Purpose

The Change of Provider solution will allow Directly Operated and Legal Entity Providers to submit and track change of provider requests from consumers.

The internal application allows the Patients' Rights Office to track, modify, and extract the monthly reports based on submission from Directly Operated and Legal Entity providers. The implementation of the Change of Provider application will replace the current antiquated manual/paper process.

Accessing the Portal

To access COP application, copy and paste the below link into your web browser. The recommended browsers are Google Chrome and Microsoft Edge.

Portal Change of Provider Link:

Click or copy the URL into web browser: <https://lacdmhpp.powerappsportals.us/>

Click 'Azure AD' button to log in

Click "COP" icon

COP Home

After you successfully log in to the COP Portal, you will see the COP Home page. You will see all your associated programs. Click on the blue Program Code you will perform tasks from.

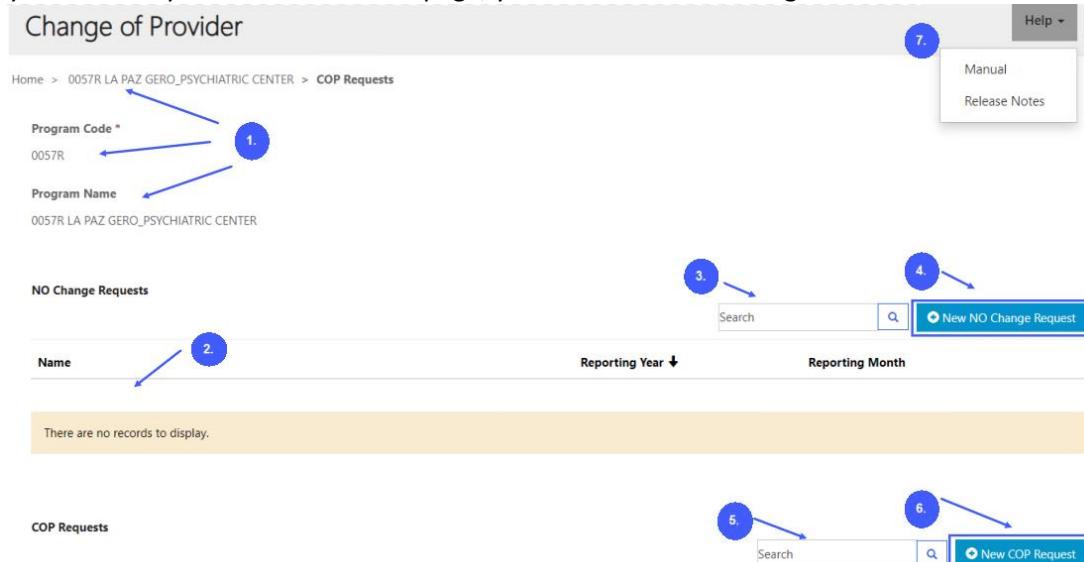

For example:

The screenshot shows a web page titled 'Change of Provider'. At the top, there is a navigation bar with 'Help ▾' on the right. Below the navigation bar, the URL 'Home > COP Home' is displayed. The main content is a table with two columns: 'Program Code' and 'Program Name'. The 'Program Code' column contains two items: '0004I' and '0057R', both of which are highlighted with a blue border. The 'Program Name' column contains two corresponding entries: '0004I NAPA STATE HOSPITAL' and '0057R LA PAZ GERO_PSYCHIATRIC CENTER'.

Program Code	Program Name
0004I	0004I NAPA STATE HOSPITAL
0057R	0057R LA PAZ GERO_PSYCHIATRIC CENTER

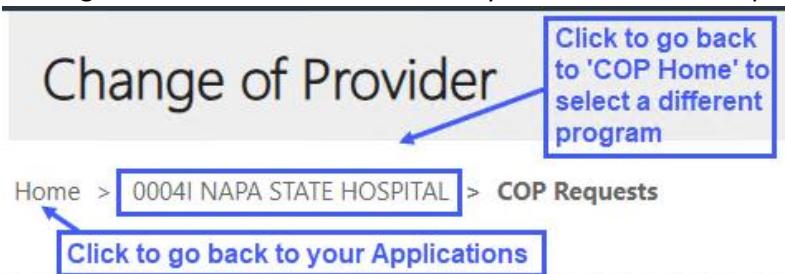

Provider Home View

When you arrive at your location's home page, you will see the following:

1. Selected site Information – displays the site's Provider Number and Name
2. Panel – Identifies the list of entries at the selected site
3. Search field at the top right of the No Change Request panel allows you to search records within that panel only
4. + New NO Change Request – click on this to create a new No Change Request entry
5. Search field at the top right of the New COP Request panel allows you to search records within that panel only
6. + New COP Request – click on this to create a new COP Request entry
7. Help – access the User Manual and view Release Notes

The top row has a few functions – Home will take you back to your Applications and if you click on the displayed Program you will go back to the 'COP Home' to see your list of associated programs

How to create NO Change of Provider request

Click “+New NO COP Request” to create a new entry

Fill the (*) required fields

Filter and/or Sorting

From the COP Request Form, to filter or sort by column header, click the dropdown arrow next to the header you wish, to sort by ascending or descending order. Use the search box to search and/or help filter

The screenshot shows a user interface for filtering and sorting data. At the top left, there is a message 'NO Change Requests'. In the center, a blue link says 'Sort by ascending or descending order by column'. At the top right, there is a search bar with a placeholder 'Search' and a magnifying glass icon, followed by a blue button with a plus sign and the word 'New'. Below these are two buttons: 'Reporting Year' and 'Reporting Month'. On the far left, there is a column header 'Name' with a small downward arrow indicating it is a dropdown for sorting.

Editing an entry

Select your entry to make corrections or updates.

Note: COP Portal Users can only edit entries they enter and can view all entries for their associated provider. If you need to deactivate, make a correction or update an entry you did not create, contact the COP Admin to modify the entry.
