

EmergiPress Continuing Education – 1 Unit CE

January/February 2025

The EmergiPress Education Newsletter is divided into three sections each month. Completing all three sections should take approximately 1 hour. After completing the sections, the corresponding EmergiPress test can be completed and submitted for 1 unit CE through your provider agency continuing education coordinator. A passing score of 80% and completion of a course evaluation is required for CE credit. Students must also sign-in on an EMS CE Roster.

Objectives:

Upon completing this activity the participant will be able to:

Video Learning Module –Complicated Childbirth

- Know specific steps to take in managing complicated childbirth.
- Describe the steps in caring for shoulder dystocia.
- Understand the different ways that a breech delivery may progress in the field.
- Demonstrate the somersault maneuver for delivery of a neonate with nuchal cord.

Case of the Month – A New Mother with ALOC

- Understand the implications of elevated blood pressure in pregnant and post-partum patients.
- Categorize the most likely etiologies of seizure in a young woman.
- Describe the initial and ongoing treatments for eclampsia and preeclampsia.

ECG of the Month – Chest Pain and Tachycardia

- List the common ECG findings in patients with pulmonary embolism.
- Identify sinus tachycardia with rate-related changes.
- Discuss the expected course and treatments for pregnant patients with pulmonary embolism.
