MEETING LOCATION

Burton W. Chace Park Community Room

1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

Vice Chair Francine Oschin called the meeting to order at 9:35 a.m. and asked Commissioner Al Lay to lead everyone in the Pledge of Allegiance.

2. APPROVAL OF MINUTES

Vice Chair Oschin asked for approval of the May 23, 2018, minutes. Commissioner Candace Nafissi requested the minutes be amended to note that she worked for the Los Angeles Chamber for five years, not 10 years. Vice Chair Oschin requested approval of the amended minutes. Commissioner Bruce Saito so moved; Commissioner Erin Darling seconded.

The minutes were unanimously approved.

Ayes: 14 – Vice Chair Francine Oschin, Robert Bartlett, Kathryn E. Campbell, Leslie Cortez, Rosi Dagit, Erin Darling, Teresa Furey, Keren M. Goldberg, Al Lay, Margaret Levy, Candace Nafissi, Peter Olpe, Scott Sachs, Bruce Saito.

3. ANNOUNCEMENTS

Division Chief Carol Baker announced that the Marina Beach opening ceremony would be held on Thursday, June 28, 2018, at 5:00 p.m.

Assistant Chief Lifeguard, Fernando Boiteux said the Lifeguard Medal of Valor event would be held at the Redondo Beach Seaside Lagoon on August 1, 2018, at 6:00 p.m.

4. OLD BUSINESS

A. MEASURE A

Executive Assistant Stefan Popescu provided an update on Measure A. He provided the Commission with an Executive Summary of the measure's Implementation Steering Committee's recommendations and advised Commissioners to refer to the Regional Parks and Open Space District (RPOSD) website if they required more details. He said there was a Board Action on June 12 to allocate this year's Measure A funds, but if the litigation does not conclude in the County's favor, the District will have to return the funds.

Vice Chair Oschin asked if the process is expected to be long term because of the litigation. Mr. Popescu said the appeal process should be concluded by the end of 2020.

Commissioner Kathryn Campbell asked for details about the anticipated allocation priorities. Director Gary Jones said that the beach needs assessment document is being updated; the Commission will be provided a copy when it is completed.

Commissioner Rosi Dagit asked if a list of projects has been made for this year's allocation. Mr. Popescu said there is a list, but because projects are so large, it will be necessary to save a couple of years' worth of allocations before starting a substantial project. Director Jones clarified that no funds are earmarked for the current year.

Commissioner Keren Goldberg asked Mr. Popescu to talk about accomplishments he has seen as a result of Measure A passing. Mr. Popescu replied that \$400 million of deferred

maintenance projects have been submitted. Director Jones said the highlight of what Measure A provides to the Department is a constant, predictable source of funding, which is a huge benefit when planning projects over the years.

Commissioner Robert Bartlett asked if a two- to three-year timeline had been prepared to budget and start projects under Measure A. Mr. Popescu replied yes, but before projects can be planned, the money must be saved up. Some projects can be completed using the annual allocated funds of \$3.1 million in Measure A funds and \$1.4 million in maintenance and servicing funds; however, it may be necessary at times to request extraordinary expenditure funds. Such requests require approval from the RPOSD Board of Directors.

Planning Specialist Cesar Espinosa said that there is a list of projects that are targeted for Measure A money, but won't be started for two years.

Commissioner Margaret Levy referred to a point in the Executive Summary stating the annual allocation the Department shall receive will be up to 25 percent of the total Category 3 funds. She interpreted that statement as a ceiling or maximum, but not a guarantee, and was concerned the amount would be lowered in the future. Mr. Popescu said the 25 percent amount was discussed with the RPOSD, and the Department was assured it would receive the full amount annually for many years into the future.

Commissioner Dagit asked if the Department will apply for any of the competitive grant funds in addition to the annual allocation. Mr. Espinosa said that the plan is to apply for competitive grants as well.

Vice Chair Oschin asked if projects could be front-loaded against monies that come in from Measure A, and would the RPOSD Board of Directors manage it if the need is there. Mr. Popescu said depending on previous expenditures from Proposition A or Measure A, the Department can use Maintenance and Servicing funding for building projects as well. He said a review will be conducted annually to determine if the allocated percentage would be changed, but he did not anticipate it would happen soon.

