## AGENDA

Meeting of the Beach Commission

April 24, 2019

9:30 a.m.

Burton Chace Park Community Room  
13650 Mindanao Way  
Marina del Rey, CA 90292

### 1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

### 2. APPROVAL OF MINUTES

March 27, 2019

### 3. ANNOUNCEMENTS

### 4. OLD BUSINESS

- A. Environmental Education Program (UPDATE)  
*Can The Trash!* Clean Beach Poster Contest Winners

### 5. NEW BUSINESS

- A. Beach Fees Package (ACTION)  
Los Angeles Region

### 6. STAFF REPORTS

- A. Ongoing Activities Report (REPORT)  
Board Actions on Items Relating to Beaches  
B. Beach Special Events/Activities (REPORT)  
C. Beach Projects Report (REPORT)  
D. Lifeguard Report (REPORT)

*Francine Oschin,*  
Chair  
*Laura Emdee,*  
Vice-Chair

*Robert Bartlett*  
*Jonathan M. Beutler*  
*Kathryn E. Campbell*  
*Rosi Dagit*  
*Erin Darling*  
*Jeff Duclos*

*Teresa Furey*  
*Keren M. Goldberg*  
*Al Lay*  
*Margaret Levy*  
*Cris B. Liban*  
*Candace Nafissi*  
*Peter R. Olpe*

*Anthea Raymond*  
*Scott Sachs*  
*Bruce Saito*  
*Kurt Weideman*

**7. COMMISSIONER COMMENTS**

**8. COMMUNICATION FROM THE PUBLIC**

**9. NEXT MEETING DATE & LOCATION**

Wednesday, May 22, 2019, 9:30 a.m. at Burton Chace Park Community Room,  
13650 Mindanao Way, Marina del Rey, CA 90292.

**PLEASE NOTE:**

1. The Los Angeles County Board of Supervisors adopted Chapter 2.160 of the Los Angeles Code (Ord. 93-0031 § 2 (part), 1993), relating to lobbyists. Any person who seeks support or endorsement from the Beach Commission on any official actions must certify that he/she is familiar with the requirements of this ordinance. A copy of the ordinance can be provided prior to the meeting and certification is to be made before or at the meeting.
2. The agenda will be posted on the Internet and displayed at the following locations at least 72 hours preceding the meeting date:

Department of Beaches and Harbors' Website Address: [marinadelrey.lacounty.gov](http://marinadelrey.lacounty.gov)

The ADA coordinator may be reached by email at [rstassi@bh.lacounty.gov](mailto:rstassi@bh.lacounty.gov).

**COUNTY OF LOS ANGELES BEACH COMMISSION**  
**MINUTES OF MARCH 27, 2019 MEETING**

**COMMISSIONERS PRESENT**

Francine Oschin, Chair  
Laura Emdee, Vice Chair  
Robert Bartlett  
Kathryn E. Campbell  
Rosi Dagit  
Erin Darling  
Teresa Furey  
Al Lay  
Margaret Levy  
Cris B. Liban  
Peter R. Olpe  
Anthea Raymond  
Bruce Saito  
Kurt Weideman

**ABSENCES**

Jonathan M. Beutler  
Jeff Duclos  
Keren M. Goldberg  
Candace Nafissi  
Scott Sachs

**STAFF PRESENT**

Amy Caves, Deputy Director, Asset Management & Planning Division  
Kenneth Foreman, Division Chief, Operational Services Division  
Carol Baker, Division Chief, Community & Marketing Services Division  
Christina Angeles, Principal Deputy County Counsel  
Cesar Espinosa, Planning Specialist  
Catrina Love, Senior Marketing Analyst

**GUEST SPEAKERS**

Juliette Finzi Hart, Oceanographer, United States Geological Survey  
Nick Sadrpour, Science, Research & Policy Specialist, USC Sea Grant  
Dana Roeber Murray, Marine Scientist and Environmental Manager, City of Manhattan Beach  
Shawn Igoe, Utilities Division Manager, City of Manhattan Beach  
Melodie Grubbs, Director of Watershed Programs, The Bay Foundation

## **MEETING LOCATION**

Burton W. Chace Park Community Room

### **1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE**

Chair Francine Oschin called the meeting to order at 9:35 a.m. and asked Commissioner Robert Bartlett to lead everyone in the Pledge of Allegiance.

### **2. APPROVAL OF MINUTES**

Chair Oschin asked for approval of the January 23, 2019, and February 27, 2019, minutes. Commissioner Kathryn Campbell so moved; the motion was seconded by Commissioner Robert Bartlett.

