**APPROVAL TO ENTER INTO NEW SOLE SOURCE CONSULTANT SERVICES AGREEMENTS
WITH 33 AGENCIES TO CONTINUE PROVIDING
MENTAL HEALTH SERVICES ACT PREVENTION AND
EARLY INTERVENTION - PREVENTION PROGRAMS
FOR FISCAL YEAR 2013-14
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

Request approval to enter into new sole source Consultant Services Agreements with 33 agencies to continue providing Mental Health Services Act Prevention and Early Intervention - Prevention Program services.

IT IS RECOMMENDED THAT THE BOARD:

1. Approve and authorize the Director of Mental Health (Director), or his designee, to prepare, sign, and execute sole source Consultant Services Agreements (Agreements), substantially similar to Attachment I, with 33 qualified agencies listed in Attachment II. These 33 agencies have been providing prevention-type services since May 15, 2012. These Agreements will allow for the continuance of non-traditional, mental health preventative-type services through Mental Health Services Act (MHSA) Prevention and Early Intervention (PEI) Prevention Programs. The Agreements will be effective July 1, 2013, through June 30, 2014, with two optional one-year extension periods for Fiscal Years (FYs) 2014-15 and 2015-16. The Total Compensation Amount (TCA) of each Agreement shall not exceed \$100,000, fully funded by State MHSA revenue.
2. Delegate authority to the Director, or his designee, to prepare, sign, and execute future

amendments to the Agreement to add and/or change non-substantive terms and conditions and/or establish as new TCAs the aggregate of the original Agreement provided that: 1) the County's total payments to each contractor under their respective agreements for the term of their agreements will not exceed an increase of ten percent from the applicable Board-approved TCA; 2) any such increase will be used to provide additional services or to reflect program and/or policy changes; 3) your Board has appropriated sufficient funds for all changes; 4) approval as to form by County Counsel is obtained prior to such amendments; 5) the parties may, by written amendment, mutually agree to reduce programs, services or extend the term of the Agreements; and 6) the Director, or his designee, notifies your Board and the Chief Executive Officer (CEO) of any such amendment in writing within 30 days after execution of each amendment.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The recommended actions will allow the Department of Mental Health (DMH) to enter into sole source Agreements with the existing 33 contractor whose Agreements are due to expire on June 30, 2013. These Agreements are required to maintain, without interruption, the delivery of preventative-type, non-traditional mental health services described in DMH's PEI Plan. Prevention services delivered by these 33 providers will allow DMH to continue strengthening and building upon its existing network of directly-operated and mental health service providers who currently provide PEI services, thereby continuing to create a more comprehensive safety net that both: 1) prevents or deters mental health issues/symptoms from occurring; and 2) provides professional clinical mental health intervention services once mental issues/systems have occurred.

Through Making Parenting a Pleasure (MPAP), a Promising Practice (PP), Positive Parenting Program (Triple P), an Evidence-Based Practice (EBP), and four different PEI Outreach and Education Pilot Programs, PEI Prevention Program services will continue to be delivered to all age groups (children, Transition Age Youth (TAY), adults, and older adults). Also included will be services to underserved populations including African/African American, American Indian, Asian/Pacific Islander, Latino, and Middle Eastern/Eastern European, as well as underserved/under-represented communities including Lesbian/Gay/Bisexual/Transgender/Questioning Individuals (LGBTQI), and Military Veterans.

DMH will continue to implement a Countywide educational, evidence-based life-span approach to provide prevention services that are intended to act as protective barriers/factors that: 1) reduce risk factors or stressors; 2) increase support networks in parents, families, and caregivers; 3) promote positive, cognitive, social, and emotional development; 4) encourage a state of well-being that allows individuals to function well in the face of changing and oftentimes stressful circumstances; and 5) lessen the impact or prevent more serious mental health issues from occurring. The prevention services for all age groups will build collaborative partnerships between: 1) consumers (e.g. family members, parents, and caregivers); and 2) mental health paraprofessionals (e.g. parent educators, counselors, other social service professionals, child care workers, licensed or waived psychologists, licensed or waiver social workers, and/or licensed or waived Marriage and Family Therapists), in order to increase permanent supportive, prevention services for family members, parents, caregivers, and other underserved/underrepresented consumers of mental health services throughout Los Angeles County.

