*The Measure B Advisory Board meetings are open to the public. You may address the Board on any agenda item before or during consideration of that item, and on other items of interest which are not on the agenda, but which are within the subject matter jurisdiction of the Board. Public comment is limited to two (2) minutes and may be extended by the Chair as time permits.*

**NOTE: Please Sign-in if you would like to address the Board.**

**AGENDA**

**CALL TO ORDER – Richard Tadeo, Co-Chair**

**INTRODUCTIONS/ANNOUNCEMENTS**

**1. APPROVAL OF MINUTES**

- September 20, 2023

**2. BUSINESS (new)**

- 2.1 Presentation – Mobile Stroke Unit
- 2.2 Review of 2018, 2019, and 2021 Funding Summary Documents
- 2.3 LA County Fire Request to reallocation of APRU funds (2018)

**3. BUSINESS (old)**

- 3.1 Ranking of Proposals

The MBAB members will rank the proposals using a five-level ranking system.

- High Priority (Score of 5)
- Medium High Priority (Score of 4)
- Medium Priority (Score of 3)
- Medium Low Priority (Score of 2)
- Low Priority (Score of 1)

The project being considered will be announced and then the MBAB members name will be called, and they will announce their numeric ranking of the project (1,2,3,4,5). After the meeting, all rankings will be totaled, and an average score will be determined using voting member rankings for each proposal.

All MBAB members may vote on all proposals being considered, even if they are affiliated with the requesting entity, or has an interest in or will benefit from a proposal(s), unless it is deemed inappropriate by the MBAB Co-Chairs.

1. Regents of the University of California, UCLA Health System, Dr. May Nour
2. Hawthorne Police Department, Dr. Joe Nakagawa
3. Community Hospital of Huntington Park, Lance Uhles
4. Los Angeles County Fire Department, Dr. Clayton Kazan
5. Culver City Fire Department, Paul Voorhees
6. DPH – Nursing Administration, Lucille Rayford and Jennifer Rivera
7. DPH Environmental Health – Radiation Management, Jeffrey Day
8. Department of Public Health, Dr. Naman Shah
9. Los Angeles County Emergency Medical Services Agency, Richard Tadeo
10. Los Angeles County EMS Agency, Dr. Nichole Bosson – **WITHDRAWN**

**CALL TO ORDER:** The meeting was called to order at 1:11p.m. by Richard Tadeo.

## **INTRODUCTIONS/ANNOUNCEMENTS:**

### **1. APPROVAL OF MINUTES:**

The meeting minutes for October 21, 2021, were approved as submitted.

### **2. BUSINESS (OLD):**

#### **2.1 Update on 2019 and 2021 Funding**

All 2019 funding have been expended and there are no outstanding funds to report on. There are some outstanding funds for 2021, but there are plans for them to be used and they have been rolled over appropriately.

### **3. Business (new):**

Mason Matthews, MBAB Co-Chair announced that the CEO's co-chair role will now be filled in by Erika Bonilla.

#### **3.1 2023 Funding Proposal Proceedings**

The amount of Measure B funds available to fund the projects is \$28 million. The submitted projects totaled over \$55 million in requests. Thirty-four projects were submitted and three projects (#10, #17, and #18) have been withdrawn. Part of project #25 may be eligible for a federal match of funds, however the amount of requests still far exceeds the amount of funding we have available.

Mason Matthews explained that each representative has two minutes to give an overview of their proposal. Committee members will have the opportunity to ask questions related to the project. It was also asked that the proposers note if their project is scalable and if so, what is the minimum amount of funding needed to implement a project.

#### **3.2 Proposal Presentations**

Representatives from each entity, except for proposal #1 presented their proposals to the committee.

Proposal #19 - Los Angeles City Fire will send an updated proposal with the correct requested fund amount of \$2,084,000.00 and price quotes.

Proposal #25 - Dr. Christina Ghaly, Director of Health Services, suggested we split the proposal into independent proposals to be clearer on what is being requested.

Proposal #28 - Sandy Wedgeworth from Long Beach Health Department will provide a price quote for four full-time warehouse employees.

Carol Meyer, EMS Commission member, suggested that we take a few things into consideration for future proposals submitted.

- Consider whether an entity had previously received MBAB funding.
- Look into how the proposal would affect LA County as a whole.
- Entities with multiple proposals should prioritize their requests.
- Advice from the EMS Agency on whether a proposal is EMS specific or meets the bioterrorism requirement.
- One time funding for staff since it is difficult to determine what would happen the following year.

