GUEST SPEAKERS

Mark Pestrella, Director of the County of Los Angeles Department of Public Works

MEETING LOCATION

Burton W. Chace Park Community Room

1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

Chair Jeff Duclos called the meeting to order at 9:50 a.m. and asked Commissioner Al Lay to lead everyone in the Pledge of Allegiance.

2. APPROVAL OF MINUTES

Chair Duclos asked for approval of the April 25, 2018, minutes. Commissioner Margaret Levy so moved; Commissioner Al Lay seconded.

The minutes were unanimously approved.

Ayes: 12 – Jeff Duclos, Chair, Kathryn E. Campbell, Laura Emdee, Teresa Furey, Keren M. Goldberg, Al Lay, Margaret Levy, Cris B. Liban, Candace Nafissi, Anthea Raymond, Scott Sachs, Bruce Saito.

3. ANNOUNCEMENTS

Chair Duclos welcomed new Beach Commissioner Candace Nafissi. He also said the Coastal Commission will be hearing the Beach Curfew issue in August in Redondo Beach. A letter from the Beach Commission will be included as part of the agenda item.

4. OLD BUSINESS

There was no old business.

5. NEW BUSINESS

A. SAFE, CLEAN WATER PROGRAM

Director Gary Jones introduced Mark Pestrella, Director of the Department of Public Works for Los Angeles County.

Mr. Pestrella presented an overview of the Safe, Clean Water Program for Los Angeles County, which was developed with Supervisor Sheila Kuehl for water resource management. As part of the program, DPW is looking at the County's water portfolio and advising the Board of Supervisors on investments, legislation and policy for future water resources. Mr. Pestrella's presentation covered stormwater capture and pollution, climate change, fractured governance, and infrastructure improvements. He explained that it will cost the County about \$20 billion over 20 years to comply with the Clean Water Act of 1972. He plans to recommend to the Board at its June 26, 2018, meeting that the Board place a parcel tax to help fund the Safe, Clean Water Program on the November ballot.

Commissioner Anthea Raymond asked about the relevance of the Los Angeles River to the Beach Commission's duties. Mr. Pestrella replied that input from the Commission is welcome; however, he did not know if the river was under the Commission's authority.

Commissioner Kathryn Campbell asked if the parcel tax would cover the anticipated full cost of the program. Mr. Pestrella said the goal is to double the amount of stormwater

captured within a 30-year span, with a reassessment in 30 years. The \$20 billion will not be enough to cover the costs long-term; a local reassessment may be required, as well as using multiple investments to cover future costs.

Commissioner Levy asked if Mr. Pestrella had any ideas for cleaning up Marina Beach in Marina del Rey. He said studies of stagnant water and bacteria impacts on humans show bacteria from bird droppings may not be cause for concern. Human bacteria in the water, however, is an indicator of a virus that may cause problems for people. Studies of copper and bacteria pollution are ongoing; work is being done to keep trash out and the water circulating.

Commissioner Scott Sachs asked Mr. Pestrella to distinguish between the Safe, Clean Water Program and Proposition 68, and if his department would ask for projects to be associated with Proposition 68. Mr. Pestrella said Proposition 68 is a greenspace park bond which allows and qualifies water projects to be associated with it. The Safe, Clean Water Program, on the other hand, is a local measure specifically focused to improve the water resilience of Los Angeles County.

Commissioner Keren Goldberg asked if the Tree People Organization has been contacted for collaboration. Mr. Pestrella said DPW works closely with Tree People on projects.

Commissioner Goldberg also commented on the controversy between tap water and bottled water. Mr. Pestrella said what comes out of the tap is highly regulated, high-quality, inexpensive water that he recommends drinking. Nevertheless, he knows that some people prefer bottled water due to the taste or possible discoloration of their tap water.

Commissioner Chris Liban asked if there was any hesitation to put the Safe, Clean Water Program on the ballot. Mr. Pestrella reiterated that he would recommend the Board place the program on the ballot. Commissioner Liban also asked how the monies will be controlled if the measure is passed and implemented. Mr. Pestrella explained that administrative structures are in place to govern the money.

Commissioner Raymond asked if a regional agency would be created for the funds. Mr. Pestrella confirmed that a regional governing structure would be created.

Chair Duclos asked if people understood the importance of diverting and capturing the runoff water. Mr. Pestrella said that there is a higher level of awareness.

Commissioner Raymond asked if the growing immigrant population helps with awareness, as some come from environments of limited water. Mr. Pestrella replied that people that come from Central and South America have more awareness of the value of water because they come from areas that have small amounts of available quality water.

Division Chief Carol Baker requested a fact sheet with information specific to average cost per household for the Safe, Clean Water Program, the sunseting issue, and Proposition 68 for the Commissioners' use when the measure is put on the ballot.

Deputy Director John Kelly added that a project at Marina Beach, which includes design

aspects that complement the nearby Oxford Basin project, will be completed by the end of June. There are four concrete planters designed to intercept all water runoff from the parking lot before it gets to the beach. The Department and DWP have also teamed up to install biofiltering systems as part of parking lot projects throughout the Marina.

