Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	January 23, 2020
Briefly provide a description of the incident/event:	• On January 23, 2020, at approximately 9:25 AM, the plaintiff was traveling northbound on Orange Grove Boulevard in a 2014 Nissan Sentra and was struck by a 2018 Toyota Prius operated by the employee. The employee, traveling southbound on Orange Grove Boulevard, entered the intersection of Orange Grove Boulevard and Madeline Drive on a green light. The plaintiff also had a green light. While making a left turn onto Madeline Drive, the employee struck the plaintiff's vehicle. • The vehicle operated by the plaintiff sustained damage to the front driver's side. The vehicle operated by the employee sustained front-end damage. • The employee explained that the plaintiff approached at a high rate of speed and the employee was unable to see the plaintiff in time to stop. • According to the vehicle incident report there was no traffic collision report from a law enforcement agency.

1. Briefly describe the root cause(s) of the claim/lawsuit:

The root cause of this lawsuit was due to the County driver (employee) failing to yield to incoming traffic before making a left turn.

This is a liability case because left-turning drivers are required to yield the right of way to approaching vehicles before turning.

A non-associated root cause is that the Department did not investigate the incident.

2. Briefly describe recommended corrective actions:
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

The employee completed Defensive Driving Training as follows:

August 5, 2020 – Defensive Driver Training, v1

September 17, 2020 – Motor Vehicle Safety and Defensive Driving Training.

The Department's performance management team currently investigates vehicle-related incidents and takes appropriate corrective actions if warranted. It is unclear if there was a review process in place at the time this incident occurred.

3. Are the corrective actions addressing department-wide system issues?

☐ Yes – The corrective actions address department-wide system issues.

☒ No – The corrective actions are only applicable to the affected parties.