**The minutes were approved.**

**Ayes: 13 –Chair Francine Oschin, Vice Chair Laura Emdee, Commissioners Robert Bartlett, Kathryn Campbell, Rosi Dagit, Teresa Furey, Al Lay, Margaret Levy, Chris Liban, Peter Olpe, Anthea Raymond, Bruce Saito, Kurt Weideman.**

### **3. ANNOUNCEMENTS**

Commissioner Rosi Dagit announced there would be a cleanup at Sepulveda Basin on April 13, 2019. She also said the California Coastal Commission has funded the proposal to plan the next stage of the Topanga Lagoon restoration.

Chair Oschin announced Commissioner Laura Emdee's re-election to the Redondo Beach City Council. Chair Oschin also noted how productive the Beach Commission special meeting in February was and thanked all Commissioners who attended.

### **4. OLD BUSINESS**

#### **A. BEACH COMMISSION SPECIAL MEETING**

Division Chief Carol Baker said a revised list of agenda items for the year was made based on discussions about what the Commission should consider and the Departments' objectives.

### **5. NEW BUSINESS**

## A. SEA LEVEL RISE PROJECTIONS FOR THE LOS ANGELES REGION

Planning Specialist Cesar Espinosa introduced Juliette Finzi Hart, Oceanographer at the United States Geological Survey's (USGS) Pacific and Coastal Marine Science Center. Ms. Hart, who serves as the Director of Outreach for the Climate Impacts and Coastal Processes Team, gave a PowerPoint presentation about sea level rise projections for the Los Angeles region. She explained the global and local causes of sea level rise, the expected impacts to shorelines, properties and groundwater, and how the projections were determined.

## B. REGIONAL COASTAL RESILIENCE COLLABORATION

Mr. Espinosa introduced Nick Sadrpour, Science, Research & Policy Specialist, University of Southern California (USC) Sea Grant. Mr. Sadrpour gave a PowerPoint presentation about the collaborative AdaptLa: Regional Coastal Resilience effort. He talked about the USC Sea Grant partnership with the National Oceanic and Atmospheric Administration (NOAA), which funds ocean and coastal research, and brings the research to the attention of local officials through meetings and public workshops.

Commissioner Cris Liban asked Ms. Hart about sea level rise and CoSMoS modeling. He asked Mr. Sadrpour if localities should invest in methods that worked in the past, considering that such methods may not work in the future. Ms. Hart replied that CoSMoS modeling was used. Other resources, such as the OPC Sea Level Guide, are used to determine what information to use and how to plan and build for today using an adaptive approach for the future. Mr. Sadrpour said from a research perspective, uncertainty is exciting. It allows experimental designs to be built to help determine what will work or not. Designing with nature in mind can be best, but planning is always necessary.

Commissioner Margaret Levy asked if people are still not accepting the reality of climate change and what their reaction is when provided with the relevant scientific data. Ms. Hart said most people accept the climate is changing—the argument is whether climate change is accelerating due to human input.

Commissioner Anthea Raymond asked for specific recommendations on how the Commission and the Department can use the information provided in the presentations. Ms. Hart said anything that maintains the beaches helps protect the backshore of the beaches and properties. She added that the County is already looking at adaptive management.

Commissioner Al Lay asked if the West Basin Municipal Water District had received the information regarding the saltwater intrusion. Ms. Hart said the data is new and has not yet been released.

Commissioner Robert Bartlett requested projections for saltwater intrusion into wetlands and sand migration along the coast in order to help plan for and control those events.

Commissioner Erin Darling asked Mr. Sadrpour to recommend what the County should do now and in the future. Mr. Sadrpour said the Department has been heavily involved already with CoSMoS and research information as it becomes available. He encouraged the staff to remain involved in research to determine vulnerabilities at the coast and infrastructure. Ms. Hart recommended looking at different parts of the County to identify the tipping points of asset vulnerabilities along the coast.

Commissioner Kathryn Campbell asked if Ms. Hart was familiar with the plans the Department of Fish and Wildlife has for the Ballona Wetlands Ecological Reserve, and if her groundwater projections include the area. Ms. Hart said yes, and that the projections do include the wetlands, but the information is in the public review process and not available for release yet.

Commissioner Peter Olpe asked if there was a projected point of no return with regards to sea level rise—a time when society could no longer stop it. Ms. Hart said the USGS does not do projections, and referred Commissioner Olpe to the Sea Level Rise Guidance document for the State of California. Commissioner Olpe said if society accepts sea level rise as inevitable, the variable is time, not height.

Commissioner Oschin said the Sacramento Delta area is very crucial when considering salt water intrusion. She asked if the USGS research information is being shared. Ms. Hart replied that the CoSMoS model and groundwater portion is being shared. Other researches are doing studies specific to the delta area.

Commissioner Raymond asked about methods to improve coastal resiliency. Mr. Sadrpour indicated that reshaping the landscape and understanding risks to particular assets are the top methods.

Commissioner Liban asked if information provided has been incorporated into the Department's planning. Mr. Espinosa said the County's Sea Level Rise Vulnerability document from three years ago defines the County's adaptation strategies for sea level rise. He said science continues to advance and the document can be modified as needed. For the short term, the sand berm program will continue. Dune restoration collaborations with coastal communities will also continue. In the long term, the Department's strategies include beach nourishment and managed retreat.