B. PARKING CONTRACTOR PROGRAM RESULTS

Contracts Monitors Nicolette Taylor and Steven Williams discussed the parking contract's Mystery Shopper Program. Ms. Taylor and Mr. Williams presented an overview of the program and the results for the period of August 2017 to April 2018. Under the performance-based contract, the contractor, Modern Parking Inc., received 100 percent of its bonus based on an average score of 95 percent from the mystery shoppers.

Commissioner Liban asked if there was an increase in parking costs compared to the previous contract because the bonus incentive changed. Mr. Taylor said the costs have been lower while customer service has improved.

Commissioner Levy asked about ticket fraud. Mr. Stevens explained that a parking attendant resold a parking ticket to a patron and pocketed the money.

C. ENVIRONMENTAL MESSAGING PROGRAM

Project Manager Susana Espinosa unveiled the Can the Trash Clean Beach Poster Contest. The program, designed for children in grades three through five, will include an educational video, activity book and dedicated website produced with partners Heal the Bay and the Department of Public Works. After the educational process, children will be encouraged to submit artwork for a poster contest where the winning designs will be displayed on beach trash barrels.

Commissioner Goldberg asked Ms. Espinosa for details on how outside entities' promotional efforts will be monitored. Ms. Espinosa said it will be discussed at an upcoming strategy meeting. Ms. Baker added that the project has been in development for 18 months and that all departments involved are working together.

Commissioner Levy asked why the program is limited to students in grades three through five. Ms. Espinosa said that the program is a pilot and expanding to additional age groups is a future possibility.

Commissioner Raymond said that she didn't hear that the program was partnered up with a non-governmental organization (NGO). She also asked when the new website would be available. Ms. Baker replied that Heal the Bay, which is an NGO, is a partner in the program. Ms. Espinosa said that the website should be online by September 2018.

6. **STAFF REPORTS**

A. ONGOING ACTIVITIES REPORT

Ms. Baker submitted the written report and welcomed Commissioner Nafissi. Ms. Baker also noted the settlement of a lawsuit relating to an injury involving a fire pit and the Board's approval of coastal consultants for the Department.

Commissioner Levy asked about the types of projects the consultants would be used for. Director Jones said the contract is for an as-needed basis. Consultants may assist with projects like the Will Rogers State Beach request for proposal or advise planning staff on leasehold or capital projects, among other options.

B. BEACH AND MARINA DEL REY SPECIAL EVENTS

Ms. Baker submitted the written report. She highlighted the new "Sunset Vestige" temporary art installation by Patrick Shearn at Burton W. Chace Park in Marina del Rey. Ms. Baker also noted the upcoming Fun-a-Palooza event, day camps, and Beach Movie Nights at Dockweiler Youth Center. Also, Burton W. Chace Park will once again host the Marina del Rey Summer Concert Series and Marina Movie Nights.

Commissioner Raymond asked how the art piece was selected. Ms. Baker said that the Department partnered with the Los Angeles County Arts Commission to select the art.

C. BEACH PROJECTS REPORT

Division Chief Kenneth Foreman submitted the written report and noted that a couple of beach projects and a fence project will be completed by the end of May. Any remaining projects will be carried over to the new fiscal year because the Department does not perform scheduled repairs during the busy summer months. He said that additional staff and shifts have been added for the summer months in order to help keep the beaches and restrooms clean for beachgoers.

D. LIFEGUARD REPORT

Assistant Chief Fernando Boiteux reported that the Junior Lifeguard program enrollment is up to 4,600 participants with a waiting list of about 800 between the ages of nine and 12. Next year, staff will address the needs of the younger children in order to reduce the extensive waiting list.

Additionally, Chief Boiteux said two classes of new Ocean Lifeguards will complete training by the end of June. The graduation ceremony will be held at Seaside Lagoon in Redondo Beach on June 30 from 9 – 11 a.m.

7. **COMMISSIONER COMMENTS**

Chair Duclos announce that after the Commission's meeting in June there will be a summer hiatus; meetings will resume in September. There is a possibility of a Commission retreat happening in September or October. More information will be shared in the near future.

Commissioner Kathryn Campbell referred to recent bike path signage and fencing

concerns and thanked the Department and Mr. Kelly for being extremely responsive to issues. Commissioner Campbell noted that she was not at the April meeting; however, she took issue with Chief Deputy Director Kerry Silverstrom's comments as written in the meeting minutes. Commissioner Campbell quoted Ms. Silverstrom's remarks about beach facility projects: Ms. Silverstrom was concerned that some community feedback might result in unnecessary additions to projects that might be difficult to maintain. Ms. Silverstrom concluded by saying the beachgoers should have what they need; plain, basic, sustainable facilities that can be easily repaired. Commissioner Campbell said that her own vision for L.A. County's beaches was not like that. Commissioner Campbell said her vision is of world-class recreational facilities that people globally consider on par with the best beach recreation and eco-tourism environments that they could visit. She suggested the Commission discuss the following at the proposed retreat: the County's beach facilities with a focus on the Olympics in 10 years; the Commission's vision for County beaches; and how the Commission could support the funding necessary to maintain the facilities and achieve the Commission's vision.