Agencies that currently provide PEI Prevention Program services have identified major risk factors including: 1) anti-social behavior and feelings of alienation; 2) dropping out of school; 3) financial hardship; 4) life stressors; 5) a pattern of high family conflict or violence; 6) neighborhood crime and

violence; and 7) victimization and exposure to violence that the agencies see firsthand as increasing the likelihood of an individual developing mental illness. Therefore, the continuation of PEI Prevention Program services will allow for further cross-collaboration of paraprofessionals of the 33 agencies listed in Attachment II, with DMH directly operated agencies and current DMH contract providers thereby continuing to: 1) improve access to and availability of mental health preventive and early intervention care; 2) increase consumer knowledge and identification of risk factors that may lead to mental health problems; 3) improve the quality of care offered to consumers who may be at risk of needing mental health services or to those individuals who may be having problems with such risk factors; and 4) strengthen major protective factors (again identified by current PEI Prevention Program agencies) such as decreased parent depression, anxiety, and/or stress, more effective parenting, increased problem solving, anger management, conflict resolution, coping, and/or social skills, and involvement with positive peer groups/activities.

Implementation of Strategic Plan Goals

The recommended actions are consistent with County's Strategic Plan Goal 3, Integrated Services Delivery.

FISCAL IMPACT/FINANCING

The total cost of the TCAs for the 33 contractors (Attachment II), shall not exceed \$3,300,000 and is fully funded by State MHSA revenue. Funding for these Agreements are included in DMH's FY 2013-14 CEO Recommended Budget. Funding for future fiscal years will be requested in the Department's annual budget request process.

There is no net County cost impact associated with this action.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Through State MHSA PEI guidelines, PEI funds are to be distributed as follows: 30 percent of PEI funds to directly-operated agencies; 40 percent of PEI funds to current contract providers – mainly Legal Entity (LE) contract providers; and 30 percent of PEI funds to “new” contractors (i.e. contractors who prior to May 15, 2012, did not have a DMH contract to provide mental health services) that provide non-traditional mental health services.

Beginning in May 2010, DMH began its implementation of its PEI Plan through the transformation of core mental health programs to PEI early intervention programs, the PEI Early Start suicide prevention programs, and through a family-focused program to reduce mental health stigma and discrimination. PEI funds to 53 “new” contractors began on or after May 15, 2012; prior to that most all PEI services were provided by directly-operated clinics and current LE contract providers.

Board approval of this action will allow DMH, through the continued delivery of PEI Prevention Program services by the 33 agencies listed in Attachment II, to maintain its compliance with the part of its PEI Plan whereby 30% of PEI funds are to be distributed to “new” contractors that includes non-traditional mental health agencies and/or agencies that provide care services in non-traditional mental health settings.

The attached Agreement format has been approved as to form by County Counsel. DMH PEI administrative staff will review and monitor compliance to the Agreements, including the Statements

of Work (SOWs), evaluate PEI Preventive Plan programs to ensure that a high quality of services are being provided to family members, caregivers, parents, and underserved and underrepresented consumers, and affirm that the agreement provisions and policies are being followed.

CONTRACTING PROCESS

On October 27, 2011, the Request For Information (RFI) solicitation was disseminated to agencies on the DMH MHSA PEI Master Agreement List that: 1) did not have a funded contract with DMH; and 2) were not government agencies, part of a school district, community college, or a Community Partner (formerly known as a Public-Private Partnership or PPP). Upon Board approval on May 15, 2012, DMH entered into Consultant Services Agreements with 53 qualified agencies.

The agencies implemented six (6) PEI Prevention Programs that had the potential to prevent and minimize the impact of mental health issues for consumers and their families: 1) MPAP; 2) Outreach and Education Pilot: Underserved Populations; 3) Outreach and Education Pilot: Probation; 4) Outreach and Education Pilot: Substance Abuse; 5) Outreach and Education Pilot: At-Risk Juvenile Justice System/School Failure; and 6) Triple P.

Throughout the past nine months, DMH has conducted individual site visits and collected client data to determine whether or not: 1) agencies were on target to meet their deliverables as outlined in their Consultant Services Agreements' SOWs; 2) agencies were serving the target population in Los Angeles County; and 3) agencies that provide services under one of the four different PEI Outreach and Education Pilot programs have detailed PEI Prevention program curricula that focuses on mental health prevention. During the same period, agencies were instructed to have their PEI Prevention Program participants/clients complete Post-Program Outcome Surveys (surveys) based on individual services, multiple group services, or one time seminars or workshops and submit the surveys once service(s) were completed.

Based on the information above, the 53 agencies were evaluated and scored on the following criteria: 1) achievement of deliverables specified in the agency's contract from June 1, 2012, through December 31, 2012; 2) target population served, including the number of persons to be served as specified in their contract and the population indicated in the agency's contract and application; 3) quality of services provided; 4) program design and implementation; 5) program documentation; and 6) sustainability. Information for the evaluation was drawn from: 1) agency invoices, including the monthly reports contained in the invoices, submitted as of December 31, 2012; 2) agency site visits conducted by DMH PEI staff and consultants; 3) post-outcome evaluation surveys completed by persons served by the agency and submitted by the agency to DMH; and 4) agency documentation regarding their PEI program, including such as curriculum, reports, manuals, brochures, consents, etc.