Dr. Ghaly suggested proposals be reviewed by County Counsel before the MBAB meeting. Georgina Glaviano, Deputy County Counsel agreed and will review current proposals and provide her feedback.

Jacqueline Rifenburg, EMS Agency Assistant Director, will follow up with proposers regarding scalability and any other information requested regarding their proposal. She will send out an update to MBAB members.

### **3.3 Rank Ordering of Proposals**

Due to meeting time, the committee decided not to rank any proposals during this meeting. The committee will reach out to the project representative for additional information as necessary. A follow-up meeting will be scheduled to rank proposals.

## **4. ADJOURNMENT**

Meeting adjourned at 3:54p.m. to the next meeting, with the date to be determined.

## MEASURE B ADVISORY BOARD

MEASURE B FUNDED PROPOSALS 2018  
SUMMARY DOCUMENT

Total amount of Measure B funding available	<u>\$25,716,905</u>
Total amount of Measure B funded requests	\$16,589,865
Total amount of unspent funds (as of 2023)	\$158,108.09

Requesting Entity	Project Name /Description	Gap Addressed	Funding Type	Amount of Funding	Action Needed to Distribute Funding
LAC+USC Medical Center	Long-term Recovery from Traumatic Injury	Gap in supportive social services and primary medical care after initial discharge, resulting in frequent inpatient readmissions, emergency room visits, and long-term decline in health and productivity	One time funding	\$10,000	Money will be provided through a JV. Program must submit supporting documentation of the actual expense for reimbursement. This will cover costs incurred in FY 19-20.  Project completed in FY 19-20.
Los Angeles Fire Department Air Operations	Helicopter Terrain Awareness Warning System (HTAWS)	Operator and patient safety during air ambulance transports	One-time funding	\$566,691	Amend current Medical Control Agreement H-704387 to

Requesting Entity	Project Name /Description	Gap Addressed	Funding Type	Amount of Funding	Action Needed to Distribute Funding
					include this one- time funding.  Project completed in FY 19-20.
Northridge Hospital Medical Center	Pediatric Level II Trauma Center in San Fernando Valley	Current reimbursement structure in not a viable option for the costs incurred to cover the medical fees and call panel costs	One time funding	\$1.0 million with a federal match of \$1.0 million	Include this funding in TCSA Amendment for FY 2018-19
Hospital Association of Southern California on behalf of the Non-County Trauma Hospitals	Securing funds for the 13 non-county trauma hospitals.	Trauma program costs have increased and to maintain the trauma system additional funding is needed.	One time funding	\$9 million with a federal match of \$9 million	Include this funding in TCSA Amendment for FY 2018-19
<del>Antelope Valley Hospital</del> Amended to include all 15 designated Trauma Centers	Stop the Bleed program	Gap in the education of public regarding what to do if they encounter someone with life threatening bleeding	One-time funding	<del>\$36,700</del> \$550,500	Include \$36,700 in one time funding in 13 non-county trauma hospitals TCSA Amendment for FY 2018-19 and provide to County trauma

Requesting Entity	Project Name /Description	Gap Addressed	Funding Type	Amount of Funding	Action Needed to Distribute Funding
					hospitals through a JV
Los Angeles County Fire Department	Assistant Medical Directors (2)	Inadequate medical staffing for the Fire Department including the ability to do adequate oversight and QI and no ability for succession planning	One time funding	\$792,000 annually	Provide funding through a DSO to County Fire. Work with County Fire to determine when funding will be spent. Medical 7/13/21 Update: Directors not hired until FY 20-21, so funds carried over to this fiscal year. As of 6/30/21 balance of funding is \$79,689. LACoFD will carry over to FY 21-22 and will spend in first quarter. Program complete FY 21-22

Requesting Entity	Project Name /Description	Gap Addressed	Funding Type	Amount of Funding	Action Needed to Distribute Funding
Los Angeles County Fire Department	Advanced Provider Response Units (2)	Allows a more advanced assessment, perform simple interventions and triage appropriate patients away from the emergency department	One-time funding	\$1,900,000	Provide funding through a DSO to County Fire. Work with County Fire to determine when funding will be spent. 7/13/21 Update: Due to COVID and access to CARES funding APRU, unspent funding from FY 19-20 carried over into FY 20-21 (\$1,523,355). Total spent through FY 20-21 is \$612,781, however still waiting for 4 <sup>th</sup> quarter billing for FY 20-21.
<b>Additional Information:</b> Update 9/15/23: LACoFD requests to reallocate remaining \$158,108.09 to purchase a replacement APRU vehicle. Being presented to MBAB 11/13/2023.					
Los Angeles County Fire Department	EMS Update 2018 Training	Training needs to maintain the standard	One-time funding	\$1,790,616	Provide funding through a DSO to County Fire.

