

June 22, 2023

To Whom It May Concern:

The American Cancer Society will be hosting our Making Strides Against Breast Cancer walk on October 21, 2023 at Citadel Outlets in the City of Commerce, County of Los Angeles. We are reaching out to local citizens and business owners to join us in supporting this important fundraising event.

Making Strides Against Breast Cancer is the American Cancer Society's community walk to raise awareness and funds to fight breast cancer. Teams of friends, families, neighbors, and co-workers will participate in the walk and raise funds for this great cause. In 2022; thanks to walk participants like you, American Cancer Society invested \$69 million in breast cancer research, provided free rides to treatment to 135,000 cancer patients and assisted 373,000 patients and caregivers via our 24/7 hotline.

Since 1993, more than 14 million Making Strides Against Breast Cancer participants in the US have raised more than \$870 million. Every dollar raised helps the American Cancer Society ensure that we continue moving closer to a world without breast cancer. Funds specifically go to early detection and prevention, breast cancer research, patient support, and providing free, comprehensive information and help for those touched by breast cancer when and where they need it.

We invite you to get involved in the following ways:

- Have a team of employees, family, friends and/or co-workers. Teams are the heart and 'sole' of Making Strides Against Breast Cancer and help us raise money to fight!
- Sponsor the event through a cash or in-kind donation such as gift cards or items
- Promote Making Strides Against Breast Cancer to your customers, employees and friends by encouraging volunteering and participation in the event.

Your involvement with the American Cancer Society allows us save lives and attack cancer from every angle.

Our TAX ID Number is 13-1788491. If you have any questions or would like additional information, please feel free to contact me.

In Friendship,

Lisa Erickson
