3 Select "Lab Results".

The results you see here are from your electronic chart. When you use this portal, you agree to see your results, even though your care provider(s) may not yet have seen them. Not all test results will display here. Results for biopsies, drug use, Hepatitis C, HIV and pap smears will not be displayed, in compliance with California Health and Safety Code Section 123148. Please contact the provider who ordered those tests in order to find out the results.

Your doctor may order testing to see if you have COVID-19. There are many types of corona viruses (germs). Only the novel (new type) causes the COVID-19 disease. Your doctor will call you if your