Commissioner Rosi Dagit asked how the Department's beach projects are planned so money is not spent on something that might be gone in ten years. Mr. Espinosa said some projects refurbish structures already in place but long-term planning is still needed. Commissioner Dagit said the planning should be done in a strategic and transparent manner.

#### C. MANHATTAN BEACH ENVIRONMENTAL SUSTAINABLE PROGRAM

Mr. Espinosa introduced Dana Roeber Murray, Marine Scientist and Environmental Manager, City of Manhattan Beach. Ms. Murray spoke about how the City of Manhattan Beach is addressing climate resiliency.

#### D. MANHATTAN BEACH DUNE RESTORATION

Mr. Espinosa introduced Shawn Igoe, Utilities Division Manager, City of Manhattan Beach, and Melodie Grubbs, Director of Watershed Programs, The Bay Foundation. Mr. Igoe gave a PowerPoint presentation about the Manhattan Beach Infiltration Trench Project. Mr. Igoe said the total estimated cost for the project would be \$5,244,000, and construction is anticipated to run from May 2019 through June 2021.

Ms. Grubbs gave a PowerPoint presentation about the Manhattan Beach Dune Restoration Project, designed to increase shoreline resiliency, implement soft-scape protection against sea level rise and increase community engagement. The project will enhance approximately 3.5 acres back dunes by removing non-native vegetation, seeding/planting native vegetation, placing sand fencing to enable plants to establish, and fencing to guide existing pathways to the beach.

Commissioner Campbell asked if the public outreach and information sessions have been started, and if so, has the reaction been positive. Ms. Grubbs replied that public outreach has begun, and most of the reaction has been positive.

Commissioner Lay asked if dune restoration projects will be implemented south of the Manhattan Beach Pier. Ms. Murray said potential adaptation policies or a project could be included in the climate adaptation plan developing over the next two years.

Commissioner Liban said that the successes of the projects should be promoted more as examples of success stories on the local level.

Commissioner Dagit asked how concerns about invasive species in the privately managed gardens between the Strand and the beach were being addressed. Ms. Grubbs said the projects will show a good example of what a native dune habitat looks like, use that as a starting point, and then move on to address the private garden issue. Ms. Murray said the City of Manhattan Beach is planting drought tolerant and native species and hopes to also set an example for community support.

Commissioner Bartlett asked what is being done towards the environmental process regarding transportation to Manhattan Beach. Ms. Murray said the Living Streets Initiative is exploring the challenge of public transportation. Chair Oschin said bus study conclusions would be released the next day at the L.A. Metro meeting and would address changing needs for public transportation.

Commissioner Liban said Mr. Chung, who is in charge of the bus study, would be willing to come in and talk to the Commission.

#### E. APPROVAL OF AMENDMENT 1 TO BEACH TRASH BARREL SPONSORSHIP AGREEMENT

Ms. Baker noted that this contract amendment is required to wrap the environmentally themed artwork from the *Can the Trash!* Clean Beach Poster Contest around beach trash barrels. She also said the winners of the contest would be honored at the Department's Earth Day event on April 13, 2019, at the Dockweiler Youth Center and the Los Angeles County Board of Supervisors (Board) meeting on April 30, 2019.

She introduced Catrina Love, Senior Marketing Analyst. Ms. Love talked about the amendment to the Beach Trash Barrel Sponsorship agreement with the Adopt-a-Highway Maintenance Corporation (AHMC). Ms. Love asked the Beach Commission for support of the amendment which will be submitted to the Board for final approval.

Chair Oschin said the endorsement requires the Beach Commission vote now because the Board will review it soon. Commissioner Levy so moved; the motion was seconded by Commissioner Raymond.

**The motion to endorse Amendment 1 to the Beach Trash Barrel Sponsorship was unanimously approved.**

**Ayes: 14 –Chair Oschin, Vice Chair Emdee, Commissioners Bartlett, Campbell, Dagit, Darling, Furey, Lay, Levy, Liban, Olpe, Raymond, Saito, Weideman.**

### 6. STAFF REPORTS

#### A. ONGOING ACTIVITIES REPORT

Ms. Baker submitted the written report. Commissioner Dagit asked about the fee waiver for August 24, 2019. Ms. Baker said she would provide the information to the Commission.

#### B. BEACH AND MARINA DEL REY SPECIAL EVENTS

Ms. Baker submitted the written report and highlighted the upcoming two-day ARTsea event at Marina "Mother's" Beach on May 18 and 19, 2019.

Commissioner Dagit asked for a PDF of the ARTsea flier and a link to the website. Ms. Baker said the information would be provided.

