

Healthcare Facility Emergency Power Resilience Playbook

Appendix Content

Appendix M - Inventory of Key Generator Parts and Fuel Consumption Rates

Key Part <i>(Use one sheet for each generator in a facility's emergency power system)</i>	Manufacturer	kW Rating	# of Units on Hand (as of ___/___/___) Pre-Disaster	Fuel Consumption per hour under full load (See Appendix S)	Size of tank supplying fuel	# of Units on Hand (as of ___/___/___) Post-Disaster
Generator # _____						
Air Filter						
Coolant						
Fanbelt(s)						
Fuel Filter						
Fuel Water Separator Filter						
Fuse (multiple sizes)						
Heater Hose						
Motor Starter						
Oil						
Oil Filter						
Thermostat (Engine)						
Thermostat (Water Heater Jacket)						
Water Heater Jacket						
NOTES:
