1150	Step by Step Los Angeles County - Pedestrian Plans	The student will be working with the Division of Chronic Disease and Injury Prevention (DCDIP) PLACE Program (Policies for Livable, Active Communities and Environments). The PLACE Program is dedicated to fostering policy change that supports the development of healthy, safe and active environments for all Los Angeles County Residents. Step by Step is a pedestrian plan to help unincorporated communities in Los Angeles County (e.g., East Los Angeles, East Rancho Dominguez, Florence Firestone, and Willowbrook/West Rancho Dominguez) get more people walking, make walking safer and support healthy lifestyles. A pedestrian plan provides guidance in developing a network of sidewalks, off-street paths, and trails and facilities (such as lighting, crosswalks, and benches). Duties will include: Develop a program plan for conducting pedestrian infrastructure demonstration projects in unincorporated Los Angeles County to promote walkable environments, solicit community input on preferred infrastructure recommendations included in the pedestrian plans, and build understanding of how different types of roadway improvements improve roadway safety; Research and assist in developing community engagement plans for pedestrian infrastructure demonstration projects; Develop annotated agendas and convene meetings with local organizations, businesses and schools to build awareness of and encourage participation in pedestrian infrastructure demonstration projects; Create systems and environmental change to facilitate the use of demonstration projects as part of infrastructure outreach in unincorporated areas of Los Angeles County; Study evaluation methods utilized by other jurisdictions for demonstration projects; Develop recommendations and sample evaluation materials for use by DPH staff during fall demonstration projects; Train DPH sub-consultants and DPH staff on evaluation tools; Research charitable foundations, private companies, non-traditional and technology driven techniques to raising funds (e.g., crowd sourcing) to support future demonstration projects and community engagement in infrastructure planning.	Must currently be a graduate student	Public health knowledge; Built environment knowledge; Program and project evaluation knowledge	Public Health PLACE Program 3530 Wilshire Blvd., 8th floor Los Angeles, CA 90010
1153	Community Health Education & Health Promotion Service Planning Area's (SPA's) 3&4	Duties include directly assisting with: assessing public health education needs; planning, implementing, and evaluating public health education interventions and activities; assessing, developing, and testing health-related materials and messages; conducting community outreach; and linking internal and external stakeholders with health education consultation services. The Health Education intern is placed within the Health Education Unit of Service Planning Areas (SPA) 3&4. The T/OD Unit of the Department of Health Services (DHS) is an administrative office that oversees compliance to training for the 20,000 plus workforce members within DHS. DHS is the largest of the 37 County Departments. The Unit collaborates with the TSC to schedule and manage mandatory training including Sexual Harassment Prevention, County Policy of Equity, Diversity, Legal Exposure Reduction, Americans with Disabilities Act, Employment Discrimination Prevention, and other such offerings. The Unit generates biweekly compliance reports that reflect compliance to these trainings and disseminates it to HR Managers. T/OD also manages the Learning Net (LNET), the County's learning management system, and assists with troubleshooting system or other issues for the DHS workforce in concert with the Help Desk. Finally, T/OD has expertise in converting instructor-led training into electronic or web-based training, video production, and editing.	Must currently be a student in an accredited program of study with specialization in Public Health Education, Community Health Education, or equivalent. Interested students should: possess excellent organization, written and oral communication skills; exhibit dedication and great attention to detail, work effectively in team settings, be able to conduct research on evidence-based practices, and be knowledgeable of Microsoft Office software applications.	Generating or assessing solutions; clarifying or critiquing health education information and materials; generating program ideas for hard-to-reach populations. Excellent oral and written communication skills. Other languages preferred but not required. Knowledge of biostatistics and research design methods.	Public Health SPA 3 Pomona Health Center 750 S. Park Avenue Pomona, CA 91766 or Monrovia Health Center 330 W. Maple Avenue Monrovia, CA 91016 SPA 4 Hollywood Wilshire Health Center 5205 Melrose Avenue Hollywood, CA 90038 or Central Health Center 241 N. Figueroa Street Los Angeles, CA 90012
1161	Assistant Project Coordinator-GRAD	The Training and Organizational Development (T/OD) Unit within Human Resources, seeks an Assistant Project Coordinator Intern to assist with planning, project management. The duties may include one or more of the following: assisting in orientating and reorienting members of the "Technical Support Community (TSC)," numerous training stakeholders at the DHS medical centers and health centers, developing marketing strategies and tools, coordinating special events, developing, revising, and editing staff education materials, and assisting with drafting annual education and training reports based on resulting data. The T/OD Unit of the Department of Health Services (DHS) is an administrative office that oversees compliance to training for the 20,000 plus workforce members within DHS. DHS is the largest of the 37 County Departments. The Unit collaborates with the TSC to schedule and manage mandatory training including Sexual Harassment Prevention, County Policy of Equity, Diversity, Legal Exposure Reduction, Americans with Disabilities Act, Employment Discrimination Prevention, and other such offerings. The Unit generates biweekly compliance reports that reflect compliance to these trainings and disseminates it to HR Managers. T/OD also manages the Learning Net (LNET), the County's learning management system, and assists with troubleshooting system or other issues for the DHS workforce in concert with the Help Desk. Finally, T/OD has expertise in converting instructor-led training into electronic or web-based training, video production, and editing.	Must currently be a student in a Master's degree accredited program of study with specialization in Organizational Psychology, Learning Development, Marketing, Business Administration, Public Administration, or Health Education/Community Health Education. Interested graduate students should possess: excellent project management tools and strategies, written and oral communication skills; strong organizational ability; great attention to detail; skill to work both independently and in team settings; building evaluation tools, and analyzing data. Business administration, project management, education, communication/technical writing/information design, marketing, advertising, database development, statistics/measurement, research methods, Adobe Illustrator, Microsoft Office Suite (Access, PowerPoint, Word, and Excel). Experience with Captivate or GoAnimate software is also desirable.	Ability to interpret quantitative statistical analysis and develop evaluation reports. Project Management and Facilitation skills are highly desirable. The ideal candidate will possess strong • Project management skills • analytical and problem-solving skills with the ability to quickly grasp new information, act upon it, and present a workable solution or finished deliverable • written and oral communication skills to present ideas and concepts in a clear, comprehensive yet concise, easily understandable, and professional manner • interpersonal skills to effectively build relationships and collaborate with a variety of employees and business partners on work assignments • research skills to compile information in useful formats and derive relevant findings on a range of topics by conducting primary and secondary research • Microsoft Access, PowerPoint, Word, and Excel skills	Health Services Training and Organizational Development 5555 Ferguson Drive Commerce, CA 90022
