GUEST SPEAKERS

Steve Wertz, Senior Environmental Scientist,
California Department of Fish and Game
Jeffrey C. Cole, Project Manager, U.S. Army Corps of
Engineers

MEETING LOCATION

Burton W. Chace Park Community Room

1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

Chair Bronowski called the meeting to order at 9:40 a.m. and asked Commissioner Dougher to lead the Pledge of Allegiance. Commissioners and staff stood and recited the Pledge of Allegiance.

2. **APPROVAL OF MINUTES**

Chair Bronowski asked if there were changes for the minutes. Having no changes, the minutes were approved unanimously.

Ms. Baker introduced John Kelly, new Deputy Director at DBH, on loan from DPW.

3. **OLD BUSINESS**

None

4. **NEW BUSINESS**

A. New and Modified South Coast Marine Protected Areas

Ms. Baker introduced Steve Wertz, Supervisor for the marine protected areas (MPAs), State Department of Fish and Game. Mr. Wertz showed the commissioners a presentation on the MPAs focusing on L.A. County. Commissioner Saltee asked about lawsuits filed against MPAs. Mr. Wertz said he was aware of two against the State regarding the Environmental Impact Report, however they were in litigation and he could not comment. Commissioner Powell asked what kind periodic review process do they have to assure that when the environment or other things change, the MPAs are updated. Mr. Wertz answered that every five years the Fish and Game Commission will do an evaluation on the effectiveness of the networks. Commissioner Dagit asked what kind of monitoring would be done at the end of the five years to determine how effective things have been. Mr. Wertz said they would be documenting the number and types of species that are present in the MPA and comparing them to a control group offsite to see the difference. Commissioner Milam asked are there signs posted for beach goers advising what they can or cannot do. Mr. Wertz said due to the State's budget deficit Fish and Game is trying to partner with sponsors, Fish and Game does not post signs but will place the boundaries of MPAs on landmarks to help the general public.

5. **STAFF REPORTS**

A. Ongoing Activities Report

The report was received and filed.

B. Beach and Marina del Rey Special Events

The report was received and filed.

C. Facilities and Property Maintenance Division Report

Mr. Foreman stated that an Earth Day event on May 12 will include painting the lifeguard towers at Dockweiler Beach. Mr. Foreman said an art project will be starting in September 2012 that will address the graffiti issues at Dockweiler Beach. Mr. Foreman said his division is preparing for summer operations and was looking to return to a three shift operation for full coverage.

D. Capital Projects Status Report

Chair Bronowski asked when will the Washington Blvd. parking lot be finished. Mrs. Miyamoto said the parking lot would be finished by the end of May. Commissioner Jennings asked about the status of the coastal development permit for the Zuma underpass. Mr. Kelly said the plan was being revised but the necessary permits and the work should start by September. The report was received and filed.

E. Lifeguard Report

Chief Frazer thanked DBH for the tower painting projects. Chief Frazer said that the lifeguards were getting a lot of spring activity. Chief Frazer also said the junior lifeguards will begin try outs on May 4th. Chief Frazer told the commissioners that Supervisor Knabe made a Board motion to oppose Governor Brown's proposal to merge California Boating and Waterways with California State Parks and Recreation. Chief Frazer requested that today's meeting be adjourned in the memory of Larry Stevenson, a long time lifeguard who recently passed away.

F. Marina del Rey Entrance Channel Maintenance Dredging Project

Mr. Jeffrey Cole, Project Manager, U.S. Army Corps of Engineers, made a presentation and updated the commission on the Marina del Rey dredging project. Mr. Cole told the commissioners that the project will remove accumulated sand from the entrance channel to Marina del Rey Harbor and improve navigational safety for first responders and other boating traffic. Mr. Cole informed the commissioners that most of the removed sediment will go to the Port of Long Beach for its Middle Harbor Redevelopment Project. Some clean sand will go to Redondo Beach and Dockweiler State Beach with everything being moved by barge. Commissioner Dougher stated that sand was replenished at Redondo Beach about 10 years ago and asked why replenish sand that will disappear with time. Mr. Cole said periodically a beach nourishment project is necessary if it's an eroding beach.