5. NEW BUSINESS

A. COUNTY LEGISLATIVE ADVOCACY

Vice Chair Oschin introduced Angela Ovalle, Principal Analyst in Legislative Affairs and Intergovernmental Relations for Los Angeles County, Chief Executive Office.

Ms. Ovalle presented an overview of the County of Los Angeles' Legislative Program and the mechanisms of advocacy. Ms. Ovalle's presentation reviewed the following:

- the Legislative Process for bills in the state Assembly and Senate;
- the roles of County Counsel and County Departments, Sacramento and DC Advocates, CEO-Legislative Affairs, and the Board of Supervisors in the Legislative process;
- the components of the County's Legislative Program.

She also provided the Commission with a copy of the policies that are currently in the State

Legislative Agenda for Beaches and Harbors.

Ms. Ovalle emphasized that Departments and Departmental staff cannot be advocates, but they and Commissioners can testify as subject matter experts on items on which the County has taken a position in coordination with CEO-Legislative Affairs. Also, elected officials may advocate on their own behalf. She said if the Commission wanted to submit recommendations to the Board, a draft recommendation would need to be provided to CEO Legislative Affairs for review. If it is consistent with existing policy, then a formal recommendation may be submitted to the Board in order for them to take a position.

Commissioner Candace Nafissi asked if the Commissioners would have opportunities to recommend priorities for the Board to consider. Ms. Ovalle said yes. She added that the Board considers recommendations on priorities in November and December, and the Commission should forward them before that time.

Commissioner Nafissi also asked how the Commission could get the Board's support for a bill that is of interest to Commissioners but not being tracked for the Department. Ms. Ovalle replied that the Commission should bring the matter to Departmental staff, which would contact Legislative Affairs, which, in turn, would forward the information to an analyst to review the bill and work with the Department to come up with an advocacy position.

Commissioner Nafissi asked if Legislative Affairs makes recommendations to state officials regarding potential bills it wishes to have considered. Ms. Ovalle said that is called County-sponsored legislation. As part of the update of the annual agendas, departments are asked if they have any recommendations for a County-sponsored bill.

6. STAFF REPORTS

A. ONGOING ACTIVITIES REPORT

Ms. Baker submitted the written report and congratulated Commissioner Levy on her re-appointment to the Beach Commission. She noted the Board's June 12 item for Measure A and Supervisor Sheila Kuehl's motion to allow temporary placement of portable toilets and handwashing facilities at the Rose Avenue parking lot at Venice Beach. Also noted was the Board's final reading of the hull cleaning ordinance for Marina del Rey.

Commissioner Goldberg asked if the Department would be monitoring the temporary restroom facilities and reporting back to Supervisor Kuehl of any challenges with the situation. Division Chief Kenneth Foreman said the project was approved by the Board, and the permitting process should be completed soon. Once the permits are approved, the portable restroom facilities will be installed and monitored.

B. BEACH AND MARINA DEL REY SPECIAL EVENTS

Ms. Baker submitted the written report. She said larger than usual crowds were expected

for the Fourth of July fireworks in Marina del Rey and traffic control measures were planned. Ms. Baker highlighted the summer season programming, noting the popular Beach Movie Nights at Dockweiler Youth Center.

Vice Chair Oschin said she spoke for the Beach Commission about how proud the Commission is of what the Department is doing with events and community focus.

C. BEACH PROJECTS REPORT

Division Chief Kenneth Foreman submitted the written report. He noted that summer operations are the focus, so most construction projects will be postponed until fall.

Commissioner Bartlett asked for a timeline for completion on projects that have been started or scheduled. Mr. Foreman explained the projected end dates for current projects are listed on the Beach Projects Report.

D. LIFEGUARD REPORT

Assistant Chief Fernando Boiteux submitted the written report. He said the Lifeguards are in full summer mode and are anticipating a very busy Fourth of July. All Lifeguard stations are fully staffed.

Chief Boiteux said 4,300 Junior Lifeguards are going into the second week of training. Lifeguard Academy classes 31 and 32 just completed training, adding 54 new Ocean Lifeguards. The graduation ceremony will be held at Seaside Lagoon in Redondo Beach on June 30, 2018, from 9 – 11 a.m.

