Alpha Numeric Value (See Numbering Guide)			Inject	Electronic Mail	20 words or less summary	Agency name and any known contact info.	Agency Name & any known contact info	Text that serves as the implementer script for an inject.	Description of what is expected to occur as a result of participant action	Organization responsible for the event.	Contact information for the author of the event.	Additional notes, comments, to support development of the event.
Day of Exercise												
	11/21/2024	7:00am	Other			Exercise Director for all Sectors	All Participants	Players, Controller/Evaluators (C/E) Check-In	All participants check-in and report to their assigned area	Everyone		
	11/21/2024	7:45am	Other			Exercise Director for all Sectors	All Participants	Player Briefing	Senior Controller will conduct a Player Briefing to review safety, rules, and schedule for the day.	Everyone		
Scenario												
	11/21/2024		Other	In Person	Fire due to train derailment	Exercise Director for all Sectors	All Participants	<ul style="list-style-type: none"> •A freight train carrying hazardous material derailed at a location near your facility. •Several railcars were damaged and released a gaseous substance into the air. •A subsequent explosion occurred with a brief fireball that had a horizontal expansion approximately two blocks in one direction that resulted in multiple persons attending a mass gathering event with burn injuries. • Fire and HAZMAT are on scene of the incident. •First responders reported an estimated 1,700 persons injured with approximately 800 with burn injuries. •Others sustained minor injuries. •Several railcars are fully engulfed and a smoke plume, presumed toxic, is traveling in a North-East direction. •News crews respond to the scene and begin broadcasting. •First responders began triaging the victims in the Immediate, Delayed, and Minor categories and are preparing patients for transport to local hospitals. •HAZMAT considering Evacuation and Shelter-in-Place advisories. 				
Exercise Play												
1	11/21/2024	8:00am	Other			Exercise Director for all Sectors	All Participants	Start Exercise (StartEx)	Exercise participants initial play.	Everyone		
2	11/21/2024	8:00am	Inject			Medical Alert Center (MAC)	Healthcare Partners who have ReddiNet	*** Exercise, Exercise, Exercise *** The 2024 Medical Response and Surge Exercise begins. ** Exercise, Exercise, Exercise	Exercise participants initial play.	Everyone		
3	11/21/2024	8:00am	MCI	ReddiNet	MCI initiated	MAC	All 911 Receiving Hospitals	<p>MAC initiates MCI Poll titled "2024 MRSE" and sends ReddiNet message:</p> <p><i>"A train derailment occurred at a location near your facility with a subsequent fire resulting in a large scale multi-casualty incident (MCI) at nearby mass gathering event. Fire and HAZMAT on scene. First responders reported approximately 1,700 persons sustained injuries with approximately 800 plus with burn injuries. HAZMAT is monitoring a smoke plume and considering implementing Evacuation and Shelter-in-Place orders downwind."</i></p> <p><i>"All hospitals activate your Burn surge plan"</i></p> <p><i>"This is an exercise there will be no actual movement of patients."</i></p>	Exercise participants respond to MCI poll and enter bed availability. Hospital activates disaster protocol in response to the incident.	Hospital IMT	Hospital: Objective 1 & 2	
4	11/21/2024	8:00am	Other	ReddiNet	Situational awareness	MAC	All Healthcare Partners on ReddiNet	<p>MAC sends the following ReddiNet message titled "2024 MRSE":</p> <p><i>"A train derailment occurred at a location near your facility with a subsequent fire resulting in a large scale multi-casualty incident (MCI) at nearby mass gathering event. Fire and HAZMAT on scene. First responders reported approximately 1,700 persons sustained injuries with approximately 800 plus with burn injuries. HAZMAT is monitoring a smoke plume and considering implementing Evacuation and Shelter-in-Place orders downwind."</i></p> <p><i>"All HCC members continue to monitor ReddiNet and respond to polls"</i></p> <p><i>"This is an exercise there will be no actual movement of patients."</i></p>	Exercise participants acknowledge message in ReddiNet	All HCP on ReddiNet	ASC: Objective 1 Clinic: Objective 1 Dialysis: Objective 1 HHH: Objective 1 Hospital: Objective 1 Provider Agency: Objective 1 LTC: Objective 1 UC: Objective 1	

5	11/21/2024	8:00am - 8:30am	Inject	In Person	Delivery of emergency incident notifications to appropriate stakeholders	All Controller/Evaluators (C/E)	All Healthcare Partners	Incident notifications are delivered to appropriate personnel based on incident severity	Incident notifications are delivered to appropriate personnel based on incident severity and appropriate disaster protocols are implemented	All HCP on ReddNet	ASC: Objective 1 Clinic: Objective 1 Dialysis: Objective 1 HHH: Objective 1 Hospital: Objective 2 Provider Agency: Objective 2 LTC: Objective 1 UC: Objective 1