Of the 53 agencies, 33 qualified for a sole source Agreement by demonstrating the ability to provide quality services documented by their monthly reports, participants' scores and comments in the post-program surveys, site visit team interviews, program materials developed for their PEI program, and timeliness in implementing the program. The 20 agencies that did not qualify exhibited problems that included, among others, unclear or inappropriate program activities, lack of clear focus on preventative mental health activities, lack of adherence to their PEI agreement, failure to administer and submit the required post-program surveys, inability to implement the problem at an acceptable level after 10 months of a one-year contract, lack of documentation regarding participants, very low enrollment in groups and workshops, and lack of attendance at the mandatory Mental Health First

Aid training. It would be time-consuming to have to seek new agencies to implement these programs, require a long learning curve, and be inefficient as some of the new agencies may prove to be ineffective or unable to implement these programs.

These Agreements are required to maintain, without interruption, the delivery of preventative-type, non-traditional mental health services described in DMH's PEI Plan. Prevention services delivered by these 33 providers will allow DMH to continue strengthening and building upon its existing network of directly-operated and mental health service providers who currently provide PEI services, thereby continuing to create a more comprehensive safety net that both: 1) prevents or deters mental health issues/symptoms from occurring; and 2) provides professional clinical mental health intervention services once mental issues/systems have occurred.

Based on the evaluation scores, DMH determined that all 33 qualifying agencies should be offered an opportunity to continue providing one of the six PEI Prevention Program services based on the terms of their Agreements and individual SOWs. PEI staff made a recommendation to the Department's Executive Management Team to contract with the 33 agencies listed in Attachment II. In turn, the Department's Executive Management Team reviewed the recommendations and approved a recommendation to your Board to enter into Agreements.

To comply with your Board's contracting policy for sole source contracts, DMH notified your Board on April 29, 2013, of its intent to negotiate sole source (Attachment III) Agreements with the 33 agencies listed in Attachment II. In addition, attached is the required Sole Source Contract Checklist (Attachment IV), identifying and justifying the need for sole source contracts that was approved by the CEO

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Board approval of the proposed actions will enable DMH to continue providing PEI Program Prevention Program services within the PEI Plan framework under the State's PEI guidelines whereby prevention services should be provided by non-traditional mental health agencies. These Agreements are critical to Los Angeles County's commitment: 1) to reach out to underserved and unserved populations; 2) to provide non-traditional mental health prevention services that act as protective barriers against the risk of developing mental health problems; and 3) to build upon the Department's existing network of directly-operated and mental health contract providers. All such actions will continue to create a more comprehensive safety net that both: 1) prevents or deters mental health issues/symptoms from occurring; and 2) provides professional early intervention mental health services once mental health issues/symptoms have occurred.

/

/

PREAMBLE

For over a decade, the County has collaborated with its community partners to enhance the capacity of the health and human services system to improve the lives of children and families. These efforts require, as a fundamental expectation, that the County's contracting partners share the County and community's commitment to provide health and human service that support achievement of the County's vision, goals, values and adopted outcomes. Key to these efforts is the integration of service delivery systems and the adoption of the customer service and Satisfaction Standards.

The County of Los Angeles' Vision is to improve the quality of life in the County by providing responsive, efficient, and high quality public services that promote the self-sufficiency, well-being and prosperity of individuals, families, businesses and communities. This philosophy of teamwork and collaboration is anchored in the shared values of:

- | | |
|-------------------|-------------------------|
| ➤ Responsiveness | ➤ Integrity |
| ➤ Professionalism | ➤ Commitment |
| ➤ Accountability | ➤ A Can-Do Attitude |
| ➤ Compassion | ➤ Respect for Diversity |

These shared values are encompassed in the County Mission to enrich lives through effective and caring service and the County Strategic Plan's five goals) 1 Operational Effectiveness; 2) Children, Family, and Adult Well-Being; 3) Community and Municipal Services; 4) Health and Mental Health; and 5) Public Safety. Improving the well-being of children and families requires coordination, collaboration, and integration of services across functional and jurisdictional boundaries, by and between County departments/agencies, and community and contracting partners.

The basic conditions that represent the well-being we seek for all children and families in Los Angeles County are delineated in the following five outcomes, adopted by the Board of Supervisors in January 1993.

- Good Health;
- Economic Well-Being;
- Safety and Survival;

- Emotional and Social Well-Being; and
- Education and Workforce Readiness.