6. **COMMUNICATION FROM THE PUBLIC**

There was no communication from the public.

NEXT MEETING DATE AND LOCATION

The next meeting is scheduled for June 27, 2012, 9:30 a.m. at Burton Chace Park.

Chair Bronowski adjourned the meeting, in the memory of Larry Stevenson, at 11:10 a.m.

Respectfully Submitted,

Cheryl McGee
Commission Secretary

Subject: **AGENDA ITEM 4A – LOS ANGELES COUNTY REGIONAL SEDIMENT MANAGEMENT PLAN**

The U.S. Army Corps of Engineers (Corps), in partnership with the California Department of Boating and Waterways (DBW), and in cooperation with our department have drafted a Regional Sediment Management Plan (Plan) for the coast of Los Angeles County. The Plan was created to provide sufficient information for decision makers to develop policies and/or execute management sub-plans to restore and preserve the future vitality of Los Angeles County beaches and coastal areas. Specifically, the Plan includes a comprehensive approach for the conservation, restoration, and preservation of the valuable sediment resources throughout the coastal watershed and along the coast of Los Angeles County in order to reduce shoreline erosion and coastal storm damages, provide for environmental restoration and protection, increase natural sediment supply to the coast, restore and preserve beaches, maintain or improve coastal access, improve water quality along coastal beaches, and optimize the beneficial use of material dredged or excavated from ports, harbors, wetlands, and other opportunistic sediment sources.

The Corps' Lead Planner, Heather Schlosser, will be providing your Commission with a presentation and will also be available afterwards to answer any questions you may have on the Plan. The Corps and our department also look forward to working with the Commission to gather feedback in order to finalize a Plan that will be useful for coastal sediment management and maintaining healthy beaches within Los Angeles County.

SUBJECT: AGENDA ITEM 5A - ONGOING ACTIVITIES REPORT

BOARD ACTIONS ON ITEMS RELATING TO BEACHES

On April 24, 2012, the Board approved the recommendation to oppose Governor Brown's proposal to eliminate the Department of Boating and Waterways and instruct the County's Legislative Advocates in Sacramento to communicate this position to the Governor; and direct the Chief Executive Officer, in conjunction with the Sheriff, Fire Chief, and the Director of Beaches and Harbors, to prepare a five-signature letter of opposition and send to Governor Brown and the Little Hoover Commission.

On May 1, 2012, the Board authorized the Director of Beaches and Harbors to execute an amendment with the Ford Motor Company to extend the agreement for a period of two years, in exchange for the County securing permanent ownership of the 45-custom-built Ford 2008 Escape Hybrid Sport Utility Vehicles currently in use as beach patrol vehicles by the Fire Department's Lifeguard Division, an additional two-year extended warranty on the vehicles, and the right to purchase up to 40 additional vehicles at preferred pricing.

BEACH EVENTS

BEACH SHUTTLE

May 25 – September 30, 2012

Fridays and Saturdays from 10:00 am – 10:00 pm

Sundays and Holidays from 10:00 am – 8:00 pm

Catch a free ride on the Beach Shuttle to and from Playa Vista, Marina del Rey and Venice, and enjoy the surf, sand, and surroundings of Marina del Rey in a hassle-free and relaxing way. Beach shuttle operates weekends and during the Thursday Marina del Rey Summer Concerts, which begin July 12th.

For more information call: Marina del Rey Visitor Center (310) 305-9545

FIESTA HERMOSA

Hermosa Beach

Memorial Day Weekend

May 26-28, 2012

10:00 am – 6:00 pm

The annual Memorial Day weekend of festivities will take place in downtown Hermosa along Hermosa Avenue, Pier Avenue and Pier Plaza. The three-day event, organized by the Chamber of Commerce, will include over 300 vendors, food booths, children's rides, entertainment stages and a beer garden.