1164	Communications & Evaluation Intern	The Los Angeles County Women & Girls Initiative (WGI) is looking for well-qualified interns who are passionate about women's equity, and have experience around communications, social media management, impact storytelling and are interested in working on strategic community outreach efforts that inform policy implementation. Below are several potential projects that you will be able to take the lead on under the supervision of our PR & Communications lead: 1) Impact Reporting & Storytelling: Help develop graphics and collect information to craft compelling stories about our work on our social media platforms, listserv, and website. Additional tasks may include: a. Write community engagement highlights that capture the essential takeaways from our outreach events b. Design content on Canva and/or Photoshop for WGI profiles and research relevant data c. Edit and manage the WGI newsletter with quarterly updates on policies and programs d. Take field notes at events, meetings, interviews, and community engagement efforts 2) PR & Communications Strategy: Plan and develop content for WGI and capture photos and videos at outreach events that communicate our mission and vision. Additional skills and preferred experience in: a. Photography and videography b. Design , illustrate or create content for organizations or projects c. Conduct research on various projects that relate to overall communications and public relations strategy d. Experience managing social media accounts and planning content	Public Administration, Public Policy, Communications, Urban Planning, Sociology, and other related degrees.	Required Education Level: All accepted-graduate students preferred, although undergraduate students will be considered	Chief Executive Office Kenneth Hahn Hall of Administration 320 W. Temple St, LA CA 90012 Los Angeles, CA 90012 Project Period: Internships available immediately, ideally beginning by Fall of 2023 or earlier. Applications will be accepted on a rolling basis. This is a hybrid position with a minimum of two in office days, and a minimum of 20 hours per week. Scheduling flexibility given with advanced notice. Internship Hours: • Monday-Friday (Flexible); Tuesday and Wednesday in office days • 8:00 am – 5:30 pm • A minimum of 20 hours per week

Project #	Project Title	Project Description	Possible Major	Critical Skills	Location
1171	System Registration Process	<p>The Probation Department currently manages access to over 60 criminal justice internal and external applications. Timely access to criminal justice systems is fundamental to a Probation Officer's function and many times plays a critical role in ensuring public safety.</p> <p>The current process for an employee to request and get approved for access to criminal justice systems uses a web based tool to complete forms that are printed and signed. The forms are then delivered manually up the chain of command for review and approval. Once approved, the forms are delivered to the Systems Registration Unit for processing.</p> <p>Create an automated workflow system with electronic approval capabilities to facilitate system access requests. User will access the system either via the desktop and/or mobile devices (e.g., smartphone or tablet) to submit system access request. Request shall be routed to appropriate supervisors and managers for approval. All access requests shall be tracked in a database allowing users to check the status of their requests and send reminders to approvers as needed. Reports shall be available to track all user accesses granted.</p> <p>Students working on this project will:</p> <ul style="list-style-type: none"> Develop project scope and strategy resulting in a project charter Complete requirements gathering Develop business process modeling Complete system architecture design Complete coding Complete testing Complete technology transfer to include requirements for system maintenance and support 	Fields related to Engineering, Computer Sciences or Information Technology	The ideal participants should be versed in software and tools that include, but not limited to: <ul style="list-style-type: none"> • Xamarin • C Sharp • .NET • Business Process Automation (BPM) or workflow solutions 	Probation Department Headquarters 9150 Imperial Highway Downey, CA 90242

The Food Insecurity Unit partners key stakeholders to screen and refer food insecure households to services such as CalFresh and food pantries. Support services that the Food Insecurity Unit offers is: Conducting environmental assessments of food insecurity screening and referral processes, managing and analyzing food insecurity screening tools, Interns may be assigned to but not limited to the following assignments which are associated with the Division of Chronic Disease Food Insecurity Unit: Assist in the data entry and data management of completed food insecurity screeners; Assist in the development and evaluation of food insecurity referral systems; Assist the Division of Chronic Disease & Injury Prevention (DCDIP) Research and Evaluation Unit with the evaluation of select public/private clinic institutions targeted by DCDIP to implement food insecurity screening and referral; Assist DCDIP Research and Evaluation Unit to observe the implementation and execution of food insecurity screening and referral at select public/private clinic institutions.</p>	Be in the process of receiving an undergraduate degree	Self-starter Requires minimal supervision on projects	Public Health 3530 Wilshire Blvd. Suite 800, Los Angeles, CA 90010
1192	LA County Homeless Initiative	<p>The County of Los Angeles' Homeless Initiative (HI) is leading the County's fight to combat homelessness. The HI is responsible for administering \$460million in Measure H funding for homelessness programs in the County but also is collaborating with other governmental entities, philanthropy and the private sector for creative solutions to combat homelessness.</p> <p>The HI is looking for a creative individual enthusiastic about developing and implementing solutions to fight homelessness in Los Angeles County. Specifically, HI seeks an intern with a policy background to conduct research, collect and analyze data, and assist the HI with community engagement strategies that will support the implementation of the County's strategies to combat homelessness. The ideal candidate will be able to complete the following tasks during the internship:</p> <ul style="list-style-type: none"> • Assistance with adhoc legislation/policy research on homelessness • Assistance with homeless data collection and coordination • Assistance with the development and implementation of community engagement strategies for Homeless Initiative <p>Interns may also be asked to assist the HI with other special projects, event preparation and follow-up, and taking notes at homelessness policy development meetings.</p>	Related courses in public administration, public policy, data science or data analysis would be ideal.	Experience with homelessness related issues would be ideal but not necessary.	Chief Executive Office Kenneth Hahn Hall of Administration, 222 N. Grand Avenue, Los Angeles, CA 90012
1193	Parks and Recreation	Assist the Capital Project Group of the Planning and Development Agency with various project management tasks, including but not limited to: preparation of graphics, note taking at meetings, review of plans, product research, and the outreach/engagement for a playground project.	Landscape Architecture, Project Management or Construction Management	Ability to work with little supervision on tasks assigned by the Capital Projects Groups. Excellent customer service and community engagement skills required. Ability to assist with public meetings and workshops.	Parks and Recreation 1000 South Fremont Avenue, Alhambra, CA 91803
1194	Parks and Recreation	Assist the Landscape Architecture and Design Section of Planning and Development with various landscape architectural tasks, including but not limited to: site analysis, preparation of graphics, community meetings, review of plans, drafting and product research.	Landscape Architecture	Ability to provide simple hand graphics as needed. Ability to work with little supervision on tasks assigned by the Landscape Architecture and Design section. Excellent customer service skills required. Ability to assist with public meetings and workshops.	Parks and Recreation 1000 South Fremont Avenue, Alhambra, CA 91804
