## Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	November 17, 2007 at approximately 2:07p.m.
Briefly provide a description of the incident/event:	Plaintiff is a 5'7", 180 lbs., Hispanic Male that was detained on November 17, 2007 for committing an alleged assault. Plaintiff was admitted into Central Juvenile Hall (CJH) at approximately 9:10a.m. Plaintiff was later medically admitted at 12:00p.m., and was assigned Unit "K/L" after his mental health assessment. Plaintiff was interviewed and oriented to the unit and was assigned to room 1 with a 5'6", 130 lbs., African-American Male. Staff conducted a hall check at approximately 2:07p.m., and noticed the plaintiff lying face down on his bunk with his pants and underwear down to his knees. The minor roommate was standing over the plaintiff with his shirt covering his genitals. Plaintiff initially noted that nothing happened between him and the other minor. At approximately 3:10p.m., plaintiff alleged that he had been sodomized. In October 2008, plaintiff filed a complaint alleging general negligence, violation of Civil Rights and violation of State Civil Rights.

1. Briefly describe the root cause of the claim/lawsuit:

### Root Cause Analysis:

The initial incident **stems from plaintiff's room assignment with a juvenile ward that allegedly violated facility rules prohibiting assaultive and sexual behavior.** A root cause factor analysis was conducted including, but not limited to:

- **Exposure area relates to plaintiff being housed with and allegedly sexually assaulted by a roommate that entered juvenile hall from camp with a temporary behavior chart that did not reflect a history of sexual misconduct.**

Based upon the outcome of the above-referenced root cause analysis the Department has determined root cause factors include:

- **Insufficient information available in the temporary behavior record at the time staff was making the housing decision for a camp minor in juvenile hall.**
- **Minor's non-compliance with policy about assaultive and sexual behavior.**

This matter is being settled as a prudent business decision to mitigate associated costs.
