

LOS ANGELES COUNTY
REDONDO BEACH
LIVING SHORELINE PROJECT
STAKEHOLDER MEETING

JUNE 16, 2026

COUNTYWIDE LAND ACKNOWLEDGMENT

As Adopted by the County of Los Angeles Board of Supervisors on November 1, 2022

The County of Los Angeles recognizes that we occupy land originally and still inhabited and cared for by the Tongva, Tataviam, Serrano, Kizh, and Chumash Peoples. We honor and pay respect to their elders and descendants — past, present, and emerging — as they continue their stewardship of these lands and waters. We acknowledge that settler colonization resulted in land seizure, disease, subjugation, slavery, relocation, broken promises, genocide, and multigenerational trauma. This acknowledgment demonstrates our responsibility and commitment to truth, healing, and reconciliation and to elevating the stories, culture, and community of the original inhabitants of Los Angeles County. We are grateful to have the opportunity to live and work on these ancestral lands. We are dedicated to growing and sustaining relationships with Native peoples and local tribal governments, including (in no particular order) the

- Fernandeano Tataviam Band of Mission Indians
- Gabrielino Tongva Indians of California Tribal Council
- Gabrieleno/Tongva San Gabriel Band of Mission Indians
- Gabrieleño Band of Mission Indians – Kizh Nation
- Yuhaaviatam of San Manuel Nation
- San Fernando Band of Mission Indians
- Coastal Band of Chumash Nation
- Gabrielino/Tongva Nation
- Gabrielino Tongva Tribe

To learn more about the First Peoples of Los Angeles County, please visit the Los Angeles City/County Native American Indian Commission website at lanaic.lacounty.gov.

Agenda:

Housekeeping:

- This meeting is being recorded
- Raise Hand or use Chat Box when you have questions or comments
- Stay muted until your turn to speak
- Put comments in the chat.
- Questions and comments can be sent via Email: coastalresilience@bh.lacounty.gov
- Meeting materials will be available on the website: <https://beaches.lacounty.gov/coastal-resilience/>

06 Questions

LA County Coastal Resilience Initiative

Protecting Public Beaches and Access from Coastal Erosion for All People

LIVING SHORELINE PROJECTS

Implementation of nature-based solutions to coastal erosion at 3 project sites, Zuma Beach, Dockweiler Beach and Redondo Beach.

REGIONAL COALITION OF STAKEHOLDERS

A regional coalition of stakeholders develops a strategic plan to facilitate the implementation of regional shoreline management activities for the Los Angeles County coastline.