1196	Capital Project Assistant	Assist the Capital Project Group of the Planning and Development Agency with various project management tasks, including but not limited to: preparation of graphics, note taking at meetings, review of plans, product research, and the outreach/engagement for a playground project.	Landscape Architecture, Project Management or Construction Management	Ability to work with little supervision on tasks assigned by the Capital Projects Groups. Excellent customer service and community engagement skills required. Ability to assist with public meetings and workshops.	Parks and Recreation 1000 South Fremont Avenue Alhambra, CA 91803
1197	Landscape Architecture	Assist the Landscape Architecture and Design Section of Planning and Development with various landscape architectural tasks, including but not limited to: site analysis, preparation of graphics, community meetings, review of plans, drafting and product research.	Landscape Architecture	Ability to provide simple hand graphics as needed. Ability to work with little supervision on tasks assigned by the Landscape Architecture and Design section. Excellent customer service skills required. Ability to assist with public meetings and workshops.	Parks and Recreation 1000 South Fremont Avenue Alhambra, CA 91804
1200	Department Facility Inspection App	<p>The Department of Public Health's Risk Management (RM) Division is charged with developing, implementing, and enforcing occupational safety and health programs. As part of ensuring compliance with rules and standards established by the Division of Occupational Safety and Health (DOSH), RM is required to conduct periodic facility inspections to identify hazards present in the workplace and to analyze accident, incident, and injury data to identify trends and prevent re-occurrence. RC currently does not have an efficient way to track the corrective actions required on work sites in time to mitigate injuries and illnesses in the work place.</p> <p>The purpose of the project is developing a Facility Inspection application to:</p> <ul style="list-style-type: none"> • Automate facility inspections process • Improve hazard evaluations and data analysis • User geographic information system services to visually represent hazard incidents and efficiently schedule inspections • Have an ability to review hazard findings and control for corrective actions timely, thus Worker's Compensation claims and incurred cost would be reduced • Have an ability to generate inspection and incident reports • Have ability to persist new inspection data (no editing of the existing records) when connectivity is not available and recall it for submission once connectivity is available 	Fields related to Engineering, Computer Sciences or Information Technology	<p>The following technology knowledge would be required:</p> <ul style="list-style-type: none"> • ASP.NET MVC • C# • SQL (Transact-SQL) <p>The following experience would be required:</p> <ul style="list-style-type: none"> • Development of a ASP.NET MVC web application • Basic knowledge (or willingness to learn) of map GIS service integration 	Public Health 5555 Ferguson Drive Commerce, CA 90022

Project #	Project Title	Project Description	Possible Major	Critical Skills	Location
1221	Asset Migration Project	The Registrar-Recorder/County Clerk (RR/CC) is exploring the feasibility of migrating the departmental asset management system into the election devices asset management system. The RR/CC seeks the assistance of an academic intern to: <ul style="list-style-type: none"> Identify and document the requirements of the department asset management system Identify and document current workflows Identify and document new workflows Identify and documents all possible assets for migration Identify and document estimated costs Create and analysis and recommendation document detailing the work required, estimate costs and ongoing maintenance if the RR/CC were to pursue the migration Present findings to RR/CC management 	Student must have a concentration in Computer Information Systems (CIS), Computer Science, or closely related concentration.		Registrar-Recorder/County Clerk IT Bureau 12400 Imperial Hwy. Norwalk, CA 90650
1222	Scheduling System Administrator	The Registrar-Recorder/County Clerk (RR/CC) currently uses a scheduling software to manage and schedule over 1,000 employees during the election. The academic intern would: <ul style="list-style-type: none"> Document a workflow for effectively creating and updating user accounts Create and manage user accounts across the department Manage user registration portal Configure system based on upcoming election information, including locations and sitewide settings Manage scheduling and route uploads Manage sitewide communications Manage weekly timecards creations and approvals Provide technical support as needed to department users Provide departmental training sessions as needed Create weekly reports for Human Resources and IT managements 	Student must have a concentration in Computer Information Systems (CIS), Computer Science, or closely related concentration.		Registrar-Recorder/County Clerk IT Bureau 12400 Imperial Hwy. Norwalk, CA 90650
1223	Tenable Vulnerability Scanning Project	Tenable is vulnerability scanning software that the Registrar-Recorder/County Clerk (RR/CC) is implementing to scan the network and ensure the department is following security policies. The selected academic intern(s) will: <ul style="list-style-type: none"> Deploy the security solution to the entire RR/CC enterprise Identify and document all devices to be scanned Scan devices on entire RR/CC network Create report with action plans and recommendations for all devices that are in and out compliance, based on: <ul style="list-style-type: none"> NIST framework Operating System Asset types Meet with system owners to review compliance report Set timeline for compliance Reassess through scan that recommendations for compliance were implemented Create a scan schedule that will generate a report to identify service owners out of compliance Document process and report to DISO/CIO/Chief Deputy Post to RR/CC document repository 	Student must have a concentration in Computer Information Systems (CIS), Computer Science, or closely related concentration.		Registrar-Recorder/County Clerk IT Bureau 12400 Imperial Hwy. Norwalk, CA 90650
1226	Agricultural Comm/Weights and Measures	The expansion and completion of existing web application to replace legacy applications. The project will complete several modules of the web application using: ASP.NET MVC, Bootstrap, React, MS SQL Server, Power BI Desktop, and Power BI Report Builder. This web application is a multiagency solution and will be deployed in a Production environment. The web application expansion will include completion of several modules with revenue generating components. The new expansion will continue to ensure all development is reactive and will accommodate phone, table, and computer platforms using Bootstrap and React. The new expansion will be required to generate reports and maps both online and printed. Investigation into deploying the application from a server hosted environment to an Azure hosted application will be required.			Agricultural Comm/Weights and Measures Telework
1227	Green Zones Program and Metro Area Plan (MAP)	Tasks will include, but are not limited to, the following: <ul style="list-style-type: none"> Review and report on case studies and statistics related to the Green Zones Program, including recent examples and data from within Los Angeles County regarding parcels that are being potentially impacted by the Ordinance. This data may be used for training and/or for reporting purposes. Research and organize existing departmental records (permits of existing businesses) Intern may help with laying out and updating the Green Zones Implementation Guide. This may include identifying photos for use within the Guide, producing graphics, and helping organize content. Assist with community outreach and social media needs for both projects. Assist with organizing community meetings. Online community meetings will require an intern to help admit participants into Zoom meetings as well as to take notes and monitor questions. In-person meetings may require help setting-up and taking notes. Prepare social media posts to advertise projects. Draft text and prepare infographics to engage the public. Assist with GIS mapping or quality checking 	Currently or previously enrolled in a graduate program for Urban/Regional Planning or related.	Prior experience in research methods, graphic design (Illustrator, Photoshop, InDesign), and knowledge of Social Media management (Facebook, Twitter, Instagram) are preferred.	Regional Planning Telework Primarily telework, but may have occasional in-person meetings with supervisor or to participate in outreach events as needed.