#### C. BEACH PROJECTS REPORT

Division Chief Kenneth Foreman submitted the written report. He said when planning facility repairs, the structure's location and vulnerability to sea level rise is considered. At

the moment, none of the structures identified for repair or refurbishment projects are under threat of sea level rise. Mr. Foreman also noted the sand berms were up longer this year due to late storms.

Commissioner Bartlett asked for an update on the Dockweiler RV Park expansion. Mr. Foreman said the expansion is still in the planning process.

Commissioner Levy asked if prefabricated restrooms for the beaches are under consideration. Mr. Foreman replied the Department is looking into pre-fabricated restrooms in because they may be more cost effective. Commissioner Levy asked if a prefabricated restroom can be moved. Mr. Foreman said he would find out if it is possible.

#### D. LIFEGUARD REPORT

Chair Oschin submitted the report and noted that there were no drownings during the months of January or February, 2019.

#### 7. COMMISSIONER COMMENTS

Chair Oschin reminded the Commission about the ethics training at the Kenneth Hahn Hall of Administration the following week.

#### 8. COMMUNICATION FROM THE PUBLIC

There was no communication from the public.

The next Beach Commission Meeting is scheduled for May 22, 2019, at **BURTON CHACE PARK COMMUNITY ROOM** located at **13650 Mindanao Way, Marina del Rey, California, 90292.**

#### ADJOURNMENT

Chair Oschin adjourned the meeting at 12:45 p.m.

Respectfully Submitted, Donalyn Anderson

FROM: *[Signature]* Gary Jones, Director

SUBJECT: **AGENDA ITEM 5A – 2019 DEPARTMENTAL FEE REVISIONS AND NEW FEES**

Item 5A on your agenda pertains to our recommendations that the Board of Supervisors approve Departmental fee increases at parking lot and various facilities and services at the beaches and in Marina del Rey. Fee revisions and new fees specific to the beaches we own, control or manage include:

- Increases to parking fees at the Torrance and Dockweiler Imperial lots, to be implemented incrementally at no more than \$1 per year, as well as to winter weekday fees at Venice and Will Rogers lots and the holiday/special event rate at all lots;
- Increase to the short-term parking fee from \$1.50/hour to \$2.00/hour;
- Increase by \$10 for all sites at the Dockweiler RV Park;
- New fees of \$45 for the forthcoming tent-camper sites at the Dockweiler RV Park and \$15 for a cancellation processing fee;
- Increase to the room rental rates at the Dockweiler Youth Center (DYC).

Department fees were last increased in either 2009 or 2014, as identified in Attachment B to the attached Board letter. Recent surveys indicate that recommended fee adjustments are warranted and appropriate. Additionally, fees need to be authorized for new services.

It is anticipated that the proposed fees will result in an estimated annual revenue increase of \$873,000 when fully implemented, which will be used to fund new positions and other operational costs. We respectfully request your Commission's endorsement of the Department's recommendations. The Board will consider the proposed fee increases and new fees during a public hearing, anticipated to be scheduled on the Board's May 28, 2019 agenda.

Staff will be available at your meeting to answer any questions you might have.

May 28, 2019

The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, California 90012

Dear Supervisors:

**2019 DEPARTMENTAL FEE REVISIONS AND NEW FEES -  
DEPARTMENT OF BEACHES AND HARBORS MARINA DEL REY AND  
COUNTY-OWNED, CONTROLLED AND MANAGED BEACHES  
(SUPERVISORIAL DISTRICTS 3 AND 4)  
(3 VOTES)**

**SUBJECT**

Request to approve revisions to existing fees and new fees charged by the Department of Beaches and Harbors for facilities and services at Marina del Rey and County-owned, controlled and managed beaches, effective June 1, 2019, except for revisions to the parking fees, which will become effective upon Coastal Commission approval. Changes to the existing fees and the implementation of new fees are expected to generate an additional estimated \$873,000 annually when fully implemented and are warranted and appropriate based on a comprehensive review of the fees charged for services provided by the Department.

**IT IS RECOMMENDED THAT THE BOARD AFTER THE PUBLIC HEARING:**

1. Find that these actions are exempt from the provisions of the California Environmental Quality Act pursuant to Public Resources Code section 21080(b)(8).
2. Adopt a resolution approving the Department of Beaches and Harbors' establishment of new and an increase of current fees, effective June 1, 2019, except for new and increased parking fees, which will become effective upon Coastal Commission approval.
3. Delegate authority to the Director of Beaches and Harbors or his designee to adjust fees after considering customer use or to make necessary public accommodations, not to exceed the maximum Board of Supervisors-approved fees.

## **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Approval of the attached resolution (Attachment A) will allow the Department of Beaches and Harbors (Department) to establish new fees and to adjust current fees as outlined in Attachment B, 2019 Fee Revisions and New Fees, which includes both the current and proposed fees. The Department has completed a comprehensive review of the fees it charges for services, and recent surveys indicate that adjustments to parking and recreational fees are warranted and appropriate.

