

SUBJECT: **DISASTER RESOURCE CENTER (DRC)** (HOSPITAL)  
**DESIGNATION, ACTIVATION, AND MOBILIZATION OF EQUIPMENT** REFERENCE NO. 1102

---

**PURPOSE:** To define the role of the Disaster Resource Center (DRC) in Los Angeles County emergency medical services system and to provide guidelines for the activation and mobilization of DRC resources during disasters.

**AUTHORITY:** Public Health Services Act, 42 U.S.C.247d, Section 319, Public Health and Social Security Emergency Funds  
Emergency Supplemental Appropriations for Recovery Form and Response to Terrorist Attacks on the United States Act, 2002, Public Law 107-117  
Hospital Preparedness Program (HPP) Specialty Care Center Designation (SCCD) Master Agreement (HPP Exhibit)  
California Code of Regulations Title 22 (22 CCR), §70805

**DEFINITION:**

**Disaster Resource Center (DRC):** Is one of a limited number of volunteer hospitals that are responsible for developing plans, relationships, and procedures to enhance hospital surge capacity for responding to a terrorist/disaster event in a geographical area. A DRC shall:

- Be licensed by the State Department of Health Services as a general acute care hospital.
- Have a special permit for basic or comprehensive emergency medicine service.
- Be designated by the Emergency Medical Services (EMS) Agency upon execution of the HPP Exhibit.

**PRINCIPLES:**

1. As a recipient of the (HPP) Grant, the County of Los Angeles must work with healthcare entities to ready hospitals and supporting healthcare systems to deliver coordinated and effective care to victims of terrorism and other public health emergencies. The DRC program was developed to enhance surge capacity through:
  - a. The provision of ventilators, pharmaceuticals, medical/surgical supplies, and large tent shelters to provide treatment to victims of a terrorist event, natural disaster, or other public health emergency.
  - b. Hospital planning and coordination in a geographical area regarding the use of non-hospital space to shelter and treat mass casualties, and incorporate the role of local community health centers, clinics, and other healthcare partners.
