ADOPTED
BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

54 JUN 21 2005

Violet Varona-Lukens
VIOLET VARONA-LUKENS
EXECUTIVE OFFICER

Dear Supervisors:

APPROVAL OF REQUEST FOR APPROPRIATION ADJUSTMENT FOR SHORT-DOYLE/MEDI-CAL SETTLEMENT PAYMENTS TO CONTRACT PROVIDERS FOR FISCAL YEARS 1999-2000 AND 2001-2002 SERVICES (ALL SUPERVISORIAL DISTRICTS) (4 VOTES)

IT IS RECOMMENDED THAT YOUR BOARD:

Approve the Request for Appropriation Adjustment for Fiscal Year (FY) 2004-2005 in the amount of \$3,918,000 (Attachment I). The appropriation increase will be fully funded with prior year Short-Doyle/Medi-Cal (SD/MC) Federal Financial Participation (FFP) revenues retained in the FFP Trust account. The increase in appropriation will allow the Department of Mental Health (DMH) to make the following reimbursements:

- a. FY 1999-2000 State Audited Cost Report Settlement payments, in the amount of \$498,000, to 17 contract providers listed on Attachment II funded with prior year FFP Medi-Cal.
- b. FY 2001-2002 State SD/MC Reconciliation Settlement payments, in the amount of \$3,420,000, to the Department of Health Services (DHS) and to 48 contract providers listed on Attachment III funded with prior year FFP Medi-Cal.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

The purpose of this request is for approval of an appropriation adjustment increasing FY 2004-2005 Services and Supplies (S&S) appropriation by \$3,918,000. This will enable DMH to make the FY 1999-2000 Audited Cost Report settlement and FY 2001-2002 SD/MC Reconciliation Settlement payments to DHS and to contract providers as

"To Enrich Lives Through Effective And Caring Service"

required by Federal law and the DMH Legal Entity (LE) Agreement. Subsequent steps in the State's audit and appeals processes may occur at future dates with potential adjustments to these contractor claims.

As per the LE Agreement with mental health contract providers, if the post-contract audit conducted by County, State, and/or Federal personnel determines that the County's liability is more than the amount paid to a contract provider for any fiscal year, then the difference shall be paid by the County to the contract provider. Accordingly, DMH's action to collect from or reimburse contract providers is the result of the State fulfilling its responsibilities for the management and oversight of the Federal Medicaid program, which is called Medi-Cal in California. DMH, in its capacity, acts as the fiscal intermediary.

Board approval of the recommended appropriation adjustment will enable DMH to address underpayment to the contract providers and authorizes the appropriate payments to settle accounts with them under their contract agreements.

Implementation of Strategic Plan Goals

The recommended Board action is consistent with the County's Organizational Goal No. 4, "Fiscal Responsibility," within the Countywide Strategic Plan. Board approval of this request will enable DMH to make payments to DHS and contract providers that resulted from post-contract reconciliation, audit, and appeals processes conducted by the County and/or State.

FISCAL IMPACT/FINANCING

There is no increase in net County cost.

The appropriation increase of \$3,918,000 is funded with prior year FFP Medi-Cal revenues retained in the FFP Trust account.

Upon Board approval, DMH will reimburse \$498,000 to 17 contract providers for services delivered in FY 1999-2000, and \$3,420,000 to DHS and 48 contract providers for services delivered in FY 2001-2002.

The FFP Medi-Cal funding was not included in the Maximum Contract Amount (MCA) for FYs 1999-2000 and 2001-2002. DMH, in its capacity as fiscal intermediary, has received pass-through payments from the State and, in turn, is required to disburse such payments to the contract providers. This appropriation adjustment increasing

S&S by \$3,918,000 will enable DMH to reimburse FFP Medi-Cal funds, which have been received and retained in the FFP Trust account, to each contract provider in the amounts indicated in Attachments II and III.

	<i>DHS</i>	<i>Contract Providers</i>	<i>Total Amount owed to Providers</i>
<i>FY 1999-2000</i>	\$ -	\$ 498,000	\$ 498,000
<i>FY 2001-2002</i>	\$ 1,018,000	\$ 2,402,000	\$ 3,420,000
<i>Total</i>	<u>\$ 1,018,000</u>	<u>\$ 2,900,000</u>	<u>\$ 3,918,000</u>

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

This is a routine Board action regularly requested of your Board to reimburse contract providers at the end of the County and State SD/MC Reconciliation and Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Settlement, Audited Cost Report Settlement, and Final Cost Report Settlement processes. The reconciliation, audit, and appeals processes lead to underpayment and overpayment determinations.