For more information call: Chamber of Commerce at (310) 376-0951 or visit www.fiestahermosa.com

**VENICE CHAMPIONSHIP BODYBUILDING
AND FIGURE CONTEST**

Venice Beach
1800 Ocean Front Walk
Memorial Day Weekend
May 26-28, 2012

Bodybuilding competition on Venice Beach, open to the public. Admission is free.

MARINA DEL REY EVENTS

MARINA DEL REY OUTDOOR ADVENTURES 2012

Sponsored by the Los Angeles County Department of Beaches and Harbors
Burton Chace Park Lobby ♦ 13650 Mindanao Way ♦ Marina del Rey ♦ CA ♦ 90292

BIRDWATCHING 2012 PROGRAM

May 24 at 4:00 p.m.

&

June 28 at 9:00 a.m.

The Los Angeles County Department of Beaches and Harbors Outdoor Adventures are sponsoring a FREE two-hour excursion through the Ballona Wetlands, with visits to the nesting sites of the Great Blue Heron and Black Crowned Night Heron. You will also get to visit the shoreline habitat to observe Sandpipers, including Long-Billed Curlews, Willets, and Western Snowy Plovers. Don't miss this chance to get acquainted with the lives of our feathered friends who are part of our ecosystem! Please bring water, snacks, binoculars, comfortable clothes and shoes with traction. For morning sessions, also bring sunscreen and a hat. This activity is geared for adults, but may be attended by children who do not need a car seat or stroller, if accompanied by an adult. Space is limited, so please pre-register by calling (310) 301-9152.

A County van is available to pick up participants a half hour before the program start time at:

- Dockweiler Youth Center Lobby, 12505 Vista del Mar, Los Angeles, 90245
- Dockweiler RV Park Office, 12001 Vista del Mar, Playa del Rey, 90293

For more information call: (310) 301-9152

MARINA DEL REY WATERBUS

June 22 - September 3, 2012

For a fun weekend, ride the Marina del Rey WaterBus. Park your car and ride the WaterBus for a unique water's-eye view of Marina del Rey. Six boarding stops throughout the Marina offer opportunities to shop, dine and recreate in one of the most beautiful Southern California residential and tourist areas. Bikes and strollers welcome on board, no pets allowed. Fare is \$1.00 per person, one way.

WaterBus Schedule:

Through September 3

Fridays: 5:00 pm - midnight

Saturdays: 11:00 am - midnight

Sundays: 11:00 am - 9:00 pm

Holiday Schedule

July 4th: 11:00 am - midnight

Labor Day: 11:00 am - 9:00 pm

Marina Summer Concert Schedule

Thursday concert nights

Thursday, July 12: 5:00 pm - midnight

Thursday, July 26: 5:00 pm - midnight

Thursday, August 9: 5:00 pm - midnight

Thursday, August 23: 5:00 pm - midnight

WaterBus attendants will arrange for land taxi service for passengers needing special assistance to any WaterBus boarding stop for the \$1.00 fare.

Boarding locations are:

Marina "Mother's" Beach

4101 Admiralty Way

Fisherman's Village

13755 Fiji Way

Burton Chace Park (ADA accessible)

13650 Mindanao Way

Waterfront Walk (ADA accessible)

4433 Admiralty Way, Fire Station #110

Dolphin Marina (ADA accessible)

13900 Panay Way, Dock Gate #C-200

Dock Gate #A-2200

Esprit 1 (ADA accessible)

13900 Marquesas Way, Dock Gate

Slip #B-1801

Del Rey Landing

13800 Bora Bora Way, Fuel Dock Gate

Ample parking is available at nearby Los Angeles County lots for a reasonable fee.

For more information call: Marina del Rey Information Center at (310) 305-9545.