The Department also recommends that your Board authorize the Director of the Department to adjust fees as necessary after considering customer use, not to exceed the Board-approved fees.

### **Implementation of Strategic Plan Goals**

The recommended actions support the provisions of the County's Strategic Plan Goal III, Realize Tomorrow's Government Today, Strategy III.3, Pursue Operational Effectiveness, Fiscal Responsibility and Accountability, by using strong fiscal management to support the maintenance of high-quality beaches and recreational services to enrich the lives of County residents.

## **FISCAL IMPACT/FINANCING**

The recommended actions will result in an estimated revenue increase of \$666,000 in FY 2019-20, which will be used to fund new positions included in the Department's FY 2019-20 Recommended Budget, as well as other operational costs. Once fees are fully implemented, anticipated to occur by FY 2021-22, the recommended actions will result in an estimated annual revenue increase of \$873,000.

### **Operating Budget Impact**

The recommended actions will increase the Department's operating budget revenue by an estimated \$666,000 in FY 2019-20. The anticipated revenue increase will be used to fund the addition of three Grounds Maintenance Workers I (GMWI) and two Recreation Services Supervisors (RSS). The GMWI positions will provide ongoing general maintenance of the expanded Dockweiler Recreational Vehicle (RV) Park and both Dockweiler and Marina "Mother's" beaches, as well as the newly-refurbished Boathouse facility. The RSS positions will provide supervisory oversight of recreation staff at these locations and assist in added programming. The revenue increase and the additional positions will be included in the Department's FY 2019-20 Final Adopted budget.

## **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Fees that are recommended for increase are detailed in Attachment B and consist of parking and recreational fees. More detailed information for certain fees in each category is included below.

### **PARKING FEES**

The Department operates 19 beach parking lots and 15 parking lots in Marina del Rey (Marina). The parking fees in Attachment B are divided between summer and winter rates; summer rates are effective the Saturday before Memorial Day through the last Sunday of September. Parking rates are generally daily rates, with short-term parking available at select beach and Marina parking lots. The Department is recommending adjusting certain beach parking fees, as well as the holiday and special event rate and the short-term parking rate at both beach and Marina parking lots.

Parking fees being recommended for increase have not been increased since 2009. The recommended fee increases will align the Department's parking fees with the fees charged at comparable parking lots in the vicinity. Parking fees will be increased incrementally, not to exceed \$1 per year.

### **RECREATIONAL FEES**

#### **Dockweiler RV Park**

The Department operates the Dockweiler RV Park, an oceanfront RV facility with 118 spaces with full hookups for electricity, water, and sewer service. Other RV Park amenities include picnic tables, laundry facilities and hot showers. At the RV Park, visitors can enjoy beachfront views, use the beach fire pits, hang glide off nearby bluffs, or bike along the 22-mile Marvin Braude Bicycle Trail.

The daily fees for the RV Park have not been adjusted since 2009. The Department is proposing an increase of \$10 per space, per day, which is well within similar fees charged by other RV Parks.

The RV Park is in the process of expanding its facilities to add 19 lower-cost spaces for tent-campers with electrical hookups only. The Department is recommending the establishment of a new fee for these tent-camper spaces, year-round, at \$45.

#### **Facility Room Rentals**

The Department has three facilities with rooms available for public use: the Dockweiler Youth Center (DYC); the Chace Park Community Building; and the newly-renovated Boathouse at Chace Park. We recommend increasing the room rental hourly rates at the DYC and the Chace Park Community Building to bring them in line with rates charged by

comparable facilities and propose new fees at the Boathouse with a Marina and ocean-view top deck that will be available for private events.

### **Use License/Special Event Permits**

As approved by your Board in 2011, the Beach and Harbor Use License Policy (Policy) requires summer camp operators to pay the County annually both 15% of the gross receipts they generate and their established location bid fee. We recommend the licensee pay the greater of 15% of their gross receipts **or** their location bid fee, not both. In addition, at the beginning of each annual term, licensees are required to pay the estimated gross receipts fee in full or through an installment agreement of 25%, 25% and 50%. We recommend a \$100 per day late fee for installment payments not received by the due date, as well as for other required document submittals not received by the due date.

Under the Policy, organizations that meet the Day Use Recreational Camp definition are assessed a Day Use fee of \$100 for each outing/field trip in lieu of the 15% gross receipts fee. The Department is proposing to increase the Day Use fee from \$100 to \$125.

Lastly, for sporting events and camps that require advance registration and entry fees from participants, such as marathons, surf contests, beach camps, etc., the Department requires permittees to pay 10% - 25% of the gross receipts they generate. For these events, the gross receipts percentage fee will be applied to revenue sources only (e.g., entry fees, sponsorships, food and merchandise sales, etc.) and not to expenditures such as catering, equipment rentals, etc.

