

▶▶ Service Area 2 Peer Resource Center Offers Technology Workshop for Seniors

Tuesdays, August 2 – 30, 2022
10 AM – 12 PM

Do you have a smartphone, but don't feel confident about using it? The Peer Resource Center at Olive View Mental Health Urgent Care Center is offering an in-person technology workshop series for the entire community! We are providing a safe space for participants to learn alternative forms of communication using their own phone/device. Join us and learn how to stay in touch with your doctors, family, and friends, utilize applications to find what you need, and develop healthy habits with technology.

Workshops will be presented in both English and Spanish. Different topics will be covered each week. All participants must register before attending. To register or for more information on any of our workshops/classes, please call 818-485-0888 and ask for Laura or Julia.