Commissioner Levy referred to the Lifeguard report and asked for the circumstances surrounding the two drownings. Chief Boiteux said one drowning occurred early this year when someone jumped off of the pier at Santa Monica around midnight. He said the other drowning occurred about a month prior when the current apparently dragged a person out to sea off Second Street in Hermosa Beach.

Commissioner Lay expressed how tragic those events were.

Commissioner Bartlett asked if hot boxes were added in the January agenda for funding. Chief Boiteux replied that the hot boxes were requested, but not added to the agenda for the 2019 fiscal year. Commissioner Bartlett also asked about the difference in attendance numbers at the beach from 2017 to 2018 for the month of May. Chief Boiteux explained that May's cooler temperatures were reflected in the lower beach attendance for this year.

Commissioner Lay commented that the boat warnings have increased this year. Chief Boiteux said there is more boating activity and explained that inexperienced boaters can contribute to the number of warnings because they are unaware of all the rules and regulations.

Commissioner Bartlett asked how many new permanent Lifeguards are on staff and which new Lifeguard stations will be permanent. Chief Boiteux said there is a staff of 170 full-

time employees. Based on trends at the beach, additional staff have been placed at Santa Monica, Venice, and Hermosa beaches to increase public safety. Commissioner Bartlett asked if Second Street in Hermosa will be a permanent Lifeguard station. Chief Boiteux said no.

7. COMMISSIONER COMMENTS

Commissioner Campbell asked if a date had been established for the Beach Commission retreat, what the protocols will be, and how to conduct the retreat in an open and transparent manner for the public to see. Vice Chair Oschin said the Commission retreat will be happening in September or October, but the venue and discussion topics have not been chosen. She suggested the Commission forward discussion ideas to Ms. Baker.

Ms. Baker said the Department decided it would be important for the retreat to have facilitators with a strategic planning background. The Department has committed about \$20,000. The Department will submit a solicitation document to consultants on a County master list. The chosen consultant will talk with the Chair and Vice Chair and, using feedback from Commissioners and Department staff, create an agenda. Ms. Baker noted that Department representatives would not attend the retreat and would be interviewed separately. A debriefing would occur at the next Beach Commission meeting.

Commissioner Campbell said if the Commission does not meet as a group until the end of September, it seemed unlikely that the planning process would be completed before October. Ms. Baker explained that securing the consultant will be a lengthy administrative process. Commissioner Campbell said she thinks the Commission should discuss the agenda as a group at the September Commission meeting for an October retreat. Ms. Baker said the retreat could possibly be held in October.

Vice Chair Oschin said that an October retreat would be in lieu of the monthly Commission meeting. The Commission would return to its regular meeting schedule in November.

Commissioner Levy commented said it seemed counterintuitive to not hold Beach Commission meetings in July and August. Ms. Baker said that summer is the Department's busiest time for programming and responding to needs related to increased beach usage, and there usually aren't action items that would require the Commission's endorsement.

Vice Chair Oschin asked if the Commissioners could receive an email regarding news and updates about the beaches during the summer hiatus. Ms. Baker said she would provide updates and news links that impact the Department via email. She also encouraged the Commissioners to email her regarding any questions or concerns.

Commissioner Lay noted a San Francisco Chronicle article about a report by the Union of Concerned Scientists that indicated many coastal properties may be flooded out by 2045. He requested that someone speak about the rising sea levels. Ms. Baker asked Mr. Espinosa to give an update about coastal erosion and sea level rise.

Mr. Espinosa said new funding for climate change adaptation studies has resulted in

many recent reports. He said the Department conducted a sea level rise vulnerability study two years ago. The impact of rising seas will likely not be seen until 2050/2100. The Department's short-term adaptation for sea level rise is to continue building sand berms on the beaches from November through March, and the long-term strategy is beach nourishment. Mr. Espinosa said the Department tries to attend all conferences related to climate change and sea level rise.

Commissioner Scott Sachs asked for Brown Act guidelines to ensure there will be no violations during the upcoming Commission retreat. Ms. Baker said the Department will consult with County Counsel during the retreat planning process. Commissioner Sachs also noted the Board's approved Ordinance amending County Code, Title 19. He requested an update regarding copper on boats and how that might relate to the ordinance amendment. Ms. Baker said the Department will need to work with the Chair to determine when the subject will be reviewed.