Recognizing no single strategy – in isolation – can achieve the County's outcomes of well-being for children and families, consensus has emerged among County and community leaders that making substantial improvements in integrating the County's health and human services system is necessary to significantly move toward achieving these outcomes. The County has also established the following values and goals for guiding this effort to integrate the health and human services delivery system:

- ✓ Families are treated with respect in every encounter they have with the health, educational, and social services systems.
- ✓ Families can easily access a broad range of services to address their needs, build on their strengths, and achieve their goals.
- ✓ There is no "wrong door": wherever a family enters the system is the right place.
- ✓ Families receive services tailored to their unique situations and needs.
- ✓ Service providers and advocates involve families in the process of determining service plans, and proactively provide families with coordinated comprehensive information, services and resources.
- ✓ The County service system is flexible, able to respond to service demands for both the Countywide population and specific population groups.
- ✓ The County service system acts to strengthen communities, recognizing that just as individuals live in families, families live in communities.
- ✓ In supporting families and communities, County agencies work seamlessly with public and private service providers, community-based organizations, and other community partners.
- ✓ County agencies and their partners work together seamlessly to demonstrate substantial progress towards making the system more strength-based, family-focused, culturally-competent, accessible, user-friendly, responsive, cohesive, efficient, professional, and accountable.
- ✓ County agencies and their partners focus on administrative and operational enhancements to

optimize the sharing of information, resources, and best practices while also protecting the privacy rights of families.

- ✓ County agencies and their partners pursue multi-disciplinary service delivery, a single service plan, staff development opportunities, infrastructure enhancements, customer service and satisfaction evaluation, and revenue maximization.
- ✓ County agencies and their partners create incentives to reinforce the direction toward service integration and a seamless service delivery system.
- ✓ The County human service system embraces a commitment to the disciplined pursuit of results accountability across systems. Specifically, any strategy designed to improve the County human services system for children and families should ultimately be judged by whether it helps achieve the County's five outcomes for children and families: good health, safety and survival, economic well-being, social and emotional well-being, and education and workforce readiness.

The County, its clients, contracting partners, and the community will continue to work together to develop ways to make County services more accessible, customer friendly, better integrated, and outcome-focused. Several departments have identified shared themes in their strategic plans for achieving these goals including: making an effort to become more consumer/client-focused; valuing community partnerships and collaborations; emphasizing values and integrity; and using a strengths-based and multi-disciplinary team approach. County departments are also working to provide the Board of Supervisors and the community with a better understanding of how resources are being utilized, how well services are being provided, and what are the results of the services: is anyone better off?

The County of Los Angeles health and human service departments and their partners are working together to achieve the following ***Customer Service and Satisfaction Standards*** in support of improving outcomes for children and families.

Personal Service Delivery

The service delivery team – staff and volunteers – will treat customers and each other with courtesy, dignity, and respect.

- Introduce themselves by name
- Listen carefully and patiently to customers
- Be responsive to cultural and linguistic needs
- Explain procedures clearly
- Build on the strengths of families and communities

Service Access

Service providers will work proactively to facilitate customer access to services.

- Provide services as promptly as possible
- Provide clear directions and service information
- Outreach to the community and promote available services
- Involve families in service plan development
- Follow-up to ensure appropriate delivery of services

Service Environment

Service providers will deliver services in a clean, safe, and welcoming environment, which supports the effective delivery of services.

- Ensure a safe environment
- Ensure a professional atmosphere
- Display vision, mission, and values
- Provide a clean and comfortable waiting area
- Ensure privacy
- Post compliant and appeal procedures

The basis for all County health and human services contracts is the provision of the highest level of quality services that support improved outcomes for children and families. The County and its contracting partners must work together and share a commitment to achieve a common vision, goals, outcomes, and standards for providing services.

Termination of services hereunder shall be effected by delivery to Consultant of a thirty (30) day advance Notice of Termination specifying the date upon which such termination becomes effective.

After receipt of a Notice of Termination and except as otherwise directed by County, Consultant shall stop services under this Agreement on this date specified in such Notice of Termination.

TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM: Failure of Consultant to maintain compliance with the requirements set forth in Paragraph 52, "CONSULTANT'S WARRANTY OF COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM", shall constitute default under this contract. Without limiting the rights and remedies available to COUNTY under any other provision of this contract, failure of Consultant to cure such default within 10 days of notice shall be grounds upon which County may terminate this contract and/or pursue debarment of Consultant, pursuant to County Code Chapter 2.206.