Requesting Entity	Project Name /Description	Gap Addressed	Funding Type	Amount of Funding	Action Needed to Distribute Funding
		of care for patients in the prehospital setting			Funding will cover training costs incurred during FY 18-19. Project completed in FY 18-19.
The Regents of the University of California Los Angeles Campus	Immersive Trauma Simulation Program	Create a trauma training program that incorporates state of the art technology with educational best practices.	One-time On-going	\$497,918 \$91,990	Enter into an agreement with UCLA for this project. The agreement should be simple – using the Measure B ePCR agreements with providers as a template.  Funding made available in FY 19-20, carried over balance of funds to FY 20-21 and final payment made in March 2021.
Los Angeles County Department of Public Health EPRP	Response Vehicles (3)	Staffing expanded in the Emergency Operations Unit and	One-time	\$327,639	Provide funding to DPH through a DSO.

Requesting Entity	Project Name /Description	Gap Addressed	Funding Type	Amount of Funding	Action Needed to Distribute Funding
		requesting vehicles for their use			Project completed in FY 19-20.
<p><b>Additional Information:</b> In Los Angeles County (LAC), only the Department of Public Health (DPH) can determine the appropriate course of action for public health in the community related to suspected biological threats. LAC DPH works with various law enforcement and first responder agencies, including the Federal Bureau of Investigation, to respond to suspected bioterrorism events across LAC. The LAC Public Health Lab conducts testing for detection of a bioterrorism agent from a human specimen or environmental samples. In addition, the LAC Health Officer must issue legal orders to implement measures to protect the public's health. The more quickly it can be determined that a bioterrorism attack has occurred, the faster a public health response can be initiated and coordinated, and the more disease that can be prevented and lives potentially saved.</p> <p>Situations where an emergency response vehicle is needed include transport of bio-detection equipment, laboratory specimens for testing, medical countermeasures, or personnel such as clinicians, emergency response coordinators, or technical specialists. Bioterrorism-related incidents that DPH regularly responds to include white powder threat letters, suspicious poisonings, and other bioterrorism threats throughout the operational area. For example, LAC DPH was a key responder to the threat letters and suspicious devices sent to public facilities, high-ranking government officials, and politicians in LAC that were part of a highly publicized series of incidents on October 24, 2018. LAC DPH also conducts bio-detection activities at high profile/high bioterrorism threat events such as sports events, award ceremonies, and presidential and dignitary visits (e.g., Academy Awards, Emmys, Grammys, LA Marathon, World Series, Special Olympics, etc.).</p> <p>DPH is requesting three response vehicles as part of a larger fleet that are needed to cover the 4,000 square miles of the LAC Operational Area so that public health personnel can respond efficiently and effectively to initiate immediate measures to coordinate bioterrorism response activities alongside our first responder partners. Public Health is responsible for preparation, mitigation, surveillance, detection, confirmation, response to, and recovery from bioterrorism events across the LAC Operational Area. It is imperative that it has appropriate resources to fulfill this critical capability. Currently, DPH has no available funding to cover this expense and respectfully requests Measure B funds intended for bioterrorism preparedness and response.</p>					
Los Angeles County Department of Public Health Laboratory	Laboratory equipment and supplies	Responsible to test both biological and environmental	One-time	\$62,501	Provide Funding to

Requesting Entity	Project Name /Description	Gap Addressed	Funding Type	Amount of Funding	Action Needed to Distribute Funding
		specimens that would determine bioterrorism or chemical terrorism agents			DPH through a DSO.  Project completed in FY 19-20.