### **Dry Boat and Human-Carried Vessel Storage**

The Department provides dry storage for vessels on trailers, including mast-up and power boats, as well as for human-carried vessels, such as sculls, dinghies, kayaks and paddle boards.

The Department renovated one boat storage area for vessels on trailers and implemented new rates for that location in 2014. The Department is recommending adjusting the rates in the mast-up storage location, last increased in 2009, to make the rates consistent in both locations. The monthly rates will be increased incrementally, not to exceed \$10 per month per year.

Updated fees for human-carried vessels, last increased in 2009, are also being proposed.

### **PUBLIC HEARING REQUIREMENTS**

Public hearing notice requirements of Government Code section 6062a have been satisfied and public hearing requirements of Government Code section 66018 for fee increases and new fees will be satisfied by this action.

At its April 10, 2019 meeting, the Small Craft Harbor Commission unanimously endorsed the recommended fee increases and new fees related to Marina del Rey, except for their request that the Department reconsider dry storage fee increases for human-carried vessels, bicycles and sailboats. Upon reevaluation of the fee increases in each of these storage categories, all of which were last increased in 2009, the Department has determined it will increase the mast-up sailboat storage monthly fee by no more than \$10 per year. The Department is proceeding with the other fees as presented, although the increase related to bicycles is limited to the security deposit amounts only, which will be returned to a departing tenant provided no other fees are outstanding and/or due.

At its April 24, 2019 meeting, the Beach Commission [TBA].

### **ENVIRONMENTAL DOCUMENTATION**

The proposed fee changes and new fees are statutorily exempt from the provisions of the California Environmental Quality Act pursuant to Public Resources Code section 21080(b)(8), upon your Board's finding that such fees are necessary to meet operating expenses, including employee salaries and benefits and/or necessary supply, equipment and material costs.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The fee increases and new fees are not expected to have a significant impact on the use of the affected facilities or services. If increased fees result in lower than desired usage, the Department will have the flexibility to adjust the fees.

### **CONCLUSION**

Authorize the Executive Officer of the Board to send two adopted copies of this letter to the Department of Beaches and Harbors. Please feel free to contact Elayne Doucette at (424) 526-7811, or edoucette@bh.lacounty.gov, to discuss any questions or concerns.

Respectfully submitted,

GARY JONES  
Director

DRAFT

**ATTACHMENT A**

**RESOLUTION APPROVING VARIOUS REVISED AND NEW FEES  
FOR BEACHES AND HARBORS PROGRAMS**

WHEREAS, Los Angeles County ("County"), through its Department of Beaches and Harbors ("DBH"), has completed a comprehensive review of DBH fees charged for services at its facilities;

WHEREAS, recent surveys indicate that adjustments to existing DBH fees and establishment of the proposed new fees are warranted for cost-recovery purposes;

WHEREAS, a review of the proposed fee increases finds these fee increases to be appropriate;

WHEREAS, it is in the County's interest to maintain the high standards expected by the public at DBH facilities;

WHEREAS, the additional funding is in the public interest and welfare;

WHEREAS, pursuant to California Government Code section 50402, the County has the authority to charge for use of park and recreational facilities and services it offers at these facilities as may be provided by resolution of the governing body; and

WHEREAS, the County has conducted a noticed public hearing on the new and proposed fee increases pursuant to Government Code section 66018.

NOW THEREFORE BE IT RESOLVED by the Board of Supervisors of the County of Los Angeles, State of California, as follows:

The Los Angeles County Department of Beaches and Harbors may make the adjustments to the fees it charges at its facilities and implement new fees.

The Board of Supervisors of the County of Los Angeles, and the ex-officio governing body of all other special assessment and taxing districts, agencies and authorities for which said Board so acts, adopted the foregoing Resolution on the \_\_\_\_ day of \_\_\_\_\_, 2019.

Celia Zavala  
Executive Officer  
of the Board of Supervisors of the County  
of Los Angeles

April 24, 2019

TO: Beach Commission

FROM:  Gary Jones, Director

SUBJECT: ITEM 6A - ONGOING ACTIVITIES REPORT

### **BOARD ACTIONS ON ITEMS RELATING TO BEACHES**

On March 19, 2019: The Board instructed the Director of Public Works, in conjunction with the Directors of Public Health, Parks and Recreation and Beaches and Harbors and the Agricultural Commissioner/Director of Weights and Measures, to provide an assessment of the prevalence of glyphosate-based product use for vegetation management purposes throughout the unincorporated areas of the County, identify protocols that lead to the use of glyphosate as an abatement agent, explore alternatives to the use of glyphosate and identify recommended strategies that do not involve its use, identify best practices on what methods other jurisdictions use, and report back to the Board within 30 days on findings and alternatives; and cease all use of Glyphosate-based products until completion of the 30-day report back and alternative methods can be identified.