Living Shoreline Projects

Regional Coastal Strategic Adaptation Plan

SCOUP

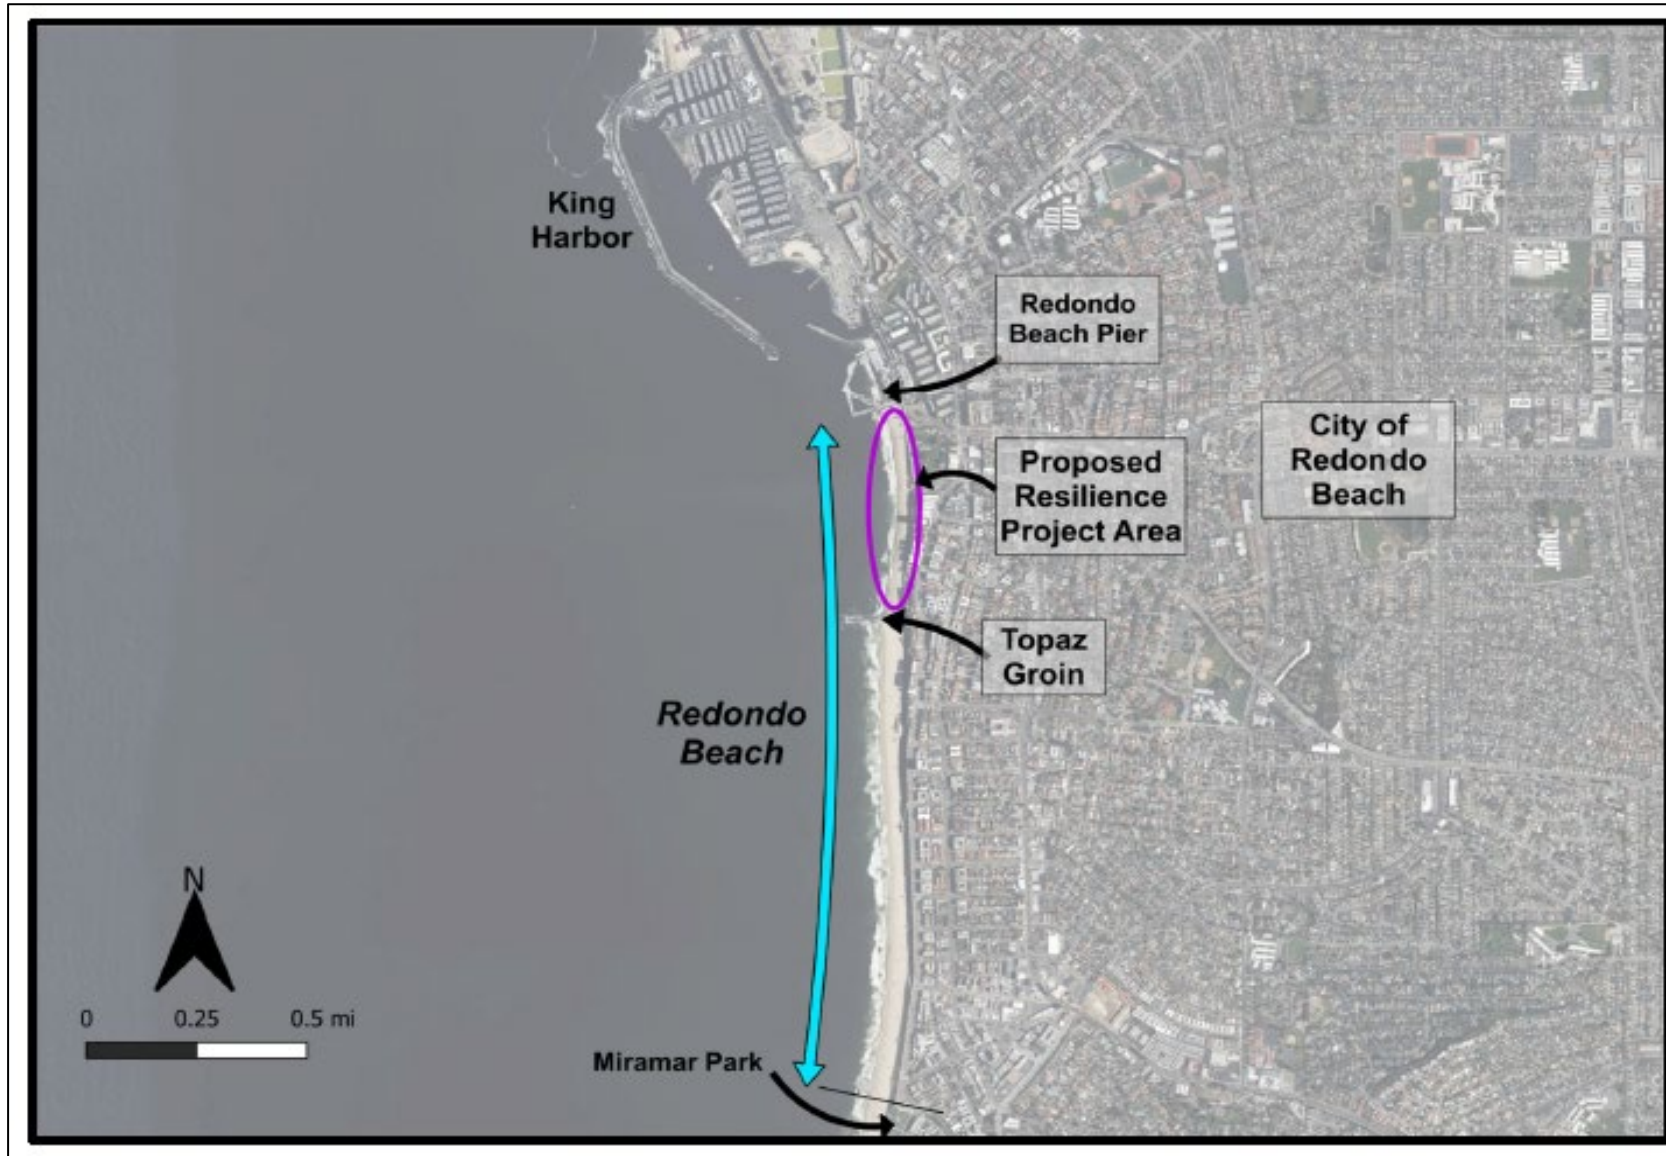

(Sand Compatibility and Opportunistic Use Program)

BEACH NOURISHMENT PROJECTS

Establish 5 pre-approved sites for relatively small beach nourishment projects using opportunistically available sand sources, such as those generated from upland land development projects, and flood control maintenance operations.