**MEASURE B ADVISORY BOARD  
MEASURE B FUNDED PROPOSALS 2019  
SUMMARY DOCUMENT**

Total amount of Measure B funding available	\$13.0 million
Total amount of Measure B funded requests for	\$11,961,739
Total amount of unspent funds (as of 2023)	\$129,454.65

Requesting Entity	Project Name /Description	Justification	Amount of Funding	Status Update
Alhambra Fire	CPR Automated Chest Compression Devices (2)	The procurement of this device would improve efficiency, increase patient safety and reduce risk and increase the capacity to meet the patients demand for services.	\$46,335	3/4/21 - Approved reimbursement request 12/17/20. Payment in the amount of \$45,769.49 made on 03/11/21.  <b>PROJECT COMPLETED</b>
Torrance Fire Department	CPR Automated Chest Compression Devices (8)	The procurement of this device would improve efficiency and increase patient safety and reduce risk and increase the capacity to meet the patients demand for services.	\$136,209	3/4/21 - Agreement executed beginning of March 2021. POC changed. Will order equipment now that agreement executed. Should complete by June 30, 2021 6/28/21 Approved reimbursement request. Payment in the amount of \$136,209.  <b>PROJECT COMPLETED</b>

Requesting Entity	Project Name /Description	Justification	Amount of Funding	Status Update
South Pasadena Fire Department	Cardiac Monitor/Defibrillator	Enhance departments daily operations and positively impact its ability to protect life and property.	\$42,111	<p>3/4/21 – Equipment purchased. City Council approved vendor payment 3/3/21. Will submit reimbursement request when proof of payment available to submit. 5/19/21 Reimbursement packet submitted and approved</p> <p><b>PROJECT COMPLETED</b> <b>Total for Project: \$94,853</b></p>
	CPR Automated Chest Compression Device	The procurement of this device would improve efficiency and increase patient safety and reduce risk and increase the capacity to meet the patients demand for services.	\$15,571	
	Gurney/Ambulance Cots (2)	Ensure safe and uncompromised transport of persons requiring higher levels of care	\$37,171	
Monrovia Fire and Rescue	Purchase two mechanical CPR devices	The procurement of this device would improve efficiency, and increase patient safety and reduce risk and increase the capacity to meet the patients	\$35,000 approved Actual Cost \$34,716.84	<p>3/4/21 – Purchase complete Will submit reimbursement request when proof of payment available to submit.</p> <p>4/19/21 Reimbursement request submitted and approved.</p> <p><b>PROJECT COMPLETED</b></p>

Requesting Entity	Project Name /Description	Justification	Amount of Funding	Status Update
		demand for services.		
Non-County Trauma Hospital Group submitted by HASC on their behalf	Funding to Trauma Hospital network	Additional funds would narrow the widening gap between reimbursement. A reimbursement that commensurate with the costs associated with providing treatment ensures that trauma centers remain open and geographically dispersed throughout the County to ensure timely access.	\$11,000,000 About \$6.2 million would come from Measure B the remainder would be through IGT	3/4/21 Included this funding in the TCSA Amendment for FY 2019-20 Completed in August 2020  <b>PROJECT COMPLETED</b>
Northridge Hospital Medical Center	Pediatric Level II Trauma Center in San Fernando Valley	Increases capacity to meet patient care demand, emergency preparedness, improves timely access to healthcare and increases patient safety/reduces risk	\$2,000,000  \$1.0 million would come from Measure B and the other \$1.0 million would be through a IGT	3/4/21 - Included this funding in the TCSA Amendment for FY 2019-20. Completed August 2020  <b>PROJECT COMPLETED</b>

Requesting Entity	Project Name /Description	Justification	Amount of Funding	Status Update
Harbor-UCLA Medical Center	Expand Safe Harbor, hospital-based Violence Intervention Program	Increases capacity to meet patient care demand, improves efficiency and increases patient safety/reduces risk.	\$210,104	3/8/21 - hired 2 extra case managers for team. It took a little bit of time to get them on, so by June 30, 2021, estimating that about 70% of the \$210,2014 will be spent. Will Carry over remaining funds for FY 21-22.  5/19/21 Will carry forward \$44,000 of unspent funding to FY 21-22. <b>PROJECT COMPLETE FY 21-22</b>
Children's Hospital Los Angeles  POC: Helen Arbogast	Special Needs Car Seat Resource Program	Increases capacity to meet patient care demand, improves efficiency and increases patient safety/reduces risk.	\$291,360 for 2 years or \$145,680 for one year	3/4/21 – Agreement executed end of February 2021. CHLA requesting extension to spend funding.  6/30/21 – Agreement amended to extend performance period to FY 21-22. No funding spent in FY 20-21.  8/30/23 - \$129,454.65 still not spent, waiting for clarification on final invoices.
Antelope Valley Hospital, Forensic Services Unit  POC: Bridgett Amis	Provide education and training for forensic registered nurses, local therapists, social, county and other professional workers who care for this population.	The funding would allow this department to meet the standards for a Sexual Assault Response Team designation from Los Angeles County, provide training to staff and supplement	\$326,200	3/4/21 – Submitted and reimbursed for Quarter 1 and 2 services.  Requested ability to bill for services through 12/31/2021 as visits down and staff not able to attend trainings due to impact of COVID-19, therefore projecting not using all of the allocated funding in FY 20-21.  6/30/21 – Agreement amended to extend performance period. Spent \$224,979 in FY