If the contract providers have been underpaid, they are reimbursed the appropriate amounts. As per the LE Agreement with the mental health contract providers, if the *post-contract audit* (Paragraph 4, Financial Provisions, Subparagraph R) and the *County audit settlement* (Paragraph 4, Financial Provisions, Subparagraph T) conducted by County, State, and/or Federal personnel determines that the County's liability is more than the amount paid to a service provider for any fiscal year, then the difference shall be paid by the County to the service provider provided that in no event shall County's MCA for the applicable Fiscal Year be exceeded. The FFP and State Medi-Cal funding was not included in the MCA for FYs 1999-2000 and 2001-2002. Thus, there is no requirement for contract amendments. DMH, in its capacity as fiscal intermediary, has received pass-through payments from the State and, in turn, is required to disburse such payments to the contract providers.

In the event contract providers have been overpaid, they are required to pay back the amounts to the County. The repayment method could be by cash payment or in the form of offsets against monthly claims for reimbursement per Paragraph 4, Financial Provisions, Subparagraph U, *Payments Due to County/Method of Payment*.

The State has recently completed its FY 1999-2000 Audited Cost Report Settlement, FY 2001-2002 SD/MC Reconciliation, and EPSDT settlement process. Based on the mental health contract providers' submission of certified, true, and accurate reimbursement claims, the County needs to collect a total of \$6,477,000 from contract providers. Collection efforts have already begun as per the contract terms. A Board letter is in process to allow two (2) contract providers, Child and Family Guidance Center (\$591,138) and Intercommunity Child Guidance (\$111,673), to repay their FY 2001-2002 debts to the County over a period of 12 months, in lieu of the three (3) months stipulated in the LE Agreement financial provision.

Also, the County is to reimburse \$3,918,000 to DHS and contract providers, and \$1,182,000 to the State totaling \$5,100,000. This Board action takes care of the \$3,918,000 reimbursement to DHS and contract providers. The State recovered its fund of \$1,182,000 by offsetting against DMH's current year Medi-Cal revenue. This is the State's normal method for recovering their fund resulting from audit settlement. Accordingly, DMH will restore Department funds through collection from the contract providers. The Department's policy is not to collect identified audit/settlement disallowances from contract providers until the State has collected from the County. The difference between collection of \$6,477,000 from DHS and contract providers and reimbursement of \$5,100,000 to the State, DHS, and contract providers is DMH's favorable net effect of \$1,377,000 that results in Realignment Trust savings. The result is favorable because DMH is recovering contractors' prior year overcharges to the County, which became apparent during the FY 1999-2000 Audited Cost Report Settlement, FY 2001-2002 SD/MC Reconciliation, and EPSDT settlement process. The DMH's recovery amount is recorded as a reduction to the prior year contractors' expenditure account because the expenditure in the previous fiscal year was overstated due to the contractors' overcharges. The Auditor-Controller calls this a contra-expenditure transaction. Prior year expense is reduced instead of increasing revenue because the transaction, in compliance with the Auditor-Controller's procedure, is a reduction of the amount expensed by DMH when payment is made to the service providers. The consequent of reducing prior year expense is a net reduction to current year expenditures, and this net reduction to current year expenditures will create a saving in Sales Tax Realignment funds at year-end. There would be no net County cost impact in the current year.

CONTRACTING PROCESS

The subject does not apply.

The Honorable Board of Supervisors
June 9, 2005
Page 5

There is no requirement for contract amendments because the Board-approved LE Agreements for FY 1999-2000 and FY 2001-2002 did not include either the Federal or State funding for Medi-Cal in the MCA.

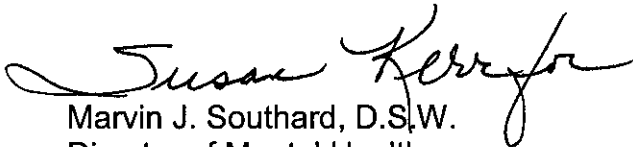

IMPACT ON CURRENT SERVICES

Your Board approval of this request will enable DMH to make FY 1999-2000 Audited Cost Report Settlements and FY 2001-2002 SD/MC Reconciliation Settlement payments to DHS and contract providers as legally required.

CONCLUSION

The Department of Mental Health will need one (1) copy of the adopted Board's action. It is requested that the Executive Officer of the Board notifies the Department of Mental Health's Contracts Development and Administration Division at (213) 738-4684 when this document is available.

Respectfully submitted,

Marvin J. Southard, D.S.W.
Director of Mental Health
