

Good News!

Starting May 1, 2022, **all people 50 and older** who are eligible can get **"Full-Scope" Medi-Cal**.
Immigration status does not matter.

"Full-scope" Medi-Cal is FREE health insurance that covers all types of care including: doctor's visits, specialist appointments, dental, vision, prescription drugs, in-home care, transportation to appointments, and more!

I am 50 or older (or will be in May). How do I enroll?

- If you already have "Emergency" Medi-Cal, you will automatically get "Full-Scope" Medi-Cal on May 1, 2022.
- If you don't already have "Emergency" Medi-Cal, you should enroll now so that you can automatically get "Full-Scope" in May. Contact your clinic or the groups below.

Remember!

- My Health LA is not insurance. Medi-Cal is.
- Getting "Full-Scope" Medi-Cal **will not** affect the immigration status of you or your family.

The only possible exception is if you are going to use Medi-Cal to pay for long-term nursing home care. You can talk to a BAILA lawyer to learn more.

In Los Angeles County, the [Community Health Outreach Initiative \(CHOI\)](https://bit.ly/3ppVUnt) (<https://bit.ly/3ppVUnt>) and the [BAILA Network](http://www.bailanetwork.org) (www.bailanetwork.org or 1-888-624-4752) can answer your questions and help you enroll!
