

Los Angeles General Medical Center
Vacancy Announcement
Nurse Manager
Cardiac Catheterization Lab and
Interventional Radiology
Salary: \$11,961.36 - \$17,904.66 Monthly

Position Information: The Nurse Manager supervises patient care delivery and nursing activities in the Cardiac Catheterization Lab, Cardiac Cath Recovery, Interventional Radiology (IR), and IR Recovery Area with 24-hour responsibility and performs professional nursing duties. This position must be available and accessible on weekends and holidays. The position reports to a Clinical Nursing Director II or designee.

Responsibilities include but are not limited to the following:

- Carries out responsibilities related to hiring, orientation and training, evaluation, and supervision of staff and implementation of strategies to retain staff and foster their professional development.
- Plans for staffing needs and ensure staffing coverage for the Cardiac Cath Lab, Cardiac Cath lab Recovery Area, STEMI on call team, Interventional Radiology, IR Recovery area and on call RN coverage for Interventional Radiology.
- Collaborates in the planning, development and implementation of operational policies and standards of care for patients undergoing Cardiac Cath and Interventional Radiology procedures.
- Establishes, implements, and evaluates the delivery and quality of care for assigned areas in collaboration with the multi-disciplinary teams to improve processes and coordination of services to patients and families.
- Participates in establishing, implementing and ensuring high quality, safe, therapeutically effective nursing care and excellent customer service to patients and families in the Cardiac Cath and Interventional Radiology.
- Implements policies and standards to ensure compliance with the California Nurse Practice Act, Title XXII, Joint Commission, CDPH, AAMI and other pertinent regulatory agencies and take necessary corrective actions.
- Maintains proficiency in clinical and technical skills in the areas of responsibility.

Desirable Qualifications:

- Two years of supervisory and leadership experience.
- Two years of recent clinical experience in the intensive Care or Cardiac Cath Lab.
- Excellent oral and written communication skills.
- Knowledge and experience leading Performance improvement processes.
- Strong computer skills and knowledge of Microsoft Word, Excel, and PowerPoint.
- Effective interpersonal, communication and organizational skills.
- Effective critical thinking, decision making, and problem- solving skills.

Candidates must currently hold a permanent County of Los Angeles payroll title of Nurse Manager to be considered for a transfer or are reachable on the DHS certification list to be considered for a promotion or as a new hire.

The most qualified candidates will be contacted for an interview. Interested candidates must submit a cover letter, resume, and performance evaluations for the last two years to:
