**ADOPTED**

BOARD OF SUPERVISORS  
 COUNTY OF LOS ANGELES

24 September 30, 2014

*Sachi A. Hamai*  
 SACHI A. HAMAI  
 EXECUTIVE OFFICER

Dear Supervisors:

**AUTHORIZATION TO INCREASE THE CONTRACTED RATES FOR TEMPORARY  
 PSYCHIATRIST SERVICES AGREEMENTS  
 FOR FISCAL YEARS 2014-15 THROUGH 2016-17  
 (ALL SUPERVISORIAL DISTRICTS)  
 (3 VOTES)**

**SUBJECT**

Request approval to increase the contracted hourly rates for existing Locum Tenens contractors who place temporary psychiatrists in directly-operated mental health programs throughout Los Angeles County during periods of critical psychiatrist staffing shortage.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Approve and instruct the Director of Mental Health (Director), or his designee, to prepare, sign, and execute amendments to existing Temporary Psychiatrist Services Agreements (Agreements) with the eight Locum Tenens (LT) contractors listed in Attachment II. The Amendment, substantially similar to Attachment I, will increase the contracted hourly rates to \$200 for general psychiatrists and \$225 for child and adolescent psychiatrists and general psychiatrists placed at two hard-to-recruit sites, Antelope Valley Mental Health Services and Palmdale Mental Health Clinic. Additionally the Amendment updates the description of services provided by the temporary psychiatrists. Funding for the increased contracted rates is derived from revenue generated by the services provided by the temporary psychiatrists. This Amendment will be effective upon your Board's approval, through June 30, 2017.
2. Delegate authority to the Director, or his designee, to prepare, sign, and execute future agreements with other qualified LT contractors and future amendments to agreements, provided that:

1) any future agreements and amendments are necessary to meet program needs; 2) your Board has appropriated sufficient funds for all changes; 3) approval as to form by County Counsel is obtained prior to execution of any agreement or amendment; and 4) the Director notifies your Board and the Chief Executive Office (CEO) within 30 days after the execution of any agreement or amendment.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Board approval is required to authorize DMH to increase LT contractor rates to a more competitive amount for the provision of temporary psychiatrists throughout Los Angeles County. In consideration for the increase, the amendment will also update Exhibit A (Description of Services) by strengthening independent contractors' professional qualifications requirements and Exhibit B (Billing, Payment, and Schedule of Rates) by no longer obligating County to pay LT contractors for late invoices in excess of submission within the required 30 days from the end of the month when services were rendered. With increased LT hourly rates, it is anticipated that DMH will have more success in attracting and placing qualified LTs, on an as needed basis, to fill critical vacancies and reduce service gaps when DMH experiences a serious psychiatrist shortage and cannot fill vacant positions timely with permanent new hires.

### **Implementation of Strategic Plan Goals**

The recommended actions are consistent with the County Strategic Plan Goal 1, "Operational Effectiveness/Fiscal Sustainability" and Goal 3, "Integrated Services Delivery."

### **FISCAL IMPACT/FINANCING**

The rate increase for the Temporary Psychiatrists Services Agreement will range from \$200.00 to \$225.00 per hour. The rate increase is funded by State and Federal revenue generated by the temporary psychiatrists based on mental health services provided to clients eligible for Medi-Cal and receiving State MHSAs funding.

There is no net County cost impact associated with the recommended actions.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Since July 1, 2000, DMH has utilized the services of LT contractors to provide psychiatrists, on a temporary and intermittent basis, to perform evaluations, medication support, and other psychiatric treatment services to seriously mentally ill adults, seriously emotionally disturbed children, adolescents, and their families. Under the existing Agreements, LT contractors offer a pool of qualified independent contractors to provide DMH with temporary psychiatrists at clinic sites or via telecommunications to meet emergent or unanticipated needs when there are serious gaps in psychiatric services due to manpower shortages.

DMH's current Mental Health Psychiatrist vacancy rate is approximately 15 percent. Despite an ongoing psychiatrist recruitment program and the consistent utilization of advanced step placements for qualified new hires, DMH often experiences serious difficulty in recruiting psychiatrists to fill permanent vacant positions. A recent survey of LT contracted rates throughout California revealed that Los Angeles County's present LT contracted rates are not competitive with other counties or the

State. A total of 11 counties (Kern, Monterey, Riverside, San Bernardino, San Diego, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Solano, and Ventura) and two State facilities (Atascadero State Hospital and California Department of Corrections and Rehabilitation) were surveyed. The survey revealed that the hourly rates range up to \$216 for general psychiatrists and up to \$225 for child and adolescent psychiatrists. Los Angeles County's current LT contracted hourly rates, depending on the work site, range from \$142.50 to \$180 for general psychiatrists and \$157.50 to \$200 for child and adolescent psychiatrists.

Board approval for LT contracted hourly rate increases is justified to offer more competitive rates to LT contractors in order to attract and place a sufficient number of temporary psychiatrists at DMH programs to meet the needs of the community. With increased LT hourly rates, it is anticipated that DMH will have more success in attracting qualified LTs where there are vacancies in order to reduce service gaps until permanent psychiatrists are recruited and hired. DMH intends to continually monitor the productivity of temporary psychiatrists to ensure the cost effectiveness of LT utilization.

Attachment II provides information regarding LT contractor names, headquarters' locations, Supervisorial Districts, and Agreement term. Attachment III provides information regarding Contracting with Minority/Women-Owned Firms-Percentage of Ownership in Firms Contracting with the County.

The attached Amendment format (Attachment I) has been approved as to form by County Counsel. DMH administrative staff will monitor the contractors' adherence to the agreements and amendments to ensure that the LT contractor services are in compliance with Agreement provisions and departmental policies are followed.

### **CONTRACTING PROCESS**

Not applicable.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Without Board approval of this amendment, Los Angeles County will continue to experience a severe hardship in recruiting temporary psychiatrists expediently when there are psychiatrist vacancies. This would negatively impact access to essential psychiatric care for Los Angeles County residents. When the recruitment and hiring process is lengthy, the utilization of LT psychiatrists enables DMH to handle critical manpower shortages, meet emergent or unanticipated treatment needs, and continually provide access to high quality mental health care.