Commissioner Goldberg said she supports Commissioner Campbell's comments. She said a retreat could be very productive and fit the topic of the goals and vision of the Commission. She noted that a big challenge is inspiring young people to care about the oceans when so many of them haven't been to the beach due to economic, geographic and transportation circumstances.

Commission Raymond asked Commissioner Nafissi which District she will be representing and to provide a little background on herself. Commissioner Nafissi replied that she is representing District 4, lives in Redondo Beach and serves on the City's General Plan Advisory Committee and the Library Commission. She was an advocate working for the Los Angeles Chamber of Commerce for about 10 years. She now works for L.A. Healthcare Plan doing community relations.

Commissioner Liban asked for clarification about whether the Commission would meet in July. Chair Duclos verified that there will be no meetings in July and August.

Commissioner Bruce Saito requested updates on the status of Proposition 68 and Measure A be presented at the June Beach Commission meeting.

Chair Duclos said that staff will update the Commission regarding important issues when there is no meeting. Ms. Baker confirmed that updates will be provided.

Commissioner Levy asked if the Executive Director of the California Coastal Commission would be scheduled to speak in the fall. Ms. Baker said that the Department has unsuccessfully tried to schedule him. Nevertheless, she said a different representative from the Coastal Commission may be able to speak

Commissioner Goldberg said she is interested in Malibu's ban on plastics, and suggested asking someone from the Malibu City Manager's Office to present an update on the program to the Commission. Mr. Kelly said that the City of Malibu has a sustainability manager who may be willing to come speak about the program. Also, Malibu City Hall is giving away free, reusable non-plastic straws with a cleaner.

8. COMMUNICATION FROM THE PUBLIC

The scope includes installing liners in the sewage lines from restrooms #1 – #9 to the septic system.

Status: Project to be reviewed by CEO for approval.

Zuma Beach Concession Window Covers Repair – \$200,000

This project is to replace three (3) metal roll-up window covers; swamp cooler equipment; and doors for two (2) food concession buildings.

Status: Project to be reviewed by CEO for funding and approval.

Point Dume Beach Restrooms Replacement (#1 and #3) – \$1,000,000

The scope of work includes demolishing existing buildings; installing new prefab restrooms; and tie into existing utilities.

Status: Project is scheduled to begin winter 2019.

Dan Blocker Fence Replacement – \$110,000

The scope of work includes removing existing fence fabric; replacing all posts with poly-coated posts; and installing new poly-coated fence fabric to help protect beach patrons from entering the parking lot from steep terrain.

Status: Project is scheduled to be completed in July 2018.

Malibu Surfrider Restroom Renovation – \$179,000

The scope includes replacing old plumbing fixtures with more efficient fixtures; replacing the partitions and benches; adding hand dryers; replacing the doors and tile; repairing the damaged sewer laterals; refinishing the floors; and painting the interior and exterior of the building. Compliance with the Americans with Disabilities Act will be addressed during the construction.

Status: Project is scheduled to begin fall 2018.

Malibu Surfrider Fence Replacement – \$88,000

The scope of work includes removing existing fence fabric; replacing all posts with poly-coated posts; and installing new poly-coated fence fabric to help protect beach patrons from entering the parking lot from steep terrain.

Status: Project was completed May 2018.

Topanga Beach Restroom Renovation – \$150,000

The scope includes replacing old plumbing fixtures with more efficient fixtures; replacing the partitions; adding hand dryers; replacing tile; and painting the interior and exterior of the building.

Status: Project has been completed.

Topanga Beach View Pier Stairs Replacement – \$125,000

The scope of work includes developing a set of plans; removing the existing stair structure; and installing a new one.

Status: Project is scheduled to begin fall 2018.

Venice Beach Lifeguard Headquarters Feasibility Study – TBD

Project involves development of feasibility study to determine the scope for the lifeguard tower and refurbishment of building.

Status: Project is currently on hold until funding is identified and secured.

SUPERVISORIAL DISTRICT 4

Dockweiler Beach Water Line Replacement – \$645,000

The scope of work includes abandoning the existing water line and adding a new line, a new water main, and a second meter for the RV Park. The new water main will serve the Lifeguard station, the entrance kiosk, and the irrigation system from the existing meter to the facilities.

Status: The County's Internal Services Department (ISD) is preparing the documentation required by the County's CEO staff, and the project is scheduled to begin fall 2018.

Dockweiler RV Park Expansion – \$1,965,000

Project includes expansion of RV Park to provide campervan campground spaces, including ADA accessibility.

Status: A hearing with the Coastal Commission will be set within the next three months for the project's coastal development permit approval.

Redondo Beach Restroom Renovation (Topaz) – \$275,000

The scope of work includes repairing the block; removing and installing a new tile roof; replacing damaged fascia; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with the Americans with Disabilities Act.