1229	Communications Intern	Intern with the Department of Consumer and Business Affairs' (DCBA) communications team and provide remote support to the County's consumers, renters, homeowners, business owners, immigrants, and litigants. You'll have an opportunity to utilize written, design, and multimedia skills to inform the public about DCBA's robust suite of services. Through the Communications Team, our intern will work alongside DCBA's communicators to develop innovative and effective ways to reach out to the public in plain language. We seek communicators with a positive, people-first spirit who can share and develop their skills. We communicate through the written word, video, and audio, including graphic and web design, in multiple languages across several website and social media platforms.		<ul style="list-style-type: none"> Excellent writing and public-speaking skills Graphic design, web design, video editing, and/or social media skills Compassionate Motivated Bilingual English/Spanish is a plus but not required 	Consumer & Business Affairs Telework
1230	Administration Tech Support	Technical knowledge of setting up and installing computers and laptops. Soft skills required are good communication skills, flexibility, patience and problem solving.		Technical knowledge of setting up and installing computers and laptops. Soft skills required are good communication skills, flexibility, patience and problem solving.	Consumer & Business Affairs 500 West Temple Street, Room B-96 Los Angeles, CA 90012

Project #	Project Title	Project Description	Possible Major	Critical Skills	Location
1236	Violence Prevention	The Office of Violence Prevention (OVP) seeks interns to work on various programs and initiatives that support our Strategic Plan priorities focused on supporting children, youth and families, creating cultures of peace, fostering safe neighborhoods and building capacity for healing informed policies, practices and systems. Project activities will fall under one of OVP's core functions: (1) health education, programming, and community engagement, (2) research and evaluation, (3) policy and advocacy, and (4) capacity-building training and technical assistance. Sample duties may include: conducting research, assisting with community assessments, supporting the efforts of regional violence prevention coalitions, conducting outreach efforts, assisting with training and capacity building efforts, writing reports and preparing presentations, and working with community residents including youth and survivors to better understand needs related to violence, trauma and healing.	Education or course work in public health, psychology, sociology, anthropology, or social work preferred.	Interns will play a critical role in supporting OVP staff and requires individuals who are critical thinkers, resourceful, well organized and detail-oriented. Additional skills needed include strong oral, written, listening, and communication skills and the ability to engage with diverse populations, manage multiple tasks, and possess basic analytical skills.	Public Health 1000 S. Fremont Avenue, Alhambra CA 91803 Community Work in each Service Planning Area
1237	Anti-Racism Diversity And Inclusion (ARDI) - Graphic Design	Academic interns will provide graphic design services for the purposes of establishing a campaign that aligns and elevates the County's Antiracist Diversity and Inclusion (ARDI) strategic plan and policy agenda. Specifically, project assignment will entail: •Designing advertisement and marketing collateral, including placement •Create an ARDI logo •Update the ARDI's website to inform visitors who we are, what we're doing, why we're doing it and how we're going to do it. This includes drafting, leading the design layout and implementation, as well as translation. •Collaborate with various ARDI workgroups		Webpage Design, Graphic Design, Adobe, Photoshop, Illustrator, XD & InDesign	Chief Executive Office Telework
1238	Biological Resources Program Support	Assist the Department of Regional Planning Environmental Planning and Sustainability Section implement the Department's Biological Resources Program, through assistance with the review of biological maps and reports, developing biological review resources, and open space mapping. Specifically, the intern would assist with further developing and implementation of open space, natural resources, and wildlife corridor preservation; wildland-urban interface development review; and biodiversity preservation to promote high quality living environments for all.	Currently studying Botany, Natural Resources, Environmental Sciences, or a related field; or has a botany related undergraduate degree and is studying Sustainability, Environmental Studies, Urban Planning, Natural Resource Management, or a closely related field.	The following is preferred: •Knowledgeable and understanding of local flora, fauna, and geographically diverse habitats. •Previous field work in Los Angeles County gathering biological resources information. •Previously created and/or reviewed biological reports and maps. •A basic understanding of land use concepts, land conservation strategies, function of wildlife corridors, natural resource preservation, and spatial analysis of these concepts. •Experience with GIS software and ability to manipulate GIS layers. •Ability to communicate effectively, both orally and in writing. •Self-starter and independent worker which demonstrates high productivity and follow-through. •Strong computer skills: Microsoft Office (Word, Excel, Outlook, PowerPoint), GIS Software, WordPress and/or other social media platforms	Regional Planning Telework - Virtual with potential of in-person meetings
1242	Anti-Racism Diversity And Inclusion (ARDI) - Research	Provide research and GIS analysis services for the County's Antiracist Diversity and Inclusion (ARDI) Unit for the purposes of supporting the production of reports with a focus on outcomes for Los Angeles County residents, especially communities of color and areas of concentrated and/or accumulated disadvantage. Specifically, work will entail: •Conducting research •Collecting, processing and analyzing data •Conducting a landscape analysis of the conditions for persons living in Los Angeles County •Conducting a crosswalk of existing data reports/sources and concurrent studies and research •Helping identify performance indicators and outcomes, including baseline of current state for LA County •Conducting geospatial mapping of relevant indicators •Developing descriptive data analysis that reflects trends •Summarizing comprehensive analysis of what that data means relative to the report's objectives •Analyzing County services, initiatives, and programs to evaluate the County's services to determine how they are impacting people's lives •Researching and identifying best practices for eliminating implicit and structural bias and racism in systems of incarceration, health and social service agencies •Collaborating with the ARDI Academic Research Consortium members •Collaborating with the ARDI Data and Planning workgroup		Research Methods, GIS, Qualitative and Quantitative Data Analysis, Applied Statistics, Behavioral and Social Sciences	Chief Executive Office Telework
1244	Launch Summer Programs	Assist DPR's Public Information Office in developing social media content, flyers and graphics to advertise the launch and on-going programs for the Los Angeles County Parks & Recreation Summer programs.	Experience working with Canva, comfortable with scheduling and developing social media content and graphics, copy writing for flyers and social media posts.	Good customer skills. Experience with Excel and Outlook.	Parks & Recreation 1000 Fremont Alhambra, CA
1245	LA County Youth Commission Social Policy Intern	Social Policy, Public Policy, Child Welfare Policy, Juvenile Justice, Macro and Mezo. Experience or interest in program development, strategy and navigating complex systems is a plus.	Social Policy, Public Policy, Child Welfare Policy, Juvenile Justice, Macro and Mezo.	Experience or interest in program development, strategy and navigating complex systems is a plus.	Board of Supervisors Virtual and: Kenneth Hahn Hall of Administration 500 W. Temple St, Los Angeles, CA 90012
