Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	September 7, 2021
Briefly provide a description of the incident/event:	Summary Corrective Action Plan On September 7, 2021, the Department received a credible threat that narcotics and a firearm had been smuggled into the jail by someone now housed at Men's Central Jail (MCJ). After an initial investigation led some credibility to the threat, all of the jail facilities were placed on a full lockdown and a systematic search of the affected housing units was implemented. The systematic search involved calling in the Special Enforcement Bureau (SEB) to oversee the removal of individuals housed in affected areas one by one. During the search process, individuals were removed from their cells in their boxer shorts, then told to remove their boxer shorts while they were escorted to a body scanner. After cleared on the body scanner, the individuals were moved and given boxers. While the body scanners were being used, canine units searched the unoccupied cells. The cell of one (1) of the individuals suspected of receiving the narcotics and/or firearm was alerted on by a canine. A more thorough search of the cell revealed hidden narcotics, but no firearm. The individual housed in the cell with narcotics agreed to voluntarily submit to a body scan, which revealed an foreign object was secreted inside him. He agreed to an x-ray, which confirmed the presence of narcotics inside him, but ruled out a firearm. As the search was going on, investigators continued to investigate the original threat. As the investigation progressed, the person who made the original allegation recanted the portion of the allegation involving a firearm, admitting that it was only narcotics that were smuggled in.

	The entire search process lasted from September 7, 2021, at approximately 1:05 pm, to September 8, 2021, at approximately 2:55 am.

1. Briefly describe the **root cause(s)** of the claim/lawsuit:

The following departmental root causes were identified:

- Bifurcation of the command post
- Failure to activate the custody Emergency Operations Center (EOC) to oversee the operation
- Prolonged removal of the boxers of individuals being searched
- Lack of high-quality body scan images

2. Briefly describe recommended corrective actions:
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

- 1) Emergency Operations Center Activation – Rebriefing and education on the availability and appropriateness of activating the EOC during a large-scale operation or incident
- 2) EOC Roster – An updated roster was created and maintained by Custody Support Services Bureau (CSSB), ensuring command staff know who can be contacted across the Department, regardless of the time of day, when large scale, multiunit responses are required
- 3) Immediate Clothing of Individuals – In similar incidents in the future, SEB and custody staff will create an individualized plan, based on the unique circumstances of the incident, to ensure individuals do not have to be escorted and moved significant distances while unclothed
- 4) EOC Training – A new training course was developed and made available to all custody units to ensure they understand how to activate the EOC, the role the EOC plays, and how to properly communicate during these type of large scale incidents.
- 5) Body Scanner Improvements – One (1) body scanner at MCJ was set on a higher resolution
- 6) New Body Scanners – New, significantly improved body scanners have been installed and placed into service at all of the facilities, including MCJ.

3. Are the corrective actions addressing Department-wide system issues?

- ☐ Yes – The corrective actions address Department-wide system issues.
- ☒ No – The corrective actions are only applicable to the affected parties.
