Footnotes:

1. Los Angeles County does not offer a standard discounted cash price for a service or an item. Therefore, the undiscounted gross charges for shoppable services are reported in compliance with CMS 45 CFR paragraph 180.60 b (4). Discounts may be available pursuant to Los Angeles County’s Financial Assistance Programs. The undiscounted gross charges reported represent charges for inpatient and outpatient services at Los Angeles County Department of Health Services hospitals, excluding charges for categories of services that are not considered “shoppable.”
2. Health Services primarily uses an all-inclusive billing methodology, therefore gross charges reported are all inclusive charges defined by day or visit (per diem) rather than by item or service.
3. Professional services are included in gross charges.