1246	Institutional Review Board (IRB)	The Institutional Review Board (IRB), housed in the DPH Chief Science Office, serves as an independent oversight board that strives to ensure the ethical treatment of participants in research and related data-gathering activities such as evaluation, needs assessments, and certain types of surveillance. As part of its review process, the IRB prioritizes equity of study recruitment, ethical conduct, rigorous and appropriate methodology, and community engagement. The IRB offers quarterly training sessions as well as case-by-case consultation to support the Los Angeles County research community which includes County staff as well as collaborators from community-based organizations. In addition to regulatory oversight and education, the IRB has established a Health Equity Initiative (HEI) to better position itself to address health equity in research. HEI activities include an annual health equity survey to engage the community for input and a mini-grant program that seeks to support community efforts to measure and address health equity. Internship responsibilities include: becoming familiar with federal regulations and County policies that govern the ethical conduct of research and other data-gathering activities; support of Health Equity Initiative activities including assistance with survey administration, data management, analysis and reporting; data entry and management using the IRB's new research project database; assisting with transferring hard copy research projects into the online database; working with sensitive and/or confidential data; general clerical and administrative duties in support of the IRB office. Interns will have the opportunity to attend at least one IRB committee meeting.	Undergraduate and Graduate students.	Coursework and/or experience in public health research.	Public Health 313 N. Figueroa St., Room 127 Los Angeles, CA 90012
1254	Division of HIV and STD Programs (DHSP) – Planning, Development, and Research	Seeking a graduate level public health intern to assist with program evaluation of clinical programs tied to Los Angeles County's Ending the HIV Epidemic initiatives. Intern duties may vary depending upon the topic and program needs and can include data cleaning, assistance with development of data dictionary and data protocol for HIV Testing Services (HTS), completing data entry and managing datasets, conducting literature reviews, performing various data analyses, including analysis on health district residence and HIV service/testing access for HTS and Ryan White (RW) services, and assisting with a range of program development and monitoring and evaluation activities.	Preference for graduate level majors related to epidemiology or public health.	Intern should have strong writing skills, competency with SAS, and preferably have some program evaluation experience.	Public Health Telework or 600 S. Commonwealth Ave., Los Angeles, CA 90005

Project #	Project Title	Project Description	Possible Major	Critical Skills	Location
1256	Communications/Marketing Intern	Founded in 2020, the Youth Commission was established to assist the Board of Supervisors in leading transformative change in LA County's youth facing departments, programs, and policies. The Commission is comprised of 15 members: all 18-26 years old with lived experience in the child welfare and juvenile justice systems. This is the first Commission of its kind in Los Angeles County and comes at an important time in developing its mission and policy goals. We are seeking 1-2 communications/marketing interns with a background or interest in media relations. Intern will work closely with the Executive Director and Youth Commission staff in developing, writing, editing, and laying out social media and marketing strategies and projects. This internship will encompass various projects that will help the intern gain valuable marketing experience. The assignments will include but are not limited to developing health messages and content for traditional and social media e.g., YouTube, Facebook, Twitter, Instagram, video production, graphic design, and media relations/public relations. The communication internship duties are broken down below: Supporting both marketing and creative content efforts in creating valuable on-brand content for both internal and external audience. Developing scripted material for communication platforms including flyers/posters, social media posts, scripts for video, enhancing existing communication plans, and assisting with community relations projects and outreach. As well as helping brainstorm and implement fresh audience engagement ideas.	Preferred candidates should be majoring in communications, public relations, advertising, or Journalism.	Communications intern should possess good office and editing skills and knowledge of Microsoft Word. Desirable qualifications include a background in marketing and public relations. Knowledge of Excel, photoshop, and marketing tactics is a plus. Social media familiarity.	Board of Supervisors Virtual and: Kenneth Hahn Hall of Administration 500 W. Temple St, Los Angeles, CA 90012
1259	Center for Financial Empowerment – Communications/Marketing & Graphic Design ☐	The Center for Financial Empowerment (CFE) seeks an intern who can support the communications and marketing needs of the Center for Financial Empowerment's (CFE) Training Institute and American Rescue Plan projects.	The idea candidate will have experience in the following: •Developing graphics and content for various communication channels, including print, websites and social media platforms •Writing social media posts and creating basic social media graphics and media releases regarding activities, services, programs, and functions •Developing and designing newsletters, fact sheets, reports, pamphlets, flyers, brochures, etc. •Assisting with or developing marketing plans, toolkits, etc. •Conducting research and providing recommendations on graphic design and marketing needs		Consumer & Business Affairs Telework
1260	Center for Financial Empowerment – Project Research & Evaluation ☐	The Center for Financial Empowerment (CFE) seeks an intern who can design and conduct research projects for the CFE's Financial Coaching Certification Program and American Rescue Plan (ARP) projects and initiatives, as needed. 1265	Racial Equity Academic Intern	Los Angeles County's Racial Equity office is seeking highly motivated student interns to provide support for various projects related to the County's racial equity goals. Assignments may include, but are not limited to: •Supporting the implementation and evaluation of the Countywide Racial Equity Strategic Plan. Responsibilities may include, but not be limited to, helping to support meetings with logistics and notetaking, doing secondary research, and providing recommendations/input on the process, as appropriate. •Working with ARDI staff on research and analysis to support Board-directed focus areas •Working with ARDI staff to prepare and conduct community outreach engagements	Relevant fields of study include Public Administration, Public Health, Sociology, Psychology, Cultural Studies, Business Administration, Medicine, Human Behavior, Anthropology, Statistics and related fields.	Interested students should have experience conducting independent research, creating written materials, communicating key findings both orally and in presentation formats, and working independently with minimal supervision.	Chief Executive Office
1267	COVID-19 Surveillance and Outbreak Investigation in the Los Angeles County Department of Public Health (LACDPH)	Students selected for this internship opportunity will write protocols and summarize data collected in the LACDPH Outbreak Management and Vaccine Branches. This internship will also include an introduction to tools used in COVID-19 field surveillance, such as creating epi curves and line lists. Interns must have strong written skills and experience using coded intake forms, codebooks, and SAS statistical software. Project Period: July 6, 2024 - August 31, 2024 Closing Date: 4:00 PM on June 28, 2024	Student must be currently enrolled in a public health program at an accredited college or university.	Applicants must be currently enrolled undergraduates and have completed at least four semesters or eight quarters of college by Fall 2022.	Public Health Outbreak Management Branch, Data Science Team (OMB-DST) Telework; however, fully vaccinated students may work in-person at the DPH vaccination sites, if needed.