Commissioner Goldberg asked if Commissioners are allowed to attend local or statewide meetings pertaining to rising sea levels. Ms. Baker said the Commissioners are encouraged to attend and represent themselves as a Beach Commissioner, but not speak on the Commission's behalf. Mr. Espinosa said he will provide information regarding upcoming meetings relating to sea levels and climate change to Ms. Baker to forward to the Commissioners.

Commissioner Goldberg asked if the retreat will be held on the same Wednesday of the month that the Commission usually meets, a Saturday, or another day of the week. Ms. Baker replied that logistics will need to be worked out. Vice Chair Oschin said a survey will be done to ensure the largest number of Commissioners will attend the retreat.

Commissioner Bartlett asked Mr. Espinosa if any grafting has been done along the jetties and coastlines to prevent erosion. Commissioner Bartlett also asked Mr. Espinosa to provide the Commission with updates about coastline erosion after he attends conferences. Mr. Espinosa said he will provide a summary of the conferences to the Beach Commission. He also said beach measurements are done once per month at a few beaches, and the information will be shared with the Commission.

Commissioner Bartlett asked Mr. Foreman for the status of the White Point/Royal Palms road repairs and speed bumps. He also requested to meet the person who developed the timeframe of repairs for the Point Fermin access to the beach. Mr. Foreman said the Department's intent is to work on the potholes at White Point/Royal Palms based on staff availability. The Department is still considering whether to have speed bumps at that location. Mr. Foreman said the Department met with the City of Los Angeles about the Point Fermin stairwell access. L.A. City supports the Department's concerns about the stairwell being a safety issue and has referred the safety issue to its Bureau of Engineering. For now, the area is completely closed to the public. Mr. Foreman also offered to provide Commissioner Bartlett with contact information for the General Manager of the L.A. City Recreation and Parks Department.

Commissioner Levy asked County Counsel Christina Angeles how Commissioners should identify themselves if they attend the Coastal Commission meeting regarding the beach

curfew. Ms. Angeles replied that the Commissioners can identify themselves as a Beach Commission member, but only to advocate their own position. They cannot speak on behalf of the Beach Commission. Ms. Baker said that the Commission did take a position on the beach curfew and sent a letter to the Coastal Commission, so it would be appropriate to quote from the letter regarding the Beach Commission's position.

Commissioner Sachs asked for advice from County Counsel about the deliberative process and public speaking to avoid violating the Brown Act. Ms. Angeles clarified that her role at the Beach Commission meetings is Counsel for the Department of Beaches and Harbors. Because the Commission has taken an official position on the beach curfew, Commissioners may reiterate the Commission's position and reference the letter. Director Jones said he believes the curfew item might be pushed back to later in the year and will inform the Commission of the new date.

8. COMMUNICATION FROM THE PUBLIC

Ms. Noel Johnston introduced herself as a member of the Oceanfront Walk Committee which is part of the Venice Neighborhood Council. She asked if the Lifeguard tower is still operational after the fire on Venice Pier the day before. Chief Boiteux said the tower was not affected by the fire and is operational; however, the pier is closed. Ms. Johnston said the neighborhood is concerned about the equipment under the Lifeguard tower that supplies power to the tower. Mr. Foreman said the Venice Pier is closed to public access and L.A. City is assessing the damage from the fire. The transformer equipment issues have been noted. Ms. Johnston asked about the feasibility study for the Maintenance Yard and Lifeguard Facility in Venice. Mr. Espinosa said the feasibility study has not been completed because the funding is not yet available.

Mr. Peter John Ruiz introduced himself as a member of the Venice Pier Project, Oceanfront Walk Committee and Homeless Committee for the Venice Neighborhood Council. He said he was at the Venice Pier early in the morning after the fire and had some concerns regarding the Pier. He requested that speedy repairs be a priority.

Commissioner Goldberg asked when the fire occurred. Mr. Ruiz said it broke out the previous day at about 4:30 a.m. Debris under the stairs caught fire and burnt the underside of the pier where the ramp meets the pier. Commissioner Goldberg said she would like the Commission to advocate as a group to ensure speedy repairs.

Commissioner Bartlett asked if the County or L.A. City would pay for repairs. Mr. Foreman said the County had responsibility for a number of piers in L.A. City in the past, but now is neither involved in the operation of nor has responsibility for the piers.