Also on March 19, 2019: The Board instructed the Director of Public Works to report back to the Board within 90 days with a summary of steps currently being taken by watershed cities to control trash at the source and the status of the current evaluation of trash removal options in Ballona Creek, including the Inner Harbor Water Wheel proposal for the Upper Newport Bay; and develop a multi-year, multi-agency plan to reduce trash and debris littering local beaches near the Ballona Creek outlet by October 1, 2019, including coordination with watershed cities, including City of Los Angeles, on additional steps by cities to reduce trash entering Ballona Creek, a long-range multi-agency trash reduction strategy, including community engagement efforts to promote anti-littering behavior, solutions for upstream watershed trash controls, and enhanced in-channel "last line of defense," assessment of grant and other funding opportunities including from watershed cities, and identification of short-term solutions to remove residual trash in Ballona Creek during the 2019-20 storm season.

Also on March 19, 2019: The Board approved a lease agreement between the County and the United States Coast Guard (USCG) for Parcel 62 and an auxiliary space located at 13477 Fiji Way in Marina del Rey (4), to ensure the USCG's continued presence in Marina del Rey, where it serves an important role in promoting boating safety in local waters.

On March 26, 2019: The Board adopted an ordinance amending County Codes, Title 2 - Administration, Title 11 - Health and Safety, Title 17 - Parks, Beaches and Other Public Areas, and Title 19 - Airports and Harbor, to establish the Los Angeles County Smoke-Free Ordinance to update definitions of smoke and smoking to include electronic smoking devices and cannabis and place further restrictions on smoking in the unincorporated areas of the County, as well as County property.

On April 9, 2019: The Board approved the revised budget for the Marina Beach General Improvements Project, Capital Project No. 88995 in Marina Del Rey (4) from the previously Board-approved amount of \$5,580,000 to \$5,780,000 for the project; approved the appropriation adjustment to transfer \$200,000 from the Services and Supplies Marina Accumulative Capital Outlay Fund to the project, to fund the revised budget; and found that the recommended actions are within the scope of the previous findings of exemption for the project under the California Environmental Quality Act.

**DISCOVER MARINA DEL REY**

Burton Chace Park ♦ 13650 Mindanao Way ♦ Marina del Rey, CA 90292

Sunday, June 23, 2019

11:00 a.m. – 5:00 p.m.

Discover Marina del Rey is a free community and family-oriented event sponsored by the Department. The event features booths from various organizations on health, safety and the environment, plus water events, harbor tours, inflatables, games, music, arts & crafts, and children's marionette shows. Food and beverages are also available for purchase from one of several gourmet food trucks.

Plus, enjoy free JAM Sessions, interactive workshops that center on movement and music. Discover the joyous sounds and movements of Bollywood that fuses modern and traditional Indian dance. Also, take a rhythmic journey that's full of fun with a group drumming circle.

Event parking is available for \$10 in County Lot #4 located at 13500 Mindanao Way.

For more information: Call the Marina del Rey Visitors Center at (424) 526-7900 or visit [beaches.lacounty.gov](http://beaches.lacounty.gov)

**MARINA DEL REY FOURTH OF JULY FIREWORKS**

Thursday, July 4, 2019  
9:00 p.m.

The twenty-minute spectacular fireworks display over the main channel in Marina del Rey will be presented on Thursday evening, July 4, starting promptly at 9:00 p.m. The Department-sponsored fireworks show will feature synchronized music playing over a loud speaker at Fisherman's Village and Burton Chace Park.

For more information: Call the Marina del Rey Visitor Center at (424) 526-7900 or visit [beaches.lacounty.gov](http://beaches.lacounty.gov)

TO: Beach Commission  
FROM: Gary Jones, Director *Gary Jones*

SUBJECT: ITEM 6C – BEACH PROJECTS REPORT

Item 6C on your agenda provides the Commission with a listing of the Department's beach projects that exceed \$50,000 and are being planned, designed, or are under construction.

#### SUPERVISORIAL DISTRICT 3

- Nicholas Canyon – Beach Bluff Stabilization Concept Design – cost \$110,000
- Zuma Beach – Renovate restrooms (#6 and #8) – estimated cost \$1,000,000
- Zuma Beach – Renovate restrooms (#2, #4, #5, and #7) – estimated cost \$1,000,000
- Zuma Beach – Install sewer liners – estimated cost \$82,000
- Zuma Beach – Repair to food concession buildings – estimated cost \$120,000
- Point Dume Beach – Replace restrooms (#1 and #3) – estimated cost \$1,000,000
- Malibu Surfrider – Renovate restroom – estimated cost \$179,000
- Topanga Beach – Replace view pier stairs – estimated cost \$125,000
- Venice Beach – Lifeguard Headquarters Feasibility Study - TBD