6	11/21/2024	8:00am-8:20am	Other	Phone	FOAC Activation	LA County - Sim Cell	Provider Agencies	Size and scope of incident is increasing requiring more ambulances.	Fire Operational Area Coordinator (FOAC) is activated. Additional EMS providers prepare to respond to (location tbd)	Provider Agencies	Provider Agency: Objective 4
7	11/21/2024	8:00am	Inject	Survey / ReddNet Assessment Poll	Hospital capacity survey sent to players (Assessment Poll)	MAC	All 9-1-1 Receiving Hospitals	i) Number of staffed beds (includes both vacant and occupied beds) at the beginning of the exercise, prior to receiving patients, for the five (5) required bed types only ii) Number of existing patients (census) at the beginning of the exercise, prior to receiving patients iii) Number of patients who could be safely discharged to accommodate surge patients (decompress) During and Post Exercise (Patient Surge Data): iv) Number of surge patients requiring admission for inpatient care based on triage assessment v) Number of surge patients requiring outpatient care who will not be admitted based on your triage assessment (discharged from ED) vi) Number of inpatients and surge patients admitted for inpatient care with an appropriate staffed bed and after safe discharge of patients from the original patient census vii) Number of surge patients that required admission that need transfer to another facility due to no capacity or service not available	Incident Management Team (IMT) to respond to ReddNet assessment poll using available resources and data. Data must be entered and submitted no later than the end of the business day following the conclusion of the exercise.	Hospital IMT	Hospital: Objective 5
8	11/21/2024	8:00am - 8:30am	Inject	In Person	MCC Activation	MAC	EMS Agency AOD	EMS Agency activates Medical Coordination Center (MCC) to support Burn Surge incident	<ul style="list-style-type: none"> MAC notifies EMS Agency AOD of incident. The AOD orders the activation of the MCC to support a Burn surge incident. MAC or MHOAC staff sends appropriate notifications to activate MCC staff. The Burn surge specialist is notified. The MAC/MCC sends out message via ReddNet informing sectors of MCC activation and includes the EMS Agency's Communication Plan The MAC/MCC opens new incident in the Resource Request module and titles the incident, "2024 MRSE" MHOAC partners, OEM, RDMHS, and CDPH are notified of the incident and MCC activation. MCC requests agency representative from the Department of Mental Health 	EMS Agency AOD	EMS Agency: Objectives 1, 2, 3, and 5
9	11/21/2024	8:05am-8:30am	Inject	In Person	Activation of the Incident Management Team (IMT)	Hospital C/E	Players	Activation of pre-identified members of the IMT	IMT responds to the incident	Hospital IMT	Hospital: Objective 3
10	11/21/2024	8:05am - 8:55am	Inject	In Person	Initial Incident Action Plan (IAP) development	Hospital C/E	Players	IMT begin the process of developing an IAP for the incident	IMT begins IAP development to plan for the tactics for the next operational period based on what resources are available, what they need, and the challenges they foresee	Hospital IMT	Hospital: Objective 4
11	11/21/2024	8:05am - 8:55am	Inject	In Person	Incident Commander (IC) Initial Briefing	Hospital C/E	Players	IMT IC provides the team with the initial incident information and expectations	Incident commander provides the team a summary of events	Incident Commander	Hospital: Objective 4
12	11/21/2024	8:10am - 8:55am	Inject	In Person	Activation of appropriate emergency surge planning	Hospital C/E	Players	Determination of appropriate MCI Emergency Surge and Burn incident plans	Activation of hospital emergency response plans	Hospital IMT	Hospital: Objective 5
13	11/21/2024	8:20am-9:00am	Inject	In Person	Walk-in patients begin to arrive: <ul style="list-style-type: none"> Each 9-1-1 receiving hospital will receive five (5) walk-in patients Hospitals without emergency departments will receive three (3) to five (5) walk-in patients Catalina Island Med. Ctr. receive zero (0) walk-in patients (Optional) Clinics will receive one (1) to ten (10) walk-in patients (Optional) Urgent Care facilities will receive one (1) to ten (10) walk-in patients 	Hospital C/E Clinic C/E Urgent Care C/E	Players	Each participating facility to receive designated quantity of walk-in patients from the incident. Injuries vary on severity. Need to be triaged, treated, and dispositioned.	Locate appropriate clinical space for the patient to be arrived, triaged, determine the process for determining patients are appropriately dispositioned.	Clinic IMT Hospital IMT Urgent Care IMT	Clinic: Objective 4 Hospital: Objective 5 Urgent Care: Objective 4