31.0 CONSIDERATION OF HIRING COUNTY EMPLOYEES TARGETED FOR LAYOFF OR FORMER COUNTY EMPLOYEES ON A REEMPLOYMENT LIST: Should Consultant require additional or replacement personnel after the effective date of this Agreement to perform the services set forth herein, Consultant shall give first consideration for such employment openings to qualified permanent County employees who are targeted for layoff or qualified former County employees who are on a reemployment list during the term of this Agreement.

33.1 Consultant's Warranty of Adherence to County's Child Support Compliance Program:

Consultant acknowledges that County has established a goal of ensuring that all individuals who benefit financially from County through contract are in compliance with their court-ordered child, family and spousal support obligations in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

As required by County's Child Support Compliance Program (County Code Chapter 2.200) and without limiting Consultant's duty under this Agreement to comply with all applicable provisions of law, Consultant warrants that it is now in compliance and shall during the term of this Agreement maintain compliance with employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code Section 1088.5, and shall implement all lawfully served Wage and Earnings Withholdings Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family, or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

33.2. Termination for Breach of Warranty to Maintain Compliance with County's Child Support Compliance Program: Failure of Consultant to maintain compliance with the requirements set forth pursuant to Subparagraph 33.1 (Consultant's Warranty of Adherence to County's Child Support Compliance Program) shall constitute a default under this Agreement. 34.0 AUTHORIZATION WARRANTY: Consultant represents and warrants that the person executing this Agreement on its behalf is an authorized agent who has actual authority to bind Consultant to each and every term, condition, and obligation of this Agreement and that all requirements of Consultant have been fulfilled to provide such actual authority.

Such notice shall be provided in accordance with the requirements set forth in Internal Revenue Service Notice 1015.

36.0 USE OF RECYCLED-CONTENT PAPER PRODUCTS: Consistent with the Board of Supervisors' policy to reduce the amount of solid waste deposited at the County landfills, the Consultant agrees to use recycled-content paper to the maximum extent possible on the Project.

37.0 CONSULTANT RESPONSIBILITY AND DEBARMENT:

A. A responsible Consultant is a Consultant who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible Consultants.

B. The Consultant is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Consultant on this or other Agreements which indicates that the Consultant is not responsible, the County may, in addition to other remedies provided in the Agreement, debar the Consultant from bidding or proposing on, or being awarded, and/or performing work on County Agreements for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing Agreements the Consultant may have with the County.

C. The County may debar a Consultant if the Board of Supervisors finds, in its discretion, that the Consultant has done any of the following: (1) violated a term of an Agreement with the County or a nonprofit corporation created by the County; (2) committed an act or omission which negatively reflects on the Consultant's quality, fitness or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.

D. If there is evidence that the Consultant may be subject to debarment, the Department will notify the Consultant in writing of the evidence which is the basis for the proposed debarment and will

advise the Consultant of the scheduled date for a debarment hearing before the Consultant Hearing Board.

E. The Consultant Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Consultant and/or the Consultant's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Consultant Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether the Consultant should be debarred, and, if so, the appropriate length of time of the debarment. The Consultant and the Department shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.

F. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision and any other recommendation of the Consultant Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny or adopt the proposed decision and recommendation of the Hearing Board.

G. If a Consultant has been debarred for a period longer than five years, that Consultant may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Consultant has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interest of the County.

H. The Consultant Hearing Board will consider a request for review of a debarment determination only where (1) the Consultant has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Consultant Hearing Board will provide notice of the hearing on the request. At the hearing, the Consultant Hearing Board shall conduct a

hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Consultant Hearing Board pursuant to the same procedures as for a debarment hearing.

I. The Consultant Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Consultant Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Consultant Hearing Board.

J. These terms shall also apply to Subcontractors of County Consultants.

38.0 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS (45 C.F.R. PART 76): The Consultant hereby acknowledges that the County is prohibited from contracting with and making sub-awards to parties that are suspended, debarred, ineligible, or excluded or whose principals are suspended, debarred, ineligible, or excluded from securing federally funded contracts. By executing this Agreement, Consultant certifies that neither it nor any of its owners, officers, partners, directors or other principals is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Further, by executing this Agreement, Consultant certifies that, to its knowledge, none of its Subcontractors, at any tier, or any owner, officer, partner, director or other principal of any Subcontractor is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Consultant shall immediately notify County in writing, during the term of this Agreement, should it or any of its Subcontractors or any principals of either be suspended, debarred, ineligible, or excluded from securing federally funded contracts. Failure of Consultant to comply with this provision shall constitute a material breach of this Agreement upon which the County may immediately terminate or suspend this Agreement.