#### SUPERVISORIAL DISTRICT 4

- Dockweiler Beach – RV Water line replacement – estimated cost \$645,000
- Dockweiler Beach – RV Park expansion – estimated cost \$1,965,000
- Manhattan Beach Maintenance Yard - Structural Repairs – estimated cost \$1,364,000
- Redondo Beach (Topaz) – Renovate restroom – estimated cost \$275,000
- Torrance Beach (Burnout) – Renovate restroom – estimated cost \$250,000
- Torrance Lifeguard Station – Renovate restroom – estimated cost \$300,000
- White Point – Sewer Main Installation – estimated cost \$1,750,000

### **SUPERVISORIAL DISTRICT 3**

#### **Nicholas Canyon Beach Bluff Stabilization Concept Design – \$110,000**

The project includes development of a concept plan to remove the existing facilities at the end of Nicholas Canyon Beach, including the restrooms and septic system; picnic area adjacent to restrooms; and perform slope stabilization.

Status: The concept plan has been completed. Funding to develop construction design plans and begin construction is being sought.

#### **Zuma Beach Restrooms Renovation (#6 and #8) – \$1,000,000**

The scope of work includes repairing the damaged block; removing and installing a new tile roof; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with the Americans with Disabilities Act (ADA).

Status: Project is scheduled to begin winter 2019/20.

#### **Zuma Beach Restrooms Renovation (#2, #4, #5 and #7) – \$1,000,000**

The scope of work includes repairing the damaged block; removing and installing a new tile roof; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with ADA.

Status: Project is scheduled to begin winter 2019/20.

#### **Zuma Beach Sewer Liners Installation – \$82,000**

The scope includes installing liners in the sewage lines from restrooms #1 – #9 to the septic system.

Status: Project to be reviewed by the County's Chief Executive Office (CEO) for funding.

#### **Zuma Beach Repair To Food Concession Buildings – \$120,000**

This project is to replace three (3) metal roll-up window covers; swamp cooler equipment; and doors for two (2) food concession buildings.

Status: Project is scheduled to begin before summer 2019.

#### **Point Dume Beach Restrooms Replacement (#1 and #3) – \$1,000,000**

The scope of work includes demolishing existing buildings; installing new prefabricated restrooms; and tie into existing utilities.

Status: Project is scheduled to begin winter 2019/20.

**Malibu Surfrider Restroom Renovation – \$179,000**

The scope includes replacing old plumbing fixtures with more efficient fixtures; replacing the partitions and benches; adding hand dryers; replacing the doors and tile; repairing the damaged sewer laterals; refinishing the floors; and painting the interior and exterior of the building. Compliance with ADA will be addressed during the construction.

Status: Project is scheduled to begin fall 2019.

**Topanga Beach View Pier Stairs Replacement – \$125,000**

The scope of work includes developing a set of plans; removing the existing stair structure; and installing a new one.

Status: Project is scheduled to begin fall 2019.

**Venice Beach Lifeguard Headquarters Feasibility Study – TBD**

Project involves development of feasibility study to determine the scope for the lifeguard tower and refurbishment of building.

Status: Project is currently on hold until funding is identified and secured.

**SUPERVISORIAL DISTRICT 4**

**Dockweiler RV Water Line Replacement – \$645,000**

The scope of work includes disconnecting and abandoning an existing water line and adding two new water mains and two new meters to service the RV Park.

Status: The project began in January 2019 and is now waiting for LADWP to replace the meter. Final tie-in is scheduled in January 2020.

**Dockweiler RV Park Expansion – \$1,965,000**

Project includes expansion of RV Park to provide campervan campground spaces, including ADA accessibility.

Status: A hearing with the Coastal Commission will be set soon for the project's coastal development permit approval.

**Manhattan Beach Maintenance Yard Structural Repairs – \$1,364,000**

The scope of work includes structural repairs to the cracked and damaged masonry walls, concrete columns, beams, stairs, second floor deck, and structural framing of roof and exterior balcony. Deferred maintenance repairs include replacement of exterior roll-up doors, roof exhaust fans, and exterior security lighting fixtures.

Status: Construction is completed.

**Redondo Beach Restroom Renovation (Topaz) – \$275,000**

The scope of work includes repairing the block wall; removing and installing a new tile roof; replacing damaged fascia; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with the ADA.

Status: Project is due for completion by the end of April 2019.

**Torrance Beach Restroom Renovation (Burnout) – \$250,000**

The scope of work includes removing and installing a new tile roof; replacing vent grid; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with ADA.

Status: Project has begun and is due for completion in May 2019.

**Torrance Lifeguard Station Restroom Renovation – \$300,000**

The scope of work includes repairing the damaged block wall; removing and installing a new tile roof; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with ADA.

Status: Construction is completed.

**White Point Sewer Main Installation – \$1,750,000**

Installation of new sewer line and pump station for existing park restrooms.

Status: Status: 100% construction documents are completed and under review by DPW.
