

ABMS® Board Certification Credentials Profile

A service provided by the American Board of Medical Specialties

[New Search](#) | [Search Results](#) | [Email For Feedback](#) | [Save Physician](#) | [Print Profile](#)

To become Board Certified, a physician must achieve expertise in a medical specialty or subspecialty that meets the profession-driven standards and requirements of one (or more) of the 24 ABMS certifying boards. To maintain Board Certification, the certifying boards may require physicians, depending on their date of initial certification, to participate in on-going programs of continuing learning and assessment (Maintenance of Certification) designed to help them remain current in an increasingly complex practice environment.
