An SMD crew responded to the location and observed sewage overflowing from a cleanout at the property. ## Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	November 1, 2008
Briefly provide a description of the incident/event:	<p>Plaintiff, a minor, alleges that he was improperly housed with violent minors at Camp Miller where he was assaulted, battered and sustained serious injuries during a race riot on November 1, 2008.</p> <p>On November 1, 2008 at approximately 11:30 a.m., 30 to 40 minors were involved in a disturbance in the dorm of Camp Miller. The disturbance began when a Hispanic minor was seen striking an African-American minor from behind as the minors entered the dorm. This resulted in several minors joining in on the related fight and dorm disturbance.</p> <p>Camp Miller staff worked to contain the situation quickly and effectively and the fight was stopped within seconds by giving verbal commands and making use of safe crisis management techniques.</p> <p>As the situation was contained, staff noticed that the Plaintiff had sustained injuries in the head and neck areas. A Health Services Nurse did an initial evaluation of the Plaintiff's injuries. The Plaintiff was subsequently transported by ambulance and then via airlift to UCLA Medical Center for evaluation and treatment.</p> <p>Plaintiff alleges that a "race riot" ensued between among the minors in Camp Miller as a result of the failure to provide sufficient staff; failure to follow established safety procedures; failure to provide necessary and appropriate security measures and failure to provide appropriate personnel necessary for the safety, welfare and protection of the Plaintiff.</p>

1. Briefly describe the root cause(s) of the claim/lawsuit:

The following are primary root causes that will (or have been) addressed in connection with this lawsuit:

1. The Probation Department's perceived failure to provide appropriate level of staffing and staff positioning; also, increased camp population rates were considered factors associated with the incident.
2. The Probation Department's lack of diligent implementation and follow through of safety procedures set forth for camp safety and security (for minors in the event of a disturbance).
3. The Probation Department's lack of consistent follow through and implementation of corrective measures and disciplinary steps needed for inappropriate conduct by minors in an individual

County of Los Angeles

- and group setting in camp.
4. The Department's lack of appropriate training and preparation of staff and key witnesses for courtroom and trial readiness.

2. Briefly describe recommended corrective actions:  
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

The corrective action plan will consists of a 4-step process:

1. The Probation Department will continue to maintain a staff to minor ratio at the juvenile camp that is consistent with State Title 15 and Department of Justice (DOJ) requirements. The Department has also maintained a decreased camp population to further aid this process.
2. The Probation Department has updated and expanded on the safety and security procedures for the minors in camp. These procedures have also been updated to reflect the DOJ requirements.
3. The Probation Department continues to implement and adequately explain the Camp Orientation process to minors while being admitted to camp. A camp orientation packet is provided and reviewed with the minors during admittance. Minors are now expected to "sign-off" upon receipt of the Orientation packet. The Probation Department has also implemented several provisions to reflect the mandates of the DOJ; these mandates have also led to the revisions and updates to Departmental policies and procedures.
4. The Probation Department will coordinate with County Counsel to develop and implement a training program for supervisor level and executive level staff in trial and courtroom readiness.

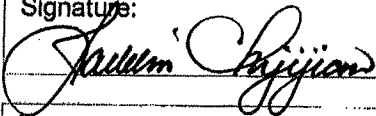

3. Are the corrective actions addressing department-wide system issues?

## Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	Wednesday, November 30, 2011
Briefly provide a description of the incident/event:	<p><b><u>Cheryl Aichele, et al. v. County of Los Angeles, et al.</u></b> Summary Corrective Action Plan No. 2014-042</p> <p>On Wednesday, November 30, 2011, members of the Los Angeles Sheriff's Department's Court Services Transportation Bureau were requested by members of the Los Angeles Police Department to transport a large number of protestors from Los Angeles City Hall to various Los Angeles Police Department facilities for booking. A total of six passenger busses were used to transport approximately 246 individuals.<sup>1</sup></p> <p>The first two Sheriff's Department passenger busses were successfully offloaded at the Los Angeles Police Department's Parker Center. The remaining four busses could not be offloaded because Parker Center had reached its capacity. A representative from the Los Angeles Police Department directed the four remaining Sheriff's Department passenger busses to the Los Angeles Police Department's Van Nuys Station jail.</p> <p>At the Van Nuys Station jail, space considerations would permit the offloading of just two of the four passenger busses. After a considerable delay, the remaining two passenger busses were directed to return to the Los Angeles Police Department's Parker Center where the remaining passengers were finally offloaded.</p>

1. Briefly describe the root cause(s) of the claim/lawsuit:

The root cause in this incident would appear to be a lack of communication between the Los Angeles Police Department's incident command post, other Department officials, and the Department's Valley Services Detention Center watch commander. This lack of communication caused an unreasonable delay in the booking and/or processing of the individuals affected.

This section intentionally left blank.

<sup>1</sup> The 246 individuals were arrested by officers from the Los Angeles Police Department during the 2011 Occupy LA demonstration outside Los Angeles City Hall. Of the 246, only 126 of the individuals were directly affected by this incident.