MARINA DEL REY PET ADOPTIONS

Burton Chace Park ♦ 13650 Mindanao Way ♦ Marina del Rey ♦ CA ♦ 90292
Saturday, June 9, 2012 ▪ 11:00 a.m. to 3:00 p.m.

Marina del Rey Pet Adoptions are run by volunteers of the County of Los Angeles Department of Animal Care and Control in participation with the County of Los Angeles Department of Beaches & Harbors. These events will be held the 2nd Saturday of each month. Animals are available on a first-come, first-served basis. All cats and dogs will be spayed/neutered, microchipped, vaccinated and ready to go home with you!

For more information call: (310) 523-9566 or visit <http://marinadelrey.lacounty.gov>

SUNSET SERIES SAILBOAT RACES 2012

Marina del Rey
Wednesdays, Through September 5
5:30 p.m. – 8:00 p.m.

Spectators can enjoy these races from the comfort of one of the water-view restaurants on Wednesday evenings between 5:30 p.m. (sailboats leaving the harbor) and 8:00 p.m. (race finishes at California Yacht Club).

For more information call: (310) 823-4567

THIRD ANNUAL MARINA DEL REY MARINA FEST

G Basin & Pier 44 Slips, Marina del Rey
Saturday, May 19 – 10:00 a.m. to 6:00 p.m.
Sunday, May 20 – 11:00 a.m. to 5:00 p.m.

Marina Fest is a community based waterfront family fun celebration of the boating lifestyle. It will include everything from affordable family-oriented power boats, sail boats and brokerage motor yachts, to speed boats, fishing boats, family cruisers, and boating accessories at great values. Marina Fest will also offer free tours of the tall ship "Bill of Rights", interactive and hands-on activities for all ages and levels of skill. The event is held at the corner of Admiralty Way and Bali Way.

For more information call: (714) 633-7581 or visit www.marinafest.com

FISHERMAN'S VILLAGE WEEKEND CONCERTS

Sponsored by Pacific Ocean Management, LLC

All concerts are from 2:00 p.m. – 5:00 p.m.

Saturday, May 19

The Elian Project, playing Contemporary Latin

Sunday, May 20

Susie Hansen, playing Latin Jazz

Saturday, May 26

Jimbo Ross & the Bodacious Blues Band, playing Blues

Saturday, May 27

2AZZ1, playing Smooth Jazz

SUBJECT: AGENDA ITEM 5D – CAPITAL PROJECTS STATUS REPORT

Item 5D on your agenda provides the Commission with a status report on the Department's six beach capital projects.

Supervisory District 3

(1)	Will Rogers SB - Coastline Drive Development	\$ 9,514,000
(2)	Dan Blocker-West Improvement Project	4,790,000
(3)	Beach Restroom Septic System Replacement Program	13,788,000
(4)	Venice Beach Parking Lot Reconstruction	1,252,000
(5)	Surfrider Beach Tank Removal	<u>394,960</u>

Subtotal \$29,738,960

Supervisory District 4

(6)	Redondo Beach Renourishment Project	<u>5,457,000</u>
-----	-------------------------------------	------------------

Subtotal \$ 5,457,000

Grand Total: \$ 35,195,960

(1) Will Rogers SB – Coastline Drive Development

The project includes: reconstruction of the parking lot; construction of an engineered seawall and slope; removal to below grade of the existing wooden pilings; construction of a view deck and ADA-compliant beach access ramp; and landscaping, irrigation and security lighting improvements.

Current Status: The Department of Public Works (DPW) has not received the encroachment permit from Caltrans. A follow-up meeting with Caltrans will be set for the week of May 21. The Coastal Commission has issued the Coastal Development Permit (CDP) to DPW. A copy of the CDP will be mailed to the Army Corps of Engineers (Corps) and the Regional Water Quality Control Board (RWQCB) to obtain their permits. The Corps permit is expected by early June 2012. Once the Mitigated Negative Declaration (MND) is adopted by the Board, the RWQCB permit will be issued.