The next Beach Commission Meeting is scheduled for September 26, 2018, at **BURTON CHACE PARK COMMUNITY ROOM located at 13650 Mindanao Way, Marina del Rey, California, 90292.**

**DEPARTMENT OF BEACHES AND HARBORS LAUNCHES
CAN THE TRASH! CLEAN BEACH POSTER CONTEST**

Educational campaign reminds residents that "ocean pollution begins at home."

MARINA DEL REY, California—Sept. 15, 2018— Did you know that ocean pollution begins at home? With the new *Can the Trash!* Clean Beach Poster Contest and educational campaign from the Los Angeles County Department of Beaches and Harbors (DBH), children and families will learn that trash that makes its way to storm drains and other parts of the County's watershed may eventually end up in the ocean.

The educational campaign includes an original song and video titled "Clean and Blue," as well as the "Ocean Heroes" activity guide. The activity guide was developed in partnership with Heal the Bay and the Los Angeles County Department of Public Works. All materials are available online at beaches.lacounty.gov/postercontest.

Students in grades 3 – 5 are encouraged to watch the "Clean and Blue" video and share what they learned by drawing a picture with a message about ways to keep the ocean and beaches clean and healthy, and the importance of doing so. Students' artwork can then be submitted to the *Can the Trash!* Clean Beach Poster Contest via the website. Five winners from each grade will have their designs wrapped around trash barrels at Los Angeles County beaches.

"We have a responsibility to keep our ocean and iconic beaches as clean and healthy as possible, and the *Can the Trash!* Clean Beach Poster Contest is a creative way to promote this mission using the energy and ideas of the next generation," said Los Angeles County Supervisor Janice Hahn, whose Fourth District includes the County's southern beaches. "I'm looking forward to seeing students' art and environmental messages on beach trash barrels!"

"Through the *Can the Trash!* Clean Beach Poster Contest and educational campaign, we hope to teach individuals from an early age the importance of keeping our watershed and beaches free of trash and other pollution," said DBH Director Gary Jones.

All poster contest entries must be received by January 12, 2019. For more information and to watch the video, visit beaches.lacounty.gov/postercontest.

Note: An electronic media kit containing the "Clean and Blue" video and "Ocean Heroes" activity guide is available at bit.ly/CanTheTrashMedia.

BOARD ACTIONS ON ITEMS RELATING TO BEACHES

On June 26, 2018 the Board waived the \$300 security deposit, \$250 permit fee, \$300 in gross receipts fees and reduced the parking fees to \$1 for 50 vehicles at Torrance Beach, excluding the cost of liability insurance, for the Jimmy Miller Memorial Foundation's 13th Annual South Bay Dozen Lifeguard Competition, held July 1, 2018.

On July 3, 2018, the Board approved the use of Will Rogers State Beach for surfing classes by Palisades Charter High School's Physical Education Program; and waived \$17,986 in parking fees for 34 vehicles every other day, excluding the cost of liability insurance, from August 2018 through June 2019.

Also on July 3, 2018, the Board waived the gross receipts fee of \$2,000, which is 15% of the estimated gross receipts, and the \$250 permit fee at Torrance Beach, excluding the cost of liability insurance, for Redondo Beach Open Water Swim's Swim the Avenues event, held July 15, 2018.

Also on July 3, 2018, the Board waived the \$1,350 gross receipts fee, which is 15% of the gross receipts; reduced the permit fee from \$250 to \$50; and reduced the parking fee from \$13 to \$5 per vehicle for 200 vehicles at Dockweiler State Beach in Playa del Rey, excluding the cost of liability insurance, for the 5th Annual Sean Brock Foundation 5K and 10K, held July 28, 2018.

Also on July 3, 2018, the Board waived the \$250 special event fee for use of Dockweiler State Beach, excluding the cost of liability insurance, for the Big Brothers Big Sisters of Greater Los Angeles Beach Bash event, held July 21, 2018.

On July 10, 2018, the Board authorized the Los Angeles Police Department's Valley Traffic Division's use of Will Rogers State Beach for their Annual Divisional Picnic for officers, staff, and their families; and reduced the permit fee to \$125 and the parking fee to \$5 per vehicle for up to 150 vehicles, excluding the cost of liability insurance, for attendees of the event, held July 28, 2018.

