTENANCE DISTRICTS SUMMARY

Landscape Maintenance Districts are established pursuant to provisions of the improvement Act to 1911 or the Landscaping and Lighting Act of 1972, of the Street and Highway Code. The Districts provide for maintenance of parkways panels, median strips, and slopes within dedicated road rights-of-way and other open-spaces areas in whihc maintenance easements have been granted to the County. Improvement Act District are financed from property tax. Landscaping and Lighting Districts are financed with special assessments.

1990-91 Adopted Budget

The 1990-91 Adopted Budget reflects the creation of new districts and district expansions, offset by deletion of funding for districts transferred to the City of Diamond Bar in 1989-90. The budget also anticipates the transfer of districts located within the City of Westlake Village to that City in 1990-91.

PUBLIC WORKS-
LIGHTING AND LIGHTING MAINTENANCE DISTRICTS AND
LLAD - STREET LIGHTING SUMMARY

FUND
Various

Lighting and Lighting Maintenance Districts are established pursuant to the Streets and Highways Code, Highway Lighting District Act of 1909 and 1911, for the installation and maintenance of street lighting systems. These Districts are under the jurisdiction of the Director of Public Works.

Street Lighting Assessment Districts are formed under the provisions of Landscaping and Lighting Act of 1972, Part 2, Division 15, Streets and Highways Code. The purpose of these districts is to Levy and assessment on each lot or parcel based on benefits to be received from the existing street lighting improvements.

1990-91 Adopted Budget

The 1990-91 Adopted Budget provides financing for the installation, operation, maintenance, and repair of street lighting systems in various districts throughout the County. Also reflects greater utility costs, additional street lighting requirements, and reserves for future needs.

RECREATION AND PARK DISTRICTS & LLAD SUMMARY

FUND
Various

These districts are administered by the parks and Recreation Department. The purpose of the assessment districts, formed under the provisions of the Landscaping and Lighting Act of 1972, Part 2, Division 15, Streets and Highways Code, is to assess property for benefits received from parkway and median panel improvements. The purpose of the other districts, formed under authority of the Public Resources Code, is to maintain parkway and median panels.

1990-91 Adopted Budget

The 1990-91 Adopted Budget reflects continuation of funding and maintenance levels for improvement projects approved by property owners.

PUBLIC WORKS-SEWER MAINTENANCE DISTRICTS

FUND
Various

Sewer Maintenance Districts are established pursuant to the Health and Safety Code for the administration, maintenance, operation and repair of sanitary sewers, appurtenances, pumping plants, sewer treatment plants and related services. In addition to the County unincorporated areas, services are rendered to various cities and governmental agencies on a contract basis. These Districts are financed through sewer service charges initially adopted by the Board of Supervisors in July 1978. Sewer Maintenance Districts are under the jurisdiction of the Director of Public Works.

1990-91 Adopted Budget

The 1990-91 Adopted Budget reflects the addition of the Lake Hughes Tax Zone, rising contract costs from the City of Los Angeles for the Marina Sewer Maintenance District, and a decrease in the sewer service charge for Lechuza and Trancas Tax Zones. On April 3, 1990, the Board approved the dissolution and transfer of the West Hollywood-Sherman Special Charge Fund to the City of West Hollywood. This is still reflected in the 1990-91 Adopted Budget to allow for final accounting adjustments.
