

# MEDI-CAL CERTIFICATION/RE-CERTIFICATION DOCUMENTS SUBMISSION GUIDELINE FOR COUNTY OWNED AND DIRECTLY OPERATED PROVIDERS

The Medi-Cal Certification & Credentialing Team are maintaining electronic Certification Provider Files for all MHPs and require a standardized way of submitting and saving these files to our system. Please review this document for details on the Medi-Cal Certification process and submission guidelines.

Certification Liaisons will be conducting desk reviews of policy and procedures (P&Ps) remotely, requesting for a current and valid fire clearance (see [Bulletin 19-02 Fire Clearance Requirement](#) for additional information), and coordinating an onsite physical plant inspection.

A Certification Liaison will reach out to a Provider to request P&Ps electronically three to six months prior to the due date (*please refer to the Medi-Cal Certification Checklist on pg 3 for required documents, which is also on pg 2 of this document*).

Please utilize the standardized naming convention for your Certification documents:

- Provider Number - Provider Name - Category # (which coincides with the Categories on pg 3 of the checklist) – Current Year
  - Please do not include the name of the policy, just the Category #. It has been difficult to save files with too long of a file name.
- For example:
  - **1234 Provider Name CAT 1A (2023)**

In order to help make this process efficient, please **create separate files for each Category/Sub-Category**, as reviewing one large PDF with all files can be challenging. We would greatly appreciate it!

To help you prepare and organize the requested documents to be emailed to your Certification Liaison, you can utilize the Medi-Cal Certification/Re-Certification Document Submission Checklist on pg 3 of this document (*highly recommended but not required*).

Some recommended methods to submit the requested documents by email to your Certification Liaison:

- As attached files (*most recommended method*)
  - Please ensure to attach as many files as possible in one email to help minimize the number of emails being sent/received
- Zip Folder\*

\* Please note that we have encountered some challenges in opening/saving files when they are sent as a Zip Folder and we may have to ask for files to be resent as attached files.