1269	MSW Internship	Children's Medical Services provides preventive screening, diagnostic, treatment, rehabilitation, and follow-up services to meet the specific health care needs of children and youth with special health care needs and provides related resources. We are seeking a Master of Social Work intern to perform multi-level practice work: individual, group, and systemic interventions. Intern will apply multiple treatment modalities and social work theory/ frameworks to gain perspective and insight on patient / family dynamics. Intern will get experience with assessment, diagnosis, treatment planning, intervention, outcomes evaluation, and termination. Apply social work practices to multicultural populations. Interns will work on advocacy, resource referral, community needs assessment, evaluation, and documentation. Internship will provide macro skill development such as advocacy, evaluation, fundraising and development, grant writing, and program development.	Current enrollment in the Masters of Social Work program		Public Health 9320 S. Telstar Ave. El Monte, CA 91731
1272	Lead Poisoning Prevention Materials Management	This intern will support lead poisoning prevention materials management, which will include processing orders for health care providers and community partners, determining if materials need translation, developing materials as needed, and tracking materials distributed. Tasks may include data entry, administration, virtual presentations, assembling materials for outreach events, and answering phone calls. Special projects in public health program planning, implementing, monitoring, and evaluation may also be explored, including updating curricula, developing campaign materials, and analyzing activity results.	Health Education, Health Administration, Public Health, etc.		Public Health Childhood Lead Poisoning Prevention Program Health Education Unit 5555 Ferguson Drive Commerce, CA, 90022

Project #	Project Title	Project Description	Possible Major	Critical Skills	Location
1273	Community Health Education and Health Promotion – African American Infant and Maternal Mortality Initiative - Graduate Level	This unique internship opportunity would center around addressing health inequities facing BIPOC (Black, Indigenous and People of Color) communities in the Antelope Valley (Service Planning Area 1) and San Fernando & Santa Clarita Valleys (Service Planning Area 2). As a member of the Community Liaising Team, the intern would primarily assist the regional/DPH leads in the facilitation of the regional Community Action Teams (AV AAIMM CAT and/or SFSCV AAIMM CAT). As part of the megaSPA 1&2 approach to address health inequities, the intern will closely collaborate with both CATs' leads. The CATs are part of the countywide AAIMM Initiative that focuses on reducing the black-white infant mortality gap that exists in LA County by 30% within 5 years (we currently 4 years in). The CATs reflect an equal partnership between government, community-/faith-based organizations, and residents. In association with the functions of the community action team, the intern would focus on: •Developing/maintaining evaluation tools •Collecting and analyzing data, presenting results •Supporting the DPH/Community leads in the development/operations of workgroup(s) •Coordinating and leading/participating in community events, workshops, support groups •Pursuing grant development and funding opportunities •Analyzing and discussing health policy Since this a broadly supported initiative, there would also be opportunities to interact with local political leaders, activists, and community leaders. Should there be any interest, there is additional opportunity to engage in public health equity work in relation to the other high-risk communities residing with SPA 1&2. NON-ESSENTIAL FUNCTIONS: Assist with other community engagement efforts and COVID-19, Monkeypox, and other related projects, as time and interest allow.	The student must be actively enrolled in an MPH/equivalent program or doctorate program.	Prior Work Experience: Highly desired – one or more years of working in/with a non-profit organization, government, healthcare setting or community service-based organization in a role that required coordinating a project or program and/or interfacing with a team and general public. Prior work experience could be a combination of paid employment, volunteer work and/or other internship experiences. Academic or professional experience in data assessment, research, community engagement and/or grants management is preferred but not required. Other Knowledge, Skills, and Abilities: Strong interpersonal skills; an openness to learn and grow; virtual platform experience; experience with Microsoft products including Word, Excel, Outlook, PowerPoint; graphic design programs (e.g., Publisher, Canva); strong knowledge of Word and Excel preferred; knowledge of social media. Additional Requirement: Access to personal laptop and internet connection in the event teleworking is necessary. Access to transportation.	Public Health Virtual/teleworking option will be available. Physical office locations vary upon candidate's geographic location, including Antelope Valley Health Center (SPA 1: 335-B East Ave K6, Lancaster, CA 93535; SPA 2: Zev Yaroslavsky Family Support Center, 7555 Van Nuys Blvd, Van Nuys, CA 91405).
1274	Viral Hepatitis and Respiratory Diseases Internship	The Los Angeles County Department of Public Health, Viral Hepatitis and Respiratory Disease Unit investigates viral hepatitis and respiratory diseases. Candidates should have strong skills with statistical programming in SAS and/or R, and have data management experience, be reliable, organized, detail-oriented, have strong communication skills, and should be able to work independently. There are opportunities for surveillance work and for outbreak investigations. Tasks can include but are not limited to case interviews, data collection, management, analysis and interpretation.		Graduate degree in progress. Experience with interviewing and/or communicating health information. Experience using computer software and database programs, including MS Office (Word, Excel, PowerPoint, and Access). Experience with SAS or R. Experience with data management.	Public Health Remote; once a month at 313 N Figueroa St, 2nd Floor, Los Angeles, CA 90012.
1276	Risk Management-Safety/Emergency	Gain the knowledge and experience for compliance recognition to federal, state, and Cal-OSHA standards, policies, and regulations. Contribute to the progressive understanding of how to appeal before the Occupational Safety and Health Appeals Board and the OSHA legal process by defining the process for Cal/OSHA inspections, citations, and penalties. Facilitate providing safety awareness and the impacts of risk management by comprehending workers' compensation and risk management processes to achieve common goal setting and accountability between employee relations. Collaborate to continue developing and implementing an effective Injury & Illness Prevention Program (IIPP) and its eight key elements. Provide support in helping with the administration and the development of the Department's emergency plans, protocols, and training that can impact the Department's mission and goal to provide world-class services.	Candidates must currently be a student in a Community College, or pursuing a Bachelor's or Master's degree at a College or University. Interns will report to the Department Risk Manager, Human Resources.	Communications, technical writing, Speech, Fundamentals of Occupational Safety and Health, Risk Management, Safety Engineering, Emergency Management, Homeland Security, Intro to Terrorism. Experience working with Outlook, Word, Excel, and PowerPoint. Comfortable engaging all levels of management. Good social skills.	Parks and Recreation Alhambra Headquarters 1000 South Fremont Ave, Alhambra, CA 91803
1278	Health Education Administration (HEA)	The Los Angeles County Department of Public Health, HEA promotes health through effective health education communications, an empowered health education workforce, and successful partnerships. As a result, HEA manages several department-wide initiatives including dissemination of information through the [HEALTHED] Listserv, worksite wellness for 4,000 employees, coordinating speaking requests through the Speakers' Bureau, assuring the quality of departmental educational materials, coordinating community engagement opportunities through National Public Health Week and the Community Ambassador program, processing department-wide transition/interpretation requests and conducting plain language training. Each activity works to improve the health education of the public through SPA activities, print materials and increasing resources for Health Educators to share. HEA seeks a Community Engagement Intern to support HEA's community engagement efforts. Duties may include one or more of the following: developing data gathering tools (e.g. online surveys, focus group guides); building databases using Access or other software; entering and cleaning-up data; analyzing data using statistical software and methods; writing reports based on resulting data, and reporting results to key stakeholders; assisting with the development of new educational materials.	Graduate degree in progress.	Experience with interviewing and/or communicating health information. Experience with coordinating/planning community-based programming. Experience using computer software and database programs, including MS Office (Word, Excel, PowerPoint, and Access). Experience with data management.	Public Health Remote; in-person approximately once a month at 214 N. Figueroa St, Rm. 148, Los Angeles, CA 90012
