

CBO BULLETINS ISSUED IN 2022

The Central Business Office (CBO) issues notices to provide useful tips and information related to reporting services, submitting claims, payment, financial screening and financial operations workflow, benefits establishment, and best business practices. The goal of CBO's informational bulletins is to enhance operational workflows as well as the quality and outcome of billing and claiming for services by all contracted Short-Doyle specialty mental health, Community Outreach Services (COS), and Prevention and Early Intervention (PEI) providers in Los Angeles County.

Below is the list of CBO Bulletins issued to Legal Entity/Non-Governmental Agency contract providers in 2022. This list will assist contract providers in ensuring that they have received all informational or instructional CBO Bulletins that were distributed last year.