Also on July 10, 2018, the Board authorized the Los Angeles Police Department, West Los Angeles Community Police Station's use of Will Rogers State Beach for their Annual Divisional Picnic for officers, staff, and their families; and reduced the permit fee to \$125 and the parking fee to \$5 per vehicle for up to 150 vehicles, excluding the cost of liability insurance, for attendees of the event, held August 19, 2018.

On July 17, 2018, the Board waived up to \$960 in slip fees at Burton W. Chace Park, excluding the cost of liability insurance, for the 42nd Annual Old Fashioned Day in the Park hosted by the Classic Yacht Association and the Department of Beaches and Harbors, held July 27 – 29, 2018.

On August 7, 2018, the Board waived the \$250 permit fee and 15% gross fee of total receipts up to \$4,875 at the Manhattan Beach Pier, excluding the cost of liability insurance, for the 43rd Catalina Classic Paddleboard Race, held August 26, 2018.

On August 14, 2018, the Board approved a reduction in parking fees to \$5 per vehicle per day for up to 20 vehicles for overnight parking at the Rose Avenue Beach parking lot in Venice, excluding the cost of liability insurance, for the Pacific Jewish Center's High Holy Days services on September 18 and 19, 2018.

Also on August 14, 2018, the Board waived parking fees for 30 vehicles in a total amount not to exceed \$12,330 at Torrance Beach, excluding the cost of liability insurance, for students and teachers attending surf classes sponsored by Palos Verdes Peninsula High School, to be held August 27, 2018, through June 7, 2019, from 6:00 a.m. to 12:00 p.m.

On September 4, 2018, the Board waived up to \$19,850 in parking fees for 50 vehicles at Torrance Beach, excluding the cost of liability insurance, for students and teachers attending surf classes sponsored by Palos Verdes High School, to be held September 5, 2018 through June 8, 2019 Monday through Friday from 6:00 a.m. to 12:00 p.m.

Also on September 4, 2018, the Board waived up to \$8,450 in parking fees for 650 vehicles at Dockweiler State Beach, excluding the cost of liability insurance, for participants taking the Fire Department's Lifeguard Candidate Exam, held September 22, 2018.

Also on September 4, 2018, the Board waived \$599 in gross receipts, and reduced the permit fee to \$125 and the parking fee to \$5 per vehicle for up to 10 vehicles at Zuma Beach, excluding the cost of liability insurance, for the Scholastic Surf Series Surf League Competition, to be held October 6 and 7, 2018.

On September 11, 2018, the Board waived all parking fees for approximately 10,500 volunteers and support staff at County-operated beach parking lots, excluding the cost of liability insurance, for California Coastal Cleanup Day events hosted by Heal the Bay on September 15, 2018.

Also on September 11, 2018, the Board authorized the use of Zuma Beach in Malibu for the 31st Annual Malibu Triathlon; waived up to 50% of the total gross receipts fee in the estimated amount of \$82,593, contingent upon the submission and validation of any and all documents requested by the Auditor-Controller; reduced the permit fee to \$125 and the parking fee to \$5 per vehicle for approximately 4,500 vehicles at Zuma Beach and Point Dume Beach, excluding the cost of liability insurance, on the days of the event, held September 15 and 16, 2018; and reduced the parking fee to \$5 per vehicle for approximately 400 vehicles for set-up days, September 11 through 16, 2018.

Also on September 11, 2018, the Board waived up to \$5,500 in parking fees for 25 vehicles at Torrance Beach, excluding the cost of liability insurance, for students and teachers attending surf classes sponsored by Torrance High School, to be held every Monday, Wednesday and Friday from October 1, 2018 through June 19, 2019, from 6:30 a.m. to 8:30 a.m.

Also on September 11, 2018, the Board adopted the amended Ordinance for County Code, Title 15 - Vehicles and Traffic and Title 17 - Parks, Beaches and Other Public Areas, by amending Sections 15.08.185 and 17.20.020 relating to the definition of the word "skateboard," and adding Section 15.54.030, relating to "wheeled devices," to prohibit wheeled devices from being used in the manner described, so that law enforcement will be able to issue effective citations in furtherance of public safety, when necessary.