39.0 CONSULTANT'S EXCLUSION FROM PARTICIPATION IN A FEDERALLY FUNDED PROGRAM: Consultant hereby warrants that neither it nor any of its staff members is restricted or excluded from providing services under any health care program funded by the Federal Government, directly or indirectly, in whole or in part, and that Consultant will notify Director within (30) calendar days in writing of: (1) any event

that would require Consultant or a staff member's mandatory exclusion from participation in a Federally funded health care program; and (2) any exclusionary action taken by any agency of the Federal Government against Consultant or one or more staff members barring it or the staff members from participation in a Federally funded health care program, whether such bar is direct or indirect, or whether such bar is in whole or in part.

There are a variety of different reasons why an individual or entity may be excluded from participating in a federally funded health care program. Sometimes, the exclusion is mandatory and in other cases the Office of Inspector General (OIG) has the discretion not to exclude.

The mandatory bases for exclusion include: (1) felony convictions for program related crimes, including fraud or false claims, or for offenses related to the dispensing or use of controlled substances, or (2) convictions related to patient abuse.

Permissive exclusions may be based on: (1) conviction of a misdemeanor related to fraud or financial misconduct involving a government program; (2) obstructing an investigation; (3) failing to provide access to documents or premises as required by Federal health care program officials; (4) conviction of a misdemeanor related to controlled substances; (5) failing to disclose information about the entity itself, its Subcontractors or its significant business transactions; (6) loss of a state license to practice a health care profession; (7) default on a student loan given in connection with education in a health profession; (8) charging excessive amounts to a Federally funded health care program or furnishing services of poor quality or which are substantially in excess of the needs of the patients; (9) paying a kickback or submitting a false or fraudulent claim. Persons controlling or managing excluded entities who knew of the conduct leading to the exclusion can themselves be excluded, and entities which are owned and controlled by excluded individuals can also be excluded.

Consultant shall indemnify and hold County harmless against any and all loss or damage County may suffer arising from any Federal exclusion of Consultant or its staff members from such participation in a Federally funded health care program. Consultant shall provide the certification set forth in Exhibit F' as part of its obligation under this Paragraph.

/

Failure by Consultant to meet the requirements of this Paragraph shall constitute a material breach of Agreement upon which County may immediately terminate or suspend this Agreement.

40.0 CONSULTANT'S OBLIGATION AS A BUSINESS ASSOCIATE UNDER THE HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 AND THE HEALTH INFORMATION TECHNOLOGY FOR ECONOMIC AND CLINICAL HEALTH ACT (BUSINESS ASSOCIATE AGREEMENT): Under this Agreement, Consultant ("Business Associate") provides services ("Services") to County ("Covered Entity") and Business Associate receives, has access to or creates Protected Health Information in order to provide those Services.

Covered Entity is subject to the Administrative Simplification requirements of the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 ("HIPAA"), and regulations promulgated thereunder, including the Standards for Privacy of Individually Identifiable Health Information ("Privacy Regulations") and the Health Insurance Reform: Security Standards ("the Security Regulations") at 45 Code of Federal Regulations (C.F.R.) Parts 160 and 164 (together, the "Privacy and Security Regulations"). The Privacy and Security Regulations require Covered Entity to enter into a contract with Business Associate ("Business Associate Agreement") in order to mandate certain protections for the privacy and security of Protected Health Information, and those Regulations prohibit the disclosure to or use of Protected Health Information by Business Associate if such a contract is not in place.

Further, pursuant to the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005 ("HITECH Act"), effective February 17, 2010, certain provisions of the HIPAA Privacy and Security Regulations apply to Business Associates in the same manner as they apply to Covered Entity and such provisions must be incorporated into the Business Associate Agreement.

This Business Associate Agreement and the following provisions are intended to protect the privacy and provide for the security of Protected Health Information disclosed to or used by Business Associate in compliance with HIPAA's Privacy and Security Regulations and the HITECH Act, as they now exist or may hereafter be amended.

Therefore, the parties agree as follows:

**MENTAL HEALTH SERVICES ACT (MHSA)
PREVENTION AND EARLY INTERVENTION (PEI) PLAN
PREVENTION PROGRAM
CONSULTANT SERVICES AGREEMENT WITH**

EXHIBIT A

STATEMENT OF WORK

1. Overview

Through the stakeholders' planning process for the Mental Health Services Act (MHSA) Prevention and Early Intervention (PEI) Plan, it was determined that there remains an unmet need to provide non-traditional preventive mental health education, support, and outreach services, particularly to underserved and hard-to-reach ethnic populations/cultural communities and underrepresented populations throughout Los Angeles County. Such preventive services offer an opportunity for the Department of Mental Health (DMH) to strengthen and build upon its existing network of directly-operated and contracted mental health service providers who currently provide PEI early intervention mental health services, thereby creating a more comprehensive and inclusive safety net that will both 1) prevent or deter mental health issues/symptoms from occurring, and 2) provide professional early intervention services once mental health issues/systems have occurred.