14	11/21/2024	8:20am-9:00am	Inject	In Person	EMS patients begin to arrive by ambulance: •Each 911 receiving hospital receive twenty (20) patients by EMS •Hospitals without emergency departments receive (0) EMS patients •Catalina Island Med. Ctr. receive ten (10) patients by EMS	Hospital C/E	Players	Each participating facility to receive twenty (20) patients from the incident by EMS. Injuries vary on severity. Need to be triaged, treated, and dispositioned.	Locate appropriate clinical space for the patient to be arrived, triaged, determine the process for determining patients are appropriately dispositioned.	Hospital IMT	Hospital: Objective 5	
15	11/21/2024	8:20am-9:20am	Message	ReddiNet	Update the MCI victim list.	MAC	911 Receiving Hospital	MAC sends the following message to all 911 Receiving Hospitals: "Update the MCI "2024 MRSE" victim list with first name, last name, gender, age, disposition, and status of all patients from incident"	Each participating 911 receiving hospital that received patients via walk-in and EMS (Ambulance) update the MCI Victim List "2024 MRSE"	Hospital IMT	EMS Agency: Objective 1 & 2	
16	11/21/2024	8:25am-9:25am	Inject	In Person	(Optional) Activation of the Incident Management Team (IMT)	Clinic C/E Urgent Care C/E	Players	Activation of pre-identified members of the IMT	IMT responds to the incident	Clinic IMT Urgent Care IMT	Clinic: Objective 2 Urgent Care: Objective 2	
17	11/21/2024	8:25am - 9:25am	Inject	In Person	(Optional) Initial Incident Action Plan (IAP) development	Clinic C/E Urgent Care C/E	Players	IMT begin the process of developing an IAP for the incident	IMT begins IAP development to plan for the tactics for the next operational period based on what resources are available, what they need, and the challenges they foresee	Clinic IMT Urgent Care IMT	Clinic: Objective 3 Urgent Care: Objective 3	
18	11/21/2024	9:00am	Inject	In Person	MCC receives notification: Shelter-in-Place and Evacuation Advisory	LA County - Sim Cell (LA County Fire)	MCC	MCC notified by Fire that HAZMAT issued a Shelter-in-Place and Evacuation advisory based upon proximity to the incident. A presumed toxic smoke plume is traveling in a Northeast direction from the incident	MCC shares message with HCP	MCC	EMS Agency: Objective 1 & 2	
19	11/21/2024	9:00am	Inject	ReddiNet	Shelter-in-Place and Evacuation Advisory	MCC	All Sectors except Hospitals	MCC sends following message via ReddiNet: "Fire / HAZMAT recommend Shelter-in-Place and Evacuation due to presumed toxic smoke plume traveling Northeast of incident." "All HCC members continue to monitor ReddiNet and respond to polls" "This is an exercise there will be no actual movement of patients."	Each non-acute care sector site will independently determine if they want to exercise this inject as either Shelter-in Place, or Evacuate, or no action	ASC IMT Clinics IMT Dialysis IMT HHH IMT LTC IMT Urgent Care IMT	ASC: Objective 3 Clinic: Objective 3 Dialysis: Objective 3 HHH: Objective 2 LTC: Objective 4 or 5 UC: Objective 3	
20	11/21/2024	9:15am	Message	ReddiNet	Service Level Poll	MCC	All HCP on ReddiNet	Each HCP will determine which service level color they fit into and respond via ReddiNet with the appropriate color code within 60 minutes	MAC initiates service level poll for all Sectors (ASC, Clinics, Dialysis, HHH, Hospital, LTC, and UC sectors)	All healthcare partners on ReddiNet	ASC: Objective 6 Clinic: Objective 6 Dialysis: Objective 5 EMS Agency: Objective 1 HHH: Objective 4 Hospitals: Objective 6 LTC: Objective 7 UC: Objective 6	
21	11/21/2024	9:30am	Inject	In Person	Hospital Decompression	Hospital C/E	Hospital IMT	Hospitals are decompressing and seeking to transfer stable patients to post-acute care facilities (LTC and HHH).	Hospital Command Staff / IMT complete hospital decompression survey. Will need to identify barriers that prevent rapid patient placement into LTC and HHH facilities in support of a surge event.	Hospital IMT	Hospital: Objective 5	
22	11/21/2024	9:30am - 9:45am	Inject	ReddiNet	MCC polls LTC sector and HHH sector for bed capacity to determine if able to receive patients to support Hospital decompression efforts	MCC	LTC and HHH Sector	Each participating LTC facility and HHH agency receive patient transfers to support hospital decompression efforts. Hospitals are decompressing and seeking to transfer stable patients to your facility for post acute care. Identify open beds and implement strategies to expand capacity and expedite admission process.	MCC initiates an LTC bed availability poll in ReddiNet. MCC polls HHH sector via platform of choice (e.g. ReddiNet, email, survey monkey, Everbridge, etc.) to obtain bed availability LTC facilities enter bed availability in ReddiNet within 60 minutes HHH entities respond to poll within 60 minutes	HHH IMT LTC IMT	HHH: Objective 3 LTC: Objective 3