Requesting Entity	Project Name /Description	Justification	Amount of Funding	Status Update
		the payment for examinations.		20-21 and will carry over \$101,221 to FY 21-22. <b>PROJECT COMPLETED FY 21-22</b>
Los Angeles County Department of Public Health  POC: Brenda Lopez	Enhance Environmental Health's capabilities to respond to a bioterrorism attack through the purchase of equipment and supplies to support environmental testing and assessment and replacement of PPE	Provides for improvements in emergency preparedness activities and Increases patient safety/reduces risk	\$932,368	3/24/21 – Per Brenda Lopez all purchases will be completed by June 30, 2021.  6/30/21 - \$337,322 spent with \$595,046 carried over to FY 21-22
POC: Nikki Green	Purchase a new MagnAPur 24 automated nucleic acid extractor for the Public Health Laboratory.	The ability to ensure high-volume testing for PCR based screens is important for emergency situations such outbreaks and bioterrorism events.	\$55,000	3/4/21 – Equipment out to bid by ISD. Anticipate project will be completed by June 30, 2021  5/19/21 Delivery of lab equipment estimated at 6/2/21  6/30/21 <b>PROJECT COMPLETED</b>
City of Long Beach Fire Department and Health and Human Services  POC: Sandy Wedgeworth	Build out and lease of warehouse space and associated costs for security, utilities and maintenance	The use of LDS may enhance the capabilities to rapidly deliver medical countermeasures to the County's population.	\$488,696	3/4/21 – Agreement executed end of February 2021. Confirmed that LB HHS will expend all funding by June 30, 2021.  6/28/21 Reimbursement packet submitted and approved. <b>PROJECT COMPLETED</b>

Requesting Entity	Project Name /Description	Justification	Amount of Funding	Status Update
City of Pasadena Public Health Department	Development of a mental health surge annex in response to a bioterrorism event and conduct 2 in-person trainings to enhance mental health capabilities for Pasadena Public Health Department (PPHD)	Through preparedness planning and training PPHD would increase the capacity to serve the mental health needs of the community in the event of a bioterrorist emergency.	\$115,000	3/16/21 Extension requested. PPH unable to work on project due to COVID-19 response activities.  6/30/21 – Agreement amended to extend performance period. No funding spent in FY 20-21.  <b>PROJECT COMPLETED FY 21-22</b>
EMS Agency	<u>EMS Agency Learning Management System (LMS) and Instructional Design Services</u>  To improve content delivery, distribute standardized learning content, and efficiently track learner completion of didactic curriculum, the EMS Agency would like to institute an online accessible LMS for the distribution of Paramedic Training Institute (PTI)	Best practices for patient care are ever evolving. Having a system in place to deliver practice updates to a broad audience across the county in a consistent, quality-controlled manner is essential for maintaining the quality of care delivered to patients in the prehospital setting across Los Angeles County. A LMS will help	\$151,300	3/4/2021 - EMS Agency issued purchase order to APS in the amount of \$133,900 for EMS Update and EmergiPress 2021. Balance of funding will be spent on annual subscription fee of \$17,400. Request to pay this invoice submitted on 3/11/21  5/18/21 Payment issued to APS total funding expended  <b>PROJECT COMPLETED</b>

Requesting Entity	Project Name /Description	Justification	Amount of Funding	Status Update
	primary asynchronous learning, annual EMS Update education curriculum, and recurring periodic learning modules for EMS personnel (EMTs, Paramedics, and MICNs, physicians) throughout Los Angeles County.	us to achieve this goal by allowing for consistent educational content delivery throughout the county. A LMS can also improve primary education for the 120+ paramedics that are trained each year through PTI. Lastly, an annual “EMS Update” is required by all county EMS personnel. An LMS will simplify delivery of content and improve the efficiency of completion tracking.
