CASE SUMMARY

INFORMATION ON PROPOSED SETTLEMENT OF LITIGATION

CASE NAME	California Department of Toxic Substances Control claim re: AAD Distribution and Dry Cleaning Site <i>California Department of Toxic Substances Control v Allen's Formal Wear, Inc., et al</i> (2:13-cv-05069-AG-JCG)
COUNTY DEPARTMENT	Chief Executive Office
PROPOSED SETTLEMENT AMOUNT	\$98,000
ATTORNEY FOR PLAINTIFF	Jamie Jefferson Deputy Attorney General
COUNTY COUNSEL ATTORNEY	Rory Allen Deputy County Counsel
NATURE OF CASE	<p>Between 1986 and 2001, AAD Distribution and Dry Cleaning Services, Inc., ("AAD") operated a hazardous waste disposal facility at 2306 East 38th Street, Vernon, California 90058 ("Site"). AAD accepted and disposed of waste produced by dry cleaning. In 2001, AAD's permits for waste disposal were revoked by the California Department of Toxic Substances Control ("DTSC").</p> <p>DTSC has subsequently determined that the Site has been contaminated with hazardous chemicals and has undertaken remediation. DTSC has filed several legal actions under the Comprehensive Environmental Response Compensation and Liability Act ("CERCLA") and State law against a number of potentially responsible parties ("PRPs") to recover the costs of the Site cleanup.</p>

DTSC alleges that the County sent hazardous waste for disposal at the Site and is thus a PRP. DTSC and the County currently have a tolling agreement. DTSC has offered to settle its claims against the County for \$98,000.

Due to the strict, joint and several liability of CERCLA – and the risks and uncertainties of litigation – it is recommended that the County accept the DTSC settlement amount.

Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	Thursday, May 26, 2016
Briefly provide a description of the incident/event:	<p><u>Christopher Clausen, et al. v. County of Los Angeles, et al.</u> Summary Corrective Action Plan 2019-046</p> <p>On Thursday, May 26, 2016, at approximately 2:20 p.m., an on-duty Los Angeles County Sheriff's Department sergeant assigned to Community Partnerships Bureau, was driving an unmarked Los Angeles County Sheriff's Department 2008 Ford Crown Victoria westbound, through the Jellick Elementary School parking lot.</p> <p>The sergeant slowed his vehicle to approximately 2 MPH as he prepared to exit the school parking lot, attempting to make a left (southbound) turn onto Jellick Avenue. There were one or more vehicles parked along the east curb line of Jellick Avenue that obstructed the sergeant's view of oncoming northbound traffic.</p> <p>The sergeant looked to his left and did not see any approaching vehicles, so he proceeded to exit the driveway and turn left to travel southbound on Jellick Avenue. As the sergeant's vehicle exited the parking lot, at 9 MPH, he pulled out directly in front of the plaintiff's 2012 Honda Accord, traveling northbound on Jellick Avenue, at approximately 30 MPH (disputed speed range). Both drivers were unable to stop or avoid each other, resulting in a collision.</p> <p>The front end of the plaintiff's vehicle collided with the front driver's side of the sergeant's vehicle causing major damage to both vehicles.</p> <p>The plaintiff was transported to UC Irvine Medical Center where he received treatment for chest pain and other injuries (including a fractured sternum).</p> <p>The sergeant was not wearing his seatbelt at the time of the incident. The sergeant was transported to St. Jude Medical Center in Fullerton with complaints of pain to his neck and lower back.</p>

1. Briefly describe the **root cause(s)** of the claim/lawsuit:

A **Department** root cause in this incident was the sergeant failed to yield to traffic with the right-of-way when he made a left turn left onto a roadway.

Another **Department** root cause of this incident was the sergeant failed to abide by the posted no left turn sign when he made a left hand turn out of the parking lot.

Another **Department** root cause in this incident was the sergeant was not wearing his seatbelt.

2. Briefly describe recommended corrective actions:
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

Traffic Collision Investigation

This incident was thoroughly investigated by the California Highway Patrol.

The collision investigation concluded that the sergeant caused the collision as he failed To yield to right of way traffic when he entered the highway, a violation of California Vehicle Code Section 21804(a), Rules of the Road: The driver of any vehicle about to enter or cross a highway from any public or private property, or from an alley, shall yield the right-of-way to all traffic, as defined in Section 620, approaching on the highway close enough to constitute an immediate hazard, and shall continue to yield the right-of-way to that traffic until he or she can proceed with reasonable safety.

Administrative Investigation

This incident was investigated by representatives of Community Partnerships Bureau to determine if any administrative misconduct occurred before, during, or after this incident. The results of the investigation were presented for Department executive adjudication.

Executive evaluation of this incident found the sergeant's actions were in violation of Department policy. Appropriate administrative action has been taken.

Traffic Collision Assessment and Review

As a result of this collision, an assessment of employee involved traffic collisions was conducted from January 1, 2015, to November 1, 2019, at Community Partnerships Bureau.

The audit revealed the following:

Calendar Year	Preventable Collisions	Non-Preventable Collisions
2015	13	11
2016	16	15
2017	22	13
2018	3	12
2019	13	5

- 67 preventable collisions occurred during the past five years.
- 21% of preventable collisions involved fixed objects or parked vehicles during low speed parking or starting maneuvers.

Based on the results of the audit, a comprehensive Traffic Collision Reduction Plan was developed and implemented at Community Partnerships Bureau in early 2017. Since the implementation of the Traffic Collision Reduction Plan, there has been a noticeable reduction of on-duty preventable traffic collisions each year. In an attempt to improve safety and reduce the Department's liability exposure, Community Partnerships Bureau continually schedules personnel to attend the Department's Sheriff Traffic Accident Reduction (S.T.A.R.) driving program. This program focuses on low speed parking and starting maneuvers, hosted at the Los Angeles County Sheriff's Department's Emergency Vehicle Operation Center.

Since the incident, fifteen (15) bureau employees have successfully completed the S.T.A.R. driving program.