1279	Sexual and Reproductive Health, including Abortion	Sexual and Reproductive Health, including Abortion: Contribute to research, advocacy, and educational projects on sexual and reproductive health, including abortion. Areas of work primarily include contraception and abortion, but could include intimate partner violence, sexual violence, and human trafficking, and the intersections of these issues with other public health topics. Work with staff on health briefs, infographics, survey development, fact sheets, trainings, reports/manuscripts, trend analyses, and/or event/conference planning. Track and analyze legislative and policy changes related to these issues. Assist with a variety of projects related to addressing current women's health issues related to sexual and reproductive health, inclusive of the following core elements: program planning, policy development, and evaluation.	Possible majors or coursework include: Public Health, Women Studies, Social Work, Public Administration, Communications, Program Planning, Biostatistics, Evaluation. Ability to make interdisciplinary connections, generate and/or assess solutions, and the ability to communicate effectively with County staff and community stakeholders.	MS Word, Excel, PowerPoint, Outlook. Expectations include being on time, signing in and out of the building, maintaining a professional demeanor and attire, completing tasks in the scheduled time frame, working in a self-driven manner and with the team, and employing a standard of accuracy and excellence in projects and outputs. Must include cover letter with resume.	Public Health OWH office – 1000 S. Fremont Ave Building A-9 East 5 th Floor Alhambra CA 91803
1280	Team Food Safety	Student intern will join an interdisciplinary team (Acute Communicable Disease Control (ACDC) Food Safety Unit) to support diverse and dynamic activities including foodborne disease surveillance and outbreak management. Duties include, but are not limited to: Rapid assessment of potential clusters; support field investigations as appropriate; support local and multi-jurisdictional cluster investigations, including conducting CDC standard interviews; assist with data entry/analysis of data collected from interviews; the student intern will receive career mentorship in epidemiology and public health throughout their internship.	Epidemiology and public health.	Basic epidemiology, infectious disease/pathology-type class (e.g. immunology, genetics, biochemistry, molecular bio, etc.).	Public Health Remote and field-based
1281	Domestic Violence Housing Supportive Services (DVHSS)	Assist the Office of Women's Health with the programmatic administration, growth and sustainability of the Domestic Violence Housing and Supportive Services (DVHSS) unit, which includes stakeholder engagement; assisting with communication strategies, projects, tasks, and research related to domestic violence issues affecting the health and well-being of individuals, women, and their dependent children. An intern will analyze and collect data, develop PowerPoints, and use other electronic media to express results. Data skills a must. Duties and responsibilities will include: 1. Contribute to the planning, development and facilitation of meetings and conferences 2. Assist in the design and publication of updates or status reports, to provide current and important information and resources identified to address service gaps for DV survivors and service providers 3. Assist with a variety of projects, tasks and research that may include collecting, analyzing, and presenting data, infographics and trend information related to DVHSS issues. 4. Outreach and engagement with the Domestic Violence Council, organizational and community partners to assist in the development and support of DV survivor-centered resources to address intimate partner violence. 5. Engage with DV Council, other County departments, stakeholders, and community partners to help identify and develop communication strategies to address priority programmatic and public health issues related to DVHSS.	Possible majors or coursework include Public Health, Intimate Partner Violence and supervised experiences related to the co-occurring mental health, trauma and substance abuse affecting DV survivors and other areas such as: Women Studies, Social Work, Clinical Psychology, Counseling, Marriage and Family Therapy, Public Administration, Communications. Experience and knowledge in family counseling is helpful but not required.	Ability to make interdisciplinary connections, generate and/or assess solutions, and ability to communicate effectively with County staff and community stakeholders. MS Word, Excel, PowerPoint, Outlook, Teams, and survey software is desirable. generate and/or assess solutions, and ability to communicate effectively with County staff and community stakeholders. Must include cover letter with resume.	Public Health OWH office – 1000 S. Fremont Ave Building A-9 East 5 th Floor Alhambra CA 91803
1282	Office of Planning, Integration, and Engagement (PIE)	Los Angeles County Department of Public Health's Office of Planning, Integration, and Engagement (PIE) is responsible for building and managing multi-disciplinary teams focusing on resource development, strategic planning and integration, and community engagement. Housed in the Executive Office, the Director reports to the Public Health Director and works collaboratively with Executive Leadership Team, Program Directors, and community stakeholders to establish, support, facilitate, and coordinate public health initiatives. PIE consists of five units: Planning, Integration, Community Engagement, Education Sector Partnership and Programming, and Resource Development.	Undergraduate and Graduate students.	Interns and volunteers will have the opportunity to work on a diverse set of evolving projects based on the PIE Unit's needs and the candidate's interest. Sample duties may include assisting with planning, implementing, and evaluating public health programs and activities such as conducting research and/or assisting with internal or external assessments; conducting community outreach and working with community residents, participating in internal/external committees and/or collaborative; and providing grant writing and management support. Additional skills needed include strong oral, written, listening, and communication skills and the ability to engage with a diverse group of stakeholders.	Public Health 313 N. Figueroa St., Suite 708, Los Angeles, CA 90012

Project #	Project Title	Project Description	Possible Major	Critical Skills	Location
1283	Epidemiology, Research & Evaluation	The VPDC Program seeks a student volunteer who will assist with various program activities that have identified areas of improvement and proposed solutions using a variety of Quality Improvement (QI) tools. The student volunteer will be involved with participating in VPDC QI meetings, assisting with collecting data using QI related methods and analyzing data-driven solutions to address health inequities. This opportunity will give the student intern experience with developing written protocols, collection of program evaluation data and creating visually engaging written products for dissemination to internal and external DPH stakeholders. The internship can be carried out on a hybrid (in person & remote) schedule for a duration of 3- or 6-month intervals. Course-credit and career mentorship is available.	Undergraduate and Graduate students.	Required Courses or Relevant Experience: Program Evaluation, Data Analysis, Report Writing, Proficient in MS Excel, Interest in Maternal and Infant Health Outcomes.	Public Health 3530 Wilshire Blvd., Suite, 700, Los Angeles, CA 90010
1284	Mobile Food Facility Inspections	The project involves development of inspection procedures for the Mobile Food Facility Program. The intern would assist with development of outreach materials, creation of internal documents and assistance with commissary surveys and inspection on mobile food facilities operating after 5:30 PM.	Undergraduate students.	Environmental Health courses, sciences	Public Health 5050 Commerce Drive, Baldwin Park, CA 91706
1285	Outreach	The project involves development of outreach and education materials for the Community Health and Camps & Schools Programs. The intern would assist with development of outreach materials, creation of internal documents and assistance with surveys with incorporated cities regarding permitting of Body Art facilities. Additionally, the intern would assist with outreach materials for public and private schools regarding permitting the food operations.	Undergraduate students.	Environmental Health courses or related courses.	Public Health 5050 Commerce Drive, Baldwin Park, CA 91706
1287	Environmental Health – Division Support Branch	Environmental Health (EH) is responsible for the enforcement of state and local laws and regulations relating to environmental factors which affect public health and safety. Intern will collaborate with EH programs to update public information and assist in the development of training plans, training presentations, and guidance materials. Interns may also: conduct research or surveys of other jurisdictions; review the accuracy of information/data on EH websites and within inspection databases; or assist Environmental Health programs to develop workflows to improve efficiencies. Interns may also receive exposure to the oversight and enforcement of state and local regulations as it relates to EH inspections.	Undergraduate students.	Life Science / Environmental health / Environmental engineering coursework, public administration.	Public Health 5050 Commerce Drive, Baldwin Park, CA 91706