DPW has begun preparation of the bid packages. The Board Letter to adopt the MND, approve the construction documents, and authorize advertisement for construction bids is expected to be before the Board in the early part of July 2012.

(2) Dan Blocker Beach-West Improvement Project

The project involves the development of an unimproved westerly portion of this beach site, all of which will be ADA-complaint and includes a small paved parking lot; ramp to the beach; bluff top trail; benches and picnic facilities with protective railings; new perimeter fencing; and bluff top and slope native planting, with minimal irrigation for erosion control.

Current Status: The Department of Beaches Harbors (DBH), DPW and DPW's consulting engineer met with the City of Malibu (City) on April 19 to go over the concept design plans and the recently updated 2005 wave run-up analysis. The City approved the concept design plan, which includes the revised Americans with Disabilities Act ramp and the restroom. The concept plan and the updated wave run-up study will be used as the basis for revising the MND and preparing the Coastal Development Permit application for the City. The construction plans and revisions to the MND will be completed by the end of July. The City indicated at the meeting that obtaining a Coastal Development Permit for this project could take up to nine months.

(3) Beach Restroom Septic System Replacement Program

This program consists of the replacement of septic systems and leach fields at 16 County operated beach locations in the Topanga and Malibu areas. Each project includes the removal of existing septic pumps and tanks and installation of an advanced treatment septic system, including pumps, tanks, telemetry monitoring system, filter pods, and leach field.

Current Status: The Department of Public Works will replace the septic systems at the Zuma Maintenance Yard and Restroom Nos. 2, 6, 7, 8 and 9 restrooms in October 2012, after the summer season.

(4) Venice Parking Lot Reconstruction

Part II of this project is to reconstruct the parking lot at Washington Blvd. Work will include installation of a new drainage system, asphalt and restriping.

Current Status: Construction of the lot was completed on May 17, 2012.

(5) Surfrider Beach Tank Removal

The abandoned saltwater concrete tank was uncovered during the storms of 2004-05. This project is to leave the tank in-place on the beach. The tank will be filled with slurry to prevent collapse, sealed, and covered with beach sand.

Current Status: The construction documents have been completed. The MND is currently being revised to provide for abandoning of the tank in-place on the beach. The MND will be completed by the end of May. DPW will use the revised documents to

prepare and submit the application for a Coastal Development Permit to the City of Malibu.

(6) Redondo Beach Renourishment Project

This project will renourish the beach between the Topaz Groin and the Redondo Pier, with approximately 75,000 cubic yards of sand. The source of the sand will be from the dredging project in the Marina's harbor entrance.

Current Status: To date, there has been about 160,000 CY of material dredged and taken to the Port of Long Beach's Middle Harbor Project. The Corps has issued a Request for Proposal (RFP) to its contractor, Dutra, for pricing of the Redondo Beach renourishment component. The RFP includes the following three alternatives for the project:

Alt 1 – Perform the work through the summer as soon as all materials from the Marina entrance have been taken to the Port of Long Beach. An environmental monitoring plan for Least Tern and Grunion should be in place through September 15, 2012.

Alt 2 – Proceed with and complete dredging of 85,000 cubic yards from the Marina entrance Area 6, transport the material, and place it in the Redondo Beach Offshore Sand Placement Area, subject to environmental restrictions. After September 15, dredge 75,000 cubic yards from Area 6, transport the material, and place it on Redondo Beach with no environmental restrictions.

Alt 3 – Proceed with and complete dredging of 160,000 cubic yards from Area 6, transport the material, and place it in the Redondo Beach Offshore Sand Placement Area, subject to environmental restrictions. After September 15, dredge 75,000 cubic yards from the Redondo Beach Offshore Sand Placement Area and place it on Redondo Beach with no environmental restrictions. Once placement of material on Redondo Beach starts, all sand placement work shall be completed within 14 days.

The proposal is expected within the next two weeks. Once it is received, and a decision is made on which alternative is the most cost effective, DBH will work with the City of Redondo to notify residents in the area.