Prevention in mental health involves 1) reducing risk factors or stressors such as feelings of isolation, stress, anxiety, or peer rejection, anti-social behavior, excessive family conflict, and/or unsafe environments, 2) building protective factors and skills such as building positive family bonds and supportive families, empowering parents, improving parent/child relationships, developing positive coping, communication, and decision making skills, and 3) increasing support networks for individuals and families in neighborhood/community centers, schools, churches, and other group settings improving the likelihood that children, youth, and/or adults will be more successful in home, school, work, and in their communities. Prevention promotes positive, cognitive, social, and emotional development and encourages a state of well-being that allows the individual to function well in the face of changing and sometimes challenging circumstances. Universal prevention targets the general public or a whole population group that may not have been identified on the basis of individual risks. Selective prevention targets individuals or a subgroup who may benefit the most and/or whose risk of developing mental illness is significantly higher than

average.

DMH seeks to develop, support, and promote both universal and selective strategies and approaches for its PEI Prevention Programs through an Evidence-Based Practice (EBP), a Promising Practice (PP), and four (4) PEI outreach and education pilot programs. Consultant as a contractor (Contractor) will provide one of the following PEI Prevention Program services (including follow-up services if necessary), as indicated by a check mark and further described below, all of which are intended to prevent and minimize the impact of mental health issues for consumers and their families:

- ___ Make Parenting a Pleasure (MPAP)
- ___ Outreach & Education Pilot: Underserved Populations
- ___ Outreach & Education Pilot: Probation
- ___ Outreach & Education Pilot: Substance Abuse
- ___ Outreach & Education Pilot: At-risk juvenile justice system/school failure
- ___ Positive Parenting Program (Triple P)

A. Make Parenting a Pleasure (MPAP)

MPAP, a Promising Practice group-based positive parenting training program, is designed to address the stress, isolation, and lack of adequate parenting information and social support that many parents, families, and/or caregivers of children from birth to eight (8) years of age experience. MPAP begins by recognizing the importance of parents as individuals, focuses first on the need for self-care and personal empowerment, and moves from an adult/adult focus to a parent/child/family emphasis. It addresses protective factors such as decreasing parental isolation, increasing parental sense of confidence and competence, and increasing parental knowledge of child development. MPAP should prove invaluable in helping parents become not only more effective, but also more fulfilled in their roles as parents, family members, and/or caregivers.

MPAP program services are to be delivered by parent educators who will work in group settings with stressed parents, families, and/or caregivers of children (0-8 years); the MPAP content is adaptable and flexible and shall be condensed for a four to 12 month prevention program. Through a series of 13 modules that allow parent educators to tailor group sessions to parents' needs, Contractor will provide services based on a MPAP curriculum that is built around key concepts that:

- Identify parent values;
- Provide stress, anger, and/or crisis management training;
- Discuss realistic expectations;
- Identify positive discipline methods;
- Identify effective communication skills;
- Assist in learning what to do when things break down.

All of the above mentioned key concepts are built around the following assumptions: 1) parents love their children and want what's best for them; 2) parenting is the most important and challenging job there is; 3) parents and children are all learners; 4) parents are their children's first and most important teachers; 5) more is expected of parents than children; 6) there are many positive ways to parent; and 7) every parent and child is unique.

Group program services are comprehensively designed to engage parents and are family oriented, taking into account all perspectives. Topics covered are designed to be relevant and developmentally appropriate and sequenced both in regards to children's and parents' development. Services are designed to be interactive giving parents a chance to reflect, to respond, and to work in smaller groups (even one-on-one), with parent educations and/or other parents where sensitive topics such as discipline and anger management can be handled openly, honestly, positively, and sensitively.

SAFELY SURRENDERED BABY LAW

Safely Surrendered

No shame. No blame. No names.

In Los Angeles County: 1-877-BABY SAFE • 1-877-222-9723

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered

Baby Law allows parents or

other persons, with lawful

custody, which means anyone

to whom the parent has given

permission to confidentially

surrender a baby. As long as

the baby is under age 12

months old, the parent or guardian does

not have to turn the baby

in, the baby may be

surrendered without fear of

arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés *Sin Peligro*

Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

En el Condado de Los Angeles: 1-877-BABY SAFE • 1-877-222-9723

www.babysafe.org

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

SUBJECT: **ADVANCE NOTIFICATION OF INTENT TO ENTER INTO A SOLE
SOURCE AGREEMENT WITH 33 COMMUNITY-BASED
ORGANIZATIONS FOR PEI PROGRAM SERVICES**

This memo is to comply with the Board of Supervisors Policy Manual, Section 5.100, Sole Source Contract, by notifying the Board of our need to initiate a Sole Source Agreement. It is the Department of Mental Health's (DMH) intent to enter into new sole source agreement negotiations with Community-Based Organizations (CBO) that were funded under the Mental Health Services Act (MHSA) Prevention and Early Intervention (PEI).

