BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES

31 August 4, 2015

  
PATRICK OZAWA  
ACTING EXECUTIVE OFFICER

August 04, 2015

The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, California 90012

Dear Supervisors:

**AUTHORIZATION FOR THE DEPARTMENT OF MENTAL HEALTH TO SIGN AND EXECUTE  
MEMORANDA OF UNDERSTANDING WITH PARTICIPATING PHARMACIES TO PROVIDE  
AND/OR ADMINISTER LONG ACTING INJECTABLE NALTREXONE TO ELIGIBLE CONSUMERS**

**(ALL SUPERVISORIAL DISTRICTS)  
(3 VOTES)**

**SUBJECT**

Request approval for the Department of Mental Health to enter into Memoranda of Understanding with participating pharmacies to provide and/or administer Long Acting Injectable Naltrexone to eligible consumers.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Authorize the Director of Mental Health (Director), or his designee, to sign and execute Memoranda of Understanding (MOU), substantially similar to Attachment I, between the Department of Mental Health (DMH) and the pharmacies shown on Attachment II to provide and/or administer Long Acting Injectable Naltrexone (LAIN) to eligible consumers with co-occurring mental health and substance use disorders (COD). The MOU will be effective upon execution, but not earlier than Board approval, through June 30, 2016, with two optional biennial renewal provisions through June 30, 2020.
2. Delegate authority to the Director, or his designee, to sign and execute MOU with additional qualified pharmacies that will be added to the list on Attachment II, to provide and/or administer LAIN to eligible consumers, subject to the Director notifying your Board and the Chief Executive Officer

(CEO) in writing within 30 days after execution of each such MOU.

3. Delegate authority to the Director, or his designee, to make modifications and/or execute amendments to the approved MOU to improve care coordination, improve operational efficiencies, meet State or federal requirements, and to extend the term for one additional year to June 30, 2021, subject to review and approval by County Counsel and notification to your Board and CEO prior to any such modification or amendment.

4. Delegate authority to the Director, or his designee, to terminate the MOU with any pharmacy described in recommendations 1 and 2 for convenience at any time during the term of the MOU by giving the pharmacy a 30-day written notice.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Board approval of the recommended actions will allow DMH and the pharmacies in Attachment II, as well as any additional qualified pharmacies, to enter into MOU to provide and/or administer LAIN to eligible DMH consumers with COD, who are clinically assessed by DMH to be opiate and/or alcohol dependent.

The MOU is necessary to establish the parties' mutual understandings, commitments, and protocols with respect to referrals and care coordination. The MOU further details the responsibilities of qualified pharmacies, the credentialing requirements, the protocols governing the exchange of information, and the eligibility of consumers. The MOU defines a qualified pharmacy as one that meets the unique specialized care needs of Medi-Cal eligible consumers who utilize specialty drugs such as LAIN. The pharmacies' responsibilities include, but are not limited to, administering LAIN or filling prescription and delivering the medication to the designated person(s) at the appropriate DMH directly-operated clinics, adhering to established LAIN protocols, and being responsible for administrative services related to management of their provider network services.

LAIN is appropriate for a small number of DMH clients who are spread across the County. The infrastructure necessary to obtain, store, and dispense LAIN is impractical for the DMH directly-operated clinics. Therefore, establishment of the proposed MOU is the most cost-effective, reasonable mechanism for delivery of this necessary medication to clients who otherwise would not have access to it.

LAIN is a monthly extended-release injectable formulation of Naltrexone (also known by its brand name, Vivitrol), an opioid blocker. Opioid blockers such as Naltrexone effectively prevent the subjective effects of opioids or alcohol, such as euphoria, reward, and the relapse to opioid and alcohol dependence. LAIN is currently being efficaciously used by the Department of Public Health's (DPH) Substance Abuse Prevention and Control (SAPC) program. Due to the limited capacity of SAPC sites, DMH is seeking to expand services countywide.

Research has shown that consumers receiving LAIN, in conjunction with counseling, report more days of complete abstinence from opioids and more days sober from alcohol. They also stay in treatment for longer periods of time, feel less need for opioid drugs, and are less likely to relapse to physical dependence than consumers receiving only counseling.

LAIN has the best demonstrated efficacy for those clients with a significant number of cravings, who have experienced multiple treatment failures and exhibit a willingness to engage in treatment. It is

currently being efficaciously used by the DPH SAPC program. Studies on LAIN demonstrate a limited but consistent favorable impact on relapse rates. These findings also indicate that the costs associated with such treatment would be offset by reductions in use of health and mental health resources.

### **Implementation of Strategic Plan Goals**

The recommended actions support the County's Strategic Plan Goal 3, Integrated Services Delivery.

### **FISCAL IMPACT/FINANCING**

There is no fiscal impact/financing associated with this MOU. This MOU is for Medi-Cal eligible consumers only and the pharmacies will bill Medi-Cal directly to receive reimbursement for providing LAIN.

There is no net County cost associated with the recommended actions.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

DMH is seeking your Board's approval to enter into MOU with the pharmacies listed in Attachment II as the State has been using these pharmacies to provide and/or administer LAIN statewide. DMH is also seeking a delegated authority to enter into future MOU, as necessary, with additional qualified pharmacies to address the needs of DMH consumers with COD.

The MOU format (Attachment I) includes provisions on insurance and indemnification, Health Insurance Portability and Accountability Act (HIPAA), and reporting and quality improvement requirements.

Attachment II includes the names and locations of the pharmacies that DMH will enter into the MOU.

The MOU has been reviewed and approved as to form by County Counsel. DMH program administrative staff will ensure the pharmacies' compliance with the terms and conditions of the MOU.

### **CONTRACTING PROCESS**

DMH is using the existing list of pharmacies which the State is utilizing to provide LAIN statewide. Additionally, DMH intends to mail an informational letter to all the pharmacies that have a current pharmacy agreement with DMH to inform them of DMH's interest to enter into a MOU with interested pharmacies that meet the qualifications of providing and/or administering LAIN. DMH intends to enter into an MOU with as many qualified pharmacies as possible to efficiently provide LAIN to as many consumers as possible countywide. DMH will maintain the list of pharmacies with which it enters into the MOU and will make that information available to its directly operated clinics for utilization.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The Honorable Board of Supervisors

8/4/2015

Page 4

Board approval of the proposed actions will enable DMH to provide LAIN to eligible consumers, supporting their recovery from opioid and alcohol dependence. DMH consumers with histories of both opioid dependence and mental illness are at particularly high risk for relapse to opioid dependence, with associated general health and mental health morbidity, and death.

Respectfully submitted,

**d. Contractor's Insurance Shall Be Primary**

Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the MOU, upon which County immediately may withhold payments due to Contractor, and/or suspend or terminate this MOU. The County retains the right to require Contractor to reduce or eliminate policy deductibles and SIRs as respects the County, or to provide a bond guaranteeing Contractor's payment of all deductibles and SIRs, including all related claims investigation, administration and defense expenses. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.

**j. Claims Made Coverage**

Contractor understands and agrees it shall maintain such coverage for a period of not less than three (3) years following MOU expiration, termination or cancellation.

**k. Application of Excess Liability Coverage**

Contractors may use a combination of primary, and excess insurance policies which provide coverage as broad as the underlying primary policies, to satisfy the Required Insurance provisions.