1288	Environmental Health –Recreational Waters Program	Environmental Health (EH) is responsible for the enforcement of state and local laws and regulations relating to environmental factors which affect public health and safety. The intern will collaborate with the Recreational Waters Program to assist in the preparation and delivery of a multi-media awareness campaign to educate the public about childhood drowning prevention. The intern may also: schedule outreach training and develop partnerships with stakeholders. The intern may also receive exposure to the oversight and enforcement of state and local regulations as it relates to public pool inspections.	Undergraduate students.	Life Science / Environmental health / Environmental engineering coursework, public administration.	Public Health 5050 Commerce Drive, Baldwin Park, CA 91706
1289	Environmental Health –Environmental Protection Branch	Environmental Health (EH) is responsible for the enforcement of state and local laws and regulations relating to environmental factors which affect public health and safety. The intern would assist with inventory investigations, data review and digitization, and updating industry and public information documents. The intern may also receive exposure to the oversight and enforcement of state and local regulations as it relates to EH inspections.	Undergraduate students. Products may include reports, fact sheets, dashboards, maps, infographics, toolkits, and other educational materials. This project may also entail reaching out to healthcare providers, schools, and community-based organizations to gather feedback and assess the usefulness of our communication products.	Undergraduate and Graduate students.	Experience with data analysis and visualization is preferred. Strong communication and stakeholder engagement skills are also desired.	Public Health 3530 Wilshire Blvd #700, Los Angeles, CA 90010 (remote option available)
1294	Probation Dept. Intern – Human Resources	We are now accepting interns in Human Resources to assist in our recruitment efforts of Peace Officers for our department. This internship opportunity will include projects in the following: assist the Pre-Employment Section Manager in recruitment efforts and application exams; participate and connect with Colleges/Universities for outreach efforts; prepares a recruitment plan to attract qualified candidates using new and traditional methods such as the internet and other posting sites; developing operating manual or desk manual for recruiters; conducts research, collects and analyzes data, and prepares recommendations on assigned projects; identify problems and implement or recommend solutions; working with Communications and Marketing on recruitment through social media.	Qualified applicants are currently enrolled Juniors, seniors or graduate level students currently enrolled at a partnered university majoring in Human Resources (recruitment and knowledge of statistics or data analysis).	Intern must be able to use critical thinking skills when performing their assignment and tasks. Good MS Office skills in Word, Excel, Access, PowerPoint, and Visio. Ability to work within the framework of departmental policies and procedures. Ability to manage projects, coordinate with stakeholders, and be open to constructive feedback. Ability to meet and deal with the public and work with colleagues in a pleasant, professional, and courteous manner. Good oral and written communication skills required. Also, to analyze qualitative and quantitative data from collected evaluations to implement improvements.	Probation Department Headquarters - Recruitment Unit 9150 E. Imperial Hwy Downey, CA 90242
1295	Obtaining Justice and Equity for Black women and their infants	The intern(s) will closely work with African American Infant and Maternal Mortality (AAIMM) Prevention Initiative South LA/South Bay (SLASB) Community Action Team (CAT). The intern(s) will support the SLASB AAIMM CAT with building a robust network of partners and community members in SPA 6 and 8. Additionally, the intern(s) will support the SLASB AAIMM CAT in identifying gaps in services for Black families in SPA 6 and 8. The intern(s) will support SLASB AAIMM CAT in creating a foundational document(s) that narrates the history of AAIMM, where we are now, and where the initiative plans to be in the future. Lastly, in efforts to better prepare the SLASB AAIMM CAT, the intern(s) will work on creating a crisis management protocol document to support Black birthing persons during an emergency. This opportunity will give the student experience with developing protocols, community outreach, and health promotion. The internship can be carried out remotely with opportunity to be involved in many community events. Course-credit and career mentorship is available.	Undergraduate students.	Interested in health disparities, specifically in infant and maternal mortality. Proficient in Microsoft Word, PowerPoint, and Excel.	Public Health Remote work
1297	Chronic Disease and Injury Prevention	Interns will be involved in developing/implementing policies, systems, and environmental change strategies/programs supported by the Division of Chronic Disease and Injury Prevention and the community-based organizations it works with. Examples of duties and responsibilities include, but are not limited to, supporting fieldwork, conducting opinion surveys for smoke-free tobacco policies, designing nutritional evaluations for county detention facilities, delivering presentations on tree-planting strategies for physical and mental health, utilizing social media for promoting physical activity and access to wellness programs, and evaluating program impact. Specific projects are assigned based on intern rankings, performance on interviews, their skill sets, and what a program needs.	Must be a student in a doctoral training program in a healthcare field - MD, DO, DDS, PharmD, other equivalent discipline.	Ideal candidates should demonstrate strong interpersonal, verbal and written communication, critical thinking and problem-solving, and program assessment skills.	Public Health 3530 Wilshire Blvd, Ste, 800 Los Angeles, CA 90010
1300	Los Angeles County Medical Examiner Decedent Service Unit (DSU) Internship Program	The Dept. of Medical Examiner investigates and determines the circumstances, manner and cause of all violent, sudden or unusual deaths occurring within Los Angeles County including the City of Los Angeles, 87 other municipalities, and its unincorporated areas. The DSU internship program seeks to provide college students with hands-on experience and understanding in the handling, transportation, processing, and disposition (release of) human remains at the Forensic Science Center. Students will be exposed to a variety of death scenes including homicides, suicides, drug overdoses, unhusbed decedents, and traffic accidents. The mission of the program is to offer students practical work experience given by a department Forensic Attendant, Senior Forensic Attendant, Supervising Forensic Attendant, and/or Medical Examiner Investigator. Students will have an opportunity to observe, contribute, and rotate through different parts of the Decedent Services Unit. They will also be able to observe other divisions at work. The opportunities will afford the student career connections, mentorship, and networking opportunities. The training is hands-on, constructive, and gives on-going feedback for personal and professional development. This is an unpaid, 160-hour volunteer internship for which students will receive Direct Studies Course credit through East L.A. College (ELAC). Should an intern want to continue as an unpaid volunteer for the department at the end of their 160-hour commitment, requests to continue to volunteer will be considered on a case-by-case basis. Daily duties include but are not limited to: <ul style="list-style-type: none"> oAnswering phone calls and assisting callers while in the Decedent Services Unit. oRiding out to hospitals and field calls in a county vehicle to observe and assist with decedent removal. oProcessing of decedents including decedent movement, documentation of physical characteristics (eye/hair color, etc.), clothing removal, fingerprinting, photography, and crypt assignment. oReleasing of decedents to mortuaries. 	Applicants must be currently enrolled in ELAC Criminal Justice Program. Application is open to candidates who have a passion for public service and death investigation and are not easily bothered by or unsettled by the end of a life, including varying stages of a decomposing body. This person must be self-motivated, be a hard worker and exhibit attention to detail.	This internship requires participants to be able to perform arduous physical duties, to include moving decedents in excess of several hundred pounds and respond to any part of the County of Los Angeles at any time of year. This can include mountainous terrain in poor weather. Applicants will be required to obtain medical clearance from a physician in order to be issued a fit tested respirator. Respiratory protection is mandated by OSHA and enforced by the Los Angeles County Dept. of Medical Examiner's own respiratory protection policy	Medical Examiner-Coroner Pending