2. Briefly describe recommended corrective actions:  
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

The Los Angeles County Sheriff's Department had relevant policies and procedures/protocols in effect at the time of the incident.

The Los Angeles County Sheriff's Department's training curriculum addresses the circumstances which occurred in the incident.

This incident was investigated by representatives from the Los Angeles County Sheriff's Department's Court Services Transportation Bureau. Their investigation found a lack of communication between the Los Angeles Police Department's incident command post, other Department officials, and the Department's Valley Services Detention Center watch commander caused an unreasonable delay in the booking and/or processing of the individuals affected.

No misconduct on the part of any Los Angeles County Sheriff's Department employee is suspected. Consequently, no personnel-related administrative action was taken.

While no systemic issues were identified, several corrective measures are being taken to address the issues raised by the plaintiffs in order to preclude a recurrence:

- On or before **January 30, 2015**, the Los Angeles County Sheriff's Department's Risk Management Bureau's will initiate a revision to the Los Angeles County Sheriff's Department Manual of Policy and Procedures section 3-01/110.24, *Use of Flex-Cuffs*, to require employees engaged in the transportation of individuals confined in flex-cuffs to have readily available a flex-cuff removal tool;<sup>2</sup>
- On or before **January 30, 2015**, the Los Angeles County Sheriff's Department's Risk Management Bureau will revise Los Angeles County Sheriff's Department's Field Operations Support Services Newsletter Volume 05, Number 08, *Flex-Cuffs*, to require to require employees engaged in the transportation of individuals confined in flex-cuffs to have readily available a flex-cuff removal tool;<sup>3</sup>

## Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	Tuesday, November 9, 2010 and Friday, December 10, 2010
Briefly provide a description of the incident/event:	<p><b><u>Latisha Clayton v. County of Los Angeles, et al.</u></b> Summary Corrective Action Plan No. 2014-047</p> <p>In late 2009, two Los Angeles County deputy sheriffs, assigned to the Los Angeles County Sheriff's Department's Operation Safe Streets Bureau, were participating in a multi-agency task force with representatives from the United States Drug Enforcement Agency, United States Immigration and Custom Enforcement, and the United States Attorney General's Office investigating gang activity, drug trafficking, and weapons violations in northern Los Angeles County.</p> <p>On Tuesday, November 9, 2010, the plaintiff was arrested by the two Los Angeles County deputy sheriffs after she was identified as the person who delivered a package containing narcotics to a residence under surveillance by members of the task force.</p> <p>On Friday, December 10, 2010, the plaintiff appeared in court pursuant to her November 9, 2010 arrest. The two Los Angeles County deputy sheriffs also were in the courtroom for the same case. The plaintiff was later arrested by the two deputy sheriffs after she made a threatening statement to one of the deputy sheriffs as he exited the courtroom. The statement was interpreted by the deputy sheriff as a threat and an attempt to dissuade him from providing testimony in her criminal case.</p>

1. Briefly describe the root cause(s) of the claim/lawsuit:

The root cause in this incident is the possibility that photographs used to identify the plaintiff during the investigation in a criminal matter were unreasonably suggestive and, consequently, biased.

2. Briefly describe recommended corrective actions:  
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

These two incidents were investigated by representatives from the Los Angeles County Sheriff's Department's Operation Safe Streets Bureau. The first investigation found that the employee's conduct appeared reasonable and in compliance with procedures, policies, guidelines or training. The second investigation (into the second incident) yielded an identical conclusion.

No employee misconduct is suspected, and no systemic issues were identified. Consequently, no personnel-related administrative action was taken.

Upon the filing of the lawsuit, these two incidents were reviewed by representatives of the Los Angeles County Sheriff's Department's Risk Management Bureau Corrective Action Unit. Their investigation revealed that the involved members of the Los Angeles County Sheriff's Department followed established protocols and policies in effect at the time. They also concurred no employee misconduct was committed, and no systemic issues were identified.

In order to preclude a recurrence, the Los Angeles County Sheriff's Department's Risk Management Bureau believes two newsletters would be valuable:

- On or before **February 11, 2015**, the Los Angeles County Sheriff's Department will develop, publish, and distribute a newsletter which will summarize the issues in this case; and,
- On or before **February 11, 2015**, the Los Angeles County Sheriff's Department will develop, publish, and distribute a newsletter to remind employees engaged in any investigative process of the importance of objective and unbiased photographic line-ups.

3. Are the corrective actions addressing department-wide system issues?

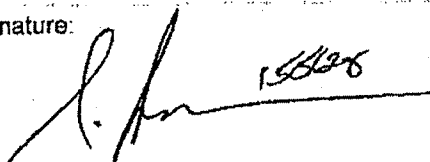

- ☐ Yes – The corrective actions address department-wide system issues.
- ☒ No – The corrective actions are only applicable to the affected parties.