On May 15, 2012, the Board approved funding to 54 CBOs for PEI programs. These CBOs were funded from May 29, 2012, through June 30, 2013. Subsequently, one agency dropped out from the program, and the remaining 53 agencies received training and technical assistance from DMH in the implementation of their programs. DMH conducted monitoring site visits and reviewed their monthly reports. Through an extensive monitoring and evaluation process, DMH determined that 33 of the 53 agencies qualified for a one-year extension of their services through June 30, 2014. The evaluation was based on the seven Performance-Based Criteria listed in each agency's Consultant Agreement and included on-site monitoring visits, monthly reports, and invoices as well as program documents and post-program survey questionnaires by the agencies.

The 33 qualified agencies demonstrated the ability to provide quality services documented by their monthly reports, participants' scores and comments in the post-program surveys, site visit team interviews, program materials developed for their PEI program, and timeliness in implementing the program. The 19 agencies that did not qualify for an extension, demonstrated problems that included, among others, unclear or inappropriate program activities, lack of clear focus on preventative mental health activities, lack of adherence to their PEI agreement, failure to administer and submit the required post-program surveys, inability to implement the program at an acceptable level after ten months of a one-year contract, lack of documentation regarding participants, or lack of attendance at the mandatory Mental Health First Aid training.

Each Supervisor
Page 2
May 2, 2013

Extension of these Agreements is required to maintain, without interruption, the delivery of preventative-type, non-traditional mental health services described in DMH's PEI Plan (Plan). Prevention services delivered by these 33 providers will allow DMH to continue strengthening and building upon its existing network of directly-operated and mental health service providers who currently provide PEI services, thereby continuing to create a more comprehensive safety net that both: 1) prevents or deters mental health issues/symptoms from occurring; and 2) provides professional clinical mental health intervention services once mental issues/systems have occurred.

Through Make Parenting a Pleasure, a promising practice, Positive Parenting Program, an evidence-based practice, and four different PEI Outreach and Education Pilot Programs, these CBOs will be able to continue to provide non-traditional and mental health prevention-type services. These services will be delivered to all age groups (children, Transition Age Youth, adults, and older adults). Also included will be services to underserved populations including African/African American, American Indian, Asian/Pacific Islander, and Latino.

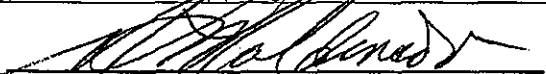

Unless otherwise instructed by a Board office within two weeks, DMH will proceed with negotiating the Sole Source Agreements. DMH will work closely with both County Counsel and the Chief Executive Office in preparing the agreement with the CBOs.

SOLE SOURCE CHECKLIST
PEI Prevention Only Consultant Agreements

Check (✓)	JUSTIFICATION FOR SOLE SOURCE CONTRACTS <i>Identify applicable justification and provide documentation for each checked item.</i>
	➤ Only one bona fide source for the service exists; performance and price competition are not available.
	➤ Quick action is required (emergency situation)
	➤ Proposals have been solicited but no satisfactory proposals were received.
	➤ Additional services are needed to complete an ongoing task and it would be prohibitively costly in time and money to seek a new service provider.
	➤ Maintenance service agreements exist on equipment which must be serviced by the authorized manufacturer's service representatives.
	➤ It is more cost-effective to obtain services by exercising an option under an existing contract.
	➤ It is in the best interest of the County, e.g., administrative cost savings, excessive learning curve for a new service provider, etc.
✓	<p>➤ Other reason. Please explain:</p> <p>In October 2011, a Request For Information (RFI) solicitation was disseminated to agencies on the MHSA Prevention and Early Intervention (PEI) Master Agreement List. Based on the evaluation of the proposals received, DMH entered into Agreements with 53 qualified agencies.</p> <p>During the Agreement term, DMH conducted individual site visits and collected client data to determine whether or not the agencies: 1) were on target to meet their deliverables as outlined in their Statements of Work; 2) were serving the target population; and 3) have detailed PEI Prevention program curricula that focuses on mental health prevention.</p> <p>Based on the above results, DMH determined that 33 agencies qualified for sole source Agreements for additional funds that became available. The noted agencies have demonstrated the ability to provide quality services documented by their monthly reports, participants' scores and comments in the post-program surveys, site visit team interviews, program materials developed for their PEI program, and timeliness in implementing the program.</p>
