What are the most frequent diagnostic categories of your client population?

The most frequent diagnostic categories of our client population are: mood disorders, anxiety disorders, posttraumatic stress disorder, and psychotic disorders such as Schizophrenia and Schizoaffective disorder.

What specific (perhaps unique) training opportunities do students have at your agency?

Students will have access to DMH training opportunities, such as crisis intervention, suicide screening, and evidence-based practices.

What evidence based practices or theoretical orientations will students be exposed to at this site?

Cognitive Behavioral Therapy, Seeking Safety, Motivational Interviewing, and Dialectical Behavior Therapy.

Do students have the opportunity to work in a multidisciplinary team environment that includes those with lived experience?

Yes. Students will be able to interact with psychiatrists, nurses, clinical social workers, marriage and family therapists, community workers, and volunteers with lived experience.

List locations where students will be providing services **other than agency?**

Students will be providing services in the clinic. They will not be field-based.

Does your agency allow students to videotape and/or audiotape clients for the purpose of presenting cases in their academic classes? Yes No
